Office of the Caughnawaga Indian Agency,

July 17th 1934

Sir,

I enclose herewith Vouchers Nos. 4140
amounting to \$70.00 in favour
of Michael O. Phillips,
for his services as Janitor, etc., at Bush School,

This expenditure was authorized by Departmental
Letter No. 5-3-5 dated July 21st, 1933.

Your obedient servant,

George L. Bourne

Ottawa, August 18, 1934.

Sir:

An officer of the Department recently visited the Caughnawaga Bush School and it was found that the cover on the well is unsafe. It was also noted that there was considerable loose lumber around the school.

The Department considers that the janitor, Michael O. Phillips, should repair the cover on the well, in order to make it safe for any one to walk over. Mr. and Mrs. Phillips are being well treated by the Department, and it is considered that Phillips should do this work without charge.

Your obedient servant,

A. F. MacKenzie

Ottawa, August 22nd, 1934.

Sir,-

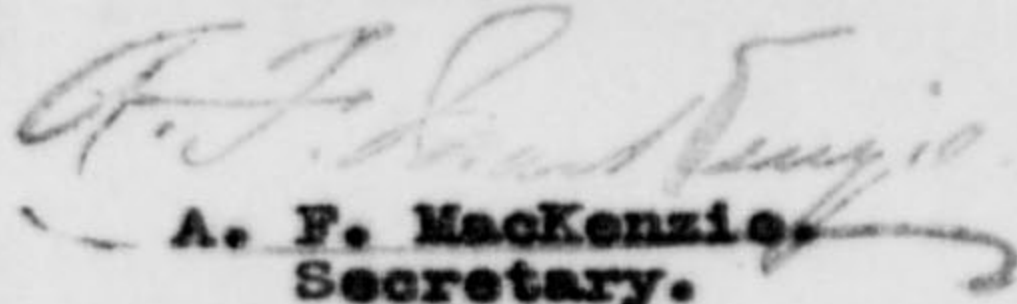

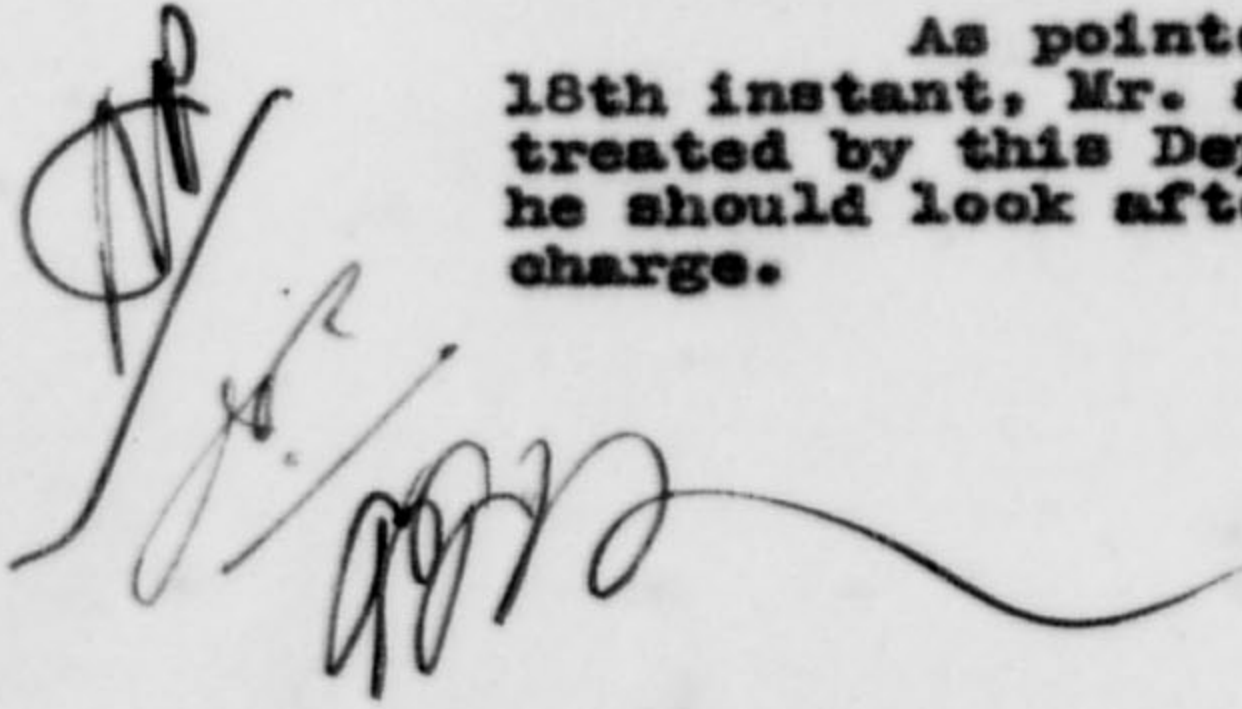

I beg to acknowledge the receipt of your letter of the 18th instant, with reference to the repairs to the stable and fence at the Caughnawaga Bush Indian Day School.

As the stable is used for animals owned by the teacher, it is considered that she should arrange for any repairs required, without cost to the Department.

Regarding the fence, it is considered that the janitor of this school should do the necessary repairs without extra remuneration.

As pointed out in official letter of the 18th instant, Mr. and Mrs. Phillips are being well treated by this Department and it is considered that he should look after minor repairs without extra charge.

Dear Sir
It was a shock for me to learn that my School Return did not reach you, and can explain nothing in regard to it except that I gave it in to Sr. Mary Frances Superior at the convent, the end of June, as I always do.

Sr. Mary Frances has since been replaced and I could get no further information about it. But several of the sisters remember well my giving it in. It is a mystery to me, and regret the inconvenience it has caused you. I am sending another in case you don't come across the original.

In regard to repairs on premises, which I must impress

you that they are in bad condition. I also wish to draw your attention to Mr. Phillips as janitor. We had no idea we had to do all repairs on our salary. Though I must say he has done much repairing. Whatever he could do he has done. For instance the fence. He has fixed it so often now that it is so rusty it breaks right in his hands. Of course too, we understand times are hard, and Mr. Phillips is ready to repair the fence without cost but he must have new wire.

The well too is unsafe. Mr. Phillips thought a cement platform would be stronger, safer, and more permanent than lumber. But if you find it too much for you, he'll fix it the way you want it.

By the way the loose lumber
your man saw is lumber
bought by Mr. Phillips when
they tore some buildings
down at Nelson. He bought
it to make a shelter for his
car and some vehicles for the
winter.

Though the stable was in
bad condition when we came
Mr. Phillips thinks if we put
off repairing it now, there
won't be much chance of
saving it later. That is why
he asked to have it raised.
It has caused him a lot of
trouble as the building has sunk
deep and in the spring when
there is so much water it
is always flooded, and speeds
the decay. Of course he'll do
what he can, but he doesn't
see how he can have it

raised without cost, so I guess
he will will leave that part
of it out.

Though we earn a salary
we too, sometimes feel the
depression, as we pay a good
sum out for things I think
necessary, yet cannot get
otherwise, as to prizes for
the children, Christmas tree
and an occasional thorough
cleaning of the school, and
closets. I am telling you this
not because I regret it, but
because we don't want you
to think us so very hard
and selfish, and ^{that} we are
grateful

I enclose herewith an account to the amount of \$60 for laundry services for the teachers' residence and school on the Caughnawaga Reserve for the months of April, May and June, last. If you consider this account is in order, you should attach same to proper voucher forms, certify in the usual manner and forward for payment.

I am also returning the account which you forwarded in favour of Michael O. Phillips, which you state is for services rendered during the past school year at the Caughnawaga Eastern School. Should not this be for the Bush School? The janitor of the Bush School is Mrs. Phillips, who is allowed payment at the rate of \$35 per year. It was understood that this amount was to cover the cost of cleaning the closets. In any event, it is considered that the amount charged, viz., \$5 per closet, is too high.

Regarding the wood, this school is furnished with coke, and it is not understood why wood should have been supplied, except, possibly, a small quantity of kindling wood.

The Department would like further information regarding the items on the voucher.

OFFICE OF
INDIAN AGENT

Caughnawaga, August, 1st, 1935.

[Handwritten signature]
Dear Sir:-

I beg to acknowledge the receipt of your letter of the 20th ultimo, returning me the account forwarded in favour of Michael O. Phillips, for services rendered during the past school year at the Caughnawaga Bush School, as janitor at the rate of \$35 a year. This account was also covering the cleaning of three closets at \$5 each and including a charge of \$20 for five cords of wood. You stated in your letter that the cost of cleaning the closets, viz; \$5 per closet, was considered too high. Regarding the wood, you pointed out that the school was furnished with coke and that it was not understood why such a large quantity of wood was supplied.

In reply, I beg to say that I interviewed Mr. and Mrs. Phillips who claimed that the Department has for several years been paying \$5 for the cleaning of the closets, once a year. As this charge used to be considered as extra work, owing to the fact that the salary of janitor was only of \$35, these people are claiming that they will not accept any amount less than \$5 for this kind of work. Relative to the supplying of wood, I beg to say that they claim to have used the five cords of wood as kindling wood. They stated that since they are supplied with coke instead of coal, they are using more kindling wood.

I would recommend that the charge of \$5 for the closets be reduced at \$2.50 and that only three cords of wood be paid out, as it is considered that three cords of kindling wood is sufficient for the need of the school. I would also ask you to send me a communication stating if you are willing to pay an additional amount for the cleaning of the closets for any school at Caughnawaga, if so, the price you intend to pay for such work. In the case of the kindling wood, I would suggest that no more than three cords a year be allowed for the Bush School.

I am returning you herewith the original account.

Dear Sir,

I'm taking the opportunity of informing you that the fence surrounding the Eastern Bush School is in very bad need of repairs. Of anything, it is a pasture now and not a yard. It is very annoying, and is messed up by the cattle. It is impossible to keep it clean. I've asked for these repairs since I've been here. I hope you'll get tired of me and do something about it because I am rather a persevering person.

Hoping you will consider this at your earliest convenience. I beg to be

Dear Sir:-

I beg to inform you that the two stoves at the Bush School are in bad shape. The one at the residence needs new fire bricks and its top is broken. This can be repaired.

The School stove requires a complete set of fire bricks. Neither one could be utilized without danger of fire.

It is estimated that the cost of the repairs, labour and materials, would be of \$5.00 per stove.

Resources, Ottawa, Ont.

Re: Bush School residence,
Caughnawaga, Que.

Mrs. John Bush, teacher at the above named School,
has requested me to communicate with you in order to get
authority for the purchase of a small cooking stove to be
used at the residence of the School.

She states that the stove now in use at the re-
sidence is a combination of a heating and cooking stove
and that it will be too warm for use in the summer and
early in the Fall besides taking more fuel. She claims
that she can get a small stove at J.A. Tessier, a dealer
at 145 Notre-Dame st., Lachine, Que, for \$20.00.

Will you be kind enough to let me know if this
request can be considered so that I advise her according-
ly.

I have your of the 17th instant referring to my letter of the 15th which dealt with the purchase of a small cooking stove for the teacher's residence at the local Bush School. It is noted that this purchase is authorized at \$10.00 but I beg to point out that my letter of the 15th was mentioning \$20.00 and not \$10.00.

Kindly let me know if this stove can be purchase for \$20.00 as originally mentioned.

I would appreciate being informed if the date suggested
for the closing of the Schools meets with your approval also the
request for the purchase of lumber for building benches for the
use of pupils. Kindly send a supply of forms No. 409.

At my last visit at Oka the teacher at the Village
School, Miss Diabo, inquired as to the closing of her school. She
is expecting to close at the same date as the Caughnawaga School.
Will the date of closing here apply to Oka also?

R.A. Howy, Esq., Supt., of Welfare and Training, Indian Affairs Branch,
Ottawa, Ont.

I wish to inform that lightning struck both the Bush School
and the Teacher's residence of that same school recently.

The damage to the residence consist of only five or six feet
of the brick chimney which will have to be made anew and a few shingles
to the roof.

The school building suffered more damages. The chimney will
have to be entirely made anew. Damage was also made to the ceiling
of the classroom and to the side of the building, on the inside and
the outside.

Will you kindly authorize the repairs to these two buildings
which could be made with local labour.

It will not be necessary to purchase any brick for the two
chimneys as we have sufficient quantity left from the building of
the Agency's residence.

I beg to refer to your letter of the 3rd ultimo dealing with the repairs to be done at both the Bush School and its residence and in this connection to request that an advance of \$50.00 be sent for the payment of the wages of the men and also for the transportation of the material required.

Men are scarce and no one wants to work unless they are paid immediately. They refuse to wait for the return of the money from Ottawa which is the case when their time is being sent and a cheque mailed to them. I would appreciate receiving this advance soon.

Teachers' Residence,
Caughnawaga, April 11, 1945.

Dear Mr. Phelan:

At Mr. Brisebois' request, we are writing to you regarding the Bush children that are being prepared for First Communion and for Confirmation; several of these children would necessarily have to be transported to the village every morning for two weeks (time at least, in order that they may follow the priest's instructions, rehearsals, etc. etc.

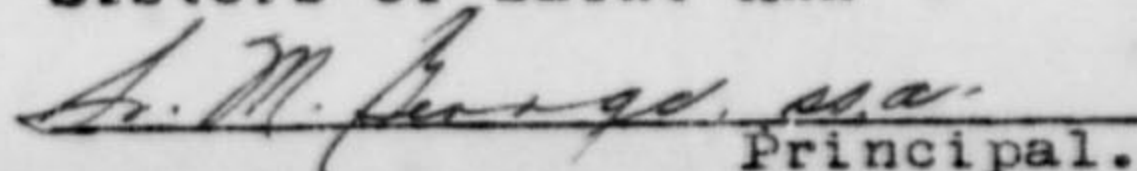

Last year, Father Lalonde managed to go for them every morning and to bring them back at night. However, as much as he would want to do it again this year, he cannot do so. This year marks the 100th anniversary of the present church and everything is being done to put Caughnawaga on the map. You probably will hear more of this with time. Our school children have been invited to present a pageant showing what the Department has done for the education of the Indians of Caughnawaga.

Would you approve our hiring some Indian to travel these children on those days when the R.C.M.P. will not be able to go for them with the sisters' car? Naturally, we cannot count only on the M.P.'s for they may be called at any time, for other work.

Thanking you for your kind attention to this matter, we beg to remain

Respectfully yours,

Sisters of Saint Ann

Re:- Old stable at Caughnawaga
Bush School.

I wish to inform that the above stable which has not been used since many years is now unusable and is falling to pieces. Part of the roof is gone, the supporting beams have rotted away and the walls etc., are in a very bad condition. This stable is an eye sore and I would recommend that it be sold to a nearby indian farmer, Micheal Day, who would give us the sum of TWENTY FIVE DOLLARS for it. Day would take the building down and would salvage whatever lumber that he could for use in repairing his own stable, and would clean the site.

May I say that even if a shed was needed at that School this building could not be utilized owing to its precarious condition.

Would you be kind enough to let me know if the above suggestion is acceptable to the Branch?

Memorandum:DEPARTMENTAL PURCHASING AGENT.

The Indian Day School known as "Bush School" is located about 4 miles from the village of Caughnawaga.

Many years ago a small stable was erected but this has not been used in recent years. Part of the roof is gone, supporting beams have rotted away and the walls, etc., are in very bad condition. This building is an eyesore and the Indian Agent recommends that it be sold to a nearby Indian farmer, named Michael Day, who is prepared to give us the sum of \$25.00 for it. Day would take the building down and would clean the site. He would use the lumber for repairing his own stable.

Under the circumstances, I would appreciate having your authority to sell the building to Day at the price mentioned above.

Memorandum:

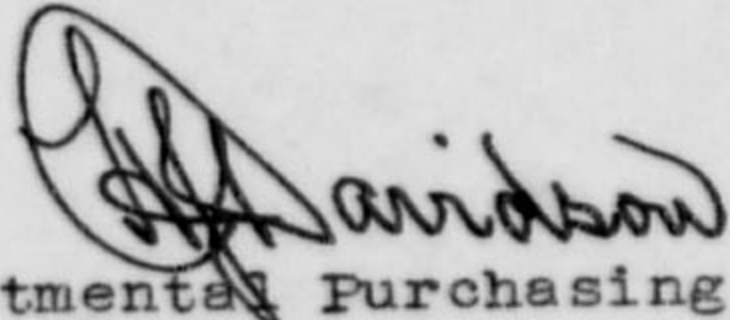

Indian Affairs Branch.

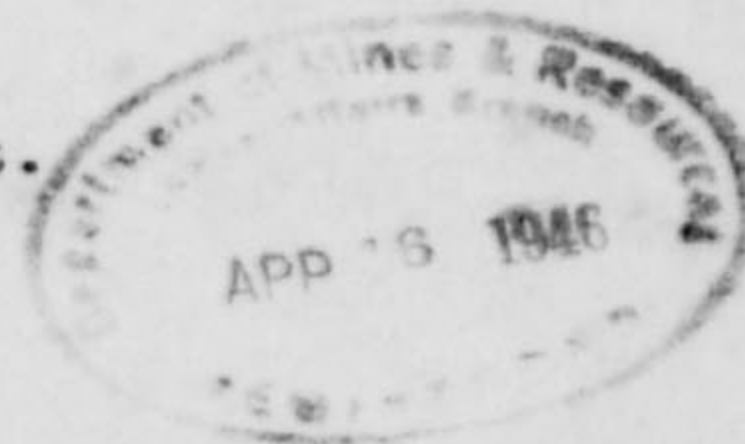

Attention: Mr. R.A. Hoey.

I acknowledge receipt of your memorandum of the 9th instant, your file 5-3-5, requesting permission to dispose of a small stable on the site known as "Bush School", located about four miles from the Village of Caughnawaga.

In this connection, I wish to advise that the approval of the Deputy Minister has been granted to dispose of the stable to Indian Farmer Michael Day for the sum of \$25.00, it being understood that he will take down the building, remove the material, and leave the site in a clean and tidy condition to the satisfaction of the Indian Agent.

The cheque should be made in favour of the War Assets Corporation, Montreal, and full information describing the stable - size, condition and reason for disposal - should be reported to this office in order that same may be incorporated in the Crown Assets Allocation Committee form when cheque and report is forwarded to the War Assets Corporation.

I wish to refer to your letter of the 17th of April last, in which permission was given to sell the old stable at the Caughnawaga Bush School to an Indian farmer named Michael Day for the sum of \$25.00.

As Mr. Day was not interested anymore in buying the said stable it was sold to Mr. Peter S. Jacobs, another Caughnawaga Indian for the above stated sum. The stable was taken down, the material removed and the site left in a satisfactory condition.

As requested in your letter I am sending you Agency Cheque No. 34479, drawn in favour of the War Assets Corporation in the amount of \$25.00 being the proceeds from the sale of the above stable.

Re:- Bush School Residence.

This is to inform you that the window panes
at the above Residence have all been broken lately, about
60 panes in all.

In addition the residence has been broken in
and mostly all the furniture broken. This matter is being
investigated by the R.C.M. Police.

Bumber has been ordered to board all the openings
and the remainder of the furnitures taken to barn at the
Sister's residence.

As it is unlikely that this School will ever be
re-opened it might be well to consider the selling of the
Residence and the School building, as all vacant buildings
here are all damaged and destroyed by vandals

MR. BROWN
RESERVES AND TRUSTS DIVISION

Caughnawaga Bush Indian Day School

I inspected the school on the Caughnawaga Reserve last week and found that this building has been standing idle for some time. Both the school and teacherage are in good condition but will not be if they are left vacant for many more months. Mr. Brisebois advised me that there was some delay because of the fact that the title to the property was in doubt. Please find attached a Quit Claim Deed (Flag One) to the land which would seem to indicate that the property rests in the Crown and that we can dispose of it as we see fit.

My recommendation is that both the buildings and property of the Caughnawaga Bush School be declared surplus to the requirements of the Indian Affairs Branch and that tenders be called by your Division for the sale to an Indian or Indians.

Caughnawaga Bush Indian Day School

You will recall our conversation concerning the sale of this school. Unfortunately, our property file for this particular school is very incomplete, whereas the file on the Caughnawaga St. Isidore School has all the necessary documents.

Our records show that the tenders were called for in 1908 and that a Quit Claim was obtained for Lot 330 by John Phillips.

I am referring this matter again to the Reserves and Trusts Division as I feel that this matter could be settled to our satisfaction immediately.

Sir,-

In your report on the Caughnawaga Bush School for the month of June, last, you stated that the walls need repairing and Mr. Chene of this Department, who visited the school, states that the whole of the plastering has fallen to pieces, that there is no trace of paint left on the woodwork of the building and that the doors and windows need to be repaired.

The Department has decided to have the walls and ceiling covered with 7/8 inch V joint sheeting instead of plaster and I have to request that you will be good enough to obtain an estimate of the cost of the material required for this purpose and also the price and quantity of paint needed to give the outside walls and doors two coats. As this work should be done before the re-opening of the school you will be good enough to give this matter your prompt attention.

Sir,

Referring to your letter of the 27th ultimo regarding the plaster of the residence of Mrs Beauvais, teacher of Bush School, I beg to point out to Department that I have not yet visited this school because during November the roads were impossible, and since the beginning of December, the weather was so cold, and being unwell, I did not risk myself to make so long a trip in vehicle. Sir,

Referring to your letter of the 27th ultimo regarding the repairs to be made to plaster of the teacher's residence of Bush School, I beg to say that I inspected the plaster in question yesterday, and I found in the kitchen about 5 feet square had sunk. I value these repairs to \$5.00. But I beg to point out that all the plaster is in a bad condition, specially in the kitchen, a room of about 12 x 15. I suggest Mr John Sky of Caughnawaga to do this work.

Memorandum

Mr. Scott, -

Mr. Agent Brosseau reports that the plastering in the kitchen of the teacher's residence at the Bush school is in a complete state of demolition and that same requires attention.

I would suggest that the whole of the plastering which was done some ten years ago be replaced by $\frac{3}{4}$ " tongued and grooved V joint sheeting, instead of keeping it in a state of repair.

The cost of the change would amount to \$80.00, and the work could be satisfactorily carried out by a local carpenter under the teacher's supervision.

Sir,-

With reference to your letter of the 8th instant, regarding the repairs to the plastering of the teacher's residence at Bush School, Caughnawaga, it is suggested that the whole of the interior of the kitchen be sheeted with $\frac{3}{4}$ " tongued and grooved V joint lumber, instead of replacing the plastering, which you reported as being partly fallen.

As I understand that the services of carpenters are available in Caughnawaga to perform such work, I have to request that you obtain prices from some of them for the full execution of this work, also the furnishing of the necessary materials including two coats of oil paint, etc.

It is proposed to have this work carried out under the teacher's supervision, and as soon as possible.

Sir,-

Mrs. Beauvais, teacher of the Bush School on the Caughnawaga Reserve, requests that the roof of the kitchen of the teacher's residence be reshingled. She states that two thousand shingles will be required and that the labour of putting them on could be done by her husband. She also stated that she was of the opinion that the shingles can be purchased for \$8.00 a thousand.

The Department has consented to have this work done and you will be good enough to purchase and have delivered two thousand shingles. Before making this purchase you should obtain prices from a number of dealers and buy the shingles from the firm quoting you the lowest price. The work of putting on the shingles may be done by Mr. Beauvais. The entire cost of the shingles and labour should not exceed the sum of \$35.00. You will be good enough to attend to this matter at once and have the shingles purchased and delivered at an early date.

Mrs. Beauvais was informed that the Department was authorizing you to purchase the shingles.

I beg to inform you that the plaster at the teacher's residence of the Caughnawaga Bush School, is falling off from one of the walls of the front room. It is certainly annoying for Mrs Beauvais at this time of the season. Unless that the plasterers now working at the Caughnawaga Church could have that repair made during this winter; otherwise, temporary repairs could possibly be made with paper-board or other suitable material until next spring, when the re-plastering inside of that house has to be done.

Sir:

I have your letter of the 5th instant, regarding the condition of the plaster in one of the front rooms of the teacher's residence at the Bush school on the Caughnawaga Reserve.

In reply I beg to say that if you can make satisfactory arrangements with the plasterers who are now working at the Caughnawaga Church to undertake the repairs required at the teacher's residence, you may do so. No unnecessary expenditure, however, should be incurred in making the repairs to the plaster. Properly certified vouchers, in duplicate, should be forwarded by you covering the cost of any work carried out.

Sir,

With reference to your letter of the 11th ultimo, I beg to inform you that in view of the plaster recently completed at Bush School's teacher residence, and as suggested by the plasterers who were working at the Caughnawaga Church, I have ordered one laborer from the village of Caughnawaga to go and keep that teacher's residence heated during about 10 days until the plaster is entirely dried out. Salary paid is to be \$3.50 per day and it is understood that at the same time this laborer is to scrub and clean the floors in this building.

Sir:

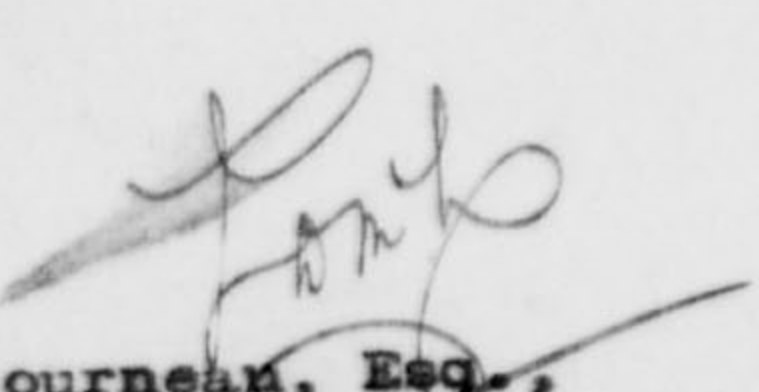

I have your letter of the 12th instant, relative to the repairs required to the plaster in the teacher's residence at the Caughnawaga Bush School.

In your letter of the 5th ultimo you stated that the plaster was falling off one of the walls of the front room, and you were instructed to have one of the plasterers working at the church building undertake the repairs at the teacher's residence. It is not understood why it should be necessary to engage a labourer to keep the residence heated for ten days. It is considered that Mrs. Beauvais, the teacher, should be responsible for keeping fires in the residence and also that she could do any cleaning required after the repairs to the plaster are made. You should immediately discontinue the services of this man, as the Department is not prepared to pay his wages for keeping on fires in order to dry out the plaster. You should have one of the plasterers working at the church make the repairs required only, as that is all the Department is prepared to pay for, and no unnecessary expense should be incurred in carrying out the actual replastering required. This matter should receive your prompt attention.

~~Dear Sir:~~

The Agent Mr. Lefournier came to see me at my own home Friday evening, saying I was to open my school on the 20th at the command from the Indian Department, I am ever ready for my work.

When the schools were opened after the New Year I went to my school residence, the men were still at work on the walls.

The Agent also read two letters dated 14th and 15th Inst, in one of

This was the Agent's first intimation that all the plastering in the house was taken down, he was rather taken back with surprise as he was not advised in this matter. It was then that he told me, he had asked the Indian Department to have the front room of my residence replastered, as the men were still here working at the church, and had all the materials for such work.

The Agent also read a letter to me dated Dec 14th that the Indian Department gave its consent to the plastering of the front room.

The floors are in terrible state. I had all the four room floors painted two hallways oiled. The man who was in charge of the place had washed the floors two or three times, the line

the letters, it states that I should have cleaned my school residence, the mess the work men had left "leaving an inch of lime and sand"

In this I have always been under the impression, and fully believed I was engaged by the Indian Department as a teacher, not as a Char-woman, as to removing my furniture to the school, what else could I do, the few I have I value it.

On the 16th of Dec, last I was advised to remove all the furniture, if left, they would be ruined, as all the plastering had to come down. Two weeks ago I told the Indian

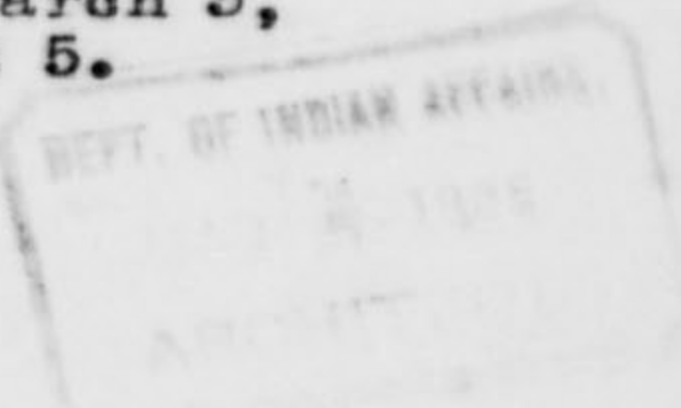

Agent that it was impossible to open my class immediately, on account of my furniture being in the school.

MEMORANDUM:

Mr. Paget.

Mr. MacKenzie has just sent in the signed pay lists covering the amount of wages paid by him for the repairing of the teachers' residence at the Bush School, Caughnawaga. These have been duly certified to by Indian Agent Letourneau.

I would state for your information that the increased cost of this work was due to the necessity of hiring a man to keep this building continuously heated from the time the plastering was commenced until completely dried, also the distance the materials had to be transported from Lachine to the School building.

The few materials for which no receipted accounts have been furnished were supplied by the contractor from his stock at the Caughnawaga church.

I beg, therefore, to recommend that a cheque covering the amount of the voucher be sent to the contractor to his address, 141 Waverly St., Ottawa.

Sir,

With reference to your letter of the 29th ultimo in connection with the repairing work performed at the teacher's residence of the Caughnawaga Bush School during this winter, I beg you to refer to my letter of May 7th, 1923 (Departmental File No 5-3-5) and you will note my recommendation at that time for the necessary repairs to the plaster in each room of the teacher's residence. This state of deterioration became almost intolerable to the teacher until last December when a large portion of the plaster came off in one of the front rooms. It would have been less expensive to have the work partly done, but, this work was urgent and it was necessary to have it thoroughly done while both the material and plasterers were on hand. I may add that it has always been noted that the plaster in this building was never satisfactory. The school teacher has always been complaining about the bad condition of the walls in the various rooms of her residence. I am enclosing herewith voucher No 700 amounting \$554.26 in favour of Mr. Mackenzie for the above mentioned work and beg to recommend the same for your approval.

Sir:

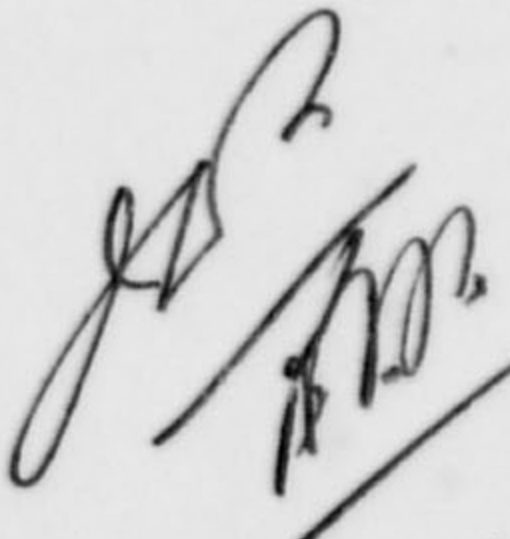

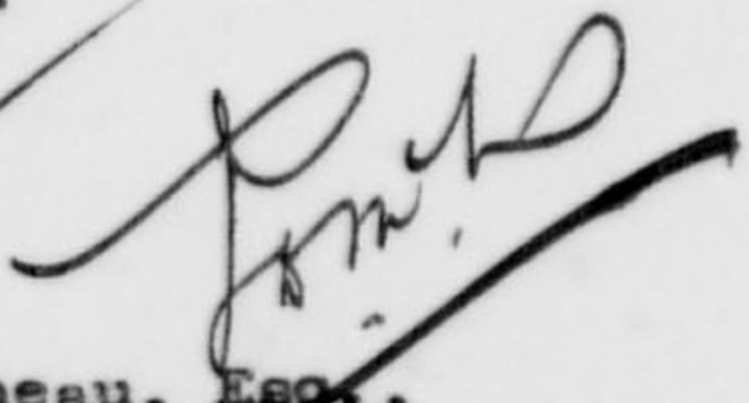

I have your letter of the 19th instant, furnishing an explanation as to the amount of work that it was necessary to perform in repairing the plaster in the various rooms of the teacher's residence at the Caughnawaga Bush School.

In reply I beg to say that a full report should have been furnished as to the amount of repairs that were required before the work was undertaken. However, as we understand that this work has been completed, you should forward properly certified vouchers covering the cost of the repairs that were completed to your satisfaction.

Ottawa, January 15th, 1925.

Sir:

I have your letter of the 12th instant, informing the Department that it may be necessary for the Caughnawaga Bush School, owing to repairs which are being carried out, to remain closed until the 20th instant.

It is hoped that Mrs. Beauvais, the teacher, will arrange to re-open the school as soon as possible and that it will not be necessary, owing to the plastering which is being carried out in the teacher's living quarters, to keep the school closed longer than the date mentioned. The Department cannot understand why it should be necessary to move the teacher's household effects into the school room. It is thought that any plastering required could have been done without it being necessary to interfere with the classroom work. Please furnish a report as to the amount of plastering that is being done in the teacher's residence.

Sir:-

Replying to your letter of the 15th instant, I beg to say that on or about the 15th ultimo, according to your instructions contained in the letter dated 11th ultimo (Dept. File No. 5-3-3) I had arranged with the plasterers who were at the time working at the Caughnawaga Church to undertake the repairs required at the teacher's Residence at the Bush School on the Caughnawaga Reserve. It had been understood that these repairs to the plaster had to be made in one of the front rooms. On the 9th instant I have been informed that instead of the only one front room repaired, the work had been done in every room of the teacher residence because, according to the man in charge, repairs were required in each room.

Ottawa, January 20, 1925.

Madam:

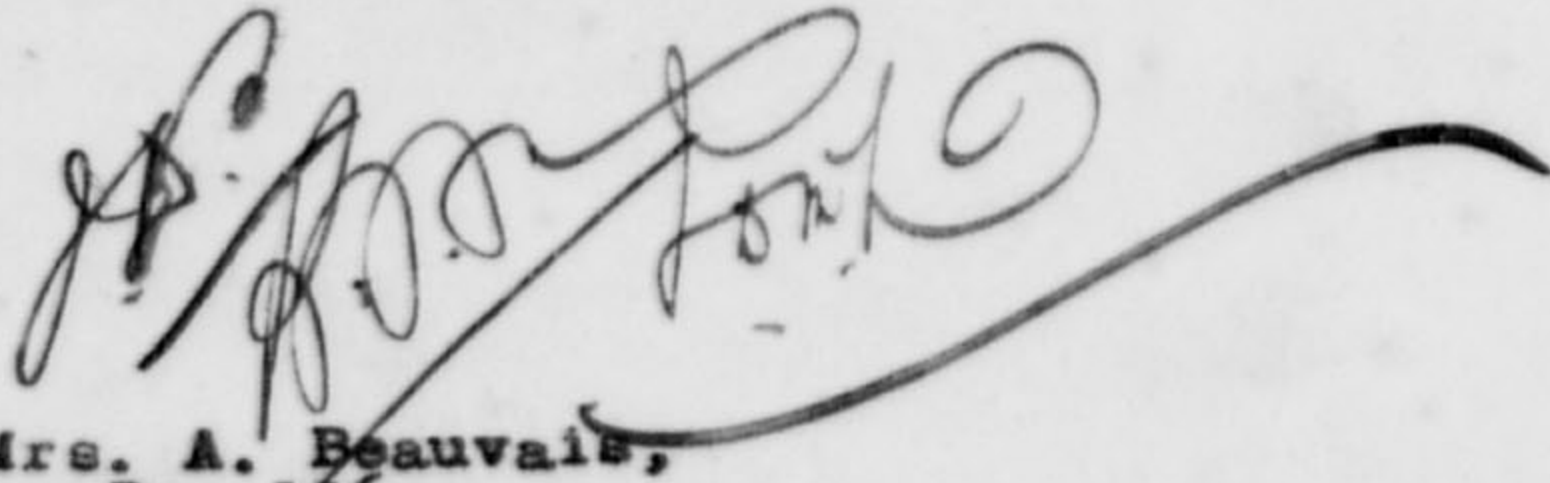

I have your letter of the 17th instant, regarding the closing of the Bush School on the Caughnawaga Reserve on account of the plastering which is being carried out in connection with the teacher's residence.

Regarding this matter I beg to say that the Department is not aware of the amount of work that is being done. In a letter from Mr. Agent Letourneau dated the 5th of December, last, he stated that the plaster was falling off one of the walls of the front room, and he requested authority to have temporary repairs made until next spring when the replastering of the inside of the house would be done. The Agent was authorized to have this temporary work done by one of the plasterers who was working in Caughnawaga village. We were next informed by the Agent that he had ordered a labourer from the village to go and keep the teacher's residence heated for about ten days until the plaster was dry and also to scrub and clean the floors in the building. We had no knowledge that you had moved your furniture into the schoolroom and had left the teacher's residence. It is, therefore, considered in view of the fact that only slight repairs were authorized to the plaster that it was not necessary to engage the services of a man for ten days to keep on fires and do the cleaning. We are not yet aware as to the amount of plastering that has been done. The question of paying for the cleaning of your residence after the plastering is done will receive consideration when we have been informed as to the amount of plastering carried out. In the meantime it is hoped that your residence will be in condition at an early date for you to remove your furniture from the schoolroom and reopen the school.

Your obedient servant,

J. D. McLEAN

Dear Sir:

I have send in my
Requisition to the Agent Mr. L.

paint or window blinds.

You will remember I wrote
direct to you last January of
the mess. that was made
in the teacher's residence, at
the time when new plaster
was put on the walls.

I had asked for some paint

but no reply was made on this subject.

At places, paint is off the wood work. I want the floors to be painted, we will do the work if the Indian Department would supply the paint. It would take 2 gallons of paint, 1 gall' hard wood oil. also 7 window blinds. Would the Department be kind enough to supply one rug for the front room. The measurement of the rug would be 10' x 9'.

Trusting my requisition will be well considered, as it is a necessity

Yours respectfully.

Sir:-

Mrs. Beauvais, teacher of the Bush school at Caughnawaga requests that 2 gallons of paint and 1 gallon of oil also 7 window blinds be supplied for the use of the teacher's residence. She states that the paint is required to paint wood work which was damaged at the time the building was re-plastered last winter. The teacher will do the work in re-painting the wood work without charge to the Department.

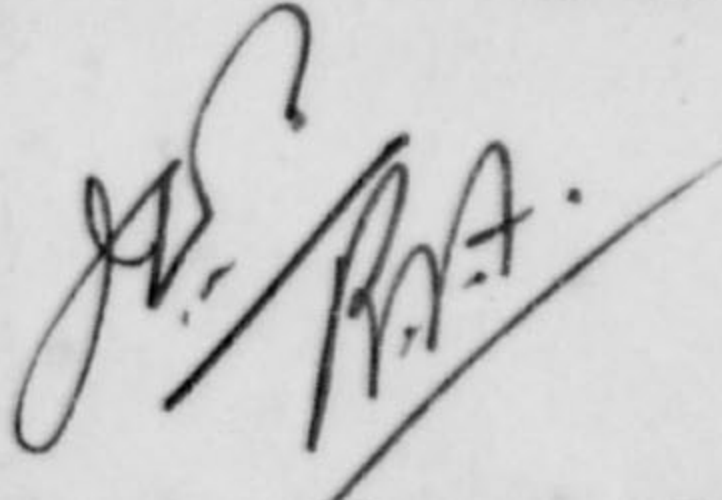

You may arrange for the purchase of the above quantity of paint, oil and also 7 window blinds of the dimensions required. Please furnish properly certified vouchers in duplicate covering the expenditure incurred.

The teacher has also requested that a rug be supplied for the use of the front room. We are not prepared at the present time to authorize the supplying of this equipment.

Monsieur,-

J'ai l'honneur d'accuser reception de votre lettre du 12 courant concernant l'achat d'articles necessaires a l'Ecole Bush de la reserve de Caughnawaga, et plus particulierement a la question d'achat d'un poele de cuisine et d'une petite fournaise pour la residence de l'institutrice a cette ecole.

En reponse je crois devoir vous rappeler que Mde. A. Beauvais, institutrice, lors de son depart en juin dernier a dispose de quelque facon de ces deux poeles.

Dans ces circonstances, je ne crois pas pouvoir faire autrement que de vous recommander l'achat de ces deux articles dont le cout est d'environ \$50.00.

DEPT. OF INDIAN AFFAIRS
SEP 17 1931

St. Constant, Sept. 16 1931

Sir, -

I have the honour to acknowledge the receipt of your letter of the 12th inst. concerning the purchase of the necessary articles required at the Bush school of the Oaughwaga Reserve, and more particularly the question of buying a kitchen stove and a small furnace for the residence of the teacher at that school.

In reply I must remind you that Mrs G. Beaulieu's teacher, when she left last June got rid some way of these two stoves.

Under these circumstances I cannot do otherwise but to recommend the purchase of these two articles at the cost of about \$50.00

Sir,-

I have your letter of the 16th instant regarding the purchase of a kitchen stove and a small furnace for use in the residence of the teacher at the Caughnawaga Bush Indian Day School.

In reply I have to request you to arrange for the purchase of a kitchen stove and a furnace of the types that would be satisfactory for the purpose for which they are required. It is noted that you estimate the cost of these two stoves to be, approximately, \$50.00. In purchasing same, you should be guided by the instructions which you have received regarding purchases. Should any stove pipe be required, you may also secure same.

Please give the matter of the above purchases your early attention and arrange to have the stove and furnace properly installed and placed in serviceable condition. After the purchases have been made, you should forward a properly certified account, in duplicate, covering the expenditure incurred.

I may add, for your information, that Mrs. Beauvais was authorized to take the stoves which had been in the residence.

Lorsqu'il s'est agi de faire le choix de ces deux articles je me suis trouve embarasse a cause du prix eleve du poele de cuisine, a \$52.50, lorsque j'etais limite a environ \$50. pour le poele et la fournaise. Apres consultation avec Revde. Soeur Superieure des Ecoles ainsi qu'avec Mde. Phillips, institutrice a l'ecole Bush, il a ete finalement decide de supprimer la fournaise pour l'achat seulement du poele de cuisine qui est arrange de facon a donner satisfaction pour le chauffage de toute la maison ainsi qu'a l'usage de la cuisine.

C'est sur la recommandation d'une des personnes designees dans votre lettre No. 566929-10 en date du 31 octobre 1930 que j'ai fait l'achat de ce poele de cuisine a Lamarre & Compagnie Limitee.

EX'D.

Sir, -

I have the honour to acknowledge receipt of your letter of the 19th instant authorizing me to purchase one furnace and a kitchen stove for the teacher's residence of the Bush School on the Caughnawaga Reserve.

When I came to make the choice of those two articles I was rather embarrassed on account of the high price of the kitchen stove, being \$52.50, when I was limited to about \$50. for the stove and furnace. After consulting the Reverend Superior Sister of the Schools as well as with Mrs. Phillips, teacher of the Bush School, it was finally decided to do away with the furnace and purchase only one kitchen stove which is built in such a way as to give satisfaction for the heating of the whole building as well as the necessary cooking.

It is on the recommendation of one of the persons designated in your letter No. 566929-10 dated the 31st October, 1930, that I purchased this kitchen stove from, A. Lamarre & Company Limited.

Caughnawaga, June 13th, 1938.

Dear Sir:-

I beg to inform that repairs are needed at the residence of the **teacher** of the Bush Road School.

The foundation of the house is badly cracked at the front and the repairs would consist in taking the stones out and reconstructing about 10 feet of same which is 8 feet deep and 3 feet thick. It is estimated that the labour would be of 3 days work for a mason, at .35¢ an hour, 8 hours day, and a helper at .25¢.

The plaster walls are in need of repairs and approximately eight square yards of the walls, at different places, would have to be patched. About 2 days work for a plasterer and a helper would be required at the same salary, viz; .35¢ and .25¢ per hour.

You will find herewith a list of the material required. Prices obtained from F. Crepin, Chateauguay Basin, a merchant on the list.

Yours truly,

F. Brimble

Caughnawaga, Que.,
October 5, 1940.

Dear Sir:-

I wish to let you know that repairs are badly needed at the residence of the teacher of the Bush road School. As you are aware the residence remained vacant in the course of last year and was entered into by unknown persons who did damages to the walls and the woodwork.

We have on hand part of the material required for these repairs but an approximate amount of \$15.00 would be required for the purchase of paint, alabastine, turpentine and size etc.

The cost of the labour would be of about \$35.00 or two weeks at eight hours per day at 30c per hour.

As soon as these repairs are terminated the teacher Miss. Terrance will move to the house together with her grandfather and one of her aunt.

I beg to recommend the above to your kind consideration.

Yours very truly

Dear Sir:

I desire to acknowledge receipt of your letter of the 5th instant, in which you intimate that certain repairs are necessary to the teacher's residence of the Caughnawaga Bush Indian Day School.

It is noted that you have on hand part of the material necessary to undertake these repairs. In view of your recommendation, you are authorized to purchase the paint and employ the labour required to undertake and complete this work. It is scarcely necessary to add that the cost should be kept down to a low figure.

Yours truly,

R. A. Hoey,
Supt. of Welfare and Training.

Dear Sir:

I have your letter of the 8th instant, enclosing the attached list of furnishings for the teacher's residence at the Bush School. It is not the practice of the Department to supply linen or bedclothes and consequently the sheets, pillow slips, blankets, comforter and bedspreads cannot be allowed. While we wish the teacher to be comfortable, we are unable to supply all the other articles requested in her letter. I have, therefore, decided to leave the matter in your hands. You should supply what you consider is absolutely necessary and it goes without saying that the furnishings should be secured as reasonably as possible.

1. On 25-5-47 information was received from the office of the Indian Agent here that someone had smashed the glass in the windows of the above named teachers residence.
2. On 29-5-47 in company with John Bush, caretaker, this writer patrolled on foot to the captionally noted place. It is situated on the Caughnawaga Indian Reserve, near the C.P.R. tracks some 2 miles south east of the village of Caughnawaga. The school and the teachers residence are two separate buildings, and have been vacant and unused since June 1946. The area surrounding the school and teachers residence is farm land and there is only one family living within sight of the school and residence.
3. On arriving it was determined that considerable damage had been done to the aforesaid residence. Approximately 50 panes of glass, various sizes, had been smashed. As well, 6 lengths of stovepipe, 2 green window shades, 1 medicine cabinet and 1 small table had been destroyed. Some of the windows had been smashed from the outside and others from the inside. Entrance had been gained by forcing the rear door.
4. Enquiries were made at the home of Jimmie Jacobs who lives within sight of the school. They stated they believed the windows were intact on Sunday May 25th and first noticed they were smashed on Monday May 26th. They were not able to supply any information which would give indication of the party or parties responsible for the damages aforementioned. Two other farmers living some little distance from the school and residence, Mike Day and Frank Goodleaf were also interviewed. Neither was able to give any information as to who was responsible for the incident.
5. The investigation will be continued and some reliable contacts interviewed. Further report will be submitted to comply with the following D.D. 4-7-47.

1. Further to previous report of Cst. Gruer dated the 4th ultimo in the above connection, I wish to report that on the 1st instant, Mr. John Bush, caretaker was interviewed regarding the damage made at the above Government property and he stated that on different occasions he inquired in view of obtaining the name of the party or parties responsible for those damages but without results.

2. The writer also proceeded at the above place where Mr. Jimmy Jacobs was interviewed and stated that he was unable to furnish us any information which would lead to the party or parties responsible for the damages done at the above Bush School Teachers Residence.

3. As previously mentioned Jimmie Jacobs's family is the only one living within sight of the school and residence. Presently all windows have been blocked with boards by the caretaker Mr. John Bush. The two other farmers who are living at some little distance from the school and residence Mr. Frank Goodleaf and Mike Day were questioned at length but nothing could be learned as to who was responsible for the damages done to the Government Property.

4. In view of the foregoing further enquiries will be made and efforts will not be relaxed in view of throwing a light in the above case. May the D.D. in the above connection be extended to the 10-8-47, please.

McCall
Re Caughnawaga Reserve.

Ottawa, July 14th, 1903.

Reverend Dr. Griffith, in charge of Methodist Missions for the Montreal district, called yesterday to discuss matters in connection with the ^{work of the} Methodist Church on the above reserve. He states that a church, school, residence and teacher are required and would like to know to what extent the Department is prepared to assist in this.

The Methodist Church will erect the church building but the Dr. thinks the Department should put up the other buildings and maintain the teacher.

I would like a full report on this, showing what churches, schools, residences, teachers, etc., there are now on the Caughnawaga Reserve and a statement in detail showing to what extent the Department is a contributor to the support of these, distinguishing between Band money and Departmental money.

Dr. Griffith's address is 17 St. Luke St., Montreal, Que., but he will go to Toronto at the end of this week and a letter addressed to him in care of Dr. R. C. Griffith, 12 Macdonnell Ave., Toronto, will reach him for a week or two afterwards.

MEMORANDUM:

For the Deputy Supt. General of I.A.

I beg to state that the following are the respective establishments of the Methodist and Roman Catholic Churches as aided by the Department on the Caughnawaga Reserve:-

Methodist..... salary of teacher.....\$125.00

This is all the assistance the Department gives to the Methodist Church or any other Protestant denomination upon the Reserve. The attendance is 20 on the roll and an average attendance of 7. The school is held in a building either owned or rented by the Church authorities in which they also conduct evangelical services. Our census returns show that there are 31 Methodists upon the Reserve.

The Roman Catholics have a large stone Church and a commodious residence for the Priest, and two school buildings. The building for the boys' school is a two-story edifice of stone, and the girls' school is a frame building with school room on the first floor and rooms for the teacher on the second. The Church and the Presbytery were not erected from funds of the Dominion of Canada. The schools were built partly from Indians funds and partly from grants by the Dominion. We provide the salaries of four teachers as follows:-

Boys' School, 1 teacher.....	4.50.	}	\$750.00
Assistant teacher.....	300.		
Girls' School, 1 teacher.....	300.	}	\$500.00
Assistant teacher.....	200.		

The attendance of the boys' school is 126 on the roll, average 40; the girls' school, 38 on the roll and average attendance 43. There are 1,984 Roman Catholic Indians on the Reserve.

MEMORANDUM:

##

In view of the very small following the Methodist Church has upon this Reserve, I think the Department is doing all it is called upon to do by furnishing the salary of a teacher. I think that this salary should be increased to \$300.00, and that beyond that amount no aid should be given, ~~to erect a school~~. Dr. Griffith asked for a great deal more than this, but it is not the custom of the Department to ask for an appropriation of public funds to assist any church in its missionary work. Whatever funds are provided for a church and residence must, therefore, come from the Exchequer of the Church. To my mind it is a question which should be very carefully treated; when there are so few Methodist Indians upon the Reserve, we might easily create the impression that we are endeavouring to proselytize, and it is almost certain that the impression would get abroad upon the Reserve that the Department is using not only Government funds but Indian funds for this purpose.

I would therefore beg to recommend that the salary of the school teacher be increased ^{to \$300.00, with the understanding} ~~to \$300.00~~, with the understanding that the teacher is to be fully qualified, and that no assistance be given to other Church work or school buildings on the Reserve.

Memorandum.

Mr. Sifton.

Reverend Dr. Griffith of Montreal, who I believe succeeds the Reverend Dr. Williams as Superintendent of Methodist Missions for the Montreal District, called here a few days ago and asked that further assistance be given by the Department in connection with educational work on the Caughnawaga Reserve.

Our Census returns show that there are 31 Methodists on the Reserve, the number on the school roll being 20 with an average attendance of 7. The school is held in a building either owned or rented by the Church authorities, in which they also conduct religious services. We pay a teacher for this school \$125.00.

On the other hand there are 1,984 Roman Catholic Indians on the Reserve and they have a large stone church,

a commodious residence for the priest and two school buildings. The church and presbytery were not erected from funds of the Government but the schools were built partly from Indian funds and partly from grants by the Dominion.

For the Roman Catholics we provide four teachers, as follows,-

Boys' School, 1 teacher	\$450.00
" " , Assistant Teacher	300.00
Girls' School, 1 teacher	300.00
" " , Assistant Teacher	<u>200.00</u>
Total	\$1250.00

At the boys' school there are 126 on the roll, average attendance 40, at the Girls' 88 on the roll, average attendance 43.

Dr. Griffith states that it is the intention of his Church to extend their work on this Reserve and for this purpose a church, school, residence and teacher are required. He states the church will erect a church building but thinks the Department should put up the other buildings and maintain the teacher.

I presume that there is no question that the Department will not assist in the church buildings and it is doubtful how far it would be advisable to assist in the erection of a school house where the number of pupils is necessarily so limited

so limited. I think though, that it is not unreasonable to ask that the school teacher's salary should be raised to \$300.00 provided that he is fully qualified, and if this meets with your approval I will have the necessary action taken.

As Dr. Griffith is now in Toronto to discuss this, among other things, with his Board he asks for an early reply.

Dear Mr. Pedley

I have been looking for your promised letter re Coughnawaga Indian School &c. We have an Executive Meeting here on Friday afternoon at 3 o'clock and it is most important for me to have your communication before then. In looking over the reports of your Department I find the salary you pay teachers is almost invariably three hundred or at the rate of \$300 per year. The matter of school house we are not anxious to own the property. We are quite willing the government should own it. All we want is a building to work in. I think there is a disposition to take up the work with vigor. I hope you will be able to advise me by return mail or come see me here if you have not time to communicate by letter.

Very faithfully yours

Frank Kelley Esq.
Deputy Superintendent General
Indian Affairs

Dear Sir your favor of the 27th ultimo reached me

in due course. Absence from home prevented an earlier appeal to you for further consideration of the Crupnamung School.

I pray say your reply was a great disappointment to me in many ways.

I am anxious to have that as good an Indian School as any in the land. That there has been good work done is evidenced by the desire of

the people to have their children attend this school. It is true there

are some Catholics attending but it is because of the results obtained

I am not going to make comparisons or cast reflections on any one.

We have a roll of about thirty and more than fifty have attended with

more or less regularity - some of them only occasionally. But there is

a good average school and we mean to have a first class teacher

for the work. Surely you are willing to give some reasonable degree

of support to such a work. Twenty five dollars is surely an acknowledgment

of merit - Your blue book shows a salary of \$20 per year in almost

every case, or at that rate if for part of the year. If you will grant us

two hundred for our teacher this year we will vindicate our

plea by work done. Other matters I must wait but I must have a

teacher and we will supplement this and secure a good one.

This is so small a request that I feel sure it will be taken as

granted without hesitation or delay. Better grant it at once for

if I come again I will be asking much more. Yours very faithfully Thos Griffith

Memo

To the Deputy Superintendent General
of Indian Affairs.

Ottawa, 15th September, 1903.

With reference to the application made by Rev. Dr. Griffith of Montreal on behalf of the school conducted by the Methodist Missionary Society on the Caughnawaga Reserve, I beg to say that this Department is already paying the sum of \$125.00 per annum to the Missionary Society as a contribution towards the maintenance of this school.

Two years ago when the Department took over the schools which had been carried on under the auspices of the Methodist Missionary Society in Ontario the schools in operation by the Methodists in the Province of Quebec were purposely left out of this arrangement. If the Department were called upon to pay the full salary of a teacher of the Caughnawaga Methodist school it could only do so on the understanding that it would become undenominational and I claim that there is no need for an undenominational school on this reserve as all the members of the Caughnawaga Band which numbers 2017 are all Roman Catholics, with the exception of two Anglicans and thirty-one methodists.

There are two large Roman Catholic Schools on the reserve with two teachers for each school and it is doubtful to my mind whether the Department would be justified in maintaining a protestant school for the small number of Indian children who are not Roman Catholics.

Dr. Griffith claims that they have about thirty
children

children on the roll and that more than fifty have attended with more or less regularity. The annual report for last year shows the average attendance to have been only five, which would include nearly all the children of school age on the Reserve. ^{Protestant}

It seems to me that the Methodist Church is carrying on a school on this reserve on sufferance and I think the Department has gone as far as it would be justified in going in allowing the grant that they now receive.

I may call your attention to the fact that the Rev. Dr. Sutherland, as General Secretary of the Methodist Missionary Society has charge of all the Indian School work carried on by the Methodists, and any applications for increased grants should, properly speaking, come through him.

Reverend Sir :-

I beg to call your attention to the fact that no returns have been received from the Methodist School on the Caughnawaga Reserve for the December quarter and the June quarter of the last fiscal year. Blank forms of return are inclosed herewith and I have to request that you will be good enough to fill them out for these two quarters and send them to the Department, if the School was open during the periods mentioned.

Dear Sir: The Rev. J. J. Oke our Indian missionary at
Canamawaga tells me that he and Dr. Giffitts. The former
Chairman of the Montreal District of the Methodist
Church, have had an interview with you concerning
the securing grants from the Indian Department for
the higher education of some Indian young people.
There are two in particular, whose cases I feel re-
quire special attention at this time. One Annie
Spicer by name whose certificates, which I enclose,
will show her educational attainments. The other
has equal standing, Mr. Oke informs me. They are bright,
capable girls & should be given a chance. Our desire
is, to send them to the St. Michael's College, and I wish to
know if your Department will give us a grant sufficient
to meet the expense of doing so. Kindly favor me
with an early reply & greatly oblige

Truly Yours

(Rev) Melville Taylor, Chairman
of the Montreal District

The Deputy Superintendent General:-

Rev. Melvin Taylor writes the Department referring to a former application made by the Rev.

Dr. Griffith, chairman of the Montreal district of the Methodist Church for a Government grant to assist in the higher education of Indians of the Caughnawaga reserve, and he refers specially to the cases of two ex-pupils of the Mount Elgin Institute whom they wish to send to the Stanstead College at the Department's expense.

In connection with Dr. Griffith's application ~~affix@staharxx7xx1904x~~ I beg to refer you to my memorandum of October 7, 1904, on file 83343 in which I pointed out, first, that there were no funds specially provided for such a purpose and, second, that similar applications had been refused by the Department.

The question of granting scholarships to Indian pupils who are anxious to obtain a higher education than our system affords is worthy of consideration, but until the Department arrives at a decision in this matter, I do not see how it can well accede to Mr. Taylor's request.

The Deputy Superintendent General,-

The Rev. Mr. Timberlake, President of the Montreal Conference of the Methodist Church, has applied for the appointment of a medical officer to examine the children enrolled at the Methodist school on the Caughnawaga reserve. He says that the school has not been reopened since the summer holidays on account of the prevalence of measles, and to avoid the danger of the spread of the disease and prevent needless delay in reopening the school, he makes this application. This is the first official intimation we have had of an outbreak of measles on the reserve. The three Roman Catholic schools have opened and I can see no reason why the Methodist school should not have started at the regular time. The Methodist missionary and the teacher should have been able to find out what families, if any, are affected and order them to stay away from the school.

The children are better at school than running loose on the reserve and less liable to contract the disease. We have no regular medical officer on the reserve as the Indians generally are able to look after themselves in this respect, and I do not see why the Department should be called upon to pay for examining 25 or 30 pupils. I think Mr. Timberlake might be advised accordingly.

Rev. Sir,-

I have to acknowledge the receipt of your letter of August 3, last, which only reached this office on the 5th inst., in which you apply for the appointment of a medical officer to examine the children enrolled at the Methodist school on the Caughnawaga reserve, with a view to avoiding the danger of the spread of measles, which you state is prevalent in the village.

In reply I beg to say that this is the first intimation that the Department has had of an outbreak of this disease there. The two Roman Catholic schools in the village were opened after the summer holidays at the usual time, and the Department considers that the Methodist school should also have been reopened at the same time, as it was only necessary to keep children away who were affected. The Department has no regular physician on the Caughnawaga reserve, as the Indians are all fairly well-to-do and provide for their own medical attendance.

Dear Sir,-

In preparing estimates for our Educational work among the Indians, I am reminded that the two teachers at Oka and the teacher at Caughnawaga are in receipt of smaller salaries than any other similar employee, namely \$250 (Two Hundred and Fifty Dollars) each. As these are cases in which one-half the salary is paid by the Indian Department, and one-half by the Missionary Society, we would be willing that there should be an increase of \$50 (Fifty Dollars) in each case, and will be prepared to bear our share of the advance if it meets the approval of the Department.

Rev. Sir,

I beg to remind that these are the schools in which one-half of the salary is paid by this Department and one-half by the Missionary Society.

An officer of this Department, who was in Caughnawaga last week, requested the teacher to state the exact amount of salary she is receiving. She replied that she is paid at the rate of \$250.00 a year. As this Department has been sending you a cheque for \$68.75 every quarter since the first of July, last, for the teacher of this school, it considers it is only fair that she should receive the whole of that amount, in addition to whatever your Society considers its half of the salary.

salary, if you will agree to make it up to \$400.00 and pay the difference. In fairness to Miss Young she should receive the arrears from the time the increase was made.

Blue prints of the proposed plans for the new school-house for the Protestant Indians on the Caughnawaga Reserve will be sent you in a few days, the site having been found satisfactory.

The Department considers that it should have an undertaking from your Society that the building is only to be used for school purposes, and that, in the event of your wishing to dispose of your holdings on the reserve, it would be compensated for its outlay at the valuation of the building.

Dear Sirs:-

For some time I have been wondering what I could do for the good of the people here. At last I have thought of a plan, I cannot carry it out, (if the people would be willing) without help from you. I will tell you my plan, then in what way I want you to help.

It is this: to organize a Girls club to meet once a week, charge a small fee for running expenses such as lighting of room, or other expenses that might arise. If any wished I could teach them

knitting or fancy work so far as

bead-work sell it and buy materials
to make some gifts for the poor
children of the place to be

gathering. Once a month we
could have harmless games,
as young people must have
amusement, and I would like
to keep them away from such
amusement as dancing and
card parties if possible. We
also could have singing as they
seem very fond of it.

Of course after talking it
over with the people, new
ways of working might arise.
but this will give you some

Now I have no place of meeting

alone did not appeal to them,

them to work.

In all, this will be my seventh year among them, and I don't know as much about the Indians as I ought, or as I would like. Dear Sirs:-

Now that I am back again I must write at once and tell you what I have done. It has worried me so much and yet I did not see what else I could do in the face of all.

On Friday A.M. Jan. 13th. I got a message from Syracuse saying my sister was dying and to come.

I did not know what to do I wanted to see her before she died and I knew she wanted to see me, yet having school troubled me though I would

not even think of leaving²
without making up for lost
time. Friday P.M. The agent
called, I told him about
the message and asked him
if he thought I could go.
Intended of course coming
back on Monday. He said he
did not think the Dept would
mind for that I had already
taught Labor Day so I felt
Monday was made up any-
way, but even so, though it
would be made up, it was
going away without first
getting your permission
that troubled me, but it
all happened so suddenly
that I did not know what
to do, and if I went I must
go on the evening train.

When I got there I found
things in a troubled state

then I still intended coming
Monday but my brother was
so worn out and half
sick himself from sitting
up at nights and his grief
was so great. He asked if I
could not stay that week.
I told him I had not a chance
of getting permission from
the Department of Indian
Affairs and they would
suppose I was teaching
yet to leave them in that
state seemed so hard. I tried
to think of someone to take my

I did not think you would mind quite so much.

There was a Protestant Indian here Mr John P. Spicer who had taught in an Indian school some time before, (there were no others here who had taught) and wired him to take it this week, also to wire answer. His answer was "your request is granted" and I remained until last night (Friday) so Monday there was no school. Tuesday Wednesday. Thursday and Friday Mr Spicer taught for me.

Did I do right in this case? It troubled me so because I would never give up school for anything before unless I had

to close on account of the building being needed for the church services; for as I said I was only a servant and my duty was to do my work first. This thought was in the case of death.

What do you think about what I have done? Did I do wrong or do you think I had a right to do it in that case?

Please write me no matter what the answer may be for it has worried me so much I have often wished I had the Department near.

The Department is in receipt of a requisition for school supplies for the Caughnawaga Protestant School, signed by Miss Nellie M. Stevens. I have to ask you to be good enough to state whether Miss Young has resigned her position as teacher, and if so, whether Miss Stevens has been appointed. Rev. William Timberlake,
763 Wellington Street,
Montreal, Que.

My dear Bro. Timberlake:-

I have your letter of the 13th instant re Miss Young. By all means pay her salary in full to the end of the term. I am deeply grieved at the information which you have given about Miss Young's health. She has become known to us during the past year as one of the most effective teachers in connection with the entire Indian work in Canada. This is indeed a great loss to the Indian work and I fear that it will be very difficult to replace here. As I have not her home address I would be greatly obliged if you will convey to her the deep sympathy of the officers of the Missionary Society and our gratitude for her faithful and earnest service during the years in which she has taught the school at Caughnawaga.

I believe that you will be able to do more in Montreal towards securing an efficient teacher for this school than I can do in Toronto. It is the province of the Missionary Society to nominate the teachers for the schools in connection with our Methodist Missions. If you require to do some advertising for the securing of a teacher for this school, we will be responsible for this expense. Kindly let me have the correspondence which you may receive from applicants.

With best wishes,

Yours sincerely,

Rev. T. E. E. Shore, M.A., B.D.,
Methodist Mission Rooms,
Toronto;

Dear Mr. Shore:-

Miss E. May Young, who has so satisfactorily taught our school for so many years at Caughnawaga, has been obliged to give up her school in consequence of ill health. I advised her to get a supply if possible for the last two or three weeks of the term. She tried and failed. Evidently she has tuberculosis. The Inspector visited her school early in June and told her to close the school at once. I secured for her an examination in the King Edward Institute for tuberculosis patients, and tried to get her admitted as a patient, but as she was anxious to go to her home, the doctor thought it best for her to go and so she has gone. I fear she will never return. For this I am very sorry. She loved the Indians and devoted her life to their improvement. Until two years ago she received but \$250 per year, and I would be glad if I might be permitted to send to her the \$40.00 for the month of June. The schools about here close on the 21st, the day before the Coronation, so that it would not be a very great act of generosity after so many years of such splendid service to pay her in full. In the city here a teacher is allowed full pay for ten days in a year if sick and half pay for forty more days. Since I have had charge of the school the last three years Miss Young has not before lost a day through sickness. I hope, therefore, I may have your consent to pay her in full. She needs and deserves it.

Yours sincerely,

(Sgd) Wm. Timberlake.

P.S. I had sent in my schedule before I knew of Miss Young's illness and reported as paid out the full year's grant, as in the case of the other teachers.

Dear Sir:-

sch
I have your letter #152218-1, dated September 18th. I have to say that I had no knowledge whatever of Miss Stevens' appointment as teacher of the Caughnawaga Protestant school until I received the information through your letter.

In connection with the Methodist Church we have a system of organization, which includes Chairmen of Districts. Rev. William Timberlake of Montreal is the Chairman of the Montreal District, which includes a considerable district outside of the city of Montreal, as well as the city itself. Mr. Timberlake is therefore in touch with the work of our Church at the Caughnawaga Reserve.

I received a letter from Mr. Timberlake on June 18th, to which I replied on the same day. I enclose herewith copies of the two letters in order that you may have before you the circumstances of Miss Young's retirement from the school and the instructions which I gave to Mr. Timberlake in connection with securing applications for the school. You will note that I requested Mr. Timberlake to forward to me the correspondence which he would receive from applicants. I regret to say that I have not received any of the correspondence.

I am writing to Mr. Timberlake to-day, requesting a statement of the case, and drawing his attention to the procedure which I requested him to follow and also to the fact that it was not within his jurisdiction to make the appointment of the teacher. I will forward to you any further information which I may receive.

You may not be aware that the Department and the Department alone has the right to make these appointments. There is no doubt, however, that your nomination by the Methodist Church when it is received through the proper channel will be quite satisfactory; as it is at the present time the Department has no knowledge whatever of the certificates held by you or other qualifications that you may have for ~~this~~ ^{when} work. Dear Mr. Shore:-

I am in receipt of your letter of the 26th inst. re Caughnawaga school. I am sorry if there has been any irregularity in the proceedings. This is the fourth year I have had charge of the Indian schools on this District, and this is the first I have heard of the claim of the Department to appoint teachers. I have engaged several for the Oka school and not a word said, nor was Dr. Sutherland informed of the change.

However, if it is the law for the Board to nominate and for the Department to approve and appoint, well and good.

Miss Stevens has done good work in the school this month but I am not sure that she is willing to continue. As soon as I know I will send you the information you desire.

Yours sincerely,

(Sgd) Wm. Timberlake.

Dear Mr. Shore:-

Re Miss Stevens at Caughnawaga School.

As I was out of the city during August, I asked the Rev. E. S. Morrison, who for nine years had charge of our Indian Mission at Oka, now in the city, to advertise for a teacher, stating that the salary would be \$400.00. He received several applications, forwarded them to me, and I made the selection of Miss Stevens, and returned to him the correspondence in case he might need it. When your letter of the 26th ult. came to hand, I at once wrote him for the necessary papers, and by the very same mail that these arrived I received a letter from Miss Stevens, stating that owing to letters she had received from the Department, she had closed the school and was going home. I at once wrote her, expressing my sorrow that she had so done, as there was no need for such a step, and asking her to let me know without delay if she were willing to continue the school, and it is only within the last hour that I heard from her. For some reason my letter did not reach her at the right time and she has just phoned to say she is willing to continue. She evidently misunderstood the enquiries of the Department and regarded them as undue interference, and needlessly felt insulted. Miss Stevens sent to me the last letter she received from the Department. It was very courteous, simply asking by whose authority she was teaching and stating just what you had told me, that it was the province of the Board to nominate and of the Department to affirm and appoint, also that the necessary information was probably in possession of the Board, but had not reached the Department, that when it came through the proper channel the nomination would no doubt be approved, and wishing her success in her work.

I am enclosing the application of Miss Stevens, and her credentials, also Mr. Morrison's acceptance of her application. The salary agreed upon according to advertisement was \$400.00. No further agreement was signed. Miss Stevens will return to her school on Monday morning.

I am sorry for this irregularity, but as I said in my last letter, I never before heard of the Department having anything to do with the engagement of teachers, and I had overlooked the reference to it in your letter

Dear Mr Timberlake:-

I am very sorry to write this letter to you but I am very much afraid I cannot take the school next year.

I had been feeling so much better and thought that by the end of August I would be able to begin work again, but I have been so miserable now for nearly a week that there seems to be nothing else to do but ask you to try and get a teacher.

It is hard to give up, I expected to go right along until this last week. I wanted to write to you yesterday but I did not feel able to sit up so long. I do hope I have not kept you too long from looking for

Dear Sir:-

Re Caughnawaga Methodist School.

I have a letter #152218/1, dated October 3rd, and signed by Mr. S. Stewart. In reply I may say that I have received a letter from Rev. William Timberlake, the Chairman of the Montreal District of the Methodist Church, which includes the Caughnawaga Mission, in which he reviews the circumstances under which the appointment of Miss Stevens was made, and states that Miss Stevens has expressed herself as willing to return to the work as teacher of the Caughnawaga School. I enclose copy of Mr. Timberlake's letter and also the other correspondence which Mr. Timberlake has forwarded to me.

I trust that the appointment of Miss Stevens will be confirmed by the Department.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 7th instant with enclosures relative to the appointment of Miss Stevens as teacher of the Caughnawaga Protestant School.

In reply I beg to say that this nomination is approved and it is sincerely hoped that Miss Stevens will meet with a large measure of success at Caughnawaga. The Department regrets very much that any misunderstanding should have arisen in reference to the method of procedure in this appointment. In order to avoid delay Mr. Timberlake is being communicated with direct and advised to the above effect.

Rev. T. E. E. Shore, General Secretary of the Methodist Missionary Society, has forwarded to the Department a copy of your letter to him of the 4th instant with enclosures relative to the appointment of Miss Stevens as teacher of the Caughnawaga Protestant School.

Mr. Shore has been informed that Miss Stevens' nomination is quite satisfactory to the Department and her appointment is approved. It is regretted that there should have been any misunderstanding as to the method of procedure in the case of this nomination and, as the Department has already expressed itself to Miss Stevens, it is sincerely hoped that she will meet with a large measure of success on the Caughnawaga Reserve. It is noted that the salary agreed upon is \$400.00 per annum.

Sir,

In reply to your letter of the 5th instant in reference to the enforcement of the Regulations relating to the Education of Indian Children in the village of Caughnawaga I beg to say that paragraph 1 of the Regulations provides that all Indian children between the ages of six and fifteen shall attend a day school on the reserve on which they reside. It rests with the parents to say whether they are to go to a Protestant or Roman Catholic school and the Department cannot interfere with their choice and paragraph 6 directs truant officers to see that children attend school regularly. In the case of the parents who neglect or refuse to send their children to some school they are liable to the penalties provided for in the seventh paragraph of the Regulations.

Paragraph 14 simply defines the school to which a child shall be committed under paragraphs 9, 10, 11, 12 and 13.

Miss Sicarie replying to your favour No 152218/1
would say that does not look or speak like an Indian any more than
I do. And yet what you state is quite likely to be correct. She came
with high testimonials from our missionary at Six Nations. But when
I examine them he does not say it was there she taught, nor does he
say where - only that it was under his observation and to his great
satisfaction. I therefore took it for granted that it was where he is
now stationed. Will ascertain and advise you definitely. Sincerely,

Dear & Respected Sir:

Received a letter from Rev

does not require my services after Sept
30th. Enclosing Cheque for \$40.⁰⁰.

May I ask your kind indulgence and assistance
with regard as to get my full quarter salary

as I was teaching right along till the end of

I should not have called your kind

expenses I have to content with, the fare alone
cost me \$26.⁷⁰. besides other incidentals.
I would, therefore, esteem a great favor

Dear Sir,

Your favour of 19th inst to hand. Thank you for the same. I am a little surprised and regret that the report from Oka Country Indian school is not quite satisfactory. It is true she is young and inexperienced. But she is clever, competent and really interested. So I had hoped that she was meeting with good success. However I will see what can be done toward making an improvement at Xmas. Thank you for the grant of \$50.

Am pleased to learn that the grant to Caughnawaga is increased to \$400. That is the amount I have engaged to pay the teacher there. Another matter I would like to ask you. I engaged a lady named Mary Decarie at Caughnawaga. ^{last mistress} Mr Pedley refused to approve her owing to unfavourable reports from some former place where she taught. Hence he only allowed a months approval till we got Miss McClatchie. Now as to Miss Decarie's rejection I am not quite satisfied. Would you kindly let me know what was Mr Bensons report of her work that month - September, 1913 - at Caughnawaga. He visited the school during that time and I presume you will have his report. Again thanking you I am sincerely yours,

EXD.

I have your letter of the 22nd. instant. In reply to that portion of your letter in which you refer to the engagement of Miss DeCaire as teacher of the Caughnawaga Protestant school, I beg to say that the Department had had previous experience with Miss DeCaire and reports received on her work were very unfavourable. The public school inspector of the diocese in which she formerly taught for the Department stated that her scholarship was deficient and she had, of course, no professional training.

The Department is of opinion that in a school like Caughnawaga only a competent and qualified teacher should be engaged, and it was for this reason that it was not disposed to sanction the appointment of Miss DeCaire. As a concession, however, the Department

In reply to your letter of the 18th instant addressed to Mr. Benson of this Department I beg to say that if there are any Methodist children on the Oaughnawaga Reserve who should be placed in a residential school you should give their names and ages and the reasons for their being so placed to Mr. Agent Brosseau, who will have the application for admission forms filled in and, if satisfactory, the children can be placed in either the Mount Elgin Institute, a Methodist school, or the Shingwauk Home, a Church of England school, when vacancies occur. All applications of this nature have to come through the resident Agent, as he has to make a report on each individual case. The only schools of this class in Ottawa where Indian pupils are in attendance are Roman Catholic institutions and, as you were previously informed, no Protestant child can be placed in such a school.

Sir:

I have the honor to state that the Missionary Society has received no cheque from the Department for the salary of the teacher at Caughnawaga for the September quarter, 1914, nor for the salary of the teacher at Beren's River for the same quarter. It may just be possible that the returns forwarded from these schools have not reached the Department and this may be the reason for the non-receipt of the usual quarterly cheque. I am enclosing the returns sent to this office from these schools for that quarter, in the hope that we may receive the Departmental cheque for the salary of the teachers concerned.

Dear Sir:-

Re Indian School Caughnawaga.

I wish to recommend Miss M. Gertrude Thomson of Crapaud, P. E. I., as teacher for this school. Miss Thomson is a qualified teacher with Normal training, successful experience and good recommendations; she also possesses considerable musical ability. Her family connections, social standing and personal character are all satisfactory. In addition, she has a special interest in Indian work and I believe that the Department would find her in every way a desirable person and efficient teacher to put in charge of the school at Caughnawaga.

In making this nomination, I beg to call to the attention of the Department, the fact that the salary previously paid to the teacher at Caughnawaga was exceedingly small. With the present cost of living, it is well nigh impossible for a young person living away from home to make reasonable provision for herself on \$400.00 a year. The former teacher at Caughnawaga was a member of the missionary's family and therefore placed in a somewhat more advantageous position. With the prospect of securing the sort of teacher for this position whom I think we have in Miss Thomson, I hope that the Department will be able to give favorable consideration to the question of increasing the salary of the teacher of the Caughnawaga school to say \$500.00 per year.

Dear Sir,

Will You be so kind as to
inform me as to the following? -
According to statute law it is illegal
to place a child of Catholic parents in
a Protestant School or the child of
Protestant parents in a Catholic School.
Is this to be interpreted only in cases
where compulsion is necessary or does
it apply in every case? For example
if a Catholic parent desires to send his

law prevent or prohibit him from doing
so? or has he fully liberty to do as he

Dear Sir:

For some time we have had under consideration the condition of the missionary and school work at Caughnawaga. The Protestant community there is already very small, and does not seem to be growing. The position of either teacher or missionary seems scarcely adequate as an occupation for a capable person, and the expense to both the Indian Department and the Missionary Society seems considerable for the amount of service rendered. It has been proposed that we should withdraw our resident missionady and supply the work from some other point. This arrangement, however, would seem to make it impossible to secure a teacher who would live there in the absence of any other White family. In fact, we have already experienced considerable trouble in keeping a teacher at this point. Without having reached any definite conclusion, I am enquiring as to the probable attitude of the Department in case we find it possible to secure a suitable married man who would take full charge of the work as missionary-teacher. The combined expenditure would afford sufficient remuneration for the full time of a man with satisfactory qualifications in both directions.

I may say that we are now making enquiries as to

the probable fitness and availability of the present missionary, Mr. J. K. Matthews for this work. Mr. Matthews has taken a real interest in the people, and within the limits of his opportunity has been a rather successful missionary. He has, however, been carrying on this work while attending college in Montreal. He is now finishing his college course and it has been suggested to me that he might make a very desirable man for the dual position, if his services could be secured. I am putting this forward, not as a recommendation, but in order that the Department may be possessed of all the facts, and in a position to make any independent enquiry into the situation which may be deemed advisable.

On the general question of adopting the policy of a married missionary-teacher for Caughnawaga, I should be glad of an expression of opinion from the Department before taking any definite action.

MEMORANDUM -

467908

Mr. Scott -

Miss Margaret Matthews, teacher of the Methodist Indian School, Caughnawaga, writes me asking for some expenditure by way of providing a lavatory for the teacher's use; some framing for pictures that they have for the school; and the painting of the fence.

I think we might install for the use of the teacher one of the sanitary closets, such as we installed at the other schools. They are very reasonable in price. The other two items appear to be reasonable and will entail very little expense.

I have spoken to Mr. Chené and I would suggest that he be authorized to attend to these matters as well as any other minor ones in connection with the school.

Dear Sir:-

Re Caughnawaga Indian Day School.

We are in receipt of the following note from the teacher of last year, Miss M. G. Thomson:

"I believe Mr. Radley mentioned in a letter to you my dilemma regarding my plans for next year. I would like very much to return, but the salary seems insufficient. I love my work at the Village, and frankly I have nothing else in view for the ensuing year. Circumstances have made me rather late in placing my position before you, but in view of the great increase in the cost of living since I took up my work two years ago, I think I must make this try for a change for the better. You will know if there is any chance of the necessary increase in salary, or if there is any other position, more satisfactory financially, open to me."

The question herewith presented is one which only the Department can answer. Every report which has reached me from representatives of either the Indian Department or the Missionary Society is uniformly favorable to Miss Thomson. She has training, ability and to an unusual degree a personal interest in all that concerns the children under her care. I should personally very much regret the loss of her services, and shall await with keen interest your decision as to what increase, if any, the Department is able to endorse. I am of the opinion that a salary of \$600 would be satisfactory to Miss Thomson for the present, but one can scarcely hope to secure any competent teacher at a lower rate.

Yours truly,

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant embodying a copy of a communication from Miss M. G. Thomson, teacher of the Caughnawaga Methodist School, in which she states that she would like very much to return, but the salary seems insufficient.

In reply I beg to say that the Department regrets that it is unable to grant Miss Thomson any increase. She is at present receiving as high a salary as any teacher on the Caughnawaga Reserve.

If Miss Thomson decides not to return to this school after the holidays, I have to ask you to be good enough to take the necessary steps to secure another teacher. Kindly advise the Department as to what action you take in this matter.

Dear Sir:-

Re Caughnawaga Indian Day School.

I communicated to Miss Thomson the reply of the Department regarding her request for an increase in salary and asked for her decision in the matter. Today I have her reply accepting the position for another year at the same salary as previously paid viz. \$500.

Miss Thomson has been seriously ill and asks permission to secure a substitute teacher for the first two or three weeks of September. The lady whom she has in mind is Miss Doris Sifton, who has full matriculation standing. I am personally acquainted with Miss Sifton's family and feel sure that she is a proper and competent person to supply the place of Miss Thomson for a short time.

Sincerely yours,

REPORT OF INSPECTOR GILMAN ON THE CAUGHNAWAGA PROTESTANT SCHOOL.

Teacher, - Miss G. Thompson.

I understand Miss Thompson intends resigning at Christmas to be married.

Note to Department, -

I understand from the teacher that there were only 2 or 3 protestant families resident here and only 2 or 3 children.

I am now speaking from knowledge obtained at one visit and that, under poor conditions, it being at the end of a severe epidemic and after continuous rains and terrible bad roads. But I do not see the policy of maintaining a protestant school for so few protestant children, - nearly all the children attending this school are Roman Catholics, - there were only one or two protestants on the roll. Why not unite with the other schools, - it seems a waste of energy and means to maintain a school for 2.

Date of Inspection, - November 18th and 19th, 1918.

January 31st, 1919.

Dear Sir:

- Re Caughnawaga School -

Yours re the appointment of Miss Etta J. Smith to the Protestant School on the Caughnawaga Reserve is to hand. The explanation is as follows:

Owing to their distance from our office and certain conditions which bring their work into very close relation to that of the Church, the Missionary Society has followed the plan of having the schools at Caughnawaga and Oka looked after by the chairman of the Montreal South District of the Methodist Church. According to former practice, the former chairman has corresponded directly with the Department on a number of matters including the appointment of teachers, although of course keeping in touch with the office of the Missionary Society.

SOME time before Christmas I was notified by the Rev. Robert Smith that Miss Thomson, the former teacher, was likely to leave the Caughnawaga School. Later there arrived a similar notice from the Department, accompanied by the recommendation of the inspector that the school should be closed. About the same time I received further information from the chairman of the District that Miss Etta Smith had been secured as teacher. She is not, as the name might suggest, a member of the family of the chairman, Rev. Robert Smith. Owing to our practice as reported at the beginning of this letter, I was not surprised that a teacher had been appointed without the matter being definitely submitted to me, in fact I was rather relieved to find that the work was done. It did not occur to me that the nomination had not been submitted to the Indian Department in the regular way. On thinking over the matter I find that there has been no change of teacher in this school since Rev. Mr. Smith became chairman of the Montreal South District, which accounts for the fact that he was not aware of the exact form of procedure in this matter, and so engaged Miss Smith instead of submitting her name in nomination to the Indian Department.

I am writing this explanation without an opportunity of consulting Mr. Smith but from my knowledge of the circumstances I am sure that it is the correct one. I will send a copy of this letter to him in order that my statements may be confirmed or corrected. He will also be able to furnish a statement of the qualifications of the teacher.

In connection with this whole matter, allow me to say that the Executive Committee of the Missionary Society, which was in session last week, considered the question of closing both the school and mission at Caughnawaga, and gave authority to a small committee, of which Rev. Mr. Smith and myself are members, to go into the whole matter and take such action as their investigations seemed to warrant. I am going to Montreal in less than two weeks and soon after that time hope to be in Ottawa in order to discuss the matter personally with representatives of the Indian Department. In the meantime, I hope that this explanation may be accepted and the present temporary arrangement at Caughnawaga allowed to continue until we have an opportunity to furnish the Department with a personal report.

I beg to acknowledge yours of May 2nd which was received yesterday, re Gaughnawaga School. In reply I may state that the Executive Committee of our General Board of Missions at its meeting in January appointed a small committee to look into this matter and take the necessary steps toward meeting the situation even to the extent of withdrawing altogether from both school and mission work. REPORT OF INSPECTOR GILMAN ON THE CAUGKAWAGA PROTESTANT SCHOOL.

The children are all small and most of them come a long distance. They are a lawless lot it seems to me as they do seem to care whether they attend or not.

The school is not needed as there are only two protestant pupils attending, the others are Roman Catholics and should attend their own school. It seems there are some families residing away from the village who are protestant some of the time but they have not sent any children to school this year, .

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 23rd instant in further reference to the Oaughnawaga Protestant School and embodying a copy of a communication from the Rev. Robert Smith, Montreal, in which he states that the District recommended that the school be closed, the missionary withdrawn, and the few people there cared for by a Christian Indian named Michelle Deere, and that in this recommendation the Montreal Conference of the Methodist Church concurred.

In reply I beg to say that this is satisfactory to the Department, and Mr. Agent Brosseau is being informed that this school will not be re-opened after the summer holidays.

Sir,-

The Department is advised by the Rev. J. H. Arnup, Assistant Secretary for Foreign Missions of the Methodist Missionary Society, that they have decided to close the Caughnawaga Protestant School and withdraw their missionary.

This school will, therefore, not be re-opened after the summer holidays, and I have to ask you to be good enough to see that the building is properly locked up and the furniture and equipment taken care of.

MEMORANDUM

Mr. Mitchell -

Referring to the attached petition from the Protestant Indians of Caughnawaga regarding the closing of their school on the reserve, I beg to state that on June 23rd. 1919 the Assistant Secretary of the Missionary Society of the Methodist Church in Canada wrote me as follows:-

"The District recommended that the school be closed, the Missionary withdrawn, and the few people there cared for by a Christian Indian named Michalle Deere. In this recommendation the Montreal Conference of the Methodist Church concurred."

This building is the property of the Department and as it was required in connection with our general educational work on the reserve, arrangements have been made to utilize it for a Continuation Class. This class will be under the management of the Sisters who have charge of all the schools in Caughnawaga.

Dear Sir,

Would you be good enough to let me have the facts in connection with the transfer of a school building in the Indian village of Cauganawaga to the Roman Catholic nuns. The building was used until last year for the education of the Protestant children of the village, and now as I am informed, has been taken away from them without any explanation.

I shall be obliged to you for a statement of the facts of the case. In the meantime I would urge you to immediately take steps to provide for the educational needs of the ^{Protestant} children of Cauganawaga.

On the invitation of the Protestant people of the village I visited them last Thursday evening, conducted a religious service amongst them and learned from them of their grievance. I promised that I would write to you and confer with the church authorities about the matter.

I shall be obliged for a speedy reply.

Yours sincerely,

A. George MacKinnon.

Dear Mr. Edmison,

On my return to the office this morning my attention was drawn to two letters from Rev. A. George MacKinnon, Minister of St. Andrew's Church, Lachine, Que., making inquiry regarding one of our schools on the Caughnawaga Indian Reserve, and stating that on the invitation of the Protestant people of the Indian village he had visited them and conducted a religious service.

Oct
WFM
The school to which he refers is one owned by the Department. It was closed last year for lack of attendance and at a later date the Methodist Church, under whose auspices the school had been conducted, withdrew from the mission field on that reserve. The building was unoccupied for some time and this year the Department decided to utilize it for a Continuation Class, the object being to provide a commercial course for Indian boys and girls who had completed their studies in the other schools of the village. Mr. MacKinnon appears to think that the Department handed this building over to the nuns; such however is not the case. The Department previously owned and still owns the building. I may add that all the village schools in Caughnawaga are taught by the Sisters of Ste. Anne.

We are very well acquainted with conditions on this reserve and we know that there are few, if any, consistent Protestant families. In view of this fact, I should be glad if you would let me have your opinion as to the advisability of your Church attempting to establish

Dear Mr. Scott:-

Since receiving your communication of October 1st,
re work at Caughnawaga Indian Reserve, I have been ⁱⁿ correspondence
with out District Superintendent.

I have a letter from him this morning, part of which
reads as follows:-

"There are not many Protestant families there but the
Methodist Church supports a Missionary. I think it is purely a
question for that church to deal with and one with which we
have nothing to do, except to wish them luck."

Under the circumstances our Board would not think of
establishing a Mission amongst these Indians.

Sir:-

In answer to your written request, handed to me at Caughnawaga on the 9th instant, I have to inform you, officially, that in view of the limited number of children of Protestant belief on the Caughnawaga Reserve, it will be impossible to consider re-opening the school under the auspices of the Methodist Church at this time.

I discussed, with Sister Mary Gabriel, Principal of the Caughnawaga Schools, the training that was being given the Protestant children. Every facility is being given these children to practise their own religion, and no effort is being made to retain them in the classrooms during the religious exercises conducted by the Sisters.

Madam:

I have your letter of the 24th instant, in which you request again that a Protestant school be started on the Caughnawaga Indian Reserve.

In reply I beg to refer you to official communication of September 18th, last. This Department is quite well acquainted with conditions at Caughnawaga, and we know that there are very few consistent Protestant families. There are so many pressing claims upon the Parliamentary Appropriation for Indian Education that this Department cannot undertake any school activity without reasonable assurance that there will be a worth while attendance. The small number of Protestant children at Caughnawaga does not warrant the establishment of a separate school.

Every facility to practise their own religion is being given to the Protestant children attending the Caughnawaga Indian schools, and no effort is being made to retain them in the classrooms during the religious exercises conducted by the Sisters.

[Handwritten signature: J. D. McLean]
I wish to refer to your statement that a large number of people are not satisfied to be forced to attend the existing schools. The Department is well aware of this fact. Certain members of many Indian communities in Canada object to compulsory education - such objection having no relation to religious persuasion.

I am returning the enclosures that accompanied your letter.

August 13th. 1923.

Dear Sirs,

I beg to acknowledge the receipt of petition which you submitted today on behalf of the Methodists of the Caughnawaga Reserve, asking for the reasons therein stated, that an undenominational school be established on the reserve before the 1st. proximo, and also declarations as to the punishment of children by the Sisters in charge of the village schools, and asking that an investigation be made into the complaints referred to.

In reply I have to say that the Superintendent of Indian Education is at present absent from Ottawa, but is expected back on Thursday and as soon as he returns matters referred to by you will be given due consideration and you will be advised.

Yours very truly,

J. D. McLEAN

Gentlemen:

I have to refer further to the petition received by the Department on the 13th instant, in which certain Methodist members of the Caughnawaga Band asked for the establishment of an undenominational school.

I have to inform you that Mr. Agent Letourneau has been instructed to make a report on the ages and religious status of the twenty-five children named by you as those who would attend such a school, if established. You will be further advised.

Sir:

I have to inform you that Messrs. D. Swan and Thos. Patton, of the Caughnawaga Reserve, visited the Department on the 13th instant, and among their requests was one for the re-establishment of a Protestant school in Caughnawaga. It was stated that twenty-five children were available for such a school, and I am requesting that you make a careful report concerning the children listed hereunder:-

Angela Skye	-	3 children,
Joe Norton	-	3 " "
Thos. Patton	-	3 " "
Peter J. Montour	-	2 " "
Mike Johnson	-	4 " "
James Nolan	-	3 " "
James Phillips	-	4 " "
Angela Horne	-	1 child
Mr. Moses	-	2 children.

Please prepare a list of these twenty-five children, showing the age of each, the recognized religious status of the parents, the location of their homes (distance from centre of village), and indicate whether or not the parents are recognized members of the Caughnawaga Indian Band.

This should be attended to without delay, and should be prepared with considerable care.

MEMORANDUM FOR FILE.

I understand that the Protestants on the Caughnawaga Reserve are visited by Rev. Mr. Warren, of Lachine, and Rev. Mr. Oke, of Oka, both Methodist Missionaries. Mr. Mitchell Deere is their lay preacher. The Rev. Mr. Oke was in Ottawa and I secured the following information from him:

Angus Skye	-	Active member Methodist Church for years,
Joe Norton	-	Member Methodist Church for 35 years,
Thos. Patton	-	" " " 3 mos.,
Peter J. Montour	-	" " " 8 mos.,
Mike Johnson	-	Not known to the Rev. Mr. Oke,
James Nolan	-	Member Methodist Church for 20 years,
James Phillips	-	Wife only recognized as Methodist,
Angus Horne	-	Member Methodist Church 2 years,
H. Moses	-	Protestant all his life.

Mr. Oke informs me that Mr. Moses is the only parent who is not resident in the village - his home being three miles distant.

- They belong to the Caughnawaga Indian Reserve. They are presently located in a house next to the Protestant Church in the Village of Caughnawaga.

- (2) Joe Norton (he is called Norton by the Indians) has apostatized the Roman Catholic Religion. He is now called a Propestant amongst the Indians of Caughnawaga. He is a member of their tribe. It is rumored among the Indians that Joe Norton's children intends to become Roman Catholics at their majority. They are Marie, Florence and Minnie; these three children are of school age. Their father is living at about 1000 feet south from the Protestant Church in the Caughnawaga village.

- (3) Thomas Patton is recognized as a Roman Catholic and a member of the Caughnawaga Indian Reserve. He is continually fighting against the right of the Nuns to reside as teachers of the Caughnawaga Village schools into his late ~~Dr~~ uncle Dr Patton's residence. Thomas Patton is located next to Joe Norton's house or at about 1200 feet from the Protestant Church in the village of Caughnawaga. His children are Helen 8 years of age; Mary, 6 years and John 4 years of age.

- (4) Peter J. Montour, is recognized as a Roman Catholic belonging to the Caughnawaga Indian Reserve. He is located in front of the Protestant Church in the village of Caughnawaga. (Please refer to Departmental File No 103-5 and your letter dated December 1st, 1922). The children are Jacques 15 years; Michael, 12 years; both boys have attended the Spanish Industrial School and been discharged during the years 1921 and 1922.

- (5) Mike Johnson, (please refer to the same File No as mentioned above). They are recognized as Roman Catholics and members of the Caughnawaga Band. They are located at a distance of about 500 feet from the Catholic Church. The children are Nora 11 years; Paul who is 9 years of age is attending the Roman Catholic Services in spite of a severe opposition from his parents; Victor 6 years and John B. 4 years of age.

() James Nolan, a member of the Caughnawaga Protestant Church and Band . He is located at about 300 feet at the rear of the Protestant Church in the village of Caughnawaga. His children are: Rose 15 years of age; Marguerite now married since the 20th instant is about 17 years old, and Therese is about 19 years of age and also married since last year.

(7) James Phillips is a sincere Roman Catholic and a member of the Caughnawaga Band. He is located next to James Nolan or at about 350 feet from the Protestant Church. The children are Louis 14 years; Frs.Xavier, 12 years; Emma, 10 years; Mary-Ann, 7 years of age.

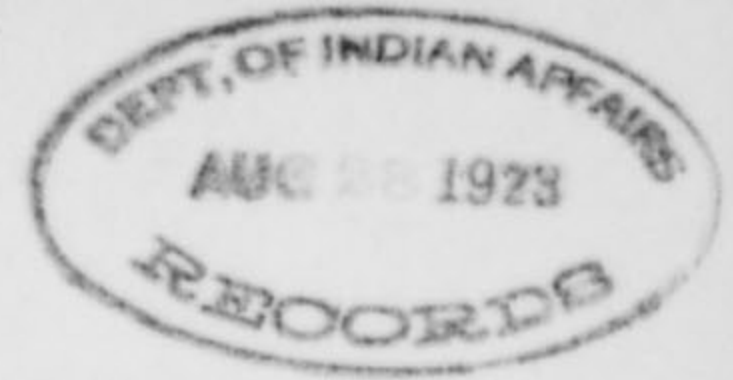

(8) Angus Horne, is also recognized as a Roman Catholic and a member of the Caughnawaga Band. He and his family went away from the Reserve during the last month of June and he is believed to be at present in the United-States.

14 miles away
(9) Mr Moses is recognized as a protestant and a member of the Oka Band. He is now located near the St.Isidore Road a distance of over four miles from the Caughnawaga Village and over one mile and half from the St.Isidore Road School. I am informed that his grand'son Phillip aged 14 years is living with him. No trace of another.

Note:- I am informed that D. Swan who is one of the petitioners, is a member of the Oka Band.

Sir,—

Replying to your letter of the 20th instant, with regard to a request for the re-establishment of a Protestant school in Caughnawaga, I beg to enclose herewith a statement as to the age of each of the twenty-five children mentioned in your letter, the recognized religious status of their parents and the approximate location of their homes in the Indian village or Reserve of Caughnawaga; also as to the membership of the parents to their Reserve. I may add that I have prepared this list with an entire impartiality and considerable care. It has been impossible for me to find out the exact age of the protestant children because it seems that there is no registers of birth or baptism available in Caughnawaga for them.

Ottawa, August 30th, 1923.

Gentlemen:

I have to refer further to petition received by the Department on the 13th instant, in which certain Methodist members of the Caughnawaga Indian band asked for the establishment of an undenominational school.

I have to inform you that Mr. Agent Letourneau has made a comprehensive report, and I wish to acquaint you with the Department's opinion that there is not a sufficient number of Indian children of the band, of school age, of bona fide Protestant faith, to warrant the establishment of a separate school.

I wish to refer in detail to the parents who signed the petition in question:

Angus Skye is the guardian of but one child between the ages of 7 and 15, inclusive, viz: Angus Skye, his grandson, who is reported to be a Roman Catholic.

Joe Norton has three children of school age, Marie, Florence and Minnie. These are recognized as Protestants, but our Representative reports a rumor current in the band that they intend to become Roman Catholics at their majority. (3)

Thos. Patton has one child, Helen, of school age, and he is recognized as a Roman Catholic by our Agent.

Peter J. Montour's children, Jacques and Michael, are considered Protestants, in view of certain documentary evidence submitted in the past. The Indian Agent, however, considers the family Roman Catholic, and as you are, no doubt, aware the two boys attended the Spanish Residential School and most likely imbibed religious opinions at that time.

Mike Johnson has two children of school age, Nora and Paul. The Department is prepared to recognize Nora's religion as Protestant, in the light of earlier correspondence, but Paul is reported to have continued attendance at the Roman Catholic services, and our Representative considers the family as Roman Catholic. (1)

Messrs. L. Swan and Thos. Patton,
Caughnawaga,
Que.

- Jas. Nolan -

Jas. Nolan has one child, Rose, of school age, and is recognized as a Protestant. (1)

Jas. Phillips has four children of school age, but he is reported to be a sincere Roman Catholic.

Angus Horne, with his family, are no longer resident at Caughnawaga.

H. Moses is situated over four miles from Caughnawaga Village Schools, and appears to have only one child in any case.

A recapitulation of the above statements shows that there are three children of Joe Norton, one child of Mike Johnson and one child of Jas. Nolan, who would attend a Protestant school regularly. The grandson of H. Moses is too far away to attend regularly, and the children of Peter J. Montour are doubtful Protestant. It is the Department's opinion that there is not a sufficient number of Protestant children on the Caughnawaga Reserve to make a separate school a success. I regret to inform you that favourable consideration cannot be given to the petition submitted on the 13th instant. 7/1/5

Your obedient servant,

A. F. MacKenzie

A. F. MacKenzie,

R

Dear sir: Am replying to your letter of Aug. 30th #551. in answer to our petition regarding the establishment of an undenominational school in Caughnawaga. Permit me to say that we consider, the Indian Agent's report being most unsatisfactory, unfair, and unjust.

Unsatisfactory in, that he did not consult any of the families herein mentioned, as to their views on the matter.

Not one single person was approached individually to ascertain their wishes.

Unfair and unjust, because he stated his own private opinions and based a number of his reports upon mere rumor.

Furthermore we know that the Agent is entirely partial to the Catholic church, and for that reason we cannot expect him to give a fair report in any matters, not pertaining to Catholicism.

Michael Skye, son of Angus Skye, and father of two (not one) children of school age, named Angus & Josephine, stated to me today that he does not intend to send his children any longer to the Catholic school.

Now re. J. Norton, we find that you repre-
sentatives of the Government of Canada,
recognize the immature reasonings of a
child, rather than the legal authority of a (3)
parent who alone, has absolute control over
said children until they are of age. What
they do after that, has no bearing on the
present question. Besides, the father is
well known, as being a strict protestant.

Re. Thos. Patton, - The agent's decision in this
case, is a most flagrant distortion of the
truth, Because Thos. Patton has formally with-
drawn his name from the Catholic Church's
records, and is a consistent member of (1) the
protestant Congregation, and wishes his
children to have only protestant instruction.
This is supposed to be a free country, and
surely if one wishes to be a protestant, there
is no law, that can force one to still re-
main a Catholic.

Now, in Peter J. Montour's case, we admit that in
the past they did attend the Spanish school.
But we think, you should recognize the fact, that
at the present time, Mr. Montour is sending
his children to a protestant school in (2)
Montreal, and in the event of a like school
opening here, would send them to this school.
May we ask, what bearing, any religious
opinions they may have imbibed in the past
has upon the question at issue?
We could just as easily say, well, they
are imbibing protestant opinions, now.

In Mike Johnson's case, we notice you base your decision upon a mere rumor that one child of ~~the~~ ^{his} mother, attends Catholic services. His mother today stated, that this is not the case, and in any event the parents authority should have prior recognition, rather than the probable chance going and comings of a child. The parents are the most eager of any, in looking forward to a protestant school, and we might add they have three children of school age (instead of two), Nora, Paul, & Victor who will be 7 yrs. Page the 8th of this Feb.

Re - Jas. Phillips, The very fact that he ^(X) has signed the petition is sufficient evidence to show that he wants a school established wherein, his children can get protestant training. He also requested the priest to take his name away from the Catholic church's records.

In B. Moses's case, In event of a school being established, there is no doubt but what, he would arrange to have the child board with relatives in town, so that the child would be able to regularly attend this school.

We also wish to state that a large number of families not mentioned in this petition have expressed a desire for a protestant school, and have stated that in event of one opening here, they would send their children there.

Therefore we can positively state, that there is a sufficient number of children ready to attend school to fulfil the requirements of the law.

Furthermore we wish to add, that the present members of the protestant Congregation are going up in a body, to the priests, and request to have their names taken off their records.

So that in future the priest or agent, may not be able to take advantage of this mere technicality.

In conclusion we would say, we cannot accept your decision as final.

To render us justice, we request that your Department send down a representative to interview each petitioner individually. And we are ready to go to the extent of making a sworn affidavit, as to the truth of every statement contained herein.

Trusting you will let us know at your earliest convenience, what is to be done,

Teachers' Residence,
Caughnawaga, Que., Sept. 12, 1923.

My dear Sir,

Please pardon the liberty I take in writing you concerning a very puzzling question, but your great kindness, your courtesy to dear Sister Mary Gabriel, former Principal, the interest you take in our work, your appreciation of the untiring efforts and the heroic patience of the Sisters to promote the interest and welfare of our Indian Schools, your encouraging reports, make me feel I can approach you with confidence.

Some people have been carrying a campaign of proselytizing in the village and some weak-minded Roman Catholics have abandoned the Church of their ancestors. Such a course of action is very unworthy of a gentleman. Fallen away Catholics make a poor specimen of any other faith and in the end they will turn out to be pagans. I have the deepest respect for Non-Catholics, but I have no use for those who change religion to suit their whims and their fancies. Therefore a few apostates have asked for a Protestant school. Yesterday, the Agent, Mr. Letourneau, informed me Mr. James Mabon, of Montreal, has temporarily taken over the duties lately performed by you; and undoubtedly he will decide whether or not the Protestant School shall be opened.

409 Burmese Place

I must admit, Mr. Gilman, I do not know what to think of that movement. Why should a perfect stranger to the condition of affairs and the mentality of the fickle Indians be sent to straighten our difficulties that are renewing themselves and that were so well settled by you, January 20, 1920. Allow me to relate a sentence in your letter of the above date when you ordered the school to be closed. You said: "It was useless and a waste of funds." Can it be possible that after many years of strenuous work to train the children, to lead them to do what is good, just and honorable, we will have to turn out forty-eight dear little children of between six and ten years old to give room to six renegates and four Protestants? I am sure the Government does not realize what a source of trouble and disorder it may lead to. Our children, in general, inherit the warlike disposition of their race, always eager for a revolt, therefore, at the least little opposition of ideas they will throng to the Protestant school.

Dear Sir, I hope you will not think I have gone beyond my limits in communicating to you my feelings concerning the matter in question. I have taken my task at heart since the moment of my appointment to the office of

Madam:

I have your letter of the 14th instant, relative to the appointment of Mr. James Mabon to the position of Inspector of Indian Schools at Caughnawaga. I have read the enclosed copy of your letter to Mr. Inspector Gilman who, because of ill health, is unable to continue his duties.

I hasten to assure you that the question of the re-establishment of a Protestant school at Caughnawaga is outside the province of Mr. Mabon's duties. An officer from the Department will be in Caughnawaga in the very near future, to look into the subject matter of certain petitions that have reached Ottawa of late. The Protestant school was closed in 1919, after careful consideration by the Methodist Missionary Society and the Department of Indian Affairs.

When Mr. Mabon arrives in Caughnawaga for his semi-annual inspection, please give him every assistance, so that he may carry out the services, so ably performed by Mr. Gilman.

① *Mr. MacKenzie*

Ottawa, Sept. 24, 1923.

Sir:

I have to refer further to the petition, received by the Department on the 13th ultimo, in which certain members of the Caughnawaga Indian Band asked for the establishment of a Protestant school. The Superintendent of Indian Education has lately returned from a visit to the reserve and he reports that there are 7 bona fide Protestant children of school age and 11 children whose religion is more or less uncertain from the Department's standpoint.

Mr. Ferrier informs me that he explained the difficulties attendant upon a re-opening of the Protestant school, which was closed in 1919. I regret to state that the Department cannot give favourable consideration to your request at the present time. Our officer has informed several of the other petitioners of this decision.

The Caughnawaga Village Schools are open to any Protestant children of the reserve and the Rev. Sisters have been instructed to excuse them from the study of the Roman Catholic catechism. The Department will also help, when funds can be found for the purpose, or when accommodation is available, any bona fide Protestant children in Caughnawaga to secure an education in a Residential school, if the parents are willing to assist.

Your obedient servant,

A. F. MacKenzie

DEPARTMENT OF INDIAN AFFAIRS
CANADA

December 13, 1923.

Memorandum:

Mr. Scott.

The Protestant Day School at Caughnawaga, which was conducted in a government-owned building, was closed in June, 1919, with the full concurrence of the Methodist Missionary Society, who were associated with us in the management. The main reason for the closing of the school was the poor attendance.

At the present time the building is used as a classroom for the Caughnawaga R. C. Indian Day School, as all the accommodation available had to be used to care for the large enrolment.

When I visited Caughnawaga in September, last, I decided there were seven bona fide Protestant children of school age and eleven children of parents whose religion was doubtful in that they had lately broken away from the Roman Catholic Church. Our petitioners at that time were informed there were so many school causes more important than a Protestant one at Caughnawaga that favourable consideration could not be given to their request for such a school.

The Caughnawaga Village Schools are open to any Protestant children of the reserve and the Sisters have been instructed to excuse them from the study of the Roman Catholic Catechism. The bona fide Protestant children have been promised an education in Protestant residential schools, when funds can be found for the purpose and when the parents are willing to assist.

Sir:

I have to inform you that the Department has decided to give a Protestant Day School in Caughnawaga a fair trial, and I shall be pleased if you will advise the Protestant parents of the children of school age that Mr. Ferrier will be in Caughnawaga on Thursday for the purpose of making the arrangements. You should request the Protestant parents to meet in the Council Hall on Thursday next, the 20th instant, at 7 o'clock.

It is proposed to rent a classroom that will be suitable for the purpose; to equip it and secure the services of a teacher in the near future. If you, or any of the other parents interested, can suggest a suitable house or other building, where we can rent a classroom, please inform Mr. Letourneau, the Indian Agent.

Ottawa, Dec. 15, 1923.

Sir:

I have to inform you that the Department has decided to provide, in the near future, educational facilities for the Protestant children of Caughnawaga. It is our wish that a Separate Indian Day School for these children be given a fair trial; and the Superintendent of Indian Education will be in Caughnawaga Thursday afternoon and evening, next, to discuss with you and the interested parents the opening of the Protestant school.

It is the intention to rent a classroom, to provide desks and other equipment and to secure the services of a properly qualified teacher. I should be pleased if you would make enquiries concerning houses or other buildings that would be suitable for the purpose and be prepared to assist Mr. Ferrier to make a selection.

The Protestant parents only should be requested to meet our officer in the Council Hall on Thursday evening at 7 o'clock. A nominal roll of the children of school age of Protestant parents will be prepared and these only will be allowed to attend the new school, when established. You should ask Constable Jocks to notify the parents concerned.

The Department is writing direct to Mr. Thomas Patton and I am enclosing, for your information, a copy of official communication to him.

Sir: -

I have to inform you that the Department wishes to give a fair trial to a Protestant school at Caughnawaga, and the Methodist Church authorities have given permission to us to use the Church building as a classroom. In official communication No. 5-5-5 of today's date, you have been authorized to make certain repairs and purchase some equipment.

I am enclosing a list of children who may attend this school. It should be clearly understood that no other children may attend the Separate school without permission of the Department. If any of the children on the enclosed list do not attend the Separate school during the opening days, and are in attendance at the Roman Catholic schools, you should inform the Department, and their names will be struck off. It is not my intention to ask the children whose names appear on the enclosed list to attend the Separate school, but they must attend the school with which they enroll after the Separate school is opened. Children must not be allowed to attend, first, the Separate school, then the Catholic school, at will. The Superintendent of Indian Education explained this to the Protestant parents at the time of his recent visit to the Reserve.

The Department is endeavouring to secure a suitable teacher, and you will be advised when one is appointed.

Please give a copy of the enclosed list of children who may attend the Separate school to Constable Jocks, the truant officer, and to the Sister Superior of the R. C. schools.

Reverend Sir:

I have to inform you that the Department has decided to provide in the immediate future educational facilities for the Protestant children of Caughnawaga. I am writing to you for your assistance in the matter of securing a suitable teacher. I am in receipt of applications for this position from Howard Oke of Oka, Matthew Splicer of Caughnawaga and Mrs. Mary A. Dixon of 678 Gilford St., Montreal. The Superintendent of Indian Education reports that none of these applicants is suitable in all particulars.

The classroom activity will be conducted in the Methodist Church, which is contiguous to one of the Roman Catholic school buildings and it is necessary that the Department secure for the Protestant school an incumbent who is not only qualified as a teacher but is possessed of considerable tact. I am prepared to offer a salary of \$700 for the ten teaching months, plus any bonus allowed by law. At present the bonus is at the rate of \$15 per month.

I should be grateful if you would make an effort to secure a satisfactory teacher without delay, as the Department wishes to open the Protestant school as soon as possible. I am making this request, knowing that you are interested in the Protestant cause at Caughnawaga.

TO DATE OF THIS LETTER

Sir,—

Replying to your letter of the 19th instant, I beg to inform you that Mr. and Mrs. P. D. Horne are no more practising the Roman Catholic religion, but their children seems to always follow it, however I would suggest that Mr & Mrs Horne's children be permitted to attend the Separate School.

Mrs Angus Deer is a steady Roman Catholic and her children the same, but in spite of her faith her husband has ordered her to have their children sent to the proposed Separate School. Angus Deer has been and is still away from the Caughnawaga Reserve since the 3rd of September last, on account of a warrant of arrest issued by me against him for having taken part in the theft of a wampum valued at \$25.000.00, the property of the Caughnawaga Band, which wampum was into the custody of the Missionary of the Caughnawaga Church.

I have asked the Reverend Father O. Lacouture whether he considers these parents adherents of the Roman Catholic Church, he answered negatively for the former and affirmatively for the latter family.

Madam:

I have to refer further to your letter of the 3rd instant, in which you ask permission for your children to attend the Protestant Indian Day School at Caughnawaga. The Department has made enquiries and is informed that you are Roman Catholic in religion and your children have worshipped with you. It is also stated that your husband has ordered you to have the children sent to the proposed Protestant school. In view of the fact that your husband is no longer on the reserve and that you are now responsible for your children, the Department is prepared to give prominence to your wishes in this matter. Please communicate with me over your own signature and indicate your wishes relative to the religion and education of your children.

Your obedient servant,

J. D. McLEAN

Sir:

I have your letter of the 23rd instant, relative to the religion of Mr. and Mrs. P. D. Horne and Mrs. Angus Deer. I have noted your recommendation and the Department has informed Mr. P. D. Horne that, upon receipt of the names and ages of his children, those of school age will have their names placed on the roll of the proposed Protestant Indian day school.

With reference to the case of the Deer children, upon receipt of your letter I have directed a communication to Mrs. Angus Deer, asking for a second expression of her wishes. In view of the fact that the father is no longer living on the reserve, the Department considers the wishes of the mother should have some prominence. You will be further advised.

Mr. R.T. Ferrier,
Dept. of Indian Affairs, Ottawa, Ont.

Dear Sir :

I have taken some days to make inquiry for a suitable applicant for the Protestant School at Caughnawaga, in addition to the names you mention. I have not been successful to the present.

As one interested in the welfare of these people I am pleased to learn that the Department is devoting this attention to the reestablishing of a Protestant school on this reserve, and wish you success.

I venture to add a suggestion or so upon the situation, that has developed in Caughnawaga. As for the teacher employed : As the one responsible for the spiritual leadership of this people I hope the Dept. will see the wisdom of securing the educational leadership of a white and not an Indian. It is inevitable that we are recognizing the principle of two systems of education, as we do two systems of religion. We are forced to this conclusion, because a Protestant school cannot properly take care of itself under the leadership of an Indian with white leadership as a competitor. That is the situation that obtains at Caughnawaga. When we had the situation under our own denominational control we could safeguard this principle. Now we rely upon the Department to grant us this guardianship. In the next place, we have to recognize, that as the agitation for a Protestant school emanates from the deeper question of a religious faith, to make this a success a neutral teacher such as is always sought for by the State which is purely secular is not desirable here. This is far from being a school where religious propaganda is taught the pupils. It will give a cohesion to the work that will be the surest protection against failure in the present plans.

I have noted in your letter that none of the applicants—two Indian and one white—fully satisfied the Department. I have called upon my own responsibility of course the white applicant, Mrs. Dixon, out to my home for an exchange over the whole situation. After an exhaustive conversation I give it as my judgment that the Dept. is fortunate in securing an application for a position as unique educationally as the one at Caughnawaga.

She seems peculiarly adapted to work among the Indians. She seems to be in her element with them. She seems to make their interests hers without affectation. Her gifts and apparent qualifications are an important accomplishment in creating that moral atmosphere that counts for so much in character training. She has maturity of judgment, which ought to hold her in good stead in any delicacy of situation that might arise. And added to these is the consideration that her whole life's interest is at stake in this venture. She cannot afford to think of failure. Viewing the situation from its different sides there seems to be sufficient in her favor to justify the hope that she would wisely adapt herself to her environment. Possibly some of these suggestions may meet the fears of the Department as to her qualification.

Yours truly,

Sir:

In reply to your letter of January 26th., I wish to state that my husband and I both joined the Protestant Church in Caughnawaga under the ministry of Rev. J. J. Oke, taking our children of course with us into that Church. We are still members in good standing in that Church.

My husband is not at present resident on the reserve as he is the sole bread winner of the home, and is obliged to be away for our support.

In the matter of our children attending the Protestant school now being opened here, and your request that I write you instead of my husband, I wish to inform you that I am bringing up my children in the Protestant faith, and desire them educated in the Protestant school at Caughnawaga.

Reverend Sir:

I have your letter of the 29th ultimo, with reference to the appointment of a teacher for the Protestant Indian Day School at Caughnawaga. I regret to state that favourable consideration cannot be given to the application of Mrs. Dixon, of Montreal.

I have received an application from Miss Grace Martin, a Six Nation Indian woman of 29 years, who has taught in Indian schools with considerable success. I believe her application was at the instigation of the Rev. Mr. Oke and I am inclined to give it favourable consideration, unless you or other interested parties in the immediate future can nominate a more promising applicant.

Mr. R. T. Ferrier,
Indian Dept.

Dear Sir,- Being the one officially appointed to investigate the possibility of getting a teacher from Six Nations for the Protestant school at Couchichewinaga, I hereby submit my report. I got in touch with Miss Grace Martin who was willing to fill the vacancy and who corresponded with your Dept. However it seems that there was some difficulty regarding the salary as she asked for \$950 a year. Mr. Whitebeam was here from Six Nations and informed me that Miss Martin has reconsidered the matter and would come for \$850. as initial salary. Since then I have had word from her to the same effect, so she is awaiting word from your Department to be able to come down on notice.

The school furnishings are practically complete except for the blackboard and the school will be ready for occupation this week. The parents have been having considerable difficulty keeping the children, whom they cannot conveniently send to the Catholic school, at home. Notably there is considerably anxiety for the opening of the new school which would relieve matters and promote peace and harmony in the homes.

All afair is respectfully submitted -

E. T. Montour.

TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge the receipt of your letter of the 15th instant and to inform you that yesterday, the 18th, was the opening of the Protestant Day School at Caughnawaga, with 20 pupils on the roll.

Miss Martin seems to enjoy herself with the duties of teacher at that school. A list of articles that are missing will soon be requisitioned by her.

I am sorry to report that a family trouble arose with the opening of this school. You are no doubt aware of the fact that Thomas Patton, of Caughnawaga, was probably the most active instigator of the move towards the opening of a Separate school in Caughnawaga, he is a Roman Catholic, his wife who was Protestant before her marriage with Patton, became a Catholic for their marriage. They now have four children, the youngest being two years old, two are of school age, Irene and Doris who are on your authorized list for the attendance at the Protestant School. On the fore-noon of the opening day, Irene and Doris were directed by their mother to the R.C. School, but in the afternoon of that same day their father, Thomas Patton, went mad and, as to Mrs Stalk's statement (Mrs Patton's sister) he ill-treated his wife and ordered his two daughters to the Protestant school in the afternoon. Mrs Patton is now living with her sister, Mrs Stalk; her sorrow is distressful, she wants her four children away from her

husband. I have advised her to try to have the two youngest in her care, but to leave Irene and Doris at the Protestant school until you have decided whether or not these children who were born and brought up by a very well educated mother, and I do not hesitate to say a real good mother who is now crying after her children, are to be left into the custody of their father who does not seem to realize nothing but a point blank.

I have ordered a merchant to supply Mrs Patton with relief until further advised.

Mrs Patton would greatly appreciate an immediate attention in the matter.

Sir:

I have your letter of the 19th instant and have noted with satisfaction that the Protestant Day School at Caughnawaga has had a successful opening. I have learned with regret that the opening of this school has been the occasion of domestic trouble in the family of Thomas Patton. I should be pleased if you would endeavour to have the father and mother come to some agreement as to the school which their children should attend. As you have been informed, the Department does not wish to dictate concerning the children whose names appear on the list forwarded to you under cover of my letter of the 7th ultimo. The parents will have to decide this matter and, when a decision has been reached, the children should continue their attendance at the school chosen.

I have also to inform you that the Department has received a letter from Mrs. Mary Deer, in which she states that she and her husband have definitely decided to transfer their names to the Methodist Church. In view of your letter of the 23rd ultimo in this connection, the Department hesitates to make a decision and I should be pleased if you would again discuss the matter with Father Lacouture. Upon receipt of a further report from you, I can give more intelligent consideration to the question of placing their names on the eligible list for the Protestant School.

Mr R. J. Lerrier
Supt of Indian Education

Dear Sir,

The attendance of the Protestant Separate School has been very good. Of the twenty enrolled the average attendance for the first two weeks is 18.8. Those absent were kept at home on account of sickness and three of the younger pupils did not attend one day when schools were badly blocked through a heavy storm.

The general spirit of the parents, as yet, shows a fine interest in their children and loyalty to their cause, there is one exception of course, that is Mrs Thos. Patton whose actions have been shameful, however she is not a Protestant.

It is evident that the need of help for these pupils has been great. There is not one of the twenty who is higher than an Ontario Second class. Their discipline also needs a wonderful reformation, although they seem good-hearted and anxious to learn.

This task is truly difficult but I feel certain that when the difficulties are overcome much good will be gained.

Yours. respectfully

Grace Martin

I have to acknowledge your letter of the 3rd instant, in which you express your wish to send your children to the Protestant Indian Day School at Caughnawaga. I have also your letter of the 10th instant, requesting an answer to your earlier communication. I am directed to acknowledge also your letter to the Deputy Superintendent General of the 10th instant, in this same connection.

I wish to inform you, in reply, that the Department has hesitated to make a decision, in view of the report of the Indian Agent that you were Roman Catholic in religion. Mr. Letourneau has been acquainted with your wishes and I am awaiting a further report from him. I beg to acknowledge the receipt of your letters of the 22nd ultimo and 12th instant, with respect to the preparation of an eligible list of supposed to be non catholic children for their attendance to a Separate school on the Caughnawaga Reserve, and in reply I beg to say that the question of sending Roman Catholic children to a Separate school, simply because their parents have futile reasons to do so, appears to be out of consideration either by Father Lacouture or myself. It seems also unneedful to discuss upon this matter with the parents, specially when they have already brought forward any false arguments against the good administration of the Roman Catholic schools. I therefore, beg to ask you that the question of preparation of an eligible list that would suit their needs be kept out of my knowledge.

I beg to inform you that at the date of 19th February last, while I was visiting the Protestant Day School, at Caughnawaga, I have been asked by the Teacher whether it would be preferable to release the Junior class early in the afternoon. As this is usually done in the schools for the benefit of the younger ones, I was then, under the impression that this meant at least for the ones under the age of 10 years (7 to 9), but I now find that among those that are released at 2.30 o'clock P.M., seven out of the eighteen pupils are from the age of 10 to 14 inclusively. In fact, these seven pupils are of the Junior class, but, on account of their age, I now feel uneasy for having permitted the recess, as this may be of a bad example to the ones of other schools.

Dear Sir,

I received a letter from Mr Detourneau, the agent, about two weeks ago, which was sent to him from the Department by Mr McLean. This was his answer to a request I made to him to know the Municipal and Provincial holidays (of this place) mentioned in the regulations at the back of the school register. and for a school regulation, which, in other schools, is made by a school board, if I have not mistaken, and is supplementary to the regulations in the school register. I was aware that there was no board or trustees for this school but thought that there would be something provided for the teachers benefit along this line. However there seems nothing like that for this school. and since I know I am prepared to do the best I can without it

Inquired by agent

On the letter I was referred to the school register for regulations, and was advised to keep the regular holidays of the village (several of which are Catholic Holy Days) and to consult the Sister Superior on the matter. I did this and it was agreed that this school being Protestant could keep the holidays ^{observed} in other Protestant schools of the Province and would not offend by so doing. This was a great relief to me as it prevented possible trouble.

The work has ^{been} exactly described when said to be "very difficult". but there is much to be thankful for too. Although difficulties have been met with, many

have been escaped. There may be trouble with Mrs
Thos. atton. Her husband is away at work and she has
charge of the children. I have had to be very patient with
her. I do not wish to be harsh but may be compelled to
use authority for the sake of the school. There is one thing
I do wish to know - If at any time I am unjustly accused
of doing wrong, and the accusation is proven by false witnesses
have I any protection? Since I have realized how
very difficult and dangerous this position is I would have
been glad to leave as soon as possible. There is just
one thing that has made it possible for me to face it,
and that is, the great need for help, of these people, who
are my fellow kinemen. but it is wholly self sacrifice.
I am ready for troubles but would like to have more
assurance of safety. I have gone to the sisters according
to your advice but from my reception, I felt that I was
intruding. If it is not absolutely necessary that I be
sent to them again, could you kindly excuse me from that.
for a while at least? I expect better things in the future.
but I do believe that a spirit of co-operation must have
time to grow.

Yours respectfully
Grace Martin

P. S.

I believe I reported to you, before, the low
standing of efficiency of the pupils of this school
which you will see by the quarterly report. This has
only made the work harder than an ordinary school
instead of being easy as it may appear, as junior classes
need so much individual attention. I have been accus-
ed to spending a great deal of my class work time on the
junior pupils and dismissing them at the afternoon recess ²⁻³⁰
and with Mr. Robinson's consent I continued the practice here
but he seems to have changed his mind and wishes me to
those over 10 years of age. If you object which will make my work
more difficult and be less successful. H. M.

Madam:

I have your letter of the 24th ultimo, reporting on conditions generally at the Caughnawaga Protestant Indian Day School. I have noted that you will adhere to the general regulations governing the conduct of Indian day schools. If any special question comes up for decision, you should get in touch with Mr. Indian Agent Letourneau. If this is impossible, the Department will rely on you to use your own judgment.

I note that you have discussed holidays with the Sister Superior of the Roman Catholic Schools and that you have made satisfactory arrangements concerning the holidays that are allowed in Protestant schools of Quebec. I regret to note that there have been some difficulties, in connection with discipline particularly, with one or two of the parents. Please consider that the Department is relying on you to do the best you can and that we, in turn, will give you any support that is fair and necessary. Mr. Letourneau is the Department's representative at Caughnawaga and you should look to him for advice.

I am pleased to note that you have made yourself acquainted with the Sister Superior and that you are quite hopeful of cooperation in due course.

Mr. Letourneau has requested a decision concerning the 2.30 closing hour for the junior pupils and I have informed him that the Department will approve of this arrangement for the younger pupils, but those that are 10 years of age, or over, will have to remain until 4 o'clock.

Sir:

The Department has received the resignation of Miss Grace Martin, teacher of the Protestant school on the Caughnawaga Reserve, to take effect at the end of the present school year. Miss Martin is being informed that her resignation is accepted, and that she is to prepare and hand to you her quarterly returns before leaving.

You will be good enough to see that the school building is properly secured in order to prevent any loss or damage to the furnishings and school material during the summer holidays.

The Department will endeavour in due time to obtain a teacher for this school for the next school year, beginning September 2nd, next, and you will be advised when the appointment is made.

Your obedient servant,

Sir:

I have to inform you that the Department has appointed Mr. Wm. Chapman, B. A., to the position of teacher of the Caughnawaga Protestant Indian Day School. Salary will be allowed at the rate of \$850 for the 10 teaching months, plus any bonus provided by law. Mr. Chapman has been given instructions and advice by the Superintendent of Indian Education and will report for duty on the afternoon of September 2nd. I should be grateful if you could be in Caughnawaga at that time and give him any help that you can when he reports to you. Mr. Chapman has been instructed that no religion is to be taught in the school, that he is to conform to the hours of the other village schools and to look to you for instruction and advice.

Sir:

I have to inform you that you are appointed to the position of teacher of the Caughnawaga Protestant Indian Day School. Salary at the rate of \$850, plus bonus provided by law, will be allowed. Please report to Mr. Indian Agent Letourneau on the afternoon of the 2nd proximo. He has been asked to be in his office at Caughnawaga to assist you with the opening of the school. You should conform to the hours and holidays observed by the R. C. school in the village and look to the Indian agent for instruction and advice in all matters pertaining to the conduct of the school. Constable Jocke is the truant officer. Only those who are on the nominal roll of the Protestant School may attend. If any of these do not present themselves, or if any others apply for admission, consult Mr. Letourneau. The only religious exercise allowed in the case of this activity is the Lord's Prayer at 9 o'clock.

Sir:

I have to inform you that the truant officer reports that Irene and Doris Patton have returned to the R. C. Indian Day School and are no longer attending the separate school. Please refer to official communications, of this file number, of January 7th and February 22nd last. You will note that children must not be allowed to attend first a separate school and then a Catholic school, or vice versa, at will. This would lead to much confusion. If Mr. and Mrs. Patton are desirous of having their children attend the Catholic school, they should make application to you, in writing, and you should report to the Department. Only when the official approval of the Department has been secured, can children transfer from one school to another.

I have your letter of the 18th instant, with reference to the education of the two children of Mr. and Mrs. Thomas Patton. I have noted that the father has been away from the reserve for six weeks; but, as he has contributed something towards the support of the family, his action cannot be considered desertion at the present time. As the law requires us to give prominence to the father's wishes in connection with religious questions, I should be pleased if you would secure at your earliest convenience a written statement from Mr. Thomas Patton as to his wishes.

Madam:

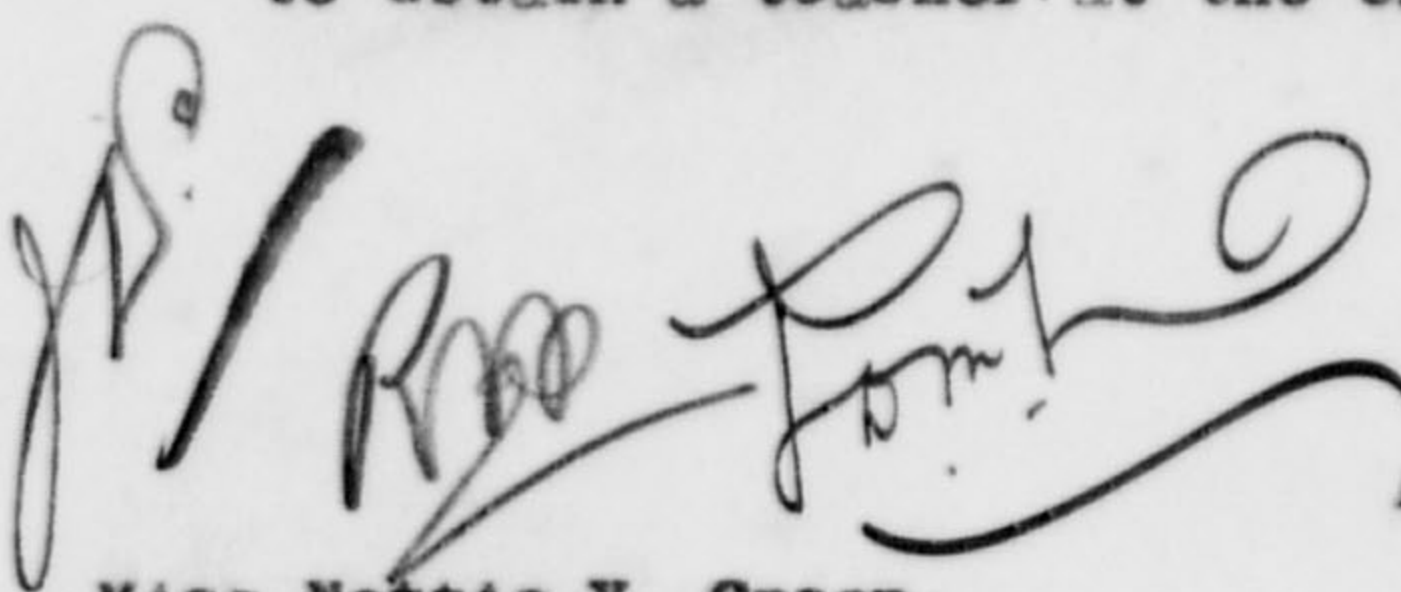

At the end of August, last, you applied for a position as teacher in one of our Indian day schools. We have a vacancy for a teacher in the Protestant Indian day school on the Caughnawaga Reserve. This Reserve is situated across the river from Lachine, near Montreal. The salary allowed will be at the rate of \$800 per annum, supplemented by the bonus provided by law. Bonus for the present fiscal year ending March 31st, next, is paid at the rate of \$15 per teaching month. Arrangements can be made for boarding accommodation in an Indian family on the Reserve. There are 24 children enrolled.

Please wire, charges collect, whether you will accept the above position or not, and, if so, the date on which you could be in Caughnawaga and ready to take up duties. As the school is now vacant we are anxious to obtain a teacher at the earliest possible date.

Replying to your letter of the 20th instant, I beg to inform you that I have met Miss Nettie V. Green Teacher of the Protestant School on the Caughnawaga Indian Reserve, while she was proceeding to the re-opening of the class during this forenoon. She appeared to be well satisfied with the results. She had already arranged for a suitable boarding accommodation just in front of her school. I have also asked her to fill in a requisition form for any required material or school supplies that are to be authorized by the Department through my office. I have noted on her roll that a young Indian girl, who was previously attending the Roman Catholic School, in the Caughnawaga Village, was present for a permanent attendance at the Protestant School, the girl's name is Annie Jacobs. I have advised the teacher that she should not accept any other children, than the ones already listed, before an application from these children's father, or guardian, be made to the Department for approval. The teacher appeared to be surprised of the arguments, however, I have advised her not to accept that child before your authorization be given. That child's mother is presently under arrest for not having complied with the Indian Act, by refusing to send her children at school after having been notified to do so by the Truant Officer.

Sir:

I have your letter of the 23rd instant and I have to thank you for assisting Miss Green, the new teacher of the Caughnawaga Protestant Day School, as she commenced her duties. Your action, in advising the teacher that only those children who are on her roll may attend without formal notice from the Department, is approved.

I have noted that the mother of Annie Jacobs has not been sending her children to school, and I have to inform you that the Rev. A. J. Macdonald, of Lachine, Pastor of St. Andrew's Presbyterian Church, has forwarded a certificate to the Department with reference to the admission of Tom Jacobs, his wife and three children into the Protestant community. I shall be pleased if you will advise me the date that Mrs. Jacobs first got into trouble because she refused to send her children to the Catholic school and intimate if she is the wife of Tom Jacobs. Perhaps there is some connection between the school and the religious difficulties. Please let me have a full report.

Sir:-

Referring to your letter of the 28th ultimo, more specially the 2nd paragraph, I beg to inform you that Mrs Jacobs first got into trouble on the thirteenth day of October last, because she had refused to send her children to the Catholic School since the 1st day of the same month, with the exception of the 7th when both of her daughters were in attendance at the Catholic School. The enclosed warrant to apprehend Mrs Jacobs is enclosed herein. I also beg to say that Mrs Annie Jacobs, Annie Martin and Kieriton Jacobs is the same person and the wife of Tom Jacobs, who finally appeared before me and found guilty to cause his children of school age not to attend the school. This being the third offence, Tom Jacobs was sentenced to 10 days in jail, or, a fine of \$2. and costs.

In this connection I am enclosing herein a Summon to Constable J.K.Jocks, the Truant-Officer, for assault on Mrs Tom.Jacobs, the case has been dismissed. Ottawa, November 11th, 1924.

Sir:

I have your letter of the 6th instant, enclosing a voucher in favour of Constable Jocks for the sum of \$9 in connection with the summons that was issued to him for assault on Mrs. Tom Jacobs. In reply I beg to say that a cheque for the above amount is being forwarded to the constable.

In connection with the request made by Mrs. Jacobs to allow her children to attend the Protestant school on the grounds that she is now a Protestant, I beg to refer you to official letter of the 28th ultimo, and have to request that you will state whether you would advise that the children of Mr. and Mrs. Tom Jacobs, who we understand are aged 14, 13 and 5 years respectively, be authorized admission to the Protestant school. As you were informed, we have received a certificate from the Minister of the Presbyterian Church at Lachine to the effect that Tom Jacobs, his wife and three children were admitted into that Church. Both the mother and father have signed a statement to the effect that they desire their children placed in the Protestant school.

Please state whether Tom Jacobs paid the fine and costs in connection with the sentence imposed by you because he did not send his children to the Catholic school.

Your early reply is desired in order that we can finally settle the question as to which school these children should attend.

Sir:

I have your letter of the 13th instant, recommending that the children of Mr. and Mrs. Tom Jacobs, of the Caughnawaga Reserve, who have recently joined the Protestant Church, be authorized admission to the Protestant school.

Approval for the admission of these children to the Protestant school is made in view of your recommendation, the request of the parents and also the certificate of the minister of St. Andrew's Presbyterian Church, Lachine, that Tom Jacobs, his wife and three children were received into that Church. You should inform Miss Green, the teacher of the Protestant school, that the children of Mr. and Mrs. Tom Jacobs are to enter her school. Please also instruct the Reverend Principal that these children must not be permitted to attend the Roman Catholic school. You should also inform the truant officer accordingly, and he should see that they attend the Protestant school regularly. We understand the names of the children who are of school age are Annie and Josephine.

On the first of Feb. which was my Sunday in Caughnawaga I received into the Methodist church according to discipline Mr. and Mrs Thos. Deere with their four children who had been in attendance at my services for six months They are now members in full conection of the Methodist Mission at Caughnawaga

I would request the Department that John Deere aged nine and Mike Deere aged six be permitted to attend the Public school

I might say that Joe and Alex Deere are both under school age.

Dear Sir,

As I have twenty-nine children on the roll
and expect two more as soon as their admittance is sanctioned
from Ottawa, I ask for an assistant to help with the smaller
classes.

Seven or eight of the real small ones do not under-
stand any English while about ten others do not understand
much. I do not speak Indian and therefore would like someone
to act as interpreter for me as a great deal of time is wasted
trying to make myself understood.

I would suggest either Agnes Blue or Mary
Morton. Both speak very nicely in English as well as Indian.

Sir,

I am informed that the Teacher of the Caughnawaga Protestant Day School begins classes at irregular hours, namely 10 or 15 minutes after the R.C. Schools, which is a cause of discomfort to the latter; furthermore, the pupils of the Protestant School being on their play grounds after the R.C. bells have rang, it happens that some of the R. C. pupils are kept under the impression that every pupils are at play and that the R.C. classes are not yet open. Some parents are also complaining that their children, of school age, are truant by the fact that they arrive at school when it is 11 o'clock A.M.; I beg to ask that a strict recommendation be made by the Department to the Truant Officer, in order that each and every child of school age be conveyed to school during school hours.

Dear Sir:

As the school term is almost finished I feel it my duty to give you a report of the work.

I have thirty-eight pupils divided into eight different classes. Most of the pupils will be fitted to advance one class next term. The work here has been a great success this term and there are far greater possibilities ahead of us.

I love both the work and the children. The children are a beautiful, healthy, clean group capable of being real citizens. If my work is considered satisfactory I would like very much to return in the Autumn.

the fact that I have suffered greatly from the limitations of the school room which is a great handicap to efficient work. The playground too, is very small for the children to play in and is full of holes and stones.

Owing to the increasing number attending the school I have found it impossible for one teacher to do justice to all the classes. In view of these facts I feel I must say that to carry on efficient work an assistant should be provided also another class room.

Trusting the Department will see its way clear to restore, to the Protestant children, the school, which was built for them some years ago and is now being used by "The Sisters" I beg to remain

Madam:

I have your letter of the 28th ultimo, reporting on the academic year's activity at the Caughnawaga Protestant Indian Day School. The Department realizes that the present building is hardly large enough to accommodate the present enrolment; but it will not be possible to use the school formerly for Protestant children, until such time as funds are available for a new building for Roman Catholic work. There is a probability of several children being enrolled in residential schools during the next few months and the Department will not make any decision regarding an assistant at the Protestant School until the fall term opens.

With reference to your re-engagement for another school year, I am writing to Mr. Agent Letourneau for his recommendation, and you will receive notice of the Department's wishes from him.

Your obedient servant,

Dear Sir:

Was very shocked to see a letter addressed to Mr. Agent Letourneau following a complaint that I have been calling school at irregular hours. I wish to deny this charge as I ring the bell, to call the children in, promptly at 9.00 A.M. and 1.30 P.M. by my watch. We have no clock at the school, but I have been getting the time over the radio and it does not vary more than two or three minutes from the bell at the Catholic Church.

I have interviewed the Sister Superior and Constable Jocks and neither has heard any complaint of this nature against me. The Sister Superior can hear my bell every time it rings.

I am very sorry that this has occurred as this is the first time, during the time I have been teaching, that I have been charged with breaking school laws. I like my work and it is not my intention to shirk it at any time.

There were a few times during the very cold weather when I could not call school at nine o'clock as the room was much too cold. Probably these are the times that were referred to.

Again expressing my regret but denying the charge I wish to remain

Dear Sir:-

In view of the following facts -

1. That our proteaseant school enrollment has outgrown its present accomodation and is still growing.
- 2 That no adequate playground is provided the children under ^{present} conditions, with the result that they are compelled to play on the public highway with resultant danger to life and limb.
- 3 That we were definitely assured by Mr. Ferrier when the Protestant school was re-opened that the other school which was formerly the Methodist Mission school would be returned to us.
- 4 That the present building is wholly unsuited for a school building such as is outlined in the regulations regarding such buildings, because -
- (a) It is unsanitary and unsatisfactory
 - (b) It is badly ventilated and the lighting system is poor, with a dark gloomy interior.
 - (c) It is draughty and cold in winter and lacks proper blackboard space.
- 5 That our Band Council and other public spirited men are wholly in sympathy with our demands.
- 6 That this school was started as an experiment and we believe the experiment has proven successful.
- 7 That in Miss Green we have found a capable and efficient teacher, but who cannot render the best service under the present conditions and without the an assistant among so many children,

We the undersigned submit these facts believing that the 1
would remedy these conditions, were they acquainted with the situation

All of which is respectfully submitted.

Dear Sir:-

I have watched the progress of the Protestant Day school here with a great interest. It has been a real aid to our Mission and its work for which I am partly responsible.

I have however noticed several difficulties in our Teachers way.

Of course the language difficulty is a very real ^{one} and then, too, the crowded condition of the school is very hard for one Teacher. I believe that a way out would be the appointment of an assistant to Miss Green. If we could get one speaking our language it would be better for the little ones. In this way the school would accomplish a greater work

I have your letter of the 10th instant, requesting that an assistant teacher be appointed for the next school year at the Protestant School on the Caughnawaga Reserve.

In reply I beg to say it is regretted that we will be unable to comply with this request. It is considered that the present arrangement whereby the school is conducted by one teacher will be satisfactory for next year. I may say that in a number of our day schools where there is a much larger attendance than at the Protestant School, one teacher is able to carry on the work successfully. It may be possible to make other changes in connection with this school next year.

I am writing these few lines in regards of my son Lanie Adams to be transferred from the Catholic school to the protestant school. I have went to see the Indian Agent on March 7th and he has never wrote to the Department of Indian Affairs yet, and he tells me that my son can't stop from going to Catholic school can not be transferred on till June. My son is not Catholic he is Independent Indian and has his own Religions belonging to the long house of the six nations Indians. So please do this favor for me I will not sent my son to school in Catholic from to day on till I get the answer from you. and please transfer him. The rest of our Band of the six nation children are in this reserve are going to the Protestant school, and why not my son too. Please see on section 10. about the school as to Religions. But we are not subject to the Indian act. If we had school of our own Independent school that's the place the children should go. please answer as soon as possible don't keep the child waiting from going to school. Please answer.

Monsieur,-

J'ai l'honneur d'accuser reception de votre lettre du 13 courant avec celle de Mde. Laborgne et en reponse de vous informer que lorsque cette personne a fait application pour la premiere fois dans le cours du mois dernier j'ai essaye a l'en dissuader en donnant pour raison qu'un tel changement a cette epoque avancee de l'annee scolaire n'etait pas tres recommandable. J'avais cependant l'intention de vous soumettre sa demande, mais etant ensuite tombe malade j'ai perdu cette note.

Le 11 courant j'ai cause de cette demande de Mde. Laborgne avec les deux Institutrices de l'Ecole United Church qui, tout en etant bien aise d'accepter ce jeune garcon a leur ecole, admettent bien qu'un tel changement a cette epoque-ci de l'annee scolaire est de nature a jeter un peu de desarroi dans les classes.

En consequence, je crois devoir suggerer que l'enfant de Mde. Laborgne ne soit pas admis a l'Ecole United Church avant le commencement de septembre prochain.

La lettre de Mde. Laborgne est retournée sous ce pli.

Sir.

I have the honour to acknowledge the receipt of your letter of the 13th inst. with that of Mrs. Laborgne and in reply to inform you that when that person made an application for the first time during the course of last month I tried to dissuade her by giving as the reason that such a change at this late moment of the year was not advisable.

I had however the intention of submitting her request to you, but having fallen ill I lost track of this matter.

On the 11th inst. I spoke of this ^{request of} ~~matter to~~ Mrs. Laborgne with the two teachers of the United Church school, who, although they are quite agreeable to accept this young boy at their school, admit that such a change at this time of the school year is of a nature to cause trouble in the school.

Consequently, I believe I should suggest that the child of Mrs. Laborgne be not admitted at the United School Church before the beginning of September next.

The letter of Mrs. Laborgne is returned herewith.

Sir:

I have your letter of the 15th instant, regarding the request of Mrs. Mary Ann Leborgne, of Caughnawaga, that her son be transferred from the Catholic School to the Protestant School.

In reply I have to say that the Department considers a transfer at this period of the school year is not advisable. This boy should continue his attendance at the Catholic School during the balance of the present academic year, ending June 30th, next, and you should advise Mrs. Leborgne accordingly. The truant officer and yourself should see that the boy attends the Catholic School regularly for the balance of the school year. The question of his transfer to the Protestant School on the first of September, next, will receive favourable consideration, and you might again draw the matter to our attention in August, next.

Ottawa, May 2nd, 1933.

Sir:

I have to inform you that the Department is making arrangements with the authorities of the United Church of Canada for the rental, as from the first of September, next, of a frame house situated on a lot on the west side of the United Church - the senior class being conducted in the first building on the east side of the Church. The west half of the ground floor of this building will make a much better classroom than the one which is at present in use and which is rented from Mrs. Atrenho.

I have to request, therefore, that you will give Mrs. Sak Atrenho notice that the Department will not require the building which was rented from her for classroom purposes after the first of September, next. At that time, you should forward a voucher, in triplicate, properly certified, for the balance of the rental due her to the date the lease terminates.

The United Church authorities will arrange to have the necessary repairs and alterations carried out to the frame house. There is a cement foundation under this house and a good furnace, also plenty of store room for fuel, food supplies, etc. There will be living accommodation for the two teachers in the upstairs part of the building. The Department is allowing the church authorities rental at the rate of \$150 per annum.

About the middle of August, next, you should arrange for the transfer of the desks and school equipment in the house rented from Mrs. Atrenho to the frame building owned by the United Church. Any coke on hand in the cellar of the house or in the shed should also be transferred. No unnecessary expense should be incurred by you in removing the classroom equipment to the building owned by the church authorities and fitting same up for classroom purposes.

Dear Sir:

Re: Teachers - Caughnawaga Indian
Day School.

As it would be extremely difficult to replace Miss Daly and Miss Oulton with teachers of the same character, educational qualifications and missionary purpose, it had never occurred to us that there would be any change at Caughnawaga this year. I cannot understand what kind of rumors can have been reaching those two young women to make them think there was any intention of superseding them by new appointees. They signed the regular form of application for appointment as missionaries under our Board and, so far as we are concerned, until the engagement is broken by mutual consent, it is good for a term of years.

I hope that this does not mean, in addition to all the other uncertainty about the appointment of teachers to Indian Day Schools at the present time, that those already in our employment and whose services are eminently satisfactory are to have their positions subject to review annually.

Yours very sincerely,

Kenneth J. Beaton

Sir,-

With further reference to your letter of the 12th instant I beg to say that this after-noon, while I was visiting the Caughnawaga Reserve I have met Miss Daly, Teacher of the Protestant Indian Day School, who, after a talk about the date of closing the school year, I have learned from her that instead of James Montour, as stated in my letter to you this morning, it is Mr. Lloyd Jacks, 21 years, living at No. 4330 -Harvard Avenue, Montreal, and a Graduate of MacDonald College, who has acted as substitute teacher, yesterday all day and this forenoon, and that he desired to be compensated by the Department for 1½ day of teaching. MEMORANDUM:

The Honourable the Superintendent General,-

Miss Eleanor Oulton, senior teacher of the Protestant Indian Day School on the Caughnawaga Reserve, No. 14 -(Electoral District of Laprairie-Napierville), Que., has tendered her resignation.

The authorities of the United Church of Canada, under whose auspices this school is conducted, have nominated the services of Miss Naomi Kenner, B.A., to succeed Miss Oulton for the coming school year. Miss Kenner is a university graduate, with a first class certificate. She has had seven years' teaching experience, and, for the last four years, she has been principal of a large consolidated school. The salary rating is \$90.00 per teaching month.

I submit, for your approval, the appointment of Miss Kenner as senior teacher of the Protestant School on the Caughnawaga Reserve for the coming school year.

MEMORANDUM:

The Honourable the Superintendent General,-

I have Mr. Pratt's memorandum of the 23rd instant, with attached letter from Mr. John McRae, Howick, P. Q., requesting the appointment of his daughter as a teacher on the Caughnawaga Indian Reserve.

It is assumed that Mr. McRae has reference to a position as teacher in the Protestant School on the Caughnawaga Reserve, as the Catholic Schools are taught by the Reverend Sisters. The Department has received no intimation from either teacher at the Protestant School of her intention to retire at the end of the present school year. The nomination of teachers for this school is in the hands of the authorities of the United Church of Canada, under whose auspices the school is conducted. I would suggest that Mr. McRae have his daughter forward her application, stating age, qualifications and experience, to Reverend Kenneth J. Beaton, B.A., Associate Secretary, Board of Home Missions, United Church of Canada, 299 Queen Street West, Toronto, Ont. Should there be a vacancy, Mr. Beaton would be advised and would forward any nominations he has for the consideration of the Department.

Dear Mr. Sutherland: Re: Senior Room, Caughnawaga
Indian Day School

We have received the resignation of Miss Naomi Kenner, B.A., the senior teacher at the Caughnawaga Indian Day School, who is leaving to be married. We desire to nominate as her successor Rev. C. C. Dean. It is unnecessary for me to outline Mr. Dean's qualifications and experience, as the record of his work at Christian Island is well known to the Department.

I am wondering if there is any possibility of getting the salary allowance for the Senior Room increased to \$1,000. I feel a little bit diffident about putting a man in as Principal on the same salary as the teacher in the Junior Room, and it would, I think, be a fine gesture which he would deeply appreciate, if the Department could see its way clear to increase the rating of that room.

Our Board is spending \$1200 on the missionary residence which has been rented to your Department as a Junior Classroom, so that it will be comfortable for the Deans. It will be necessary for the Department to find some other accommodation for the Junior Room by the 1st of September. I hope that we can arrange to accommodate the junior teacher in the residence when the alterations and repairs are completed, thereby saving the Department the \$10 a month rent which is being paid to Mike Skye for the house which the teachers have been occupying.

I expect Miss Daly to call on her way home before the end of the month and will write you definitely in regard to this matter after I have had a conversation with her.

Thanking you for your co-operation,

I am

Dear Sir:-

I have your letter of the 18th instant advising me that Miss Naomi Kenner, teacher of the senior room in the Caughnawaga Protestant Indian Day School, had resigned and that the Department has approved of Mr. Dean's appointment at her place.

Mr. Dean requested me to communicate with you in order to be informed whether he has any authority over the teacher of the junior class or if that teacher is on an equal standing with him. Mr. Dean claims that Miss Daly intimated that in the past, the two teachers of the Protestant Schools had never taken any orders from each other, and that it was her intention to follow the same course, in future.

In connection with the renting of a house for the junior class, I beg to let you know that four houses were visited last week by Rev. Mr. Dean, Miss Daly and myself, but none of these houses was found suitable for the purpose.

Mr. Dean is now away for a couple of weeks on vacation, and before departing, requested me to wait until his return before renting a house. As soon as he returns immediate attention will be given to the matter.

Dear Mr. Sutherland: RE DAY SCHOOL - CAUGHNAWAGA

It is our considered judgment that you should inform the Indian Agent in response to his question that we consider there should be no change in the status of the teachers at Caughnawaga on account of the appointment of a new teacher to the Senior room. The classes must for the present continue to be taught in separate buildings.

Miss Daly has demonstrated that so far as her classroom is concerned, in the matter of teaching, discipline and relationships with the parents, she is thoroughly competent, and has earned the confidence of both the Department and this Board.

Until the time comes when we have a new school building and it becomes necessary to appoint one of the teachers as Principal, we believe the present arrangement should stand.

DR. MCGILL,-

As the United Church has now placed a missionary on the Caughnawaga Reserve, their missionary's residence, which has been used as the junior room of the Caughnawaga United Church school, will not be available for the coming academic year.

Agent Brisebois and Rev. Mr. Dean visited several houses in Caughnawaga but could not find a place suitable for the school. The Sister Superior of the Caughnawaga R. C. School kindly offered to allow a room in the Eastern School for the junior room of the United Church School.

Apparently, this arrangement did not suit the United Church authorities, as Reverend Dr. William Munroe, head of the United Church mission work in the Montreal district, visited the Department last week and requested that an official of the Department come to the Reserve and meet the United Church authorities.

With the approval of Mr. Williams, I went to Caughnawaga on the 10th instant, and Rev. Dr. William Munroe, Rev. A. McTaggart and Mr. Guy Tombs came to Mr. Brisebois' office at 10 o'clock that morning.

We discussed the matter carefully and visited

the Eastern School, where it was proposed to have the room, but finally the United Church officers requested that they be allowed to conduct the junior room in their church.

While this will be a considerable inconvenience to them, I could see no objection on the part of the Department, and I therefore informed them that I would recommend this arrangement to you for the academic year 1936-37. Mr. Brisebois can arrange to have the desks moved into the church without cost.

The United Church authorities consider that the Department should either enlarge the present United Church school, to provide another classroom, or erect a separate building. In this regard Rev. Mr. A. McTaggart intends to interview you some time next month and request that funds for the above purpose be provided in our Appropriation for the fiscal year 1937-38.

Dear Sir:

The Department is in receipt of a letter signed by L. P. Hill and wife, which reads as follows:

"Would you please inform the Department of Indian Affairs that we decided to send our son, George Paul Hill, to the Protestant Day School at Caughnawaga."

The Department presumes from the above that this boy has been attending the Caughnawaga R. C. School and, if so, he must be a member of the Roman Catholic Church.

Please advise the Principal of the Caughnawaga United Church School that this boy must not be accepted as a pupil of that school until the Department's permission is received.

You should make full enquiries and advise the Department why Hill and his wife apparently wish their son to attend the Caughnawaga U. C. School.

Dear Mr. McTaggart,

Your letter of September 22nd reached me this morning, with regard to your visit to Ottawa and that of a delegation in connection with a new school on the Caughnawaga reserve.

It is very unlikely that it will be possible for me to see you on the afternoon of September 28th and on the following day I expect to be out of town. However, Mr. Sutherland, the head of the Schools Branch, will be here and will receive the delegation.

I remember that you were in Calgary and I also recall meeting you on the street in Montreal several years ago with Mr. Turner Bone.

Dear Sir;-

This is to inform you that Miss Daly, teacher, of the junior class of the Caughnawaga United Church School, was today taken to the Lachine General Hospital where she was found to be suffering of "pleuresia".

According to the Doctors, of that Hospital she will be at least three weeks before being able to take back her duties as teacher.

I would kindly ask you to arrange for a substitute teacher to take Miss Daly's place, for the time of her illness. It does not seem possible to find anyone on this Reserve.

Dear Mr. Sutherland: Re: Caughnawaga Indian Day School

I have just received a telegram from Rev. C. C. Dean, saying that Miss Viola Daly, B.A., the junior teacher at Caughnawaga, is ill and will probably be off duty for a month. I do not know how much sick leave a teacher is allowed. Miss Daly has, so far as I know, never had any since she began to work for the Department.

As a supply teacher, I would like to suggest Miss Alva Elford, B.A., who taught the junior room at Norway House Indian Residential School last year. Just at present Miss Elford is engaged in working on her M.A., but she is prepared, I understand, to go to Caughnawaga for a month, if it meets the wishes of the Department and there are funds to pay her. I presume you never had anything to do with her directly, but she is a sister of Florence Elford, who has taught under the Department in several places with great success.

As the school is probably closed, I would appreciate an answer to this by telegram.

Yours sincerely,

Dear Sir:-

I have to refer to your letter of the 27th ultimo with reference to the appointment of Miss Alva Elford, as substitute teacher at the local U. C. Day School for Miss Daly and to say that the latter who is now out of the Hospital has lately called at Caughnawaga and stated that the Doctor had advised her not to resume teaching before the end of December next. Miss Daly left for Winnipeg and will be back only after the Christmas holidays.

Miss Elford who is substituting has started teaching on October the 22nd last and will carry on untill the end of December.

Miss Elford claims not to have received any salary since the date of her arrival (October 22nd) here and would like to be informed whether she is to expect her money from the Department or from the Church. She is requesting that the money be sent her here.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 2nd instant with reference to Miss Daly of the U. C. Indian Day School and also dealing with the payment of \$209.02 to Miss Elford for her services, from October 22nd last to the end of the present month.

In connection with the salary of Miss Elford I have to say that she is requesting me to communicate with you in order to ask if it would be possible that an advance cheque of \$100 be sent her at Caughnawaga as soon as possible, as she intends to leave on the 18th, for her home at Seaforth, Ont., by the evening train. The teacher claims to be without any money to buy her railway ticket and also that her board has not been paid since her arrival on October 22nd last.

If at all possible I would recommend that the above request be granted and that the balance of the salary be sent to the following address;

Dear Sir, -

Having heard through a friend that the Junior School At Caugnawaga Reserve will be in need of a teacher for a period of maybe three months as the teacher has to undergo a serious operation which will necessitate her being absent from duty. I wonder if there would be any possible chance of my daughter Isabel getting the position.

She is fourth form high scholl and has had some experience teaching here at Island whenever the teachers have been ill. She also has been running the Homemakers' Club and quite understands Indian Children and enjoys the work. It would help her very much to continue her stidies next year and incidently would help me. If you care to ask Mr McGookin as to her personality he has met ^{her} on his trip to Island. Hoping this will meet with your favor.

The Department is in receipt of your letter of the 18th instant, with reference to your daughter, Isabel, securing appointment as substitute teacher at the Caughnawaga U. C. Indian Day School. We have, also, received the letter which she forwarded direct to the Department.

The Missionary Society of the United Church of Canada has always been allowed to nominate the teacher for this school and, in the event of the present teacher finding it necessary to give up duties through illness, the Department will favourably consider the substitute teacher nominated by the United Church.

I note that your daughter has not yet completed the teacher's course and, in view of the number of qualified teachers that are available at the present time, it would not be possible to favourably consider your daughter's application.

My dear Mr. Hoey,-

Your letter of July 15th came to hand on Saturday.

I am notifying Miss Bryan and Miss Mann to-day that their appointments to the Caughnawaga Indian School have been approved, their duties to commence on September 1st next. I am also writing to Mr. Dean.

Miss Daly has been appointed teacher of the junior room at the Indian Residential School, Brandon, Manitoba.

Very sincerely yours,

My dear Mr. Hoey:

Re: Caughnawaga

Just a line or two to remind you of your promise when I was in your office last week to take steps to make it possible to have the United Church congregation on the Caughnawaga Reserve have its Christmas entertainment in the community hall there. Until this congregation has a hall of its own in connection with the school, I am glad that you recognize that this is a reasonable request.

Re: Accommodation at Caughnawaga

Dear Dr. Cochrane:

I desire to acknowledge receipt of your letter of the 12th instant and to state by way of comment that it is the intention of one of our officials to visit the Caughnawaga reserve during the present week. I have asked him to discuss with the Agent the desirability of having accommodation provided at the community hall for the Christmas tree celebration organized by the United Church at the reserve. I shall be glad to communicate with you again, just as soon as the official reports back to me.

Yours sincerely,

Dear Sir:-

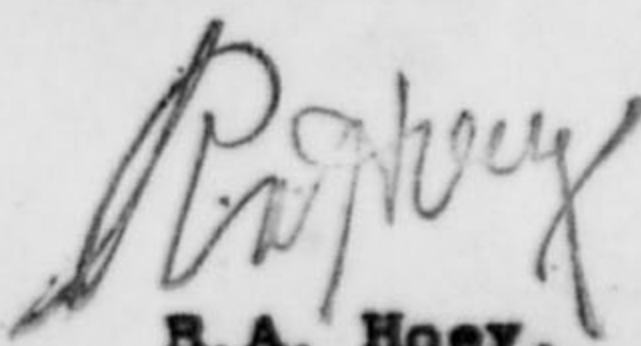

When Mr. Phelan visited the Caughnawaga Reserve on the 22nd instant, it was arranged to allow the teachers of the Caughnawaga United Church School the use of the assembly hall in the Caughnawaga R.C. Senior School for a Christmas concert.

I understand that this concert will be held on the night of December 17th.

You should arrange to have Constable Jacks present on that occasion in order that those attending may be directed upstairs to the assembly hall.

Please notify the teachers of the Caughnawaga United Church School, also Reverend Mr. Dean.

Dear Madam:

At the request of Mr. Hoey, Superintendent of Welfare and Training, Miss Moodie has discussed with the Superior of the school at Ste. Martine the possibility of providing a short course in weaving for adults only.

Miss Moodie has recently visited Ste. Martine, and the Superior is willing to arrange a two weeks' course from June 27th to July 9th for a group of not less than eight. This group would have the cottage across from the convent at Ste. Martine, and, as Ste. Martine is on the Chateauguay river, it is very pleasantly located. The cost of board, lodging and tuition for the two weeks would be \$15.00, plus a small extra amount for materials used.

From information recently received six of the teachers of the schools on the St. Regis Reserve are prepared to take this course between the dates mentioned above. I am bringing the matter to your attention in the hope that you will find it possible to also take advantage of the offer mentioned in this letter. In the event of your deciding to take this course please advise Miss Mary McDonald, Principal, St. Regis Village School, St. Regis, Que. She is handling the arrangements.

Present regulations do not permit the Department paying the cost of the course. This will have to be paid by each one who takes it. However, in the event of your deciding to avail yourself of this opportunity, we will advise the Indian Agent that if final arrangements are made any teacher taking the course may close her school on Friday June 24th, 1938.

Dear Mr. Hoey: Re: Caughnawaga Indian Day School

On January 4th, I attended a meeting at Caughnawaga, at which, in a rather formal way, the people joined together to celebrate the reopening of the enlarged day school. It was very gratifying to find that the missionary and the teachers and the people all felt that the alterations were satisfactory and that the new building gave them not only a good school, but a fine building for community purposes.

During the evening a vote of thanks to the Department of Indian Affairs for their interest in the people as shown in the provision of this school, was moved by Mr. Horn, one of the Indians, and adopted by a standing vote. I was asked to convey to you the appreciation of the people for your interest and that of other members of your Department. I do this with a very great deal of pleasure.

Dear Mr. Hoey:

Re: Teachers, Caughnawaga Indian
Day School

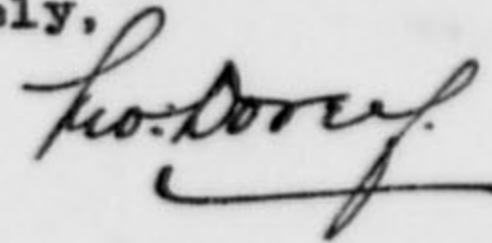

Miss Edith Mann, teacher in the junior room, is resigning at the end of this school term. Miss Bryan would like to be transferred to the junior room, and she will take some summer course to help her fit herself better for this position. That will leave the position of senior teacher open.

Some time ago you wrote about the desirability of transferring Mr. Smith from Oka to some place where he would have educational facilities for his boy. We would, I think, be prepared to nominate Mr. Smith for the senior room at Caughnawaga, if such a nomination were viewed favorably by your Department, and if Mr. Smith were prepared to make the move. We have not yet approached him, because we believe that consideration must be given to providing for suitable living quarters for Mr. Smith and his family at Caughnawaga. That, of course, is in the sphere of your Department.

We must also think about the work at Oka, in which Mr. Smith has been more than usually successful. If such a transfer met with the approval of your Department, we should be prepared to nominate for the Oka Country School Mr. John Stanley Kennedy. Mr. Kennedy holds a permanent, first-class intermediate teaching diploma from Macdonald College, and a senior music certificate from Quebec, and would, I think, in every way be a suitable appointee. I am writing to Inspector Brady concerning his professional qualifications.

I shall be glad if you will take this whole matter under your consideration and let us know what you think about it.

Dear Doctor Dorey:

Mr. Hoey is absent on some holidays at the present but before leaving he discussed with me your letter of the 16th instant with reference to a successor to Miss Edith Mann as teacher at the Caughnawaga U.C. Indian day school.

While we would like to see Mr. Smith obtain some other school at the same time it is felt that it would not be advisable to transfer him to Caughnawaga at the present time. As you mention in your letter such a transfer would involve securing a residence for him on the Reserve. This would be extremely difficult and besides another situation that has arisen on the Reserve recently makes it inadvisable for us to take such action.

With the above in mind Mr. Hoey feels that for the academic year 1939-40 at least the best course to take would be the nomination of a qualified female teacher who would take charge of the senior room. I note from your letter that Miss Bryan desires to be in charge of the junior room.

Dear Doctor Cochrane:

I have your letter of the 20th instant with reference to the salary of the teachers of the Caughnawaga U.C. Indian day school. As you state the teacher of the senior room has, in the past, been considered the Principal and has been allowed \$950.00 and the teacher of the junior room \$900.00.

Miss Bryan has been paid salary at the rate of \$950.00 a year but in Dr. Dorey's letter of May 16 it was stated that for the academic year 1939-40 she wished to teach the junior room. I presumed that she would wish to retain her present salary, and consequently when approving the appointment of Miss Nesbitt I stated that her salary would be \$900.00.

It is immaterial to the Department which of these teachers is paid the \$950.00 salary and I should, therefore, appreciate it if you would make a decision in the matter.

Dear Sir:

This letter shown to Mr. [unclear]

I wish to refer to my letter of the 2nd instant and your reply of the 8th dealing with the refusal of a group of Indian children attending the United Church Indian Day School, to salute the flag and to sing the national anthem at school and in this connection to advise you that the teachers of that School have discharged five children who refused to obey orders.

You will find herewith a written report made by Miss Mabel Nesbitt teacher of the Senior class of the above School, in the matter.

I wish to advise that it was thought advisable to inform the R.C.M. Police of the action of these pupils when Constable Gallagher was sent here for more details. While the Constable was here today the 12th, one Mr. Frank Rencarelli of 1541, St-Marc st., Montreal, called at this office in order to seek information as to the discharge of the pupils. Rencarelli who states to be one of the heads of the "Jehovah's Witnesses" sought to explain that the religious belief of sect is preventing its members to bow to any flag etc., and that this situation is met at several schools throughout the Country and that the children are not discharged for this.

You will likely receive a report from the R.C.M. Police through the head quarters and it might be well to request them to make a full investigation in the matter to prevent, if possible, further disturbances.

The Secretary,
Indian Affairs Branch,
Ottawa.

The school attendance has been good, except in the two reserv's schools, where for the few days following the recent snow storm, the younger children have been unable to attend.

Dr. McGill,
Director of Indian Affairs,
Ottawa, Ontario.

Sir:

May I be permitted to bring to your attention a very serious matter which concerns the welfare of five Indian children who have been expelled from school at Caughnawaga, P.Q.

For your information, I am a minister of the Gospel, also a travelling representative of the Watch Tower Bible and Tract Society, and am authorized to counsel and advise those who are Jehovah's Witnesses, therefore it comes inside my province to act on behalf of these children and accordingly I bring the following facts to your attention:

Five children were expelled on April 11, 1940 from the United Church Indian Day School for not saluting the flag. The children involved are:

Joyce Williams,	12 years
Myrna Williams,	11 "
Elmer Horne,	13 "
Orval Williams,	9 "
Peter Williams,	6 "

All these children are resident on the Caughnawaga Indian Reserve. The only reason for the expulsion of these children is that of not saluting the flag. I understand that the children's teacher, Miss Nesbitt, reported the refusal of these children to salute the flag to the Indian Agent, Mr. Brisbois, who reported the matter to Ottawa. The Department of Indian Affairs instructed that the children be suspended. The teachers, Miss Nesbitt and Miss Bryan were interviewed and have had the situation explained to them, and it has also been explained to Mr. Brisbois.

Our local representative at Ottawa, Mr. Chas. Morrell, has taken up this matter with Mr. Phelan, of the Department of Indian Affairs, in an effort to explain the action and attitude of the

children, but he was treated discourteously in not being permitted to have any kind of hearing by the Department concerned.

Therefore on behalf of these children and their parents, and in the interests of liberty and justice, I am appealing this decision to you. I trust you will give this very serious case your personal attention, and that you will see your way clear to remedy this great injustice which has been meted out to these children.

That you may be in a position to appreciate the reason for the children's stand, I suggest the following to you:

That the children's loyalty is not at all in question. It is merely the manner of expressing it.

That in their belief the mode of expressing it is repugnant to the law of Almighty God and hence to the children's freedom of conscience and freedom of worship. They sincerely believe it to be a violation of the law of Almighty God. Should it not have been allowed that the children should have been given a hearing before being expelled?

That it is correct for each one to worship the Lord according to the dictates of his own conscience provided that in so doing they do not violate good morals, infringe on other's rights or jeopardize the safety of the State.

That each person should be allowed to decide for himself whether his belief is right or wrong.

I also suggest that if this condition regarding these children remains unaltered they will be deprived of their education and such being the case, then surely such teacher should cease teaching that there is freedom of conscience and freedom of worship.

This matter should now be faced fairly and honestly. Should the teacher, or those higher in authority, be permitted to

make hypocrites of children of the land? Or shall the parents be denied the liberty to teach them the Word of God?

Can you properly take away the right of private judgment of school children or parents? Can you rightfully deny school attendance to a child who without injuring anyone puts allegiance to His God ahead of school regulations?

I further suggest that no one will be harmed by the children being permitted to attend school and stand mute while others salute. In such a case the result is that the right of the children to adhere to their conscience is upheld. No one is hurt and the country is not endangered.

I trust that this entire matter will receive your earnest, unbiased, courageous consideration and that your decision will be in accord with the true worship of Almighty God and with the principles held dear to democracy.

Dear Sir:

I have for acknowledgment your letter of April 29, in which you submit, for departmental consideration, the claim of a group of pupils for re-admission to one of the Indian day schools on the Caughnawaga reserve, P. Q.

The records here indicate that the Indian agent in charge of the Caughnawaga reserve reported to the Department on April 2, 1940, that a group of students attending the Indian day school, operated under the auspices of the United Church, had been causing trouble at that school by refusing to join with others in the singing of The National Anthem and by refusing to salute the flag. The agent, in a letter sent to him from the Department, dated April 8, 1940, was instructed to advise the teachers in charge of that particular school that any pupil who refused to recognize constituted authority and who disobeyed reasonable orders should be immediately discharged from the school.

You can readily realize how necessary it is to have strict regulations governing the conduct of pupils attending Indian day and residential schools throughout the Dominion. You will fully appreciate, also, that it would be utterly impossible to conduct schools at all if every religious denomination or sect insisted upon regulations in conformity with their own religious tenets and beliefs. Such insistence would simply lead to confusion and chaos. The aim in a democratic country such as Canada is to carry out a policy acceptable

to the will of the majority while at the same time doing everything humanly possible to safeguard minority rights.

You are no doubt aware that educational institutions are provided by the taxpayers of Canada for the education of Indian pupils, without cost to the Indians themselves. This also applies to school equipment, text books, etc. I must state, therefore, that unless the group of students on whose behalf you have written are prepared to observe the rules and regulations now in force, they cannot be re-admitted to the Caughnawaga school.

Dear Sirs:

The following resolution was adopted
at the meeting of the Montreal Presbytery of the
United Church on Tuesday, May 7th:

"Presbytery resolved to request the Board
of Home Missions to make representations
to the Department of Indian Affairs,
urging the Department to inquire into the
nature of the literature being distributed
by the Witnesses of Jehovah among the
Protestant Indians on the Caughnawaga
reservation."

This seems to us to be an eminently
reasonable request from the Presbytery, and we trust
that the Department will take some action along the
lines suggested at the earliest possible moment.

Very sincerely yours,

Reverend Sir:

I have for acknowledgment your letter of May 13, in which you submit, for departmental consideration, a resolution passed by the Montreal Presbytery of the United Church at their presbyterial meeting on Tuesday, May 7. It is noted that the subject matter of this resolution relates to literature which, it is alleged, has been distributed by the Witnesses of Jehovah among the Protestant Indians on the Caughnawaga reserve.

It is my intention to discuss with the Director the best ways and means of dealing with this matter, just as soon as I can conveniently do so.

Yours very truly,

Memorandum:DOCTOR MCGILL

I am attaching hereto copy of a letter received by this Branch from Reverend Robert B. Cochrane, D.D., Secretary of the Board of Home Missions, United Church of Canada.

You will note that Dr. Cochrane submits for departmental consideration copy of a resolution passed by the Montreal Presbytery of the United Church at their meeting held on Tuesday May 7, 1940.

It would appear that Indian Agent Brisebois reported to the Department on April 2, 1940, that a group of pupils attending the Indian day school operated under the auspices of the United Church on the Caughnawaga reserve had been causing trouble at the school by refusing to join with others in the singing of the National Anthem and by refusing to salute the flag. The Agent, in a letter sent forward to him from the Department dated April 8, 1940, was instructed to advise the teachers in charge of that particular school that any pupil who refused to recognize constituted authority and who disobeyed reasonable orders should be immediately discharged from the school. It is my understanding that since these instructions were issued two pupils have been discharged from the school.

In my monthly report for April I referred to my visit to the Caughnawaga reserve and to the urgent need for greater police patrol work and protection at Caughnawaga. I am still of the opinion that in times as serious as the times in which we are now living an R. C. M. P. officer should be permanently located on this reserve. If, however, funds are not available to adopt this recommendation, I would recommend that the Commissioner of the Royal Canadian Mounted Police be asked to make a quiet investigation, preferably by a plain clothes detective, of conditions at the United Church school, the distribution referred to in the resolution sent forward by Dr. Cochrane and the activities of the Indian Chief at Caughnawaga, as well as a number of other matters that may be brought to his attention by the Indian Agent.

The attendance was good. Unfortunately four indian children had to be sent away from the U.C. Indian Day school for having refused to obey the teachers. Of the four children one went back to school and consented to act in accordance with the instructions of the teacher. The action of these children followed the appearance on this reserve of the members of sect known as the "Witnesses of Jehovah" who have succeeded in getting some adherents among the Indians.

I beg to nominate as teacher of the senior classroom at Caughnawaga Miss Gladys Joblin, B.A. Miss Joblin is a graduate of the University of Toronto. She was for a year or two on the staff of the residential school at Muncey. Then she took the Ontario Normal course. During the last year she has been teaching school at Scugog, where her father is the minister among the Indians. Miss Joblin has to teach for another year or two before she can obtain her permanent certificate, but she is intensely interested in the Indians and prefers, meanwhile, to teach in an Indian School.

I feel it is a great privilege to be able to submit the name of a young lady in whom we have such great confidence. Her father and mother have given their whole lives to missionary work among the Indians, and although her father has been on less than the minimum salary for most of the time, he has been able to help educate three sons for our ministry. The eldest son is our missionary on the Muncey Reserve; the second son has been Assistant Minister at Deer Park United Church, Toronto, and has just been called to Westminster Church, Weston; and the third son is to succeed his brother at Deer Park Church. Another daughter is just graduating from the University of Toronto. We are sure that Miss Joblin will not only give satisfaction to the Government Inspector as a teacher, but that her presence on the Reserve will help the minister in his work for the higher life of the community.

I shall be glad to have your acceptance of this nomination as soon as possible.

Believe me,

Very sincerely yours,

Dear Doctor Cochrane:

In the absence of Mr. Hoey I wish to acknowledge the receipt of your letter of the 17th instant nominating Miss Gladys Joblin as teacher of the senior class room at the Caughnawaga U.C. Indian Day School for the academic year 1940-41.

She will be allowed the same salary as the previous teacher; namely, \$95.00 a teaching month. This school will re-open on October 1, 1940, and continue until June 30, 1941.

O.C. No. 1/1569, dated April 19, 1940, provides that 5% of the salary of employees in the Public Service, appointed to temporary positions (other than casual) since September 1, 1939, is required to be withheld from May 1, 1940. This amount is deposited and interest is allowed at 4% per annum. Principal and interest will be paid to Miss Joblin when she gives up duties as teacher of an Indian school.

Thanks for your prompt acceptance of the nomination of Miss Gladys Joblin for the position of teacher in the senior room at Caughnawaga.

I note the last paragraph of your letter, in which you tell of 5% of the salary being withheld by the Government, the amount to be deposited and interest allowed at 4% per annum. Do you not think that it would have been courtesy, at least, for the Department to have notified Church Departments which nominate teachers of this new Order-in-Council? The cut in the per capita allowance for Indian residential school was made without consultation with the Churches, which, under a special agreement, are carrying on Indian residential school work in conjunction with your Department. The cutting off of one month's salary of teachers in Indian day schools was done in the same way. Of course, this Order-in-Council is action of a different kind, but I do think that we might have been notified when it was passed, if for no other reason than that we should have been in a position to pass this information on to teachers whom we were approaching with the offer of an appointment. The present procedure, I submit, is hardly fair to them or to us. I know this is war-time, but even in war-time one expects courtesy and businesslike procedure even from the Government!

Mr. Brisbois, Indian Agent,
Caughnawaga, Que.

Dear Mr. Brisbois, -

Would you kindly send the following suggestion on to the Department of Indian Affairs at Ottawa if it meets with your approval?

Miss Bryan and I are convinced that much better work could be done by opening the United Church School the middle of September and closing the middle of June.

One of our chief difficulties - truancy during the month of June - would be largely avoided by the earlier closing. We feel that more work could be covered in the two weeks in September than in the corresponding two weeks in June. Children and teachers are rested after the holidays; examinations and reports are not claiming so much time; Exhibition of the year's work and programme for school closing would not be crowding our time-table.

In order to save any re-adjustments in the book-keeping, we would be quite willing to wait until the end of June for our last cheque and until the end of October for our first.

For the above reasons we are requesting that the Department of Indian Affairs grant us permission to open school on September the fifteenth of this year.

Miss Bryan and I should like to take this opportunity of thanking the members of the Department of Indian Affairs and yourself for the splendid co-operation which you have shown us during our period of teaching in Caughnawaga.

Respectfully yours,

Gladys J. Blin.

Dear Sir:

I have your letter of the 27th instant with reference to the dates of opening and closing the Caughnawaga U.C. Indian Day School during the academic year 1941-42.

If I remember correctly I believe that the R.C. School opened on September 15 last year. If they intend to do the same this year approval is granted for the U.C. School opening on the same date and, of course, in that event they would be able to close on June 15. I think you will agree that it would be advisable to have the two schools open and close on the same dates. No doubt you can arrange this.

In any event the first month's salary will not be paid until October 31 as to do otherwise would cause considerable inconvenience.

Dear Miss Joblin:

In reporting on his recent visit to your school Mr. Doucet intimates that he stressed the practical side of education rather than the strictly academic phase. You are probably aware that Mr. Doucet has had very wide experience as an instructor both in vocational and academic subjects and was, prior to his appointment to this Department, an instructor at the vocational school in Regina.

The Department's aim is to prepare the pupils to cope with the exigencies of life as they are found in the community in which they reside. The school programme, we believe, should begin with social settings that surround the community. Education is really an affair of action and not simply an affair of acquiring ready-made responses through mechanical repetition. We incline to that process of education by means of which meaningful experiences prepare for life.

As a result we are anxious to have manual training wherever possible. We are certain that you will do your best to introduce and encourage this phase of educational effort in your school.

I realize that carrying out our wishes will necessarily involve a considerable departure from the provincial curriculum but our experience in Indian work has proved to our satisfaction that the policy we now suggest is best suited to Indian children.

Yours truly,

Miss Gladys Joblin,

Dear Mr. Hoey:

I am writing in this personal way because I want some advice. Mr. Wheeler, our minister at Caughnawaga, writes to say that Miss Bryan is likely to leave at the end of June to become the head of her own household. He makes the interesting suggestion that we should nominate as her successor Miss Doris Diabo, who is one of the local Indians. She evidently, at a good deal of sacrifice, has fitted herself for a teaching position and is now employed in a school in some white settlement near Buckingham, Quebec. I wonder what you would think of our recommending her for Caughnawaga. I hesitate to do so - not because she is an Indian, but because it is her own village. You probably know more about her than I do, and we shall be guided to a very large extent by the personal opinion which you express in your letter in reply to this.

Yours sincerely,

Dear Mr. Brisbois, -

Would you kindly transmit the following petition to the Department of Indian Affairs?

" Last year we were granted permission to open school September the fifteenth and close June ~~the~~ twelfth, nineteen hundred and forty-two. Inasmuch as we are confident that better work was accomplished and better attendance sustained in the past school year, we would once more beg permission to follow this plan, re-opening Monday, September 14, and closing the middle of the following June."

Respectfully Yours,

Dear Sir:

I am in receipt of a letter sent forward by you from Miss G. Joblin, teacher at the Caughnawaga U. C. Indian Day School, in which Miss Joblin suggests that she be granted permission to open the school on September 15 and close June 15, 1943.

This arrangement seems to have worked out satisfactorily during the present academic year, and the Department can see no serious objection to its continuance during the coming year. You may inform Miss Joblin of our decision.

I hereby tender my resignation as teacher of the Senior Room of the Caughnawaga United Church School, to take effect at the end of the school term in June of this year.

I found the work here very interesting, and were it not for my father's illness necessitating my being nearer home, I would gladly continue my work as teacher here.

May I take this opportunity of thanking you for your co-operation? It has been a pleasure to work for the Department.

It has been a pleasure to work for the Indian Affairs Branch, who have always been most co-operative and eager to help. I cannot express in words what a comfort and source of strength it has been to me to know that I have had you and your associates and Mr. Brisbois behind me like a rock in time of storm. ENCL. *2-4*

Caughnawaga, Que.,
November 19, 1947.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

This will acknowledge the receipt of your letter of the 9th of October, last, enclosing the original of a letter received at the Branch from one Peter Diome, an Indian of this Reserve, who was requesting the Branch to pay for the transportation of his children from his place of residence near the St. Isidore Rd., School, to the local U.C., Indian Day School, located in this Village, four miles from his home.

In reply I wish to say that Peter who was living in the Village, up to last summer, had in the course of the winter requested to have his children transferred from the R.C. School to the U.C. School. His reason was that he had left the R.C. Church to join the Long House or had become an aboriginal believer.

no At the time he made his application, same was refused because children are not allowed to change from one School to another in the middle of the academic year. When a child starts going to school in September at a certain place he has to finish the school year at that same place. This ruling has been established for obvious reasons.

This last September, Diome and his family had moved to a farm on the St. Isidore road and he sent his children to the Village U.C. School instead of sending them to the St. Isidore Rd., School (half a mile from his home) and consequently applied for their transportation to be paid because we do pay the transportation of children living in the area of the Bush Rd., School, which was closed last year because of the limited number of pupils and also for lack of a teacher. Peter claims that his case is the same and that if we pay for some we should pay for every one regardless of the circumstances.

The fact....

The fact that he has changed his religious beliefs is considered as being strictly his own business but in this case it is wondered if it would be fair for the Branch to pay for the transportation of these children to attend a certain school when they have one located close by.

May I say that the hiring of a taxi would entail an expense of at least \$2.00 a day and when the road closes for the winter the hiring of a man with a horse or horses will amount to not less than \$4.00 per day. No children of that vicinity are coming to the Village Schools.

Diome's letter is herewith returned.

We have your letter of the 19th instant with reference to the request of Peter Diome that the Department pay for the transportation of his children to the Caughnawaga U.C. School.

It is noted there is a school located close to his home which his children can attend and consequently we are not prepared to pay the transportation to the Caughnawaga School.

Ottawa, November 28, 1947.

Dear Mrs. Ross:

I have for answer your letter as received today.

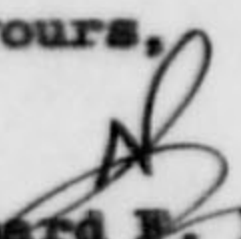

Unfortunately, the school at Kettle Point has been filled for some time now. However, we have another classroom vacancy at Moraviantown (a few miles from Highgate, Ontario). This is a new classroom which is being opened in the Indian council hall directly adjacent to our present one-room day school. There would be some 25 children in the primary grades. This classroom would be ready for occupation immediately after the Christmas holidays.

We also have a vacancy in the province of Quebec, at the Caughnawaga United Church Day School. This also is a primary room and is located near the village of Lachine opposite Montreal. In both instances the salary would be the same, namely \$1,500.00 per academic year. At Caughnawaga we have a rented house in which the other two lady teachers stay. There is a room for a third teacher there and, in fact, it is now being so occupied. The teacher at present in this position is in ill health and wishes to either retire or move to one of our schools in Manitoba. This position would also be open as of the first of January.

I am returning your letter, as requested.

Sincerely yours,

Bernard E. Deary,

Ottawa, December 10, 1947.

Dear Mrs. Ross:

I have for answer your letter of December 8. It is noted that you would prefer the primary room at the Caughnawaga School rather than the vacancy at Moraviantown.

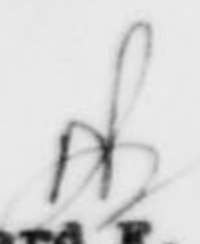

Miss Daly, the Principal of this school, was in Ottawa last week end and I discussed the situation with her. They have a substitute teacher in the primary room until the Christmas holidays.

We are quite willing to accept your services for this school but wish assurance that you will stay until the end of June. We have another teacher interested in this position and naturally we would not want to hire you if you would only agree to stay until the Easter holidays.

It will not be necessary to take any books except the usual teacher's reference texts, as we provide all books for Indian children.

With regard to superannuation, you would be classified as a temporary civil servant. A Retirement Fund deduction of 5% would be taken from your salary. This is repayable to you upon resignation plus interest at 4%. After two years you are then eligible to make application for classification as a permanent civil servant.

Yours sincerely,

Bernard F. Neary,

Caughnawaga United Church Indian Day school

Dear Doctor Dorey:

Miss Daly was in on Saturday to see me. What she actually has in mind is one of the welfare supervisor positions which we hope to set up in the Department. As it will be some time before these positions are established, I feel there is little need to worry about replacing her as Principal at Caughnawaga.

I have heard further from Mrs. Ross, whom you will recall as the teacher we discussed for the primary room. She is quite willing to go to Caughnawaga but in her letter she stated as follows:

"I will accept your position at the Caughnawaga United Church Day School from the fifth of January until Easter; then, if I like the work and am able, I will stay with you until June."

I have written to Mrs. Ross today and told her that we would expect her to agree to stay at least until the end of June.

You will remember that Mrs. Ross is of your denomination and her father was a missionary in Brazil for many years. I will advise you as soon as we have a definite answer from her.

Further to my letter of December 10, we have now received a letter from Mrs. Ross indicating that she is willing to accept the position as teacher at the above school. Mrs. E. M. Trenholme, Caughnawaga U.C. School,
Reference your 5-5-1 of January 5

We have noted the contents of Mrs. Trenholme's letter and are now able to clarify her position at the school. It is noted that she was not paid on voucher for the months of November, December and the latter part of October. Therefore we have requested our Chief Treasury Officer to pay her at the rate of \$162.00 a month for the period from October 21 to December 31. We have asked that this cheque be forwarded to her at 4311 Harvard Avenue, Montreal (28), Que. I am sending you an extra copy of this letter, in the event that you wish to pass it along to Mrs. Trenholme.

We appreciate very much her unselfish efforts in replacing Miss Fairservice under rather difficult circumstances.

Dear Col. Neary;

-:Supply Teacher Caughnawaga United Church School:-

Further to the above, your letter of January 8th 1948 to Indian Agents, Mr. F. Brisebois, at Caughnawaga, a copy of which you kindly sent to me, in which you indicated my rating, as Teacher supplying in the Caughnawaga United Church School, October to December 1947, had been established at \$162.00 per month, and at which amount your Chief Treasury Officer had been requested to issue cheque in my favor.

Under date of January 15th cheque No. A-2 J 024238 was issued and duly received by the undersigned, for which I tender my sincere thanks.

The stub of the above cheque shows "Gross Earnings \$381.48", "Deductions Income Tax \$26.60", "Net Earnings \$354.88", which was the amount of the cheque received.

Upon compiling a Dominion Income Tax Form T-1 Special 1947, I find my total personal ^(income) earnings for 1947 are \$743.45, -slightly under Single Status exemption amount of \$750.00. You will note I made intimation to this effect in the latter part of Second paragraph on page 2 of my letter (Dec. 30) to Mr. Brisebois, which he forwarded to you. Hence I understand submission of Income Tax Form T-1 Special 1947 is not required or necessary, in fact if submitted would be just one more Form for the already burdened Income Tax Staff to handle, and there is no knowing when they would get around to refunding the \$26.60, over-deducted at source.

^{and} The difference between my actual personal income during 1947, -\$743.45, \$250.00, allowable deduction for spouse on Married Status basis, viz \$493.45, will be taken care of in my husband's Return-T-1 Special 1947, as deduction from Married Status exemption amount of \$1500.00.

I shall therefore greatly appreciate if you can consistently arrange for your Chief Treasury Officer to issue cheque for \$26.60 short paid for services rendered, direct to me, as was the original cheque. Thank you.

Respectfully submitted,

Mrs. Eleanor M. (W. A.) Trenholm

Dear Mrs. Trenholm:

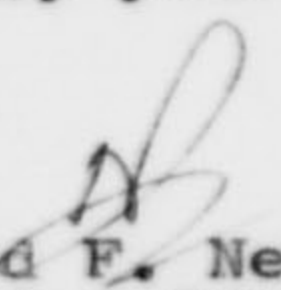

I have for answer your letter of
February 20th.

I have just discussed its contents
with our Treasury officials and regret to inform you that
it is not now possible to return to you the Income Tax
deductions made from your salary as teacher of the
Caughnawaga U.C. Indian Day School.

Once the Calendar Year has closed,
the Treasury regulations do not permit such return tax
payments for the year concerned and the only way now open
to you to claim such tax refunds will be by the submission
of Income Tax Form T.1 Special.

We have had other similar cases of
over-deduction and we have had to advise them all as above.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

With reference to your letter of the 13th instant and my reply of the 19th, we received a report from Superintendent Brisebois and the information given us coincides with your own.

We are, therefore, instructing him to notify Mrs. Ross that her services will not be required after the end of the current academic year.

It is noted from your letter of May 13th that you will nominate a teacher to replace Mrs. Ross for the academic year 1948-49.

It is regretted when writing our letter of the 19th November that it was not made clear that application for receipts, for income tax purposes, must be made over your own signature. I am now making enquiries concerning a suitable vacancy which you might like to consider. I presume that you would not want to go to the Prairie Provinces but would prefer a school in Ontario. We do not pay travelling expenses except for teachers proceeding to our schools in the Northwest Territories.

As a teacher you would be classified as a Grade III with a starting salary of \$180.00 a teaching month. If a principalship were available, your salary would be at the rate of \$192.00 a month. In most of our schools, we offer free house, fuel and light in addition to your salary.

DEPARTMENT OF EDUCATION
QUEBEC

Announcement of the Summer School for Teachers
Macdonald College, 1949.

The eighteenth annual summer school for teachers, under the auspices of the Department of Education, will be held at Macdonald College from Monday, July 4, to Saturday, July 30, inclusive. This summer school is intended for teachers holding elementary and intermediate certificates or diplomas valid in the Province of Quebec.

The purpose of this summer school is to enable certificated teachers to supplement their previous training, to become better acquainted with modern educational movements and methods, and to qualify for more advanced diplomas, in accordance with the regulations of the Protestant Committee of the Council of Education.

Elementary and intermediate certificates shall remain interim until the holder thereof shall have taught for two years successfully and shall also have successfully completed one summer session at an approved professional summer school, when the interim certificate shall be exchanged for a permanent diploma.

Advanced elementary diplomas shall be issued to holders of permanent elementary diplomas who have taught successfully for at least two years and have successfully completed three sessions at an approved summer school, one of which must be professional in character.

Intermediate certificates or diplomas shall be granted to teachers holding elementary certificates or diplomas, provided they have obtained the senior high school leaving certificate. The senior high school leaving examination may be taken in two sections for this purpose.

Advanced intermediate diplomas shall be issued to holders of permanent intermediate diplomas who shall have taught successfully for two years and completed satisfactorily three sessions, one of which must be a professional summer school, at one or more approved summer schools.

Teachers whose certificates have lapsed are eligible for attendance at summer school only after receiving special permission from the Director of Protestant Education.

Applicants will be admitted who for some sufficient reason are unable to take the whole course in one year but could take one complete course in two sessions of the summer school. No credit or bonus can, however, be given unless a complete summer school requirement is fulfilled. Applications for admission will be considered from students who wish to take partial courses without regard to credits or bonus.

Each application must be accompanied by a preliminary deposit of \$10. Money orders or cheques for this amount, with the bank charge included, must be drawn in favour of the Secretary, Macdonald College.

Candidates will be admitted, subject to available accommodation, in the order of the receipt of their applications, preference being given, if possible, to students who have attended previous summer sessions.

All applications must be made on or before June 18, 1949.

Students who apply for and receive admission certificates, but who for good and sufficient reasons find themselves unable to attend the summer school, may ask for and obtain a refund of their preliminary deposit at any time up to June 18, 1949. This date for withdrawal is necessary in order to allow vacant accommodation to be made available for other applicants.

The total living expenses from noon, July 4, to noon, July 30, will be \$38 for board and room (two in a room) including registration and medical fees. Those desiring a single room may obtain one, if available, at a small extra cost, by writing in advance to the Secretary, Macdonald College. The preliminary deposit is

accepted as part of the total charge. The balance only is required to be paid on the first day of the session. All bed linen, towels, etc. will be supplied by the College. Personal laundry work will be done by the College laundry at a reasonable charge.

Arrangements have been made whereby Dr. R. F. Kelso or his *locum tenens* will attend the College daily to give medical attention to students who may require professional service. The medical fee will cover the charges of ordinary sickness while at the College but not of infectious diseases or major operations.

Students will be expected to provide themselves in advance with the books and materials required in the different courses in accordance with the subjects chosen.

General Information

Students should arrive, if possible, during the forenoon of Monday, July 4, for registration between 9 A.M. and noon. Immediately upon arrival students should present their certificates of admission at the Secretary's office, Room 11, Main Building, for the purpose of completing payment for living expenses. Only after this has been done will rooms be assigned in the residence.

All classes will open at 1.30 P.M. in the College Assembly Hall on Monday, July 4.

A certificate of attendance will be sent each year to successful students.

Again this year the Railways and Steamship Lines, members of the Canadian Passenger Association, are putting into effect for Summer Schools special reduced fares on Certificate Plan, i.e. one-way fare and one-half for round trip for teachers, pupils and dependent members of their families when accompanying them, travelling from stations in Canada east of and including Armstrong and Fort William.

In order to take advantage of this reduction, it will be necessary for each passenger to purchase a one-way ticket at full fare from his home station to Ste. Anne de Bellevue, Quebec, obtaining then from the ticket agent a "Standard Convention Certificate"; the

going journey must commence between June 30 and July 6, both dates inclusive. Upon surrender of the certificate, properly signed by the authorized officer of the summer school, to the ticket agent at Ste. Anne de Bellevue, Que., not later than August 3, 1949, a ticket for the return journey may be purchased at one-half of the regular one-way fare; it will be valid until August 29, 1949, and will permit of stop-overs.

Courses offered

In planning their work students attending the Summer School for the first time should arrange to take at least one of the professional subjects that are offered and, avoiding undue concentration in familiar fields, should choose such other courses as will help to broaden their cultural horizons. Those, however, who are working for advanced diplomas may find some degree of specialization advisable. The combination of courses to be taken by any student must be approved by the Director of the Summer School.

Art and Crafts:

Course I — Elementary Work

Necessary materials will be provided at cost price.

All students are required to bring paints and brushes, pencil, ruler, compasses, eraser, a knife, a clean rag or duster, and a reasonably large pair of scissors. An ordinary kitchen paring knife is excellent for potato-block cutting and is comparatively safe for children.

The necessary tools for bookcraft will be furnished by the Instructor.

Mr. C. V. Frayn.

Course II — Advanced Work

One Unit

1. Plant and flower drawing for design:
 - (a) The plant.
 - (b) Its characteristic growth.
 - (c) Its adaptation to design.
2. Watercolour techniques:
 - (a) Using various types of paper.
 - (b) Using body colour.
3. Historical figure drawing for imaginative work.
4. Bookcraft:
 - (a) Making a note case.
 - (b) Rebinding a paper-backed book in half or whole cloth.
5. Gesso craft:
 - (a) Preparing the design in conjunction with No. 1 above.
 - (b) Applying the design.
6. Leatherwork for beginners.

Necessary materials will be provided at cost price.

All students must bring scissors, paints and brushes, pencil, ruler, compasses and eraser. A clean rag or duster will also be required.

The necessary tools for leatherwork and bookcraft will be provided.

Bible Study:

✓ Course I — **The Bible as Literature** One Unit

Backgrounds of the Bible: a study of the origins of the Bible, its literature, meaning and place in the life of man.

The course will include an account of how we got our Bible, particularly how we obtained the various versions. There will be an exposition of its contents—folklore, history, poetry, wisdom literature, letters and prophecy—as well as an interpretation of the purpose of the Bible and its decisive influence upon the history of man.

Rev. G. G. D. Kilpatrick, D.D.

Course II — **The Bible in Grades V and VIII** One Unit

Teaching values in the Scripture assignments for Grades V and VIII.

The course will consist of an exposition of the literary, moral and religious values in the passages prescribed for Grades V and VIII.

Rev. G. G. D. Kilpatrick, D.D.

Education:

Course I — **Child Development and Guidance** One Unit

Types of guidance by specialists and regular teachers. Adjustment to school and life. The child's innate urges and drives, interests, abilities, aptitudes, and social and economic needs. Potentialities and limitations. Psychological insight: discovery of symptoms of maladjustment and treatment. Study of individual differences, methods of assignments, methods of study and learning. Health; social, civic, moral, emotional, educational, and vocational adjustments. Individual conferences: guidance in elementary and rural schools; home and school relationships.

Texts: (1) *Helping Teachers Understand Children*, American Council on Education, Washington, D.C.

(2) *Child Development and Guidance in Rural Schools* by Strang and Hatcher, Harper.

Dr. Sinclair Laird.

✓ Course II — **Activities** One Unit

Project, enterprise and activity methods in individual subjects and groups of subjects; correlation and coordination. The principle of learning by doing. Philosophical, psychological and social principles involved. Necessary adjustments in aims, methods, discipline, materials and timetable. Extra-curricular activities to supplement school methods for purposes of child development. Suitable activities for varieties of school conditions and environments.

Text: *Activities in the Elementary School* by McKown, McGraw-Hill.

Dr. Sinclair Laird.

English:

Course I — **Shakespeare** One Unit

Lectures will be given on some important aspects of Shakespeare's philosophical background, illustrated from a variety of plays. A more detailed study will be made of *Hamlet*. Students should provide themselves with a complete Shakespeare (any edition).

Dr. G. I. Duthie.

Course II — **English Literature of the Eighteenth and Nineteenth Centuries** One Unit

The course will consist of a survey of the most important poets and prose writers of the period. The background will be sketched. The writers' biographies will be recounted, and their principal works will be critically analysed. Their thought will be expounded, and their literary achievements will be assessed. The aim of the course will be to ensure that teachers, in giving more elementary instruction to their pupils in the schools, will be able themselves to rely on a true understanding of the period and the individual writers.

Dear Colonel Neary:

Re: Caughnawaga Indian Day School
(Your File 1-1-1X - E)

I have your letter with regard to Mr. A.S. Hierlihy. We should be very happy to see this man appointed to Caughnawaga. I understand it will be necessary to make an almost complete change in the staff, but I wonder whether Miss Daly would be prepared to continue to teach, with Mr. Hierlihy as Principal.

I should be glad if you would let me know what plans you have in mind for making the change at Caughnawaga. You know that we are very anxious to co-operate with you.

Yours sincerely,

Dear Dr. Dorey:

A.S. Hierlihy

I have received an application from the above teacher. He is twenty-five years of age, and is at present teaching at Alberton, P.E.I. He has a First Class P.E.I. Teaching Certificate and seven years teaching experience. He is United Church in denomination and has submitted a reference from one of the Trustees of his local School District. He is now the Principal of the school, and the Trustee asserts that he is of reputable character and comes of a Christian family known and respected in the community for many years.

I would suggest that he might be the type of man you could use in one of your day schools in Ontario, and I would suggest that you write to me concerning a position. In fact, he might do very well at the Caughnawaga School, unless you have someone else in mind.

Sincerely yours,

Dear Sir:

Thank you very much for the information
contained in your letter of May 9th, file 1-1-1X E.

I may say that I am deeply interested
in the opportunities afforded and would like to
be advised of any possibilities either in the provinces
or Territories, preferably the latter.

One matter came to my mind was the
duration of contract. I wondered if it was a
continuous type or a type to be renewed annually.

Again I thank you for your very lucid
explanations.

Dear Sir:

I have for answer your letter of May 5,
and will answer the questions raised by you.

- (1) At the present time, the annual increment is \$60. per year. Our new salary schedule, now under consideration will provide for higher increments. These increments are the same for all provinces of Canada. In the Northwest Territories, you are entitled to a Northern Living Allowance, in addition to your salary. This amounts to \$900. for a single man and \$1500. for a married man, less standard deductions.
- (2) You are classified as a Grade 3 teacher because you hold a First Class Teaching Certificate and fall within the salary range of \$1500 - 2220. You are given credit for five years' experience in Provincial Schools (the maximum allowed by our schedule). This brings your starting salary to \$1800. a year.
- (3) You would receive \$180. a month for a ten month year, unless you were placed in a Welfare school. In this school you would receive a salary for twelve months in the year.

I presume that the latter is the type of school in which you are particularly interested.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Sir:

I am in receipt of your letter of May 2,
(File 1-1-1X E) and I wish to thank you for your
prompt reply.

Originally it was my intention to seek
service with your department as a welfare teacher in
the Northwest Territories as I did not contemplate any openings
in other parts of Canada or Indian Reserves.

I would like to have information on the increments
accruing to teachers in your service and if the rates of pay
differ for different areas, kindly quote same for respective
areas. (Ont., the Prairie Provinces, Northwest Territories).

Another point on which I am rather vague is the
matter of being classified as a grade III. Does this mean
I am qualified to teach only grade III? Also, does the matter of free
furnished teachers, fuel and light apply to areas outside the
Territories.

Finally, the salary was quoted as \$180 a teaching month.
I am wondering if this applies as a ten-month year or if one
would be paid \$180 for twelve months and act as a local
administrator of family allowances, etc. as described in the press.

This will acknowledge receipt of your letter of April 28 with attached application forms and letters of reference. I am returning the copy of your School Supervisor's report.

I am now making enquiries concerning a suitable vacancy which you might like to consider. I presume that you would not want to go to the Prairie Provinces but would prefer a school in Ontario. We do not pay travelling expenses except for teachers proceeding to our schools in the Northwest Territories.

As a teacher you would be classified as a Grade III with a starting salary of \$180.00 a teaching month. If a principalship were available, your salary would be at the rate of \$192.00 a month. In most of our schools, we offer free house, fuel and light in addition to your salary.

I am keenly interested in the matter of "Welfare Teachers" of which a short sketch was given in local newspapers.

I hold a Teachers' Licence of the First class in this province and have taught eight years in Prince Edward Island schools.

During this time I have taught in one-room rural schools and at present am principal of Alberton High School teaching grades eight, nine and ten.

I have always taken a keen interest in any worth-while community activity for example, the National Film Board Council of Alberton. Such experience gives me considerable knowledge of visual-aids and their uses.

Dear Dr. Dorey:

Mr. Doucet has just returned to town from an inspection trip to Quebec and the Maritimes. He has informed me concerning the situation which exists at Caughnawaga concerning Miss Roberts, and I understand that Mr. Kennedy is entirely in agreement with our officials in recommending that she be transferred from the school. I presume that Mr. Kennedy has written to you by now concerning this transfer. I feel that Miss Roberts has been a little indiscreet but that her actions do not warrant any drastic action on our part. I have mentioned to Mr. Doucet that she could be transferred to either the St. Clair School at Sarnia or even to the Gibson School.

Concerning Mr. Hierlihy, I agree that Miss Daly may not like to be replaced as principal at Caughnawaga. However, Mr. Hierlihy might possibly consent to work under Miss Daly for a year, and then we could consider promoting him to principal there or elsewhere.

With this in mind, I will write to him at once and find out if he is willing to go to Caughnawaga next year. I appreciate very much your offer of cooperation, and you can rest assured that we will

Toronto 2B, Ontario.

Dear Doctor Dorey:

Colonel Neary will be in Caughnawaga
on June 15th, 16th and 17th, and will thoroughly
investigate the whole situation at the above
school.

He will probably contact you long
distance on his return to Ottawa on June 20th.

Your letter of June 6th with reference
to Miss Freda Patton was brought to his attention
before he left the office.

Dear Miss Fairservice:

I have just returned from an inspection trip of the Oka and Caughnawaga Schools. There is a possibility that we may be able to fit you in at the primary room of the Caughnawaga United Church Indian Day School. I would like to hear from you at once if you are interested as we have other possibilities for this position.

I understand that a student will probably be obtained for the Oka Country School and I am recommending that Mrs. Stensrud remain at the Oka Village School.

Dear Doctor Dorey:

I have just returned from an inspection trip of the Caughnawaga and Oka Schools and have made the following recommendations concerning the transfers of the three teachers at the Caughnawaga School:

- (1) That Miss Daly transfer to the Mount Elgin Indian Day School to handle the vacancy presently existing there for a teacher in grades 7 and 8. Due to her auxiliary class training, she may also be able to help Mr. Joblin with the auxiliary class.
- (2) That Miss Roberts and Miss Reesor transfer to the two vacancies which exist in the intermediate and junior rooms at the Walpole Island No. 1 Indian Day School. Both Mr. Kennedy and the teachers are prepared to accept these transfers and I am therefore taking the following action, previously discussed with you, concerning the appointment of new teachers:
 - (a) Writing to Mr. Hierlihy, offering him the position of Principal of the Caughnawaga United Church School,
 - (b) Writing to Miss Freda Patton concerning the intermediate room (your letter of June 6 refers).
 - (c) Writing to Miss Fairservice concerning the primary room (if she is undecided or if her health^h has not improved, would

I have also discussed at some length with Mr. Kennedy and Mr. Brisebois the alterations necessary to the buildings which will be used next year for your teacherage and classroom. We hope to have these alterations and repairs completed by school opening in September.

I hope the above arrangements are to your satisfaction and that everything can be arranged in the near future.

Mr. Arnold S. Hierlihy,
Alberton, P. E. I.

Dear Mr. Hierlihy:

You will recall our previous correspondence concerning a position in one of our Indian day schools. I have just returned from an inspection trip to the Caughnawaga Reserve at Lachine, P.Q. and am writing to you immediately upon my return to Ottawa.

I am pleased to be able to offer you the position of principal of the Caughnawaga United Church Indian Day School at a commencing salary of \$1,920.00 an academic year. We have a revised salary schedule in course of preparation now and your salary may actually be higher than this if the scale is approved by 1 September, 1949.

You would be responsible for the teaching of the upper grades, namely 7, 8 and 9, and would have two other teachers under you for the intermediate and primary grades.

In addition to this salary, we will provide a furnished teacher's apartment. I do not believe that I have raised the question of whether you are married and have any family. In any event, there would be accommodation for both your wife and yourself and family. If you are not married, then I believe we can arrange for another male teacher to share the apartment with you. Our appointments are of a continuous type and are not renewed annually.

If it is at all possible for you to accept this position, I would be glad to provide you with any further details. In conclusion may I point out that this school is 30 minutes by

Dear Colonel Neary:

This is just to confirm the recommendations made over the phone that Mrs. Jack Stern be appointed to Caughnawaga and Miss Olga P.E. Burden to the Oka rural 323-1 school.

Mr. Kennedy has handed me a letter which he has just received from Miss Burden, indicating that she would likely come but wanting a little further information. I have written her saying that we would like her to take the Oka rural school.

I am wondering what progress is being made with regard to the Caughnawaga teacherage. We are all hoping it will not be very long before it will be available for occupation.

Re:- U.C. Teacher's Residences.

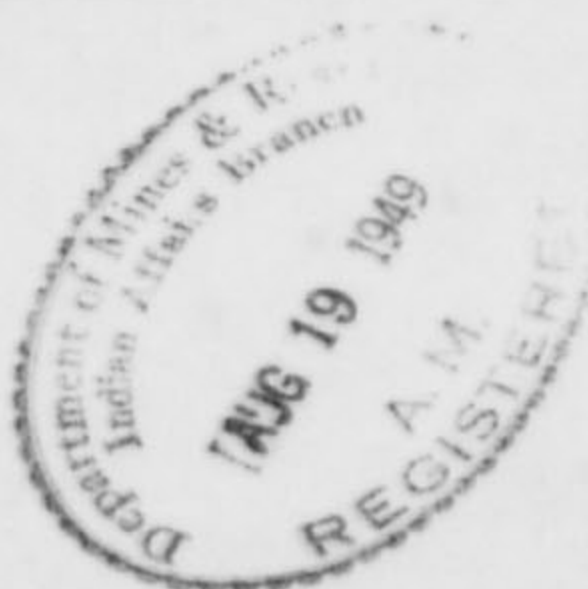

As you are aware the future residence for the teachers of the above School will not be ready for the opening of the School year but arrangements have to be made to provide living quarters for the three teachers.

In this connection it is suggested that the Principal and his family take over the residence which was occupied by the former teachers, this pending the completion of the new place.

As to the other two female teachers, it is believed that they could take over the St-Isidore road School residence on a temporarily basis and from there could travel to their School by the School bus, together with the pupils.

If the above is agreeable please advise so that Miss Descoteaux who is still at St-Isidore, be requested to vacate immediately.

The Department is prepared to take the following action, in view of the fact that the United Church teacherage and school will not be ready for opening by 1 September, 1949:

- (1) Classes will be conducted in the Kateri School until the Eastern School is ready. You may arrange to move the desks and school supplies accordingly.
- (2) The Principal will live in the old United Church teachers' residence until the new one is completed.
- (3) The two lady teachers will live at the St. Isidore Road school teacherage until the residence is completed. You may inform Miss DesCoteaux accordingly.

Miss DesCoteaux has requested permission to live in the teacherage at St. Isidore during the winter and promises to help keep the children warm while they are waiting for the bus. Have you any objection to this, after the U.C. teachers have vacated the building?

I have just discussed the above two schools with Mr. Kennedy and we are agreed that Miss Burden should be sent to the Caughnawaga U.C. Junior Room to which we originally intended to post her.

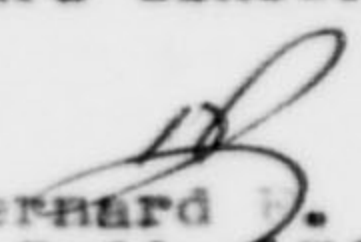

Mr. Kennedy is contacting two other teachers for the Oka Country School. Both of these are older women and I agree that Miss Burden will be better placed at the Caughnawaga School where she will be with Miss Patton.

I have just received a telegram from Miss Burden reading as follows:

" Leaving for Oka August 31st"

I understand she is to report to your office and, therefore, would ask that you advise her of this change in appointment.

Mr. Bernard F. Neary,
Superintendent of Indian Education,
Ottawa, Ontario.

Box 94,
Caughnawaga, Quebec,
December 4, 1949.

Dear Mr. Neary:

Since the enclosed Monthly Report of Attendance for October was returned to me for correction due to the fact that I accidentally counted two white children who are attending this school, I decided that this would be an opportune time to enquire about the status of these white children in this school.

At the same time as I received the incorrect report, I received the new school requisition forms for supplies. At the top of these forms it says: "These supplies are for Indian children only". The white children, who are attending this school, are evidently allowed to do so because their parents lease farms on the reserve, and are supposed to farm. But I do not see why they should be given free supplies.

Some time ago Miss Burden, the junior teacher, was short of Pre-primers. Knowing that the white children were not supposed to be furnished books, I told her to write to the parents of one of the white pupils in her room and ask them to buy a Pre-primer for him. The following is a copy of the note which Miss Burden received from the parent:

"When we rented this farm. We were told by the Indian Agent, that white children could go to the Indian school. With free transportation and school supplies as the Indian children.

So we do not see why we should buy books for Frankie, when we never did for the other two children.

(VERBATIM COPY)

(Signed)

Yours truly,
William J. Skinner. "

If we have to supply these white children and others with texts and other supplies then we will have to requisition for supplies counting them in, even though the "supplies as for Indian children only".

I would also like to enquire if anything is going to be done about getting better transportation for the children who are being transported to school? It is nearly five o'clock every night before the last of these children leave the school. At the request of some of the parents, and also out of charity, we have been keeping the children, who go by bus, in the school until the bus arrives. This necessitates one of the staff staying each night till five o'clock to supervise. Since the cold weather began, I have also been allowing the children from the R.C. Day School, who wish, to come into our school to wait for the bus. It is far too cold for them to stand out on the road for an hour waiting for the bus.

I have talked with Father Bechard, Principal of the R.C. Day School about this matter and he is of the same mind as I about the

ma'am! We both think that it is criminal to have the children waiting around until such a late hour. They do not get home until five-thirty or later, and this is far too long a day for any child.

There is one other thing that I would like to ask about. I spoke to both Mr. Brisebois and Mr. Doucet about this matter: Viz. the question of supplying a hot drink or hot soup for the children who must bring their lunch to school on account of the distance they live from school. As you know, a hot lunch was provided at Shawanaga after I requested Mr. Devlin to ask the department for it. I think that the children here, who have to bring their lunch should also be provided with a hot cup of cocoa or a cup of soup. Even though some of them can afford to buy milk or soft drinks every day, there are others who can't.

The two female member of my staff both stay to supervise during noon hour anyway, and they would be willing to look after the making of the soup if the Department will be good enough to supply it.

If the Department would consider providing soup for the 30 children who regularly bring their lunch, we would need the following amount of soup and also these supplies:

SOUP FIVE DAYS A WEEK FOR JANUARY, FEBRUARY & MARCH FOR 30 PUPILS

Soup-- 6 cases of 48 cans each-- Aylmer or Campbell's or Heinz Soup which can be diluted--Vegetable, Veg.-Beef, and Tomato

1 Hot-plate--- on which to heat the soup

1 large aluminum preserving kettle and cover

30 white enamel cups

Salt

30 teaspoons

Pepper

1 large soup ladle

2 sets of large salt & pepper shakers

1 can opener

1 dishpan

6 tea towels

Soap flakes or bar soap

An answer as to your decision on the above three matters will be greatly appreciated, at your earliest convenience.

Yours sincerely,

Vernon H. Morris

Re the marked sentences on the first page of the letter recommending to my knowledge no such advice was ever given from this office and if Brisebois in fact made such a statement it was without authority from R.T.

Am I correct in stating his statement may have been a carry over from pre-war practice. Have a recollection of somewhat the same problem arising on Tyendinaga shortly after I came in to the Branch.

Dear Mr. Morris:

Your letter of December 4 required considerable research as it brought up the question of school supplies for white farmers leasing land on the Caughnawaga Reserve. You might discuss this matter with Mr. Brisebois as we are writing to him about this subject.

Mr. Doucet will, I believe, discuss with you the transportation problem and if it does not improve, then the matter should be taken up again with Mr. Brisebois.

We are ordering the soup and kitchen equipment which you will require for noonday lunches.

We have again had raised the problem of school supplies for white children attending the above school. The Principal has no doubt discussed this matter with you and I believe that the matter has been previously clarified and these white children are definitely not entitled to free school supplies now, no matter what was done in the past.

Mr. Russell T. Ferrier,

Ottawa,

Dear Sir, -

I would like to reply to your letter of October 30, 1930. No. 20-1-B. regarding the error in my cheque. I watched the mail carefully at Oka and on arriving here, but have not yet received the balance.

I have since received a cheque for \$80 for October. Memo 6835-80. and just lately another cheque for \$160.00 for Dec. Quarter salary. I have no memo for this as it came through the agent.

I know you are very busy, especially just now, but would it be possible for you to send me a cheque for the balance. Ten dollars for each of the four months, as my salary was raised to \$90 per mo.

I am sorry to trouble you with this, but my salary having been reduced last year because of extra expenses leaves me little reserve with which to meet the extra expense which I have had again this year. I hope this will not crowd your time too much, and I would be very glad to have the remaining \$40. to meet a bill. Yours respectfully,

Representative of the Treasury.

Re School No. 304.

The regular teacher of the junior classroom at the Caughnawaga U. C. Day School, Miss Viola M. Daly, was obliged to give up duties on the 21st of October, owing to illness and the Department is today informed that she will be unable to resume duties until the month of January. Her name should, therefore, be removed from the payroll for the month of December.

With the approval of Dr. McGill, Miss Florence Elford was appointed substitute teacher from October 22nd, 1936, at a salary of \$90 a teaching month. No payment of salary has yet been made to Miss Elford and she is, therefore, entitled to 10/31 of salary for October (\$29.02); plus salary for November (\$90.00) and salary for December (\$90.00) or a total of \$209.02. The following entry should, therefore, appear on the December payroll:-

Re School No. 304.

Miss Viola Daly, teacher of the junior room at the Caughnawaga U. C. Indian Day School, was obliged to give up duties owing to illness at the end of March.

Approval has been granted for the appointment of Miss Ella Bryan as substitute teacher from April 5th, 1937, at the same salary as paid Miss Daly, viz., \$90.00 a teaching month. Miss Bryan should, therefore, be paid 26/30 of salary for April (26/30 X \$90.) or \$78.00 and the following entry should appear on the April payroll:-

304 - Ella Bryan - Caughnawaga, Que. - \$78.00

Miss Bryan's services will be continuous from the above date until such time as you receive further instructions from this Branch.

Dear Mr. Brisebois,-

You will remember that, when I was on the reserve on the 11th instant, Miss Daly told me that she intended to return to duty immediately as teacher of the Caughnawaga U. C. Indian Day School.

Please let me know if she has again taken charge of the junior room and, if so, the date on which she began duties. This information is required in order to decide what amount should be paid to Miss Bryan and to Miss Daly for the month of May.

Sir,-

Mr. Inspector Gilman, in a report to the Department on his recent visit to the Methodist Mission School on the Oaughnawaga Reserve, recommends that the windows of the building be boarded over, or shutters put on them, to keep them from being broken, also that the out-houses be securely closed to prevent them being used by the public.

You will be good enough to have the windows of the school building boarded over, the door securely fastened and the out-houses closed, in order to protect the property. You will give this matter your prompt attention. The work required in the boarding and securing of the windows and doors should be done as cheaply as possible, and you should forward properly certified accounts, in duplicate, in payment of any expenditure incurred in this work.

Ottawa, Dec. 27, 1923.

Sir:

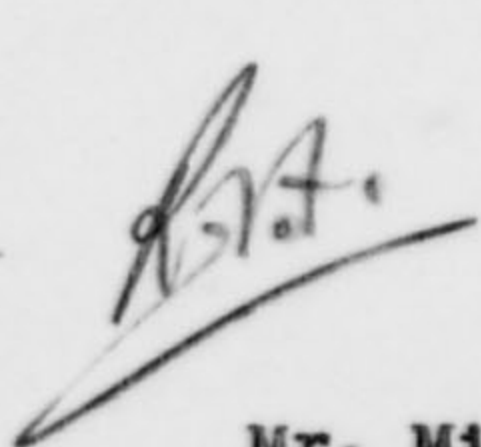

I have your letter of recent date, relative to the repairs and replacements on the Methodist Church at Caughnawaga, in which building it is proposed to conduct a separate school. As you were informed by the Superintendent of Indian Education, the Department desires to give this school activity a fair trial; but we do not wish to incur heavy capital expense until the success of the undertaking has been assured. Mr. Ferrier promised that the building would be floored and that a Quebec heater would be installed. No other expense, that is not absolutely necessary, can be undertaken at this time. Desks, a blackboard and other classroom equipment will, of course, be supplied.

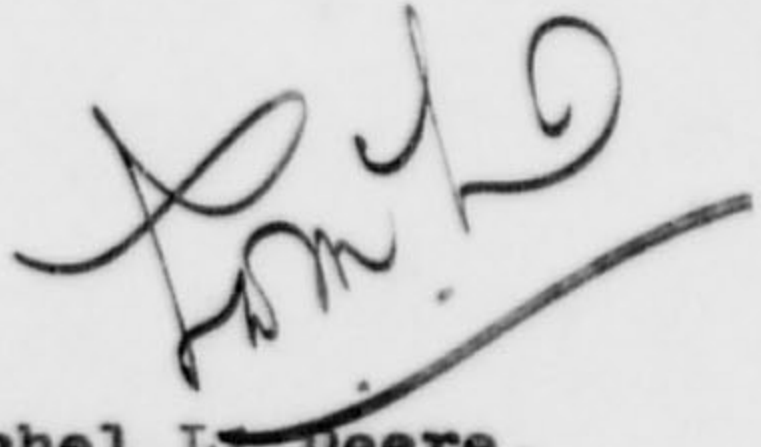

You should write to the Department, formally offering the church for school purposes on these conditions. The Indian agent will be asked to report on the need for outdoor closets and certain other repairs that are mentioned in your communication, but the Department cannot undertake to expend a large sum from Parliamentary Appropriation, on a building that it does not own, before a separate school has been given a fair trial.

Ottawa, Dec. 27, 1923.

Reverend Sir:

I have to inform you that the Department has decided to give a fair trial to a Protestant school at Caughnawaga. Four years ago, with the concurrence of your office, this activity was discontinued because of poor attendance. There are at present a few bona fide Protestant children of school age and certain other children, whose parents have stated that they are now Protestants and would like a separate school. Mr. Mitchel Deere, the lay preacher, has offered the Methodist Church building for school purposes and my object in writing to you is to have you confirm this offer. The Department intends to put in a new floor, properly heat the building and equip it with the necessary classroom furniture.

Dear Sir:-

[Handwritten signature]
I duly received your letter of December 27th,
notifying me that the Department of Indian Affairs had decided to
give a fair trial to a Protestant school at Caughnawaga, that Mr.
Deere, the lay preacher, had offered the Methodist Church building
for school purposes and that your object in writing me was to have
this offer confirmed.

I am not familiar with the situation at
Caughnawaga but will make enquiries from our representatives and
write you in a few days.

Trusting this will be satisfactory,

D. Sir;

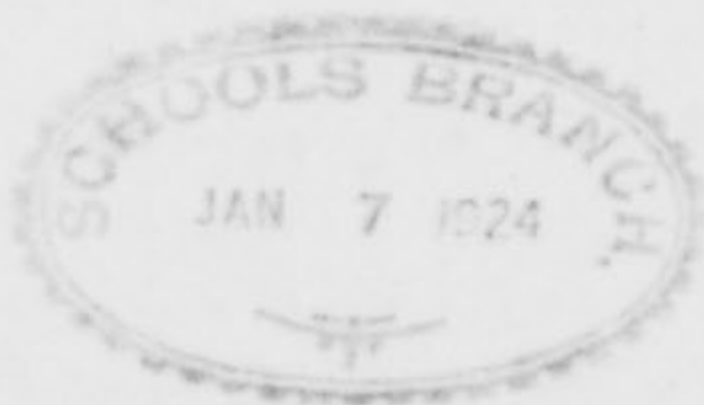

Referring to your letter no. 5-5-5, dated Dec 27/23, I have the honor to grant to the Dept consent to use the Methodist Church here as a Trial Protestant school. In this I have the consent of the Chairman of the District Rev. Robt. Smith of Montreal, under whose supervision I use the powers invested in me.

This building will require considerable repair, but we are sure that the Department will render it a comfortable, healthy and sanitary place for the children to be in, before school opens.

Thanking you for your consideration of my Protestant people I am

Yours respectfully,

RE CAUGHNAWAGA PROTESTANT SCHOOL.

Replying again to your letter of December 27th, re the opening of a Protestant School at Caughnawaga and using the Methodist Church building there for school purposes, - I beg to say that I have made enquiries relative to this matter from the Rev. Robert Smith - Chairman of the Montreal District of the Methodist Church - and find that he concurs in your proposal, providing it be understood that, insofar as it may be necessary, the building shall be used for both school and church purposes.

I do not know of any reason why our Society should object to using the church for school purposes for the time being at least, and we will, consequently, raise no objection to your doing this.

Very faithfully yours,

Sir:

I have to authorize you to arrange for the purchase and installation of maple flooring for the Methodist Church building at Caughnawaga. Permission has been received from the Methodist Church authorities, and the Department intends to conduct a Separate school in the building. You are also authorized to purchase a Quebec heater and have it installed as soon as the flooring is laid. You might have all labour performed by the members of the Band. Mr. Thos. Patton and Mr. Mitchell Deere informed Mr. Ferrier that they could arrange for the labour quite easily.

Please report on the need for outdoor closets, and intimate whether any other repairs to the building are necessary before classroom activities can be satisfactorily conducted.

The Department is ordering desks, and you will be advised in this connection at a later date.

TO DATE OF THIS LETTER

Sir,—

With reference to your letter of the 15th ultimo in regard to the re-opening of a Separate Indian Day School for the Protestant Children of Caughnawaga, I ~~be~~to inform you that the Mission building in the Caughnawaga Village would suit the purpose, providing that the necessary alterations are to be authorized by your Department, viz:

- 1o - 4 double windows. — OK.
- 2o - The floor to be double up with hard wood.
- 3o - A No 5 Quebec Heater and about 15 lengths of pipe.
- 4o - Inside walls to be burlaped at a height of about 5 feet, and painted two coats. — OK.
- 5o - Desks for the pupils,
- 6o - Desk and chair for the teacher.
- 7o - 2 black-boards.
- 8o - an outside coal bin, — OK
- 9o - An outside closet.
- 10o - Wood and coal necessary for the balance of the cold season. — authorized
- 11o - Books, stationery, utensils etc., necessary for a fair maintenance of the school.

The approximate cost of the above would be \$500. and I believe that Mitchell Deer, of Caughnawaga, is a competent foreman who could be put in charge of the work.

Sir:

I have to acknowledge receipt of your letter of the 7th instant, with reference to the repairs and equipment required to fit up the mission building to be used as a classroom in connection with the Protestant day school which it is proposed to re-open on the Caughnawaga Reserve.

In reply I beg to say that authority has already been granted you to purchase the maple flooring required, also the Quebec heater and the necessary stove pipe.

You may arrange for the installation of the 4 double windows required, and you may also arrange to have the inside walls burlaped to a height of about 5', and given two coats of paint.

Regarding the erection of an outside coal bin and closets, it is considered that a building having a compartment of sufficient size in the centre for the coal and wood and a closet at each end - one for boys and one for girls - would be the best arrangement. You may, therefore, arrange to have a building of the required size erected. No unnecessary expenditure should be incurred, and you should purchase all materials required after competitive prices have been obtained. Padlocks should be installed on the door of each closet and on the door of the fuel compartment. The Department will leave the erection of this building in your hands, to see that satisfactory and ample provision is made for closets for both the boys and girls and for the storage of the fuel. You may also arrange to purchase the quantity of wood and coal required for the balance of the present winter, and competitive prices should be obtained, if possible.

I have to request that you will state as soon as possible the dimensions of the blackboards required. You should measure the wall space on which it is proposed to place the boards, and state the length and width required. As soon as this information is received, an order will be placed here for the blackboards required.

As you have been informed in a separate communication, the Department is placing an order for the school desks and other furnishings required. A supply of books, stationery, etc., will be forwarded from the Government Stationery Office.

The labour required should be performed by members of the Band, under the charge of Mitchell Deer as foreman. Proper time sheets, in duplicate, should be kept for the labour employed.

When the above work has been completed, you should forward

IN YOUR REPLY REFER TO
No. 5.5.5.
ALSO
TO DATE OF THIS LETTER

Sir

With reference to your letter of the 9th instant, I beg to inform you that the dimensions of the two blackboards required for the use of the Protestant School at Caughnawaga, would be 8 feet long for each and a height of about 3 feet. I intend to have these blackboards placed one at each end of the classroom.

It is suggested by the man in charge of the alterations to be made at the mission building, (an indian named Mitchell Deere) that a door be placed near one of the corners at the rear of the classroom, in order to facilitate the exit of the pupils and the getting in of the wood and coal from the proposed building that is to be put up towards the rear of the school lot. I believe that this idea is recommendable, and if approved by your Department I beg to ask your authorization to purchase the necessary material. In case of this new opening at the rear of the building, it would be necessary, as stated above, to have one of the blackboards placed at each end of the classroom, otherwise, it would be preferable to have them both placed in front of the pupils, but, at one end or the other the dimensions are the same as stated above. The Indian labourers are commencing Monday the 14th instant to work on the necessary alterations. Two men will be at work.

Your obedient servant,

Sir:

I have to acknowledge receipt of your letter of the 12th instant, and in reply beg to inform you that an order is today being placed with the Government Stationery Office to forward addressed to you at Adirondack Junction, Que., 2 beaver plate blackboards, each 8' x 3' wide, with the necessary chalk trough and moulding, for the use of the Protestant school on the Caughnawaga Reserve.

The Department is not prepared to authorize the placing of a door in one of the corners at the rear of the classroom. It is considered that by so doing it would interfere with the placing of blackboards in their proper positions in the classroom. It would be unsatisfactory to have one of these boards placed at the rear of the classroom, it being preferable to have them both placed in front of the pupils.

We note that the repairing of this building commenced on the 14th instant. It is hoped that the work will be rushed to completion, that the desks will arrive in due time and be set up, and that the classroom will be ready for a teacher to commence duties at an early date.

Ottawa, Jan. 25, 1924.

Sir:

I have to inform you that, if the Protestant Indian Day School at Caughnawaga is a success, it is not the Department's intention to continue classroom activities in the Methodist Church indefinitely. In view of this fact, it would be inadvisable to have the school desks, which are now being supplied, fastened to the floor. You should have them attached to 2 x 4's running from front to rear. If four or five desks are placed on each set of 2 x 4's the desks will be more or less stationary and will not be permanently attached to the floor.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

TO DATE OF THIS LETTER

Sir,

I beg to recommend you for more accomodations at the Caughnawaga Protestant school, this on account of the increased number of pupils at that school.

It is necessary to have 4 more single desks, medium size, also 4 back seats to replace the bench that is temporarily used at the present time.

It is to be noted that the Maps received at that school could not be placed on the walls on account of their large size. We will again consider this question at my next visit to the school, I believe that unless these Maps be used in some other schools, the space would be too small at the Protestant School.

Your obedient servant,

L. H. L. L.
Indian Agent,

Gentlemen:

Relative to telephone conversation today regarding the supplying of several extra desks for delivery at Adirondack Junction, Que., I have to request that you will ship addressed to L. Letourneau, Esq., Indian Agent, Adirondack Junction, Que., 4 No. 3 single school desks and 4 No. 2 rear seats. These desks should be shipped set up, and ink wells are to be supplied with each.

This equipment should be supplied at the price quoted in your telephone conversation, viz: \$6.50 each for the No. 3 desks and \$5.75 each for the No. 2 rear seats, F.O.B. Adirondack Junction. When shipment has been made, please forward your account, in duplicate, to Mr. Letourneau, whose post office address is St. Constant, Que. He is being informed that the order has been placed with you, and requested, upon receipt of the desks, if in good condition, to certify the account and send it to the Department when payment will be made.

I shall be pleased if you can arrange to make immediate shipment.

Yours very truly,

Ottawa, March 25th, 1924.

Sir:

I have to acknowledge receipt of your letter of the 22nd instant, requesting that, owing to the increased number of pupils in attendance, 4 more single desks, medium size, and 4 rear seats be supplied for the use of the Protestant school on the Caughnawaga Reserve.

In reply I beg to say that we are today placing an order with Messrs. J. Oliver & Sons Ltd., Ottawa, to ship addressed to *you*, Adirondack Junction, 4 No. 3 single desks and 4 No. 2 rear seats. The price quoted is \$6.50 each for the No. 3 desks and \$5.75 each for the No. 2 rears. The desks will be shipped set up; ink wells being supplied with each. When the desks arrive, you should arrange to have them taken to the school and placed in the classroom. The rear seats should be placed behind the 4 No. 2 desks which were supplied in January, last.

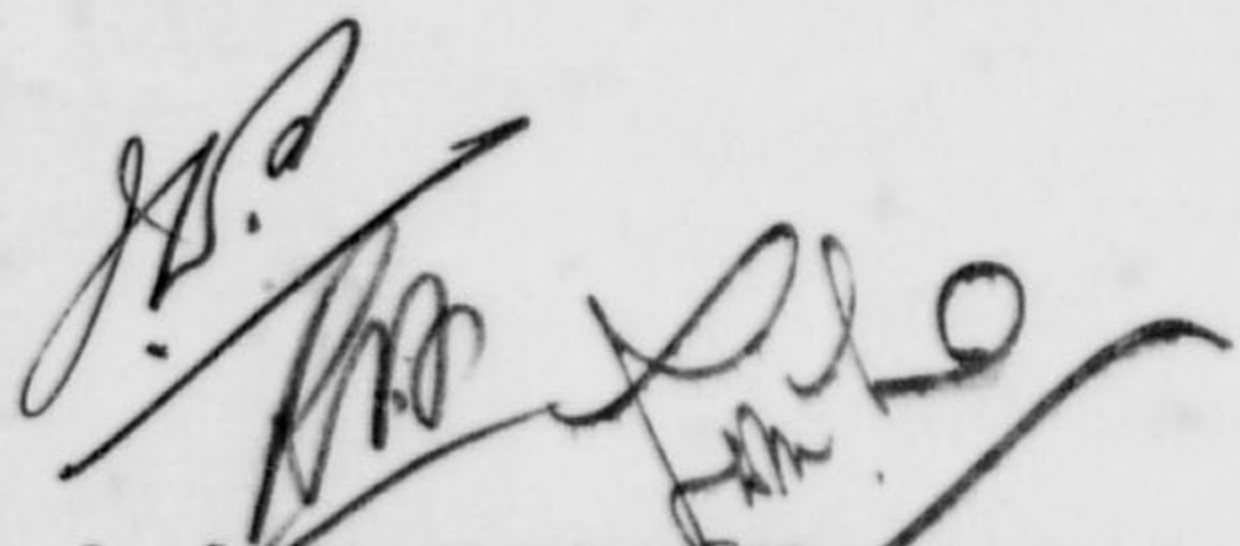

The above firm have been requested to forward their account, in duplicate, to you, which, upon receipt of the desks, if in good condition, you should certify and send to the Department in order that payment can be made.

Regarding the maps, these should be rolled up when not in use, if they are too large to hang on the walls of the school.

Sir:

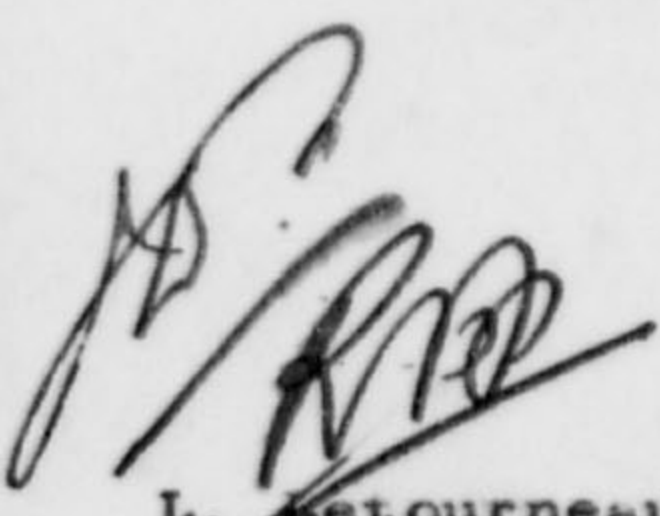

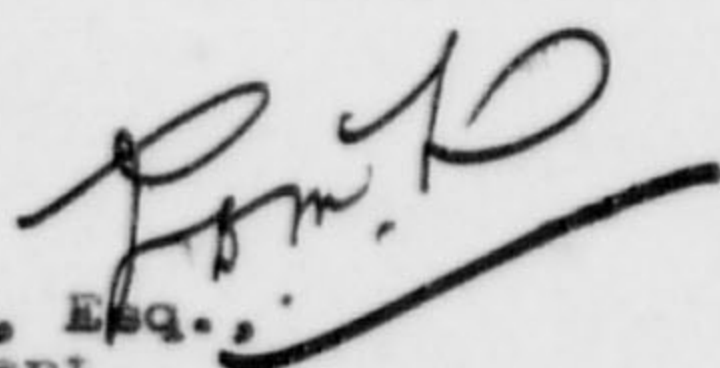

I have your letter of the 16th instant, regarding the desks required to complete the seating equipment at the Caughnawaga Protestant Indian Day School.

In reply I beg to say that 24 single desks and 4 rear seats have already been supplied for the use of this school. 28 children have been authorized to attend, and it is considered that if 4 fronts were supplied, instead of 4 more single desks, it would complete the seating requirements and would also give a more finished appearance to the seating arrangement. It is presumed that the desks are arranged in 4 rows, and if 4 fronts for the smaller size desks were supplied it would be more satisfactory than furnishing that number of single desks. It would also provide seating space for 4 extra pupils. Kindly state whether it would be satisfactory to furnish the 4 fronts instead of 4 single desks. You might also state the number of rows of desks in the classroom. As soon as this information is received, an order will be placed here for the supplying of the extra number required.

Sir,

Replying to your letter of the 21st instant, I beg to inform you that there is already 4 full rows of desks in the classroom of the Caughnawaga Protestant Indian Day School. As the furnace is now removed from the classroom, it would be recommendable to have a fifth (or middle) row of desks that could meet the requirements until next fall.

I believe that either 4 single desks or 4 fronts could indifferently be purchased; in case that 4 fronts are sent, the single ones now in use could be removed and placed in the middle row.

I may add that Miss Martin seems to be very anxious to have these 4 extra desks with the least possible delay.

Sir,-

(Incl.)

I am in receipt of your letter of the 31st December with which you forwarded a voucher amounting to \$6.44 in favour of Miss Nettie V. Green, teacher of the Protestant Day School on the Caughnawaga Reserve, which voucher covers the cost of hooks, screws, slates, etc., purchased for use at the school, and in reply I return the said voucher herewith. It will be necessary for you to obtain from Miss Green receipted accounts in support of the charges in the voucher or receipts for payments made, before you again present claim on her behalf for payment to the amount above stated. When the voucher is submitted supported by proper receipts the matter of payment will receive attention.

QUEBEC.

The school is an old building. It is very cold
in winter. The only way to keep the children
warm was to move them around. Those near the
wall were very cold while those near the fire
were too warm.

The playground is too small for the children
to play in and I am afraid to have them play
on the road.

Sir:

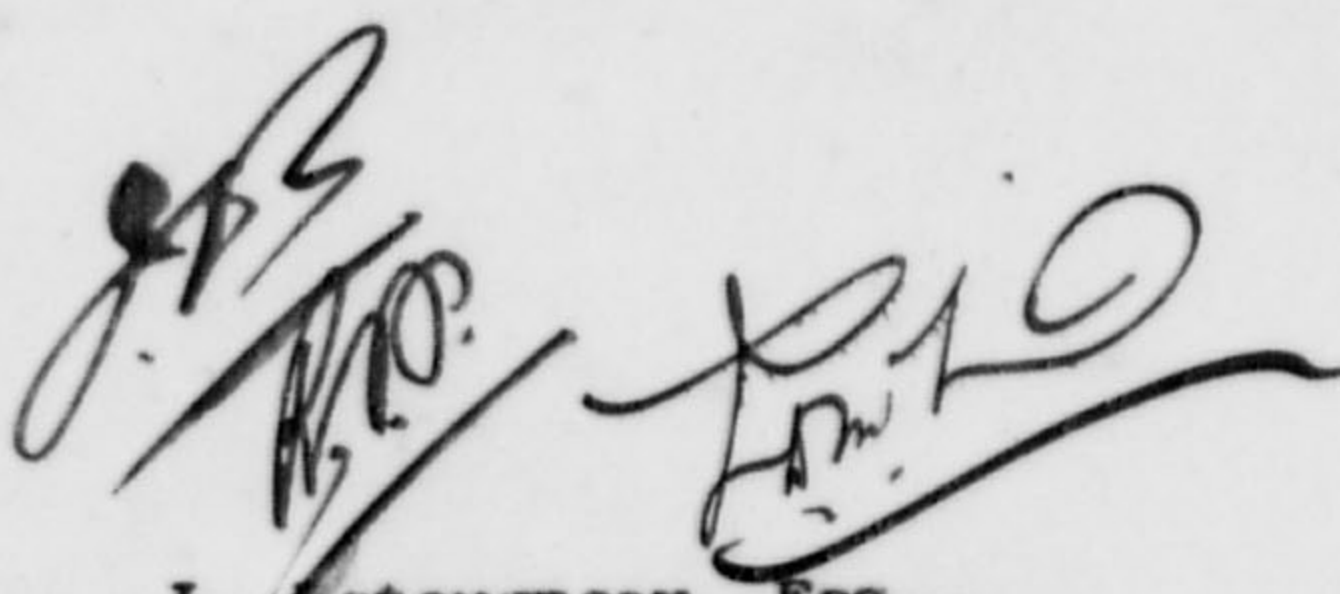

I have the requisition from the teacher of the Protestant school on the Caughnawaga Reserve in which she requests that 4 desks, No. 3, be supplied.

In this connection I beg to say that we have already provided seating accommodation for 32 pupils at this school, and as the total number who were authorized admission is only 31, it is not understood why there should be the need for this extra number of desks. The Department is not prepared to supply any more desks at the present time. If it is found that extra desks are required when the school reopens after the summer holidays, consideration would then be given to supplying the same.

Mr. L. Tournear.

Sir,

We would like to bring to your attention the following repairs which are necessary for the Protestant Day School.

- (1) The floor needs to be skelacked again.
- (2) The south side of the building needs to be clap-boarded as the boards are quite decayed and it was only patched up in the first place.
- (3) That porch should be removed and a veranda of some kind put in the front. The children have no place to hang their clothes.
- (4) The interior of the building should be painted a bright colour as it is too gloomy for a school-room.
- (5) The outside needs paint very badly also.

As the school will soon be re-opening for the next session, it is necessary to have this done as soon as possible and so we submit these suggestions.

Yours respectfully,

Monsieur,

Je crois devoir vous informer que l'Institutrice de l'école Protestante à Caughnawaga se plaint qu'elle ressent beaucoup du froid qui passe à travers le mur extérieur de l'école, juste vis-à-vis son pupitre.

J'ai fait examiner cette partie du mur et il semble pourri en dessous du clapboard. Il faudrait remplacer quelques pièces, refaire la fondation au ciment. Le coût approximatif de ces réparations est de \$18.00. Je vous prie de bien vouloir m'autoriser à faire l'achat des matériaux nécessaires ainsi qu'à l'exécution des travaux.

Sir:-

I have to inform you that the teacher of the Protestant School at Caughnawaga, is complaining that she is feeling cold drafts through the exterior walls of the school just near her desk.

I had that part of the wall examined and it seems to be deteriorated under the clapboard. A few pieces of timber would need to be replaced, and the cement foundation repaired.

The approximate cost of these repairs would be about \$18.00. I wish you would kindly authorize me to have the repairs done and the necessary material purchased.

Gentlemen:

I have been informed that the Department gives a grant for a treat for the children at Christmas time. I would like to have a grant for the children of the Caughnawaga Protestant School.

I have twenty-four children on the roll. Twenty-three of whom are between six and fourteen years of age. I would like to have a Christmas tree on Dec. 17 for them. We are having a little concert on that date and I would like to give them a treat at the same time.

Thanking you. I remain,

Sir:

The Department has received a communication from the teacher of the Protestant Indian Day School on the Caughnawaga Reserve requesting a grant to purchase supplies for a treat for the children at Christmas. The teacher states that she is arranging a programme for a concert for the pupils on the 17th proximo, and would like to provide them with a treat at the same time.

If you are satisfied, in view of the dispensing of the services of the teacher at the end of the year, that the programme as mentioned by the teacher will be carried out, you may arrange for the purchase of the supplies considered suitable to an amount not exceeding \$6. We are informing her that this matter has been placed in your hands. If the purchase is made, you should forward properly certified vouchers in the usual manner covering the expenditure incurred. The total cost of the supplies purchased for the treat should not exceed the above authorized amount.

Sir:

I have to acknowledge Resolution No. 327 of the Caughnawaga Band in Council forwarded from your office on the 25th instant. I note that the Council requests the Department to erect a classroom for the Protestant school and to use Band Funds for the purpose. You may inform the Council that their Band Funds will not stand this charge and that the present building will have to be used until Parliament provides funds for the extension of our Caughnawaga educational programme.

I beg to acknowledge the receipt of your letter of the 24th ultimo and in reply to say that it would be advisable to accede at the request of the teacher of the Protestant Indian Day School and to permit her the purchase of articles for a treat for her pupils at Christmas, the amount not exceeding \$6.

I beg to add that I have recently visited the Protestant School and I have asked the teacher whether the present number of eight children at school was the average attendance. It was then 3 o'clock in the afternoon, she replied that these eight pupils were of the senior class, while the junior class and just been released.

Dear Sir:-

I have a copy of Resolution No.327, passed by the
Indian Council at Caughnawaga, which reads as follows:-

"WHEREAS it has been brought to the notice of the Council
by written request as to the urgent need of the United
Church on the reserve for larger accommodation for its
members, the present edifice combines school and relig-
ious purposes, being far too small for present require-
ments,

on behalf of said United Church to the Department of
Indian Affairs to see the justice of its needs granting
a sum sufficient from the Indian funds."

I brought this resolution before our Committee here
last week and was requested to communicate with you, expressing the
hope that the Department would concur in the request of the Indians
of Caughnawaga and allow the necessary funds to be forthcoming to
build the proposed church.

Trusting you will see your way clear to do this,

I am,

Very faithfully yours,

Reverend Sir:

I have your letter of the 11th instant, with further reference to a resolution of the Caughnawaga Band in Council. I note that you consider the grant requested from Band Funds is exclusively for a church building. I have to inform you that the funds of the band are extremely limited, their capital amounting to approximately \$2,000. It is, therefore, impossible to give favourable consideration.

It is the Department's intention to relieve the present crowded condition of the church and classroom combined, as soon as funds are available for the extension of our educational programme on this reserve. The Roman Catholic schools are also very crowded and it is hoped that funds will be provided within the next few years for a building with several classrooms. This will release for the Protestant Day School the building formerly used for this purpose and which provides ample accommodation. When such action has been taken, the question of allowing church services in the school will be given favourable consideration.

I have your letter of the 14th instant, requesting that a grant be allowed to purchase prizes to be awarded to the pupils of the Protestant school on the Caughnawaga Reserve before the school closes for the coming summer holidays. In reply I beg to say that you may incur an expenditure not exceeding \$6 in the purchase of these prizes or other gifts.

You should obtain itemized accounts, in duplicate, from the merchant from whom you make the purchase, and these you should hand to Mr. Agent Letourneau, who is being advised of the authority given you. The Agent will certify the accounts and send them to the Department, when payment will be made.

I may say that a grant of a like amount was made for the purpose of purchasing prizes at Christmas, last. We only give these grants once each year, either at Christmas or before the summer holidays, but we are making an exception in this instance, owing to the fact that you began duties since Christmas, last. In future, we can only provide a grant for this purpose once each year.

Dr. C.E. Manning.

Dear Doctor:-

I was in Ottawa a week ago Tuesday and brought before them the matter of the former parsonage site for sale. They were very hesitant to commit themselves one way or another. I intend to follow it up however.

Our immediate problem, however, in Caughnawaga is how to facilitate the return of that school to us. If this could be secured before the school term opens it would solve in the meantime our difficulties.

I did not feel it my duty to ascertain from the Department their attitude regarding this matter. I felt that this should properly come from you.

If we could give our people at Caughnawaga some definite assurance upon this point. I am sure we could easily control and direct the enormous surplus energy; without it this energy will be a danger and a menace.

I hope you will see the Department if you have not already done so, regarding this matter. The return of this building as you see will partly meet the present demands of our work, as the present situation and conditions down there cannot be continued much longer. I believe furthermore, if the conditions were generally known in the United Church it would not be tolerated.

I am yours fraternally,

(Sgd.) J.J. Oke.

It is written by the Rev. J. J. Oke after a visit to

importance as it touches a question of policy. I

Rev. Sir:

I have your letter of the 30th ultimo, with reference to the Protestant Indian day school at Caughnawaga. I note that the Rev. Mr. Oke has written to Dr. Manning concerning using for Protestant school purposes the building in which was conducted up to six years ago a school under the joint auspices of the Methodist Missionary Society and this Department. This building belongs to the Department, and, shortly after the Protestant work closed, it was used for the purposes of the main day school on the Reserve, which is, of course, a Roman Catholic one. When the Protestant school was reopened in 1923, there was, of course, an agitation to use the former building. However, this was now urgently required for the satisfactory conduct of the Roman Catholic Indian school system, and the Department made temporary arrangements to try out the Protestant school again in the Methodist church. In January, 1924, the Chairman of the Methodist District authorized Mr. Mitchell L. Deere to offer the church to the Department for school purposes, and Dr. Manning concurred in this arrangement. We undertook repairs, and fitted up the building as a classroom.

I believe more classroom accommodation is needed at Caughnawaga, and, as soon as funds can be provided for the purpose, what is considered necessary will be erected. At that time the question of returning the Protestant activity to the building formerly used by them will be given consideration.

The Department yesterday received a communication from Mrs. Margaret D'Ailleboust, of Caughnawaga, in which she states that she speaks on behalf of the trustees of the local United Church. Our correspondent asks us to remove the school desks and the Department's other property from the old Methodist church, as it is to be demolished in the immediate future. I have written Mrs. D'Ailleboust, in part, as follows:

"The Department had planned to use the building for the coming academic year for Protestant school purposes, and there are no funds for the purpose of providing other accommodation. I have to inform you that the school may have to be closed for a time if the church building is not available. In view of these circumstances, cannot the demolition be postponed? Is it absolutely necessary that the old building be torn down to make room for the new church?"

Dear Dr. Scott:-

When the Board of Home Missions of the United Church of Canada was in session a few weeks ago, we considered a recommendation from the Montreal Presbytery to the effect that the Home Mission Board for the United Church of Canada be requested to make urgent application to the Department of Indian Affairs at Ottawa for the restoration of the Protestant school building at Caughnawaga, which is greatly needed by our people there for school purposes, and that the Home Mission Board be asked to renew its request to the Department of Indian Affairs at Ottawa for funds to aid its people at Caughnawaga in the construction of a much needed church.

[Handwritten: Enquire 5-5]
[Might I enquire when we may expect the school building at Caughnawaga - referred to in the above recommendation - will be placed at our disposal?] Also, what is the prospect of a grant being made from funds belonging to the Caughnawaga Indians to assist in building a church at Caughnawaga for the use of the people who are members and adherents of the United Church of Canada?

With every good wish,
I am,

Gentlemen:

Please arrange to ship as soon as possible by express, charges prepaid, 2 No. 3 Oliver Standard Single Desks, addressed to L. Letourneau, Esq., Indian Agent, Adirondack Junction, Que. These desks should be shipped in a knocked down condition, all parts complete. Ink wells should be supplied. These desks are required to complete seating equipment in the Protestant School on the Caughnawaga Reserve. They should be supplied at your lowest price. I may say for your information that the last order for desks for this school was placed with you on November 28th, 1924, and the desks now required should be of the same finish as those previously supplied for this school.

Please forward your account, in duplicate, with receipt for express charges attached, to Mr. Letourneau, whose post office address is St. Constant, P.Q. He is being informed that the order has been placed with you, and requested, upon receipt of the desks, to certify the account and send it to the Department, when payment will be made.

Yours very truly,

I beg to acknowledge receipt of your letter dated the 1st instant, just received, regarding the order given Messrs. J. Oliver & Sons Ltd., Ottawa, to forward 2 - No 3 Single School Desks for the use of the Protestant School at Caughnawaga, and to say that I might have been misunderstood with my letter of the 29th ultimo when I was requesting 2 combined seats for the back row. I meant the double seats only WITHOUT THE DESKS, these seats are used at the very last row of desks, consequently without the attached desk. May I ask you, in case that it is not yet too late to have the order changed accordingly.

I have your letter of the 4th instant, relative to the extra desks required to complete seating equipment in the Protestant School on the Caughnawaga Reserve.

In reply I beg to say that Messrs. J. Oliver & Sons Ltd., with whom the order was placed for the 2 No. 3 single school desks, have not yet shipped same. We have arranged with them to supply, instead of the single desks, 2 rear seats of the size required. Owing to a recent fire in the plant of this firm, it may be a few days before shipment will go forward.

Sir:

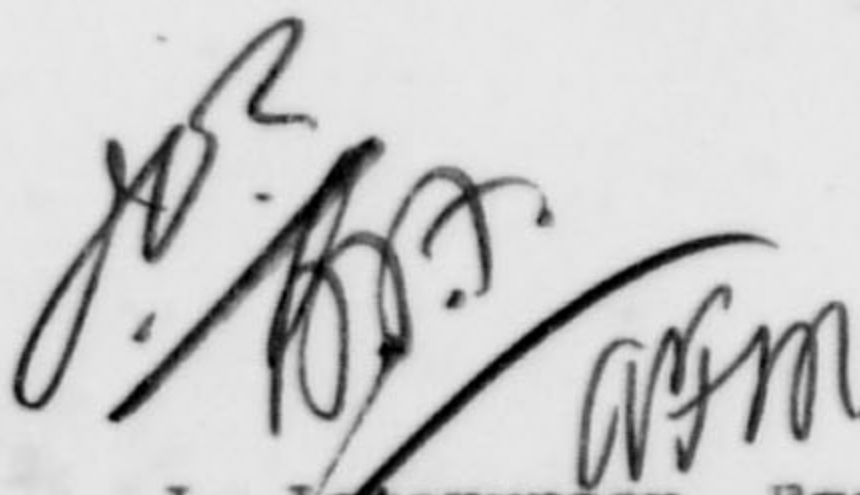

I have to refer you to voucher, dated February 15th, last, which you submitted, in favour of the Lachine Hardware Company, of Lachine, for \$5.00, covering the cost of articles supplied for the use of the Protestant Day School on the Caughnawaga reserve. In this connection, it has been represented to the Department that these goods were purchased and paid for by Michael Deere, the caretaker of the school, and that the voucher should have been made in his favour and the cheque sent to him.

I have to request that you will enquire into this matter, and, if Michael Deere paid the above company for these supplies, you should obtain a refund from the company and hand same to him. The number of the cheque forwarded was 5531, sent the above firm on February 17th, last. You should report to the Department concerning the steps taken by you in adjusting this matter. Sir:

I have to inform you that the Department has been requested to allow the Protestant Missionary at Caughnawaga to use the building, formerly used as a Protestant school and now known as the St. Anne's School, as a place of worship for the months of July and August. The Protestant church will be demolished in the near future and these people are looking for some place to hold worship until a new church is erected. As the school building in question will be used next year as a Protestant day school, the Department is favourably disposed to allowing it to be used as a church for the summer months. Please discuss this with the Sister Superior and let me have a recommendation.

You should take steps to safeguard the Department's desks and other equipment in the Protestant church. They should be properly stored at the end of June, until they are needed.

Re Caughnawaga School Building.

Dear Sir:

We are informed that the Roman Catholic authorities of Caughnawaga are removing furnishings from the School Building, situated on the property of the Protestant community there, preparatory to passing the building over for the use of the Protestant School in September next.

As the Protestant people are excluded from public worship because of inadequate accommodation in the old school house, they request me to approach you, to ascertain if the School Building could be handed over at an earlier date than September, as has been suggested. It seems a great hardship to the people that they have to restrain one-half of their people from attending divine service while the other half are occupying the full capacity of their only place of worship.

For about two years there has been a very marked spiritual movement among the Indians there and they are clamoring for suitable accommodation to take full advantage of this favorable condition.

We find a very fine spirit obtaining among the Indians and we believe with the Public School being placed at their disposal for the education of their children and a suitable place of worship, there is promise of a marked advance in the general uplift of this people.

Thanking you in anticipation, I am,

Faithfully yours,

W. R. Brinkhaugh

Dear Dr. Cruikshank:

I have your letter of the 27th instant, with reference to the school building at Caughnawaga that is to be made ready for Protestant activity for the beginning of the coming academic year. At the request of the Missionary Society of the United Church, I have already taken steps to arrange that the local United Church Missionary have the use of this building for church purposes for July and August. The school desks which are in the old church building will, of course, be moved over for the use of the Protestant School.

Sir:-

Replying to your letter of the 13th instant I beg to say that Mr. Mitchell Deere do not intend to continue his duties as caretaker of the Caughnawaga Protestant School. He had suggested the name of Thomas Patton for this work and after several inquiries amongst the Protestants of Caughnawaga, I am at last informed that Patton is now absent from the Reserve for an indefinite length of time and that no one else is prepared to perform these duties.

I do not know who is the possession of the keys of the Protestant school, therefore, it is rather impossible for me to report as to what repairs are necessary to this building before school opens.

Your obedient servant,

Lemoyne

Dear Sir,

In a few weeks there will be insufficient light on the blackboards for the children to see properly, in the evenings. So I hereby make application for the installation of electric light in this school. It would also prove a great convenience to the caretaker during work in the furnace room.

Trusting that this will be given favourable consideration.

Sir:-

I have to inform you that the fence around the playground of the Caughnawaga Protestant Day School is in bad order and need repairs. The fence wire, a length of approximately 300 feet, is all torn down, two or three big fence posts are broken and the gates are loosen from their holders. A new railing is necessary for the outside stair and the swings on the playground needs also to be repaired. I believe that the approximate cost of these repairs would be \$50.00.

I have also noticed that the playground is far from being kept clean from rubbish. The outside toilets are dirty. I have tried to see the caretaker in order ask him to put an end to this state of order, but I have failed to do so for the reason that nobody seems to know where he lives.

Sir:

I have your letter of the 18th instant, reporting on the condition of the fence around the playground at the Caughnawaga Protestant Indian Day School, and also on the condition of the playground and outside toilets.

In reply I beg to say that you may arrange to have the repairs required to the fence and gates carried out. Any broken posts should be renewed and the fence placed in good condition. You may also arrange to have new railing placed on the outside stair, and the playground swings repaired. It is noted that you estimate the cost of all the above work to be approximately \$50.

Relative to the condition of the playground and toilets, you should take this matter up with the teacher, and he and the janitor should see that the grounds are cleaned and placed in good condition, and the outside toilets placed in a sanitary condition.

After you have had the repairs to the fence, swings, etc., carried out, you should forward an account, in duplicate, properly certified, covering the cost.

Sir,

I beg to inform you that the toilets into the basement and those outside of the Caughnawaga Protestant Indian Day School are in a very bad condition.

Enclosed herewith is a statement from an Indian carpenter who estimate the cost of repairs for the outside ones at \$45.48. I have suggested to Mr. Rae, the School teacher, that it might be advisable to tolerate the present condition of these buildings until the beginning of next spring when probably the Department would approve the entire construction of suitable outside closets. In such condition, Mr. Rae has very willingly accepted this delay.

I, therefore, beg to recommend that arrangements be made for the construction of these closets for the use of the Protestant school. At the same time, it would be advisable to arrange for the renewal of the present water system of this school, the artesian well and its connection being completely out of order.

Memorandum:

MR. CHENE

Relative to the general repairs that are at present being carried out at the Caughnawaga R. C. Indian Schools, it is advisable that you visit and inspect the work being done at an early date. You should report as to what further work is required to complete the erection of the fence around the central school property, stating the material and labour necessary for the completion of this work. You should also visit the Protestant School building and report as to the repairs, painting, etc., that you would recommend in order to place this building in a satisfactory condition, giving, if possible, an estimate of the cost of any work which you would recommend be carried out. Further, you should furnish a report regarding the erection of a new fence around the property, the removal of the swings and the fitting up of the ground around the school. Please report, also, on any other matters requiring attention at these schools.

MEMORANDUM:

Dr. Scott & School Branch.

In compliance with instructions given me on the 2nd instant by the Acting Deputy Superintendent General I beg to give you the following information concerning the work required for the repairing of the Protestant School at Caughnawaga, Que.

The building is in need of painting, inside and outside. The estimated cost of this is \$250.00. The porches of the entrances are badly demolished and should be reconstructed at a cost of \$60.00. A pneumatic water supply system should be provided at a cost of \$150.00. The swings which are now on the school grounds should be removed to give more space for a play ground at a cost of \$10.00. The outside closets are absolutely useless and two separate new ones should be provided at a cost of \$120.00. There is no fence around the ground. The cost of erecting a good strong fence around the school lot would be in the neighborhood of \$95.00 including the price of two single gates and one double one, also new doors with glazed panel for proposed entrance costing about \$20.00.

While at this school my attention was brought by the teacher, Mr. Ray, to the lack of space for a playground. The playground is only about 70 feet square. There is in the rear of the present school grounds a vacant lot measuring about 160 x 70 feet which belongs to the United Church, and which would provide an ideal playground for the pupils. This enlarging of the school property is most advisable for the reason that the road in front of the school will be transformed this year into an international highway, which means that the traffic will be very heavy and I notice that the pupils are now using the Highway as a playground. I would, therefore, recommend that some means be taken to provide this school with adequate playgrounds.

I would recommend that if the work above mentioned is authorized that the agent be requested to obtain competitive prices from local painters and that the work be performed by contract under his immediate supervision.

Monsieur,-

En prevision des reparations qui sont evidemment necessaires et qui doivent etre executees dans le cours du mois de juin prochain a la maison de l'ecole Protestante ainsi que la refection de la cloture qui entoure le terrain de cette ecole comme aussi la reconstruction des cabinets de toilette qui doivent etre places au fond de ce terrain, je desire vous informer que samedi dernier, le 25 courant, je suis alle a Caughnawaga afin d'engager un ou deux menuisiers competents pour faire ces travaux, lorsque j'avais presque retenu les services de Thomas Patton, un des membres de l'Eglise Protestante a Caughnawaga, mais au moment ou je faisais a M. Patton l'enumeration des travaux qui doivent etre faits a la journee, j'ai alors rencontre M. Chas. Rae, l'instituteur de l'ecole Protestante a Caughnawaga qui m'a fait remarquer qu'il croyait inutile de faire faire ces travaux de reparations puisque l'agrandissement de cette ecole s'imposait avant l'ouverture des classes au mois de septembre prochain. M. Rae pretend que l'inscription des eleves qui est presentement au nombre de 40 sera probablement a 75 lors de la prochaine ouverture des classes. Alors j'ai demande a M. Patton de ne pas commencer ces travaux de reparations jusqu'a nouvel ordre. Je lui ai demande cependant de prendre les moyens d'avoir de l'eau, si possible, du puits artisien qui est sur le terrain de cette ecole afin de faire analyser cette eau par le Bureau Provincial d'Hygiene quant a savoir si cette eau est potable.

M. Rae m'a aussi fait remarquer que lors de la visite de M. Chene, Ingenieur du Departement, il lui a indique la necessite de l'agrandissement du terrain qui entoure presentement l'ecole Protestante. Voulez-vous bien m'informer si des arrangements a cet effet ont ete conclus avec les

autorites de l'Eglise Protestante a Caughnawaga ou si nous devons faire construire la cloture ainsi que les cabinets de toilette sur le terrain tel qui existe actuellement.

Je devoir ajouter que le systeme de chauffage de cette ecole est en tres mauvais etat et des travaux assez considerables s'imposent avant l'ouverture des classes en septembre prochain.

En meme temps que des ameliorations seront faites a cette ecole, je crois que l'installation pour un service de lumiere et de pouvoir electrique devrait aussi etre fait.

J'attends maintenant de nouvelles instructions du Departement avant de proceder a ces travaux.

Caughnawaga Protestant School
St. Constant, P.Q. May 27 1929

Sir:-

In regard to the repairs which are evidently necessary and which must be done during the course of the June next, at the Protestant school house, as well as the rebuilding of the fence around the school ground, and also the reconstruction of the privies which must be placed at the extrinity of that ground; I wish to inform you that last Saturday, the 25th inst. I went to Caughnawaga for the purpose of hiring one or two competent carpenters to do this work. I had almost retained the services of Thomas Patton, a member of the Protestant Church of Caughnawaga, and while I was enumerating the work to be done by day labour to Mr. Patton, I met Mr. Chas. Rae, the teacher of the Protestant School who remarked to me that he thought it was useless to have all these repairs done since the enlargement of the school was imperative before the reopening of the classes in September next. Mr. Rae contends that the registration which is at present up to 40 pupils will reach 75 when the school will reopen. I then requested Mr. Patton not to start the work of repairs until new orders is received. I however, requested him to take the means of getting some water, if possible, from the artesian well situated on the school grounds so as to have it analysed by the Provincial board of health, so as to know if it is drinkable. Mr. Rae also remarked that when Mr. Chénier the departmental Engineer visited the reserve,

he indicated to him the necessity of enlarging the land, at present surrounding the Protestant School. Would you kindly inform me if any arrangements were concluded to that effect with the authorities of the Protestant Church of Daughmawaga, or otherwise should I have the fence built as well as the privies on the present ground.

I must add that the heating system of that school is in very bad state and some work of considerable nature must be done before the reopening of the school next September.

When these improvements are made at this school, I believe it would be well to look into the lighting and electric power system.

I am now awaiting new instructions from the Department before any work is started.

Sir,--

Replying to your letter of the 27th instant with regard to the enlargement of the Protestant School at Caughnawaga, I beg to say that it is not the intention of the Department to give this matter any consideration at the present time. I have to request, however, that you obtain competitive prices from local contractors, including Mr. Barsalou of Laprairie for the following work which should be performed at this School.

The demolishing and reconstruction of the entrance porches at both entrances which are now reported to be in a dilapidated condition.

The replacing of the present exterior doors by new ones with glazed panels divided into four panes at the top of each door.

The removing of the swings.

1709
The cleaning of the basement and repairing of the heating apparatus throughout the building, also the painting of the walls with water colour paint.

The erection of two outside closets, single compartments, of similar construction to those erected at the boys' school, painted with two coats of paint.

The furnishing and erecting of a galvanized wire fence all around the school lot, similar to that now in place in front of the boys' school, with the exception of the front of the lot where the fencing should be the same as that previously installed. A single drive gate and two single gates for pupils' entrance.

Cleaning and painting with two coats of paint of the interior and exterior metal and wood work. The plastering to be painted with sanitone paint same as the Central School. The adjusting of windows and interior doors and other parts of the building requiring attention.

Per [Signature]
It will be necessary that you prepare a specification describing the amount and nature of the work to be performed and it should be understood with the contractors that the work will have to be carried out under your immediate supervision and to your satisfaction. It is desired that you obtain separate prices for the wiring and installing of a complete system of electric lighting in the above mentioned building, with five drop lights in the girls' rooms, two in the cloak rooms, two in the basement, with separate switches for each room, also special wiring to

operate a small motor in connection with the water supply system which is to be installed in the basement. All of the above mentioned fixtures are to be similar to those installed at the Central School, and the work is to be carried out in accordance with the requirements of the Provincial Government Regulations.

As it is the intention of the Department to install a small pneumatic water supply system in this school so as to provide water for drinking purposes, I should like to be advised by return mail whether the present well can be used and the depth of the water in same, or if an artesian well should be bored outside the building.

Monsieur,

Pourriez vous me soumettre un prix pour les réparations suivantes à la bâtisse de l'école Protestante au village de Caughnawaga ?

- 10- Demolir et reconstruire les deux portiques aux deux entrées de la même manière que ceux qui ont été récemment refaits aux Ecoles Eastern et Kateri.
- 20- Remplacer les portes extérieures par de nouvelles avec panneaux comprenant 4 vitres (glazex) dans la partie supérieure de chaque porte.
- 30- Peindre à la peinture à l'eau les enduits, après qu'ils auront été réparés et nettoyés.
- 40- Construire deux cabinets de toilette à l'extérieur, avec compartiments simples, semblables à ceux construits à l'Ecole Eastern.
- 50- Fournir et ériger une clôture en fils galvanisés autour du terrain de l'école, excepté la partie frontale, cette broche galvanisée devra être semblable à celle de la clôture de l'école Eastern.
- 60- Nettoyer et peindre deux couches de peinture à l'intérieur et à l'extérieur, y compris fer et bois, non compris cependant les planchers et pupitres. Les enduits devront être peints avec la peinture Sanitone tout comme à l'école Senior. Ajuster les châssis et les portes de l'intérieur et toutes autres réparations de moindre importance qui seraient jugées nécessaires.
- 70- Enlever le bardeau et le remplacer par du bardeau B.C. teint à la créosote, ce bardeau devant être de première qualité.

Cette soumission devra m'être adressée de la même façon que pour les travaux à l'école du chemin St-Isidore. Les travaux à l'école Protestante devront être terminés dans le cours de juillet 1929.

Memorandum:

Mr. Williams.

Competitive prices were obtained by Indian Agent Letourneau, for the cleaning, painting and repairing of the Protestant School at Caughnawaga, which has not received any attention for the last 15 years and has been reported to be in immediate need of repair. The following prices were received,-

J. Theoret, 160B Notre Dame St. Lachine, P.Q.	Tender incomplete.
Alphonse Barselau, Laprairie, P.Q.	\$1398.00
Frank T. Johns, Caughnawaga, P.Q.	\$1545.92
Clovis Electric Co., Montreal, P.Q.	\$1879.10

*approved
H.S.W.*

All of the prices submitted were based on the same specification furnished to each contractor by the Agent. As the lowest tender submitted does not contain one of the items required by the specifications, namely the construction of two outside closets, I beg to recommend that the new lowest, that of Alphonse Barselau amounting to \$1398.00, which is a reasonable price for the work, be accepted. He should be authorized to proceed with the work under the supervision of the Indian Agent immediately in order that it may be completed before the opening of the School.

I may add that separate prices are being invited for the installing of ornamental fence for the front of the School grounds, also for the installation of a new hot air heating system to replace the present one now beyond repair.

I beg to inform you that you may advise Mr. Alphonse Barselon, contractor, of Laprairie, that his price of \$1,398.00 for the repairing of the Protestant School, Caughnawaga has been accepted and you may arrange with him to have the proposed work started immediately in order that it may be completed before the end of August.

It is understood that the work is to be carried out in accordance with the specifications prepared by you and that you will make a frequent inspection of the work in order to see that it is performed speedily and satisfactorily using new materials of the best quality.

Dear Sir:-

Re: Protestant School at Caughnawaga, P.Q.

We have received your request for price, dated July 11th, asking us to quote on the equipment and installation of a warm air heating system for the above school, but unfortunately we have no way of ascertaining on what material we might figure, as we know nothing whatever about the building in question.

Are there any plans available or will it be necessary to arrange with a representative to examine the building in question.

Will you kindly enlighten us by return?

Water Pan

The water pan is conveniently located at the front where it belongs. It holds a bountiful supply of water and furnishes the necessary volume of humidity. Being placed immediately under the feed door, it is in the easiest possible position for refilling and cleaning.

Enterprise Wood Grate

When wood is burned a special grate is supplied which rests on top of the regular grate bars.

Hot Water Coil

A coil with ample capacity to heat a thirty gallon tank can be readily attached at any time. You will observe that the feed front of the furnace is built to accommodate this coil and connections.

Large Doors

The extra large feed door on this furnace is a great convenience as it enables even large pieces of coal to be put on the fire without trouble. The ash pit door is also roomy. See page 5 for actual sizes.

Casings

Heavy gauge galvanized iron and black iron are the two materials used in the casings of the 600 Series All Cast. The illustration on page 4 shows the Pipeless Furnace casing construction. Outside casing consists of one sheet of galvanized iron whereas the inner casing is constructed of a galvanized iron sheet, a one inch circulating air space and then heavy black iron. The Pipe Furnace, of course, has only one casing consisting of galvanized iron, a circulating one inch air space and heavy black iron lining. The casing construction in both instances is recognized as the most efficient possible to produce. It means heat upstairs where you need it and a comparatively cool cellar.

Made in Both Pipe and Pipeless Style

The 600 Series Enterprise All Cast Furnace is made in two sizes, Nos. 618 and 620 and in two styles—Pipe and Pipeless. In both cases the internal parts which have been described on the previous pages, are the same, the only variation being in the method of casing. The illustration on page 2 shows just how

the Pipeless Furnace appears in the cellar. It has one large register in the floor above it. On page 5 you will find the Pipe Furnace shown. Of course, numerous heat pipes are taken off the top casing and cold air brought in at the bottom, the number and size of these pipes depending on the layout of the house or building to be heated. The plan of the building and numerous other factors determine whether the best results can be secured with a Pipeless or Pipe Furnace. To give accurate advice regarding these matters the Enterprise Heating Engineering Department is maintained. They request that a plan be sent them showing the building to be heated. In return they will supply a report stating exactly what type of furnace should be used, what size and explain in detail the layout. This service is FREE and obligates no one to buy. It makes absolutely sure of satisfactory heating and means that when their recommendations are followed the **Enterprise Foundry Co. positively guarantee in writing that complete satisfaction will result.**

600 Series Pipe Furnace complete
with galvanized casing

If possible, before buying it would be desirable to see one of these Furnaces. In that way you could verify the statements which we have made. You would find that not in any respect has the case been over-stated. This Furnace will give you heat—lots of it even in the coldest weather. The heated air will contain moisture and no dust or smoke—prime essentials for health and cleanliness. Owing to its all cast construction it will continue to give this service year in and year out.

Fuel consumption will be at least one fifth less than with other Furnaces. The Patent Enterprise Robb Coal Carburetor assures that.

Furthermore, you take no chance in purchasing an Enterprise Furnace as when a plan of your house is sent to the Enterprise Heating Engineering Department and their recommendation followed, a definite written guarantee, which fully protects you, is sent. Can you ask for greater protection than that?

This Furnace solves the problem of price, efficiency, and economy at the same time. It guarantees "Winter Comfort." Surely it is the logical one to buy!

DEPARTMENT OF INDIAN AFFAIRS
CANADA

August 1, 1929.

Memorandum;

Accountant.

Competitive prices have been obtained for the furnishing and erection of a new hot air heating system for the Protestant School at Caughnawaga, to replace the present one which is worn out and condemned as unsafe. Prices are as follows,--

General Steel Wares (McLarey's)	\$440.00
Ottawa.	
National Foundries Sales Reg.	
(Supreme Foundry Co.)	\$390.00
Montreal.	
James Robertson Co.,	\$300.00
Montreal.	
Clovis Electric Co.,	\$190.00 for pipeless warm air heating
Montreal.	system (Not advisable for this building)

As the tender of James Robertson Co. of Montreal is the lowest and a reasonable price, I would suggest that the order be placed with this firm.

Sir,-

I beg to inform you that your ^{file} ~~letter~~ for the installation of a complete hot air heating system at the Protestant School at Caughnawaga at a cost of \$200.00 has been accepted, and I would request that you proceed with the above mentioned installation with the least possible delay, while the building is being renovated. It should be understood that the material from the present installation should be removed from the school property as soon as the new system has been installed.

I should like to be advised when the work is completed in order that it might be inspected by an officer of this Department before it is accepted.

Your obedient servant,

A. F. MacKensie.

Sir:

I have your letter of the 9th instant, informing the Department of the names of eleven children on the official nominal roll and who do not attend the Caughnawaga Protestant Indian Day School.

In this connection I have to request that you will state the reasons in each case for their non-attendance. If they are at present residing on the Reserve, has the teacher or yourself drawn to the attention of the truant officer their failure to attend?

You may arrange for the purchase and installation of 6 window shades of the sizes required for the use of this school, and you should forward an account, in duplicate, properly certified, covering the cost.

Sir:

The School Inspector, who recently visited the Caughnawaga United Church Indian Day School, in a report on his inspection of this school, recommends that the floor be oiled or else scrubbed often. He also states that the ventilation is poor and recommends that the windows be fixed to open at the top.

During the coming Christmas holidays you should arrange to have the floor of this school thoroughly scrubbed and, when dry, given a coat of floor oil. Please keep the expense for the purpose as low as possible.

Relative to the suggestion of the Inspector regarding the ventilation, please report the alterations that would be necessary to permit the windows in the classroom to open at the top, and state the approximate cost of having these alterations made.

OFFICE OF

St. Constant, Que.,
December 11th, 1929

5-5-5

Sir,-

I beg to acknowledge the receipt of your letter of the 5th instant and in reply to say that in accordance with your instructions, arrangements are made in order to have the floor of the Caughnawaga United Church Indian Day School thoroughly scrubbed and when dry, given a coat of floor oil,

I beg to point out that it is somewhat difficult to keep the floor, the walls and windows of this school in a fair state of cleanliness owing to the rowdy conduct of the Indian children during recess. It is now impossible, for instance, to close one of the outside doors because it was put almost out of use by these children. The outside closets are in a intolerable state and it is quite admissible that slovenliness is the proper of the larger number of those children.

As to the question of ventilation, I beg to say that the windows are well provided with ventilators, but, I wonder if they are used or not. A ventilator is also placed unto the chimney at one end of the classroom, it was only lately when this ventilator was forced open for use.

Permit me to add that when this building was used by the R. C. children, there was plenty of ventilation given through the same ventilators which could also be used for by the present class of pupils.

Your obedient servant,

Henry Bourneau

Sir:

I have your letter of the 11th instant, and note that you have made arrangements to have the floor of the Caughnawaga United Church Indian Day School thoroughly scrubbed, and, when dry, given a coat of floor oil.

With reference to the ventilation, it is noted that the windows are provided with ventilators and that a ventilator is also placed in the chimney at one end of the classroom. You should see that all the ventilators are in a workable condition and that they are used by the teacher in the ventilation of the schoolroom. You should inform the teacher that it is expected she will see the classroom is kept well ventilated.

Regarding the outdoor closets, I have to request that you will arrange to have them placed in a good, sanitary condition. No unnecessary expense should be incurred, but you should see that they are thoroughly cleaned. It is expected that the teacher will also impress upon the pupils the necessity of keeping these closets in good condition.

Sir,-

I have your letter of the 12th instant enclosing a communication from the teacher of the Protestant School on the Caughnawaga Reserve, requesting a grant of \$10.00 to purchase gifts for the pupils to be awarded them before the school closes for the Christmas holidays. In reply I have to say that the Department will approve of yourself or the teacher incurring an expenditure not exceeding the amount. Itemized accounts should be obtained covering the purchase. These you should attach to proper voucher forms, certify in the usual manner and send to the Department for payment.

Your obedient servant.

Dear Sir,-

I am returning your letter with the slips from Eaton. I could not go to the City myself, so Mr. Luke Skye attended to the matter for me.

The 9 cents above the \$10 was paid by Mr. Skye, so the bill is the even \$10. I hope the slips will be satisfactory.

Monsieur, -

Pour faire suite a mon message telephonique de cet apres-midi informant le Departement d'un commencement d'incendie ce matin, vers 8 heures, a l'ecole Protestante du village de Caughnawaga, je desire faire rapport comme suit.

Le feu a commence presque immediatement apres que le gardien des feux, Lazare, eut allume la fournaise dans le soubassement. Le feu a origine dans un des tuyaux d'air pour se propager dans un des murs interieurs. Nous croyons que les enfants avaient jete du papier dans ce tuyau d'air. Heureusement que l'alarme a ete immediatement donnee et il a fallu briser la porte exterieure pour ensuite demolir ce mur ou le feu paraissait s'etendre jusqu'au plafond.

Le feu a ete eteint mais les dommages s'elevent a environ \$400.00. J'ai cru devoir autoriser Miss Cullen, l'institutrice, de suspendre l'enseignement jusqu'a ce qu'elle soit avisee du contraire. J'ai demande au gardien des Ecoles catholiques, M. Robert, de baricader la porte brisee ainsi que les fenetres afin que personne n'y entre.

Nous attendons maintenant vos instructions avant que cette ecole soit reparaee pour la reouverture des classes.

Constance, Oct. 24th 1930

Following my telephone message of this afternoon informing the department that a fire had started this morning, about 8 o'clock, at the Protestant school of the Caughnawaga village, I wish to make the following report.

The fire started almost immediately after the furnace man had lighted the furnace in the cellar. The fire originated in one of the air ducts to spread in one of the interior walls. We believe that the children had thrown paper in that air duct. Fortunately the alarm was given immediately and it was necessary to break the exterior door and demolish that wall where the fire seemed to extend to the ceiling.

The fire was extinguished but the damages reached about \$400.00. I thought I could authorize Miss Cullen, the teacher to suspend the teaching until she is advised to the contrary. I requested the guardian of the Catholic Schools, M. Robert, to place board in the broken door as well as the windows so that no one would get in.

We now await your instructions before the school is repaired to reopen the class.

Your obedient servant
Ego Lorenzo Letourneau.

Memorandum:

Dr. Scott

As per request of Mr. Ferrier I last week made an inspection of the Protestant School at Caughnawaga, which was lately damaged by fire. The damage consisted in the burning of a portion of the partition between the cloak room and the classroom, where the hot air duct had started a fire. As far as I could judge the fire was caused by the furnace being overheated with coke.

The damages will require three or four days work and the class should be resumed next week. It will be necessary that the interior of the whole building which has been damaged by smoke be painted during the Christmas holidays. I have given the necessary instructions to a local Indian, Mr. Johns, to make a thorough cleaning of the building and supply the materials for the repairs required, and I would ask your approval of my action.

Dear Sir,

I understand it is the custom of the Department to donate money for prizes, candy, etc., towards helping the children to enjoy the X-mas festivities. As there has been an increase in attendance at our two schools, would it be possible to give us twenty dollars for this purpose?

Trusting that this request is in order, I remain

Yours truly,
Jean E. Cullen,

Madam:

I have your letter of the 30th ultimo, requesting a grant to purchase gifts for the pupils of the Protestant School on the Caughnawaga Reserve to be given them before the school closes for the coming Christmas holidays.

In reply I have to say that, as our funds this year are extremely limited, it will only be possible to allow a grant at the same rate as was allowed last year, viz., \$10. If you arrange for the purchase, you should obtain an itemized account, in duplicate, from the merchant from whom the supplies are obtained. This account you should hand to Mr. Agent Letourneau to be certified by him and forwarded to the Department, when payment will be made. We are informing Mr. Letourneau of the authority granted to expend the above amount in the purchase of gifts.

In future, I should be pleased if you would forward all requests regarding requirements at your school through the office of your local Indian Agent.

EX-10

Ottawa, March 2, 1932.

Sir:

I have to acknowledge the receipt of a communication which you forwarded from Miss Jean E. Cullen, senior teacher of the Protestant Indian Day School on the Caughnawaga Reserve, in which she requests that a supply of classroom material, wool, dental towels and two chairs be supplied.

In reply I have to say that an order has been forwarded to the Government Stationery Office to send to Miss Cullen's address the classroom supplies asked for. The wool for mittens, etc., and the dental towels were purchased here and have been sent to Miss Cullen.

You may arrange for the purchase of a small supply of Dustbane and two chairs of a type that would be satisfactory. It would be advisable for you to consult Miss Cullen as to the kind of chairs required, and you could then arrange for the purchase from a firm on the list to receive consideration, in accordance with departmental instructions. While serviceable chairs should be obtained, it is not intended that an expensive type be secured.

After you have purchased the Dustbane and chairs, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Dear Miss Cullen,

The dental towels were ordered for you yesterday, also heather mixture wool. I would suggest that your C.G.I.T. should sew tabs on each towel, with the names of the pupils done in coloured thread. Each pupil would have two towels. I would give marks on laundry day for those who wash their hands properly and do not leave too much dirt on the towels. I am sending you under separate cover a package of heavy brown envelopes in which the pupils can keep their towels, etc. in their desks. I feel sure the girls of the C.G.I.T. will have bits of coloured thread that they can embroider the names with.

Regarding the office chairs, I believe the Indian Agent will receive instructions in this connection, but I think it would help him if you would tell him just what you want. I think light-weight dark brown dining room chairs of some soft wood would be inexpensive and quite satisfactory.

When you are making the cocoa syrup please paste on the jars for Miss Simons the enclosed labels. If Miss Simons mentions anything about the tomatoes you may say that in view of her limited space it has been decided to keep the store of these goods in the basement of your school.

Hoping everything is working out well for you, I am

Yours sincerely,

Kathleen Moodie

Sir:-

At the request of Miss Oulton, Teacher, at the School of the United Church of Caughnawaga I beg you to kindly authorize me to purchase the following material to be used to place the desks in a line so as to remove them easily when it will be necessary for the teachers to organize plays or other amusements for the pupils inside of the school.

It would be necessary to purchase 12 pieces of B.C. fir, 1" x 2" x 12' and a box of bolts 1½ in. in length. I believe the approximate cost would be \$7.00. It is understood that Mr. Patton, of Caughnawaga offers to do the work for nothing.

Madam:

I have your letter of the 3rd instant, requesting that a grant be provided to purchase gifts for a Christmas tree for the pupils of the Protestant School on the Caughnawaga reserve.

In reply I have to say that the Department will approve of an expenditure for this purpose not to exceed the sum of \$8.00. Our funds this year are extremely limited and this is the full amount we can provide. You should obtain an itemized account, in triplicate, from the merchant from whom the purchase is made. This account, you should hand to Mr. Agent Letourneau, to be certified by him and forwarded to the Department, when a cheque in payment will be directed to the merchant. However, if you pay for the supplies when you obtain them, please have the account, in triplicate, properly receipted, and, in such case, the cheque in payment will be forwarded to yourself.

In future, I shall be pleased if you will forward all requests for supplies for your school through the office of the local Indian Agent.

Dear Sir,

In your letter of Dec. 9, you approved of an expenditure for the purchase of gifts for the children of our school. to the amount of eight dollars (\$8.00). We have made this purchase through a local merchant whose name, Mr. McComber, is on the bill, but I supplied the cash for this amount. I would be pleased to receive a cheque from you covering same.

The amount on the bill is \$11.76. The balance of \$3.76 is being taken from our concert proceeds.

Madam:

I have your letter of the 23rd instant, enclosing an account covering the cost of the supplies purchased as Christmas gifts for the children of the Protestant School on the Caughnawaga Reserve. It is noted you request that reimbursement be made to you of \$8, the amount which was authorized in official letter of the 9th instant.

In the above mentioned letter it was requested that the account, in triplicate, covering the cost be handed to Mr. Agent Letourneau, to be certified by him and forwarded to the Department for payment. It is noted by this account that the goods mentioned therein were sold to Mr. McComber and that the receipt is in his favour. Your name does not appear in the transaction, and the Auditor General would take exception to payment being made to you. Before this can be done, it would be necessary that you obtain a receipt in your favour from Mr. McComber for the amount which you paid him, and you should hand same, together with the enclosed account, to Mr. Letourneau, who will prepare the necessary covering voucher, certify the account and forward it to the Department.

Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Dr. McGill:

On the Caughnawaga Reserve, near Montreal, the Board of Home Missions owns a lot next door to the church, on which is erected a comfortable square frame house. A few year ago when Mr. Oke was the missionary, he asked for permission to live in Lachine, because he had several children of High School age. This was granted and the house at Caughnawaga rented. On two or three occasions I discussed with Mr. Russell Ferrier the possibility of using this property for the junior class-room in connection with the day school. The difficulty in the situation arose from the fact that it was rented and the congregation were retaining the rentals. However, we have now succeeded in getting the tenant to vacate and I am writing to suggest that it would be in the best interests of all concerned if, when school opens in the fall, the Department were to rent this building from us. The West half on the ground floor would make a very much better school-room than the present one which is in use. The room on the North-East corner would make a good cloak-room for the children and the two teachers could be made very comfortable upstairs. The building is not in good repair, but we are prepared to put it in shape.

This arrangement would be very much more convenient from the standpoint of the teachers, as this building is the first one on the West side of the church, while the senior class-room is the first building on the East side of the church. All the work would then be consolidated in one place.

Will you please be good enough at your earliest convenience to let me know what the attitude of the Department would be towards this proposition and what rent you would like to suggest.

Yours very sincerely,

Reverend Sir:

I have been directed to acknowledge receipt of your letter of the 18th instant, relative to the renting, from the United Church of Canada, of a frame house, situated on a lot next to the church on the Caughnawaga reserve, to be used as a junior classroom in connection with the Protestant Indian Day School. It is noted that the authorities of the United Church would be prepared to have this building placed in good repair and ready for classroom purposes when the school re-opens after the summer holidays on September first, next.

At the present time, the Department is renting from an Indian a building which is used as a junior classroom, for which a rental is paid at the rate of \$150 per year. We will have no funds to pay any increase in this amount for the renting of the building referred to by you, and I shall be pleased to be advised if the Church would accept a rental at the above rate or even less. Further, I would request that you inform the Department how this building is heated, whether by stove or furnace, and if there would be storage facilities for fuel, etc.

I may add that the Department is favourably disposed to consider your suggestion for the rental of this building. I should be pleased if you would state the amount of the rental that would be charged and furnish the other information requested. It is noted that, besides a classroom and a cloakroom for the children, comfortable living accommodation could be provided for the two teachers.

A. F. MacKenzie,
Secretary.

Mr. A. F. MacKenzie,

The Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr. MacKenzie: Re: Day School Accommodation,
Caughnawaga.

One hundred and fifty dollars a year seems to be a very small rental for a building as large as the one under consideration - especially in view of the fact that it will provide not only classroom accommodation but also living accommodation for the teachers. However, we are more interested in the work at Caughnawaga and in the progress of the School than in any other factor at the present time. The two teachers who are there now have created an entirely new atmosphere in the village and, with better accommodation and equipment, will undoubtedly be able to do a superior type of work - both educationally and in extra-curriculum activities. We agree, therefore, to accept a rental at the rate of \$150.00 a year beginning September 1st.

I am asking our Superintendent of Missions for a report as to the cost of the alterations which will be required. Just at present the building is being reshingled. There is a splendid cement foundation under the whole house and a good furnace, with plenty of store room for fuel, food supplies, &c. The tenant who has been occupying the building has not been using the furnace. I doubt if it has been in use for the last two years. The reason he gave was that the ground is low and a certain amount of water came into the basement in the spring and fall. Whether this is due to faulty construction or insufficient drainage, we will have to investigate. My personal opinion is that the tenant was heating the building with stoves because it is cheaper.

Our Board will not be in a position to spend any large sum of money in renovations and improvements during 1933, and it may be that we will have to be content with using stoves for the first year. The removal of the partition downstairs and the painting and decorating of the whole house will cost us quite a sum.

Trusting that this information will be satisfactory and assuring you that we appreciate your cooperation, I am

Yours sincerely,

Kenneth J. Beaton

Ottawa, May 2nd, 1933.

Sir:

I have to inform you that the Department is making arrangements with the authorities of the United Church of Canada for the rental, as from the first of September, next, of a frame house situated on a lot on the west side of the United Church - the senior class being conducted in the first building on the east side of the Church. The west half of the ground floor of this building will make a much better classroom than the one which is at present in use and which is rented from Mrs. Atrenho.

I have to request, therefore, that you will give Mrs. Sak Atrenho notice that the Department will not require the building which was rented from her for classroom purposes after the first of September, next. At that time, you should forward a voucher, in triplicate, properly certified, for the balance of the rental due her to the date the lease terminates.

The United Church authorities will arrange to have the necessary repairs and alterations carried out to the frame house. There is a cement foundation under this house and a good furnace, also plenty of store room for fuel, food supplies, etc. There will be living accommodation for the two teachers in the upstairs part of the building. The Department is allowing the church authorities rental at the rate of \$150 per annum.

About the middle of August, next, you should arrange for the transfer of the desks and school equipment in the house rented from Mrs. Atrenho to the frame building owned by the United Church. Any coke on hand in the cellar of the house or in the shed should also be transferred. No unnecessary expense should be incurred by you in removing the classroom equipment to the building owned by the church authorities and fitting same up for classroom purposes.

A. F. MacKenzie,

Reverend Sir:

I have your letter of the 28th ultimo, relative to the renting, from the United Church of Canada, of a frame house situated on the lot next to the United Church on the Caughnawaga reserve, to be used as a junior classroom in connection with the Protestant Indian Day School. I note that, while you consider the rental offered, viz.: \$150 a year, to be rather small, the Church authorities will agree to accept same at this rate as from September first, next.

The Department is informing Mr. Agent Letourneau accordingly and requesting him to inform the owner of the building which is at present used as a junior classroom that the lease for same will terminate on the above mentioned date. The Agent is also being requested, on or about the middle of August, next, to arrange for the transfer of the desks and all other classroom equipment to the building which is being rented from the authorities of the United Church. It is noted that the repairs and renovations to this building will be completed by the church authorities by that time.

It has been brought to the Department's attention that children attending the Caughnawaga Protestant Indian Day School have broken several windows in the United Church. It has been suggested that, if wire screens were placed over the windows on each end of the Church, such breakage would not occur in future.

Please advise the Department what it would cost to have these windows screened.

I have your letter of the 10th instant, enclosing a quotation which you received for the installing of wire screens on the windows of the United Church, in order that it will not be damaged by the pupils of the Protestant Indian Day School.

In this connection I have to inform you that Mr. Phelan, of this Department, will be in Caughnawaga on the evening of the 21st instant. No doubt, you will be present at the Closing Exercises, when you should arrange to see Mr. Phelan and discuss the matter of supplying screens. I may say that the quotation which you forwarded is considered excessive, as the Department has no funds to incur so large an expenditure in providing screens for the windows of the church.

Mr. Fabrice

Monsieur, -

Permettez-moi de referer à votre lettre du 2 du mois dernier relativement à la nouvelle installation des pupitres, etc., qui devra être faite dans le cours des deux mois prochains dans la Maison de la Mission de l'Eglise Unie, à Caughnawaga.

Au troisième paragraphe de votre lettre vous m'informez qu'il y a déjà une bonne fournaise au soubassement de cette bâtisse. En effet cette fournaise existe mais à moins que les calorifères qui ont été enlevés ne soient réinstallés, cette fournaise sera d'aucune utilité pour le chauffage de l'école.

At moins que le Département ait l'intention d'installer dans cette nouvelle classe la fournaise (Quebec heater) qui servait l'année dernière dans la maison de Dame Atrenho, cette fournaise du soubassement serait alors inutile et ce serait en plus une économie sur l'achat du charbon, parce que je prévois que si la Mission soit tenue de refaire l'installation des calorifères, cette fournaise du soubassement devra consommer une grande quantité de charbon, alors que l'usage de la fournaise Quebec dans la classe seulement n'exigera qu'environ six ou sept tonnes de charbon.

Cependant, il y a aussi la question de savoir si les institutrices habiteront le haut de cette maison et si dans ce cas le Département sera tenu au chauffage de toute cette habitation, il faudrait alors que la fournaise du soubassement serve au chauffage de toute la bâtisse et qu'en conséquence les calorifères soient réinstallés.

R

Dear Sir,-

Permit me to refer to your letter of the 2nd of last month concerning the new installation of desks, etc. to be made during the course of the next two months in the building of the United Church Mission at Caughnawaga.

In the third paragraph of your letter you informed me that there is already a good furnace in the basement of that building. In fact there is a furnace, but unless the radiators, which were removed, are reinstalled that furnace will be of no use for the heating of the school.

Unless the Department intends to install a new kind of furnace (Quebec heater) which was used last year in the house of Mrs. Atrenho, this furnace would be then useless and it would be, furthermore, an economy in the purchase of coal, because I foresee that if the Mission is to reinstall the radiators, the furnace in the cellar will consume a large quantity of coal, while the use of the Quebec Heater in the classroom would only need from 6 to 7 tons of coal.

However, there is also the question of knowing whether the teachers will dwell in the upper part of this building, and if such is the case the Department will have to heat the whole building. It would then be necessary to use the furnace in the cellar for the heating of the whole building and consequently the radiators would have to be installed.

Ottawa, July 7, 1933.

Sir:

I have your letter of the 17th ultimo, regarding the fitting up of the building situated on the lot next to the United Church on the Caughnawaga reserve, to be used as a junior classroom in connection with the Protestant Indian Day School.

With reference to the heating of this building, I have to say it is considered that the stove, a Quebec heater, which is at present in the building rented from Mrs. Atrenho, could be moved to heat the new classroom. I may say the Department understands that the teachers will not be living in the upper part of this building, as they have arranged for boarding accommodation elsewhere. Therefore, it will not be necessary to have the radiators installed and the furnace in the basement placed in order. It is thought that it would be satisfactory to heat this building by stove.

You should arrange in due time to have the desks, school equipment and stove removed to the house which is being rented from the United Church for classroom purposes. If any cleaning, etc., is required, you should have this work done and all equipment transferred so that the classroom will be ready to carry on the work when the school re-opens after the present summer holidays. The Department will expect you to see that all expenses in removing the equipment, stove, etc., and setting up of same in the new classroom will be carried out at the lowest possible cost.

The Department understands that the church authorities were undertaking certain repairs and alterations to make a satisfactory classroom. You might discuss this matter with the Missionary, the Reverend Mr. Whitebeans, under whose charge the work in connection with the repairs and alterations is being done. Please have him see that all work is completed and the classroom ready for occupation in due time.

Rev. Mr. Whitebeans, of the Caughnawaga Reserve, visited the Department yesterday and stated that he could purchase wire screening and have the windows of the Caughnawaga United Church properly screened at a cost not exceeding \$30 for material and labour. This is considerably less than the estimate submitted in your letter of June 10th, and Mr. Whitebeans was authorized to have the work done and hand you accounts, in triplicate, which you should forward to the Department for payment.

Mr. Whitebeans also pointed out that some of the smaller windows in the church were broken last year by the children attending the Caughnawaga Protestant School while playing at recess. The Department understands it will not require a large expenditure to replace these, and you might make arrangements with Mr. Whitebeans to have this work done also, and submit an account for the glass for our consideration.

Sir:

The Department is in receipt of a letter from Mrs. S. Atrenho, with reference to the payment of \$125 recently forwarded covering rent for the house used as the Protestant school for the period ending September 1, 1933. She states that \$150 should have been paid.

Please point out to Mrs. Atrenho that this building was rented at the rate of \$150 a year, and that you were requested by official letter of May 2nd, last, to advise her that the house would not be required for school purposes after September 1st. The house was first rented from November 1st, 1930, and payment of rental up to November 1st, 1932, was previously made. The amount due, therefore, was for the period November 1st, 1932, to September 1st, 1933, at the rate of \$150 a year, or \$125. You should, therefore, inform Mrs. Atrenho that there is no further amount due her.

OFFICE OF
INDIAN AGENT

St. Constant, P.Q.,

Le Secrétaire,
Département des Affaires Indiennes,
OTTAWA.

Monsieur,-

Je soumetts respectueusement qu'hier, en faisant l'inspection des Ecoles Protestantes a Caughnawaga j'ai constate que les balançoires sur les terrains de jeux étaient en mauvais état et qu'il pourrait en résulter des accidents pour les enfants. Je recommande qu'une somme d'environ \$2.00 me soit autorisée pour les réparer

Dans la classe récemment installée dans la maison de la Mission tout me semble complet. Cependant, comme la ventilation se fait présentement en soulevant les châssis intérieurs, il n'en sera plus ainsi lorsque les châssis doubles seront posés à l'automne. Ces châssis doubles n'ont pas de carreaux de ventilation et à moins que les propriétaires de cette maison soient tenus d'y pourvoir, il en coûterait environ \$3.00 au Département pour installer deux carreaux de ventilation dans deux châssis doubles, à l'avant et arrière de la maison.

En faisant la visite de la classe installée dans la maison de la Mission, j'ai constaté qu'il y faisait trop chaud pour les enfants qui baillaient. Le gardien de l'école, Matthew Lazare, est en même temps venu me demander de lui procurer une corde de bois. Je lui ai répondu de s'adresser pour cela à M. A. Robert, le gardien des écoles Catholiques qui en a une provision à l'abri pour livraison aux écoles contre un reçu de la main des Institutrices. Je lui ai fait remarquer qu'il n'était pas nécessaire de chauffer continuellement les salles de classe au bois, qu'un peu de feu dans la matinée suffisait pour en chasser l'humidité, mais mes suggestions ne semblent pas fort l'impressionner.

Joseph Bourneau

St. Constant, Sept 13, 1933

The Secretary
Dept. of Indian Affairs, Ottawa.
Sir:-

I respectfully submit that yesterday, while making an inspection of the Protestant Schools of Oujé-Bougouma I noticed that the swings on the play grounds were in bad shape and accidents might happen to the children. I recommended that I be authorized to spend about \$2.00 to repair them.

In the classrooms recently installed in the Mission building everything seems to be complete. However as the ventilation is at present made by lifting the interior windows, this will become impossible when the double windows are set in the fall. These double windows have no ventilation panes and unless the proprietors of the house are obliged to see to it, an expenditure of \$300 will have to be made by the Department to install two ventilation panes in two double windows at the front and rear of the house.

While visiting this classroom in the Mission building I notice that the atmosphere was too hot and that the children were yawning. The janitor of the school, Matthew Lazare, at the same time requested me to get him a cord of wood. I told him to address himself for that to M. G. Robert, the guardian of the Catholic Schools who has a supply on hand to be delivered at the schools on presentation of a receipt from the teachers. I remarked it was not necessary to heat the classrooms continually with wood, that a small fire in the morning was sufficient to get rid of the dampness but my suggestions do not seem to impress him.

Sir:

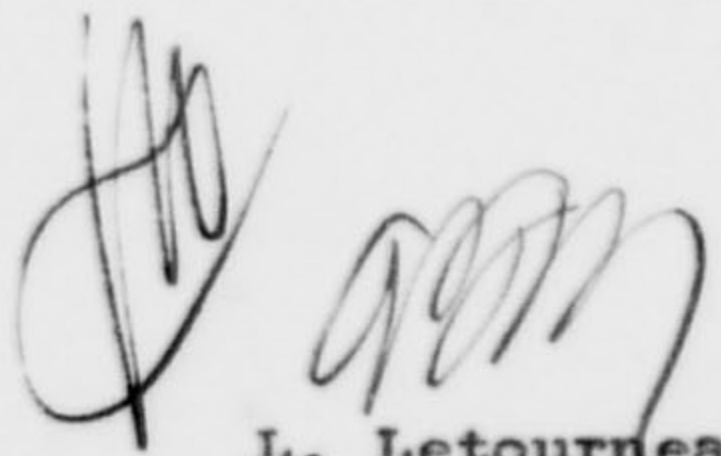

With reference to your letter of the 13th instant regarding the Caughnawaga United Church School, I beg to say that you may expend a sum not exceeding \$2.00 in fixing the swings on the playgrounds.

You may also expend \$3.00 in placing ventilation panes in two of the double windows.

Your remarks regarding the heating of this building have been noted and the teacher is being requested to inform the janitor that, unless your orders are carried out, the Department will dispense with his services.

Your obedient servant,

A. F. MacKenzie,

Madam:

The Department is informed by Mr. Agent Letourneau that he recently visited the new classroom for the Caughnawaga United Church School and found the building too hot. He also advises that he informed the janitor that a small fire in the morning is sufficient to get rid of the dampness, but that the janitor does not seem inclined to carry out his instructions.

I would appreciate if you would inform the janitor that, while the Department desires the classroom to be kept comfortable, it is not intended that it should be overheated. You should further inform him that, unless he carries out the instructions given to him by Mr. Agent Letourneau, the Department will dispense with his services.

Your obedient servant,

A. F. MacKenzie

Mr. A. J. Mackenzie,

Secretary, Dept. of Indian Affairs
Ottawa, Ont.

Dear Sir,

In reply to your letter of Sept., 19,
File No. 5-5-5, I wish to state that the
janitor of my school has heated
the room only at my request.

On the occasion of Mr. Létourneau's
visit the fire had been put on at the
noon hour, as the room had been
uncomfortably cold during the morning
session. Since that time a small
fire has been put on in the morning and
allowed to go out when the room has been
sufficiently heated.

I wish to state further that the said
janitor has always complied with my wishes,
and has proved capable and willing to
perform his duties in a satisfactory manner.

Hoping this explanation will clear
up the matter,

I am

Yours truly, Viola M. Kelly.

Monsieur,-

Je soumetts respectueusement que dans chacune des deux salles de classe des Ecoles Protestantes a Caughnawaga il manque les armoires nécessaires pour y placer les approvisionnements de papeterie, etc., qui sont présentement empilés par terre dans les coins des salles de classe. J'ai l'offre d'un Indien de Caughnawaga qui peut faire des armoires de 8' x 3' x 1' au prix de \$5. chacune. Je crois que ce prix est très acceptable. Je recommande qu'une somme de \$10. soit allouée par le Département pour la confection de ces deux armoires.

Sir. -

I respectfully submit that in each of the two class rooms of the Protestant Schools at Oanguinawaga it would be necessary to have cupboards to keep the supply of stationery etc, which is at present stacked in the corner on the floor of the class rooms. I have the offer from an Indian of Oanguinawaga, who can make these cupboards 8' x 3' x 1' for \$5.00 ea. I believe that the price is very reasonable. I recommend that a sum of \$10. be allowed by the department for the building of these two cupboards.

Dear Sir:

Re: Caughnawaga School Building.

This will acknowledge receipt of your letter of August 18th, reporting that there is water in the basement of the building on the Caughnawaga Reserve which the Department is renting from the United Church for school purposes.

We have written to our minister at Lachine, Rev. A. J. Macdonald, asking him to make arrangements to have the water pumped out of the cellar before the opening of school at the beginning of September.

Hoping this will be satisfactory,

I am

Yours sincerely,

Re Rental Class Room, Caughnawaga Indian Day School

My attention has been called to the fact, that the last payment which has been made to us on account of the rental of the building which is being used for day school purposes at Caughnawaga, was on July 4, 1934. Will you please be good enough to look into this matter and let us have a cheque for the current year at your convenience. We are planning to carry out some further improvements on the house during vacation, including the raising of the building and filling of the cellar to a point above the water level.

Yours very sincerely

Dear Mr. Sutherland: Re: Teacher's Residence,
Caughnawaga

As you know, our two teachers at Caughnawaga for the last three years have been boarding with an Indian family. The arrangement is not satisfactory. Miss Daly was here on her way home for vacation and we discussed the problem at some length. There seems nothing to do except provide them with a residence. Mike Skye owns the house next to the senior classroom and it is available for rent, as he is living at the present time with his mother. The house appears to be fairly well built and with a little decorating inside could be made quite comfortable. We can rent it for \$100.00 a year. Would the Department be willing to pay the rent if The United Church of Canada furnishes the residence for these teachers?

While I am writing about Caughnawaga, I may say that I visited recently the building which is rented from the United Church for a junior classroom. We have a committee at work on it now and hope by the time school opens that a proper system of drainage will be installed and that a sufficient amount of redecorating and painting will have been done to make the part used as a schoolroom more attractive.

Yours very sincerely,

Kenneth J. Beaton

OFFICE OF
INDIAN AGENT

Caughnawaga, October 11th, 1935.

Dear Sir;-

You will find herewith agreement for lease passed between Mike Skye of this Reserve and Miss Viola Daly, teacher of the Caughnawaga Protestant School, covering Village Holding No.624, to be used as a private residence by Misses Daly and Kenner. The teachers claim to have been instructed by Mr.Beston of the United Church, to rent a house and to forward the agreement to Ottawa, when the Department will pay the rent.

I would kindly ask you to let me know if a monthly requisition will be made for the above rent, or if this is not required. I also beg to point out that the months of September and October are now due.

Your obedient servant,

Indian Agent.

Dear Sir:

I regret that a reply to your letter dated October 11th, last, enclosing a lease of the house used for the residence of the teachers of the United Church Indian Day School on the Caughnawaga reserve, was inadvertently overlooked.

In this connection I have to say that the Department agreed with the authorities of the United Church to pay a rental at the rate of \$10 per month for the use of a house as a residence for the two teachers. The lease which you forwarded, signed by Mike Skye, is satisfactory. You should prepare a voucher, in triplicate, for the rent due from September first, last, to the end of December - a period of four months - at the rate of \$10 per month. You should state on your voucher that it is in payment of rental of house for use of teachers of the United Church Indian Day School, Caughnawaga reserve. When this is received, payment will be made. You should forward vouchers for the rent due at the rate mentioned at the end of each quarter following.

My dear Mr. Sutherland:

Re: Teachers' Residence,
Caughnawaga Indian Day School

After my interview with you on July 29th, I came to the conclusion that I had authority to rent a house for the day school teachers at Caughnawaga. With that understanding, I visited the reserve, made arrangements to rent a house, owned by Mr. Skye, next-door to the senior school building, from September 1st, for \$10.00 a month. The house has since been completely furnished by the United Church and the teachers have been living in it for four months. A proper lease was drawn up and turned over to the Indian Agent early in October.

Up to date, Mr. Michael Skye has received no rent and he is beginning to feel that I have "put one over on him." When the teachers approach the Agent about it, he says that the rent cannot be paid except through him, and that he has had no orders regarding requisitioning for these payments.

Will you please be good enough to look into the matter at your convenience.

I have your letter of the 15th instant, regarding the rental of a house as a residence for the teachers of the Protestant Indian Day School on the Caughnawaga Reserve.

In this connection I have to inform you that a cheque in payment of four months' rental, at \$10.00 per month, for the months of September, October, November and December, last, is being sent Mike Skye, the owner of the house. The local Indian Agent has been requested to forward vouchers for the rental due at the rate mentioned, at the end of each quarter.

We have received a copy of the lease which, it is noted, is for a period of twelve months from the first of September, 1935.

Dear Mr. Sutherland:

Re: Accommodation, Junior Room,
Caughnawaga Day School, P. Q.

In connection with the meeting of the Executive Committee of our Board, which was held last week, we had a discussion with the Superintendent of Missions for the Montreal-Ottawa area concerning the accommodation for our missionary on the Caughnawaga-Oka field, Rev. C. C. Dean. He is finding the cost of working his field prohibitive and we are being asked to spend a considerable sum of money in renovating the Caughnawaga house, now being used as a school-room, so that it will be available for his use by September 1st. It will therefore be necessary for the Department to find some other accommodation for Miss Daly's class, which is now being housed in that building.

I would like to make a suggestion, namely, that your architect seriously consider re-modelling the senior class-room, now being used by Miss Kenner. By lowering the ceiling 3 feet and putting an extension of about 6 feet on the back of the building, two splendid class-rooms could be provided on the ground floor and an excellent apartment prepared for the teachers upstairs. The Department is now paying \$22.50 a month rent to provide for the junior room and the teachers. The change could be effected for an expenditure of about \$3500.00.

I hope to be in Ottawa on Monday next and to have the privilege of discussing this and some other problems with you.

Reverend Sir:

I have your letter of the 31st ultimo, addressed to Mr. Sutherland, of this Department, relative to the providing of accommodation for the junior class of the Protestant School on the Caughnawaga reserve, for the academic year beginning on or about September first, next. It is noted that the building now rented from the church authorities for this room will be required for the use of the missionary on the reserve.

It is extremely doubtful if there would be funds available to remodel and enlarge the building used by the senior class, in order to provide a second classroom and living accommodation for the teachers. The Department is requesting the local Indian Agent to make enquiry concerning the possibility of renting a house that would be suitable for the junior class. As there is ample time to make arrangements for classroom accommodation, the matter will in the meantime be kept in mind. I understand that Mr. Sutherland discussed this matter with you during your visit to the Department yesterday.

Dear Sir:

The Department has received a communication from the authorities of the Board of Home Missions, United Church of Canada, in which they state they will require, as from September first, next, the building which is now being rented for them for classroom purposes for Miss Daly's class, on the Caughnawaga reserve.

The Department will have no funds to remodel the senior classroom, now being used by Miss Kenner, in order to provide additional classroom space and living quarters for the teacher. It will therefore be necessary to consider what arrangements can be made to provide accommodation for the class now being taught by Miss Daly. It is thought it might be possible to rent a suitable house on the reserve that could be fitted up for classroom purposes. I would request that you make enquiry and, in due time, inform the Department what arrangements you would recommend be made to rent a suitable house or otherwise provide for the extra classroom. As stated, it will not be necessary to have the classroom ready until the school re-opens after next summer holidays, on or about September first.

*See letter to Dept
under J.D.*
Rev. C. C. Dean, our missionary in connection with the Caughnawaga-Oka Mission, has to give up his house, according to the prevailing custom in the city of Montreal, on May 1st. It is impossible to begin repairs on the residence at Caughnawa, now used as a junior class room, until after school closes in June. Miss Daly and Miss Kenner have invited the Deans to live with them for the months of May and June in the house being rented by the Department for the use of the teachers.

I am writing to inform you of this arrangement, in case Mr. Michael Skye, the owner of the house, should ask the Department for additional rent. The Board of Home Missions will care for any additional honorarium that should be given to him for those two months.

OFFICE OF

Caughnawaga, Que.,
July 21, 1936.

Dear Sir:-

R.

In connection with the renting of a house at Caughnawaga, for the purpose of ~~new~~ new accomodation for the junior class of the Protestant School, I wish that the houses visited by the Rev. Mr. Dean and myself were not found suitable for the purpose required.

Rev. Mr. Dean expressed his dissatisfaction of not being provided with a place meeting with the standars and specifications required for the number of pupils of that class etc., and gave me to understand that he was leaving everything to the Department, stating that there were no private dwellings he^{re} which could be used as a school.

However, owing to the situation in regard to the matter I interviewed Reverend Sister M. Cleophas, Principal of the R.C. Schools, in order to find out if room could not be found for Miss. Daly's class, for at least a year, at any of the R.C. Village Schools.

The Rev. Principal advised me today, that in order to oblige the Department, it would be possible to accomodate the Junior class of the Protestant School, at the Eastern School. The Sister states that by combining the two preparatory classes of the Eastern and the Kathari Schools together, she could manage to let Miss. Daly have the use of one class of the Eastern School. It being understood, however, that this arrangement will only be temporary, as the Sisters will badly need this room for the 1937-38, school term.

I would recommend the acceptation of the Rev. Sister's offer for the next school year. In the meantime, it might be possible to find some other quarters for 1937.

Yours very truly

Dear Sir:

The Department is in receipt of your letter of the 21st instant, in which you state that you have arranged with the Reverend Sister Superior of the Caughnawaga R. C. School to provide a classroom in the Eastern School for Miss Daly's class.

This arrangement meets with the approval of the Department, but it should be understood by all parties concerned that this classroom can only be occupied by Miss Daly's class during the academic year 1936-37.

Rev. Sir:

Mr. Agent Brisebois advises that Rev. Mr. Dean and himself have been unable to find a house that would be suitable for the junior classroom of the Caughnawaga U. C. School. The Agent has, therefore, arranged with the Sister Superior of the Caughnawaga R. C. School to combine two of their preparatory classes. This will leave a vacant room in the building known as the Eastern School. This building is the closest school to the present United Church School, and should be very suitable for the pupils of the junior room of the United Church School.

It should be understood that this arrangement only pertains to the academic year 1936-37.

Yours truly,

Dear Sir:-

I beg to inform you that the woodwork of the Senior Class of the Protestant School and also that of the entrance hall of this same building would require to be re-varnished, as it is not in good condition at present. The steel fence of about 60 feet long, in front of that school would also require one coat of grey paint, as its original paint is now gone and the fence rusted. Mr. Phelan of the Department has noticed the condition of the woodwork at his last visit here. The labour for the above work would be of approximately three days work, at 30¢ an hour. No varnish will have to be purchased, as we have recently received some from the Salvage stock of the St. Vincent de Paul Penitentiary. We also have the necessary paint for the steel fence.

Dear Sir:

With reference to the arrangement made last Monday, between yourself, Mr. Phelan and the officers of the United Church, the Department approves of the junior room of the United Church Day School being conducted in the church during the academic year 1936-37. Rent will be allowed at the rate of \$20.00 a month, from September first, 1936, to June 30, 1937.

You may arrange for the janitor work and you should advise the Department what rate per month you consider reasonable for this work. When it is required, please advise how much coal you believe should be supplied for the use of this building.

You should arrange, also, to have the desks moved to the school and it would be advisable to have the desks placed on wooden runners, in order that they can be easily moved.

An order will be placed with the Government Stationery Office for portable blackboards.

Dear Sir:-

Rev. Mr. Dean and Miss Daly, respectively teachers of the Senior and Junior classes of the Protestant school of this Reserve, called at this office to-day and complained that the requisition sent by Miss Daly and Miss Kenner at the end of June last, has not yet been received by them, with the exception of a few "Text Books". They stated not to have received any pencils, scribblers, erasers, or nothing that is usually sent by the Department.

It was also pointed out by the teachers that the blackboards recently received for use in the class to be held in the United Church building, cannot be used. They claimed that those received are made out of slated cloth, which rolls like window shades instead of being of the portable kind, expected.

Rev. Mr. Dean also requested to be supplied with the followings for use at the school:

- 2 window shades size 33 X 84 inches.
- 2 " " " 34 X 84 "
- 4 " " " 36 X 84 "
- 4 padlocks for the toilets of both classes.
- 2 tanks of five gallons, for drinking water.
- 2 waste baskets.
- 1 small table, for use of teachers in class.
- 1 wash-basin stand.
- 1 cupboard, for the storing of books.

I would kindly ask you to see that the articles mentioned in the June requisition be sent as soon as possible and to take into consideration the present request of the teachers.

Dear Sir:-

I wish to refer to your letter of the 14th instant, in connection with the arrangement made with the officers of the United Church, to have the Junior class of the Protestant School, in the United Church building, for 1936-37.

*See reply

In regard to the janitor work, I wish to say that after having consulted Rev. Mr. Dean, it has been suggested to recommend the re-appointment of Mr. F. Diabo, the former janitor of that class, at the salary of \$75.00 payable at the rate of \$6.25 a month, from September 1st, next.

Relative to the fuel required, it is considered that the order recently put in with Mr. Lanctot will be sufficient for the winter as there is about 2 tons left from last year, for that class, and the requirement had been estimated at 5 tons, for the coming year.

The desks were already on wooden runners and will be moved in the church, by the janitors, this week. I would kindly ask you to have the portable blackboards sent as early as possible.

Dear Sir:

The Department is returning unpaid the account which you submitted in favour of the Shawinigan Water and Power Company. This account covers the cost of electricity used at the Caughnawaga United Church School. The bill, no doubt, includes the light used on those days when the school is not in session.

In view of the fact that we are allowing a reasonable rent for the use of this building for school purposes for five days in the week, the Department does not consider that we should be required to pay for the lighting.

Yours truly,

A. F. MacKenzie,
Secretary.

RECEIVED

Dear Sir;-

I beg to acknowledge the receipt of your letter of the 24th inst. returning unpaid the account submitted in favour of the Shawinigan Water and Power Co., covering the cost of the electricity used at the Caughnawaga U.C. School from September to November 14th, 1936.

In reply I have to inform you that Rev. Mr. C.C. Dean of the United Church, who is also the teacher of the Senior class of the Protestant School, has been advised of your decision. Mr. Dean, however, is refusing to consider the payment of the account and states that the Church will not make any disbursements for electricity, as long as the Church building is used as a classroom. Mr. Dean claims that the light is almost entirely used during the school hours, as the building is not well lighted, and that they only use the light for about one hour a week for religious meetings.

Owing to the attitude of Mr. Dean on the question I would kindly ask you to let me know your final decision in the matter in order that the Shawinigan be advised accordingly. The account is enclosed herewith.

Yours very truly

MEMORANDUM:

Mr. J. M. Wardle, Director,
Surveys and Engineering Branch.

Provision has been made in the Special Supplementary Estimates for the present fiscal year for an expenditure of \$3,500 in the erection of a day school at Caughnawaga, Quebec.

This building should be a one-roomed school, with basement, and there should be seating capacity for thirty-five (35) pupils. It is intended as a second classroom for the Caughnawaga United Church Indian Day School and should be built close to the present Caughnawaga United Church School. It is understood that a site for this building will be given by the United Church authorities.

This Division would appreciate your giving the above matter immediate attention.

Dear Mr. Hoey: RE CAUGHENAWAGA

You will remember that when I was in Ottawa we spoke about the possibility of the new room for the School being built as an extension to the present building, which would necessitate using some land which is now the property of the United Church of Canada. I brought the matter up at our Board, and authority was given to the Executive to deal with the matter when we had before us the formal application from your Department, together with the plan of the proposed extension. I should be glad to hear from you as to just how the matter stands at the present time.

I am in receipt of your letter of the 20th ultimo, with reference to the decision that has been made by your Board regarding additional land that will be required in connection with the Caughnawaga U. C. Indian Day School.

Arrangements have been made to have two of our officials visit the reserve next week and, as soon as they report, I will be in a position to decide what additional amount of land will be required and I will then communicate with you.

Ottawa, May 14, 1937.

Dear Dr. Dorey:

Accompanied by the Departmental Architect, Mr. Phelan visited the Caughnawaga Reserve on the 11th instant, in connection with the proposed erection of an addition to the Caughnawaga United Church School.

Mr. Dean told Mr. Phelan that the Indian trustees of the land held by the United Church are opposed to using any of the church land for a new school, as these Indian trustees state that it is their intention to erect a community hall, and they feel that if a new school building is erected on the property and additional land made available for playground purposes, there will not be sufficient land left for the erection of a community hall.

Mr. Phelan pointed out to Mr. Dean that we were only able to provide the sum of \$3,500.00 in the current year's appropriation for the erection of a new building and there are no funds available to consider purchase of a site for the purpose. Unless a site is made available on the church property, it will not be possible to proceed this year. I feel you will agree with me that it would be unfortunate if building operations this year were prevented by a dispute regarding the site.

I am therefore submitting the whole matter to you as we would appreciate having a definite statement on file, indicating that the Missionary Society of the United Church of Canada formally grants permission to the Department to erect a new building on the land now used for school purposes and that an additional part of your property will be

made available for school grounds, if required.

After considerable discussion, Mr. Dean expressed the opinion that, if the new building was joined to the present school building, there might be no objection on the part of the Indian trustees. This suggestion was carefully considered by our Architect, but, in view of the amount of money available, it is not considered feasible to do so. Our Architect suggests a new building, at right angles to the present school building and parallel with the fence separating the school lot from the church. He considers that a classroom with dining room and kitchen and two bedrooms upstairs could be erected for the amount of money that is available. Preparation of plans and further consideration of this work, of course, will be delayed until your reply is received.

Dear Mr. Hoey,-

Re: School, Caughnawaga

I have your letter of May 14th and I have written to Mr. Dean, our Missionary on the Reserve, saying that, while I am of the opinion that technically the land belongs to the Board of Home Missions and that we can do what we like with it, we shall not overrule the decision arrived at by the officials of the congregation. I have also definitely told him that it is my considered judgment that if they refuse to give permission for the use of this land it means that there will be no School built this year and that the only people who will suffer are the children themselves. I am of the opinion that it might be the best way to let them see what their obstinacy will lead to, although, with a much wider knowledge of Indians than I possess, you might say that they will just be glad that the children cannot go to School!

I have urged Mr. Dean to do what he can to get the matter settled shortly. I expect to be in Montreal the first week in June and will personally look over the matter, if it has not been settled previously.

Yours sincerely,

Dear Dr. Cochrane:

I have been wondering if it would be possible to have Dr. Dorey call at the Department on his way back to Toronto from Newfoundland.

I am anxious to discuss with him certain details in connection with the construction of the Indian day school at Caughnawaga. I have had an interview this morning with the Architect, but I hesitate to proceed with the construction until I have had an opportunity of discussing the matter more fully with a representative of the Church.

Dear Sir,-

As you have previously been informed, the sum of \$3,500.00 is available in the current year's appropriation for the erection of a second classroom at the Caughnawaga U. C. Indian Day School. Information reaching the Department indicates that the Indians are opposed to the erection of a new school unless this building is so constructed that the building could be used as a hall for community gatherings.

Our Architect has carefully inspected the present building and it is found that, if an addition were added to the building in such a manner as to make it suitable for community gatherings, the cost would be considerably more than the amount provided in the current year's appropriation. This sum, namely \$3,500.00, cannot be exceeded and, in view of the attitude of the Indians, I regret that no further action can be taken this year.

Under these circumstances, I would appreciate your advising if it is possible to rent a house at a reasonable cost to serve as the second classroom of the Caughnawaga U. C. Indian Day School for the academic year 1937-38.

It should be understood that the sum available this year would be sufficient to erect a new classroom, but this would have to be a separate building and located on the same lot as the present building.

OFFICE OF

Caughnawaga, July 12, 1937.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 9th instant dealing with the amount of \$3,500. which is available towards the construction of a second classroom at the Caughnawaga U.C. Indian Day School and advising me that due to the informations received at the Department to the effect that the Indians are opposed to the erection of a new school, unless it is constructed to be used as a community hall, the Department will not erect the building this year as the present funds are not sufficient.

In reply, I wish to say that this office is not aware of any opposition from the Indians towards the construction of an addition to the present building and that, if the opposition comes from the Indians only, the work should be started as soon as possible, as a new classroom is very much needed for that school. If, However, a few Indians are really opposed to the addition, their opposition would, I am positive, only last a few days, as has often happened in the past. Too much attention should not be paid to Indians as this construction would be for the benefit of their own children.

Relative to the renting of a house to serve as the second classroom of the Caughnawaga U.C. Indian Day School, I have to say that information is being taken as to what houses could be rented and also as to their suitability for the purpose. As soon as a house is found communication will be sent you.

Dear Sir:

The Department is in receipt of your letter of the 12th instant, with reference to the construction of a second classroom at the Caughnawaga United Church School.

I note, from the second paragraph of your letter, that you are not aware of any opposition from the Indians towards the construction of an addition to the present building. Information, however, reaching the Department from other sources, is rather definite regarding such opposition.

In order to have the matter settled definitely and avoid any likelihood of trouble if building operations were commenced, I have arranged for Mr. Phelan and Mr. Dudley to go to Caughnawaga either on Tuesday or Wednesday, next, in order to meet the adherents of the United Church and discuss the matter fully with them.

Please arrange this meeting and advise me which day would be more suitable and if the meeting can be held in the afternoon. The gentlemen mentioned can reach the reserve in the early afternoon.

As mentioned above, only the Indians who are adherents of the United Church should attend such a meeting.

In the meantime, you should continue your efforts with regard to locating a house which might be rented, in the event of the Indians objecting to the construction of a second classroom.

Mr. Mills.

The Indian Affairs Branch wish to decide definitely whether or not construction should proceed with a second class room at the Caughnawaga United Church Indian Day School and have asked if Mr. Dudley of our Architectural Division could visit the School on Tuesday or Wednesday next in this connection.

Will you kindly make the necessary arrangements.

Dear Sir:-

I beg to refer to your letter of the 14th instant dealing with the construction of a second classroom at the Caughnawaga U.C. School, in which you advise me of the visit of Mr. Phelan and Mr. Dudley, next week, in order to have the above matter settled definitely.

With regard to the date of the visit of the gentlemen mentioned, I wish to inform that Tuesday next, the 20th, would be suitable. However, as several of the Indians members of the board of management of the local United Church, are working, it would be more satisfactory to have the meeting held in the evening instead of in the afternoon. This would also be preferred by Rev. Mr. Dean.

It is understood that only the Indians adherents of the United Church will be admitted to the meeting.

Yours very truly,

T. Brinegar

Dear Mr. Brisebois,-

With reference to your letter of the 17th instant, Mr. Dudley and myself will go to Montreal via Canadian Pacific Railway on Tuesday afternoon, next. We will reach Windsor Street Station at 6.40 p. m., daylight saving time. I would appreciate very much if you would meet us and take us to the reserve. You can arrange for the meeting to be held at either 7 or 7.30 p. m., whichever you consider most suitable.

MEMORANDUM:

Mr. R. A. Hoey,
Supt. of Welfare & Training.

Accompanied by the Architect, Mr. J. E. Dudley, I visited the Caughnawaga Reserve last night and met the Board of Management of the United Church of Canada with reference to the proposed new classroom.

There were present at the meeting Reverend Mr. Dean, Mr. Skye, Mr. Patton, Mr. Delisle, Mr. Lazore, Mr. Moses Diabo, Sr., Mr. Montour and Miss Skye. Mr. Dean acted as Chairman and Miss Skye as interpreter. Indian Agent Brisebois also attended.

I first explained to the meeting that we had \$3,500 available for the erection of a new classroom but that our Architect felt that this amount was only sufficient for the erection of a building separate from the present school and that it would not be possible, with the amount at our disposal, to erect the second classroom in such a manner that it would provide a community center. Mr. Dudley also explained to those present the reasons why it was only possible to erect a separate classroom.

Reverend Mr. Dean expressed the view that the Department was endeavouring to side-step its responsibility for a minority group, inasmuch as we did not make any attempt to purchase a site and erect a school. I pointed out to him that the amount at our disposal only allowed the erection of a building and that we have no funds for the purchase of a site. He further expressed the opinion that the Indians felt that the Department should not expect them to provide a location for the school on the church property. I replied to this by stating that we were endeavouring to provide proper educational facilities for their children and we felt, therefore, that they should cooperate to the extent of allowing us to build on the church property which is not being used for any other purpose.

Miss Skye, speaking for the Indians, expressed the opinion that it would be preferable not to erect another building on the church property as the Indians hoped to erect a community hall on this property in the near future.

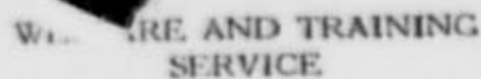

After considerable discussion, it was quite apparent that the Indians were opposed to the erection of a new single classroom on the church property and, furthermore, Mr. Dean stated that they had recently decided to request the Department to again rent the church as a second classroom for the academic year 1937-38.

In view of the above, I can see no advantage in giving any further consideration to the erection of a second classroom for the Caughnawaga U. C. School this year and I would recommend that the matter be dropped for the present.

MEMORANDUM:

Mr. J. M. Wardle,
Director, Surveys & Engineering Branch.

In my memorandum of April 1st, 1937, I directed your attention to the provision made in the Special Supplementaries for the fiscal year 1937-38 for the expenditure of \$3,500 in the erection of a day school at Caughnawaga, P.Q.

At the time provision was made for this building, the Department was under the impression that a site could be secured on the property of the United Church. However, the Indians concerned objected to the Department erecting a building on this site. The matter was carefully discussed with them last week when Mr. Dudley and Mr. Phelan visited the reserve.

In view of the objection of the Indians and the impossibility of purchasing a proper site in Caughnawaga village, it has been decided not to proceed with the erection of this building this year. It will, therefore, be unnecessary for you to make any further arrangements in connection with this.

Memorandum:

Mr. Mills.

Re: Proposed Day School at Oaughnawaga, Que.

As requested I accompanied Mr. Phelan of the Welfare and Training Service, Indian Affairs Branch, to Oaughnawaga in connection with the above school. The proposition submitted for the existing school is to connect an additional room to the present schoolroom, using a folding partition, so that the two rooms could be used as one large room.

This building is situated on the North-east corner of the lot, excluding any possibility of additions to the North and East sides of the building. The space on the West side of the school, which would be the logical point of extension, in view of the construction of the school, is but 20 feet. This length combined with the width of the building would not be sufficient to provide a classroom for 40 to 50 children. An addition to the South wall would necessitate placing the classrooms side by side in order to secure light. This would require a width of at least 44 feet, and as the main portion of the building is only 30 feet wide, it would require complete rebuilding of the south side of the building. The expense of this work would be excessive of the funds provided.

Objections were raised to the crowding of the existing Church located on the West side of the school, and the question of the addition was left in abeyance pending a decision on a site, and the advisability of attempting to alter the existing building.

I understand from Mr. Phelan of the Welfare and Training Service, Indian Affairs, that the Indian Affairs Branch will advise the Surveys and Engineering Branch that this work is to be cancelled.

My dear Mr. Hoey: RE CAUGHNAWAGA SCHOOL

We have a letter from Rev. C. C. Dean, our Missionary on the Caughnawaga Reserve in which he refers to the renting of our Church again for School purposes. The following is an extract from the letter:

"About a week ago the Agent informed me that he had a letter from Ottawa stating that it would be impossible to build a new building this year. The Official Board met, and reconsidered the question of renting the church. It was felt that in order to secure another building the Department would be obliged to give a lease of at least 5 years to make a building suitable for school purposes, and we would have to wait that long for a school. Our Board is very anxious to secure pews for the church, and if the \$400 for the two years' rental is available at the end of next year for this purpose they would be willing to rent the church on the same conditions as last year - that is, the Department paying for lights, coal and janitor service.

"We have already 4 tons of hard coal which cost us \$50.40 in the basement, which we would like the Department to buy as there is no room to store it for another winter.

"The Board felt that \$12.50 per month was small pay for a caretaker who had to look after two furnaces, move all the seats twice every week, sweep and dust and shovel snow for two buildings. They hoped that would not be asking too much if you would approach the Department to see if even a little more could be secured for this.

"Mr. Phelan met the Board tonight and explained that the Department were still prepared to build a separate building on the same lot if the church would grant them more land, but the type of building requested for would cost too much. This was not

satisfactory to the Board so the matter stands as it was before."

EX'D.

Ottawa, August 4th, 1937.

Reverend Sir,-

I am in receipt of your letter of the 26th ultimo, with reference to the Caughnawaga U. C. Indian Day School.

Two of the departmental officials visited the Caughnawaga Reserve on July 20th and met Reverend Mr. Dean and a number of the Indians interested in this school. Objection was taken to the Department erecting another building on the school site and, although the matter was fully discussed, it was impossible to obtain their approval. Under these circumstances, it has been decided not to proceed with the erection of an addition to the Caughnawaga U. C. School this year.

It is noted that the Church Board is willing to allow the use of the church for the second classroom for the academic year 1937-38. This arrangement is approved and the Department will allow the same rent as last year, namely, \$200.00.

As the church will only be used part of the time for school purposes, it will, no doubt, be necessary for the Church Board to have a certain amount

coal on hand which they can use when religious services are being conducted in the building. Under these circumstances, I do not see the necessity for purchasing the four tons of coal which Mr. Dean states is in the basement.

For your information, I may say that the Department supplied a very large quantity of coke last winter in order to heat this building for school purposes. We will supply what is necessary for this purpose during the coming winter.

The caretaker is paid \$150.00 a year for his services in looking after the two classrooms. This amount is paid on a basis of ten teaching months in the academic year and means that he is allowed \$15.00 a month for each month that he is actually employed. He does no work for the schools during the months of July and August. This rate compares favourably with the amount allowed for other Indian day schools and, therefore, the Department is unable to make an increase in this connection.

Yours truly,

Dear Sir:-

I beg to refer to previous correspondence in connection with the renting of a house for use as a class-room for the Caughnawaga Indian United Church Day School, and to say that one has finally been found, which would be suitable for the purpose.

This house is located in the center of the Village on Holding No. 354. It is a two storey frame building in good condition. There is a garden in the back which could be used as a play-ground. There are two rooms in the house which are not separated by a partition and the size of these two rooms combined would provide one of 38' X 12', which is considered large enough for the number of pupils attending the junior class of that school. This house belongs, and is presently, occupied by Mrs. Louise Edwards, and the rental asked for is of \$150.00 for the period comprised between September 1st, next, and July 1st, 1938. In addition to the rental, Mrs. Edwards is requesting that the chimney be repaired. The cost of the work is estimated at approximately \$20.00.

I would recommend the renting of that house as no other building more suitable for the purpose can be found here. An immediate answer would be much appreciated.

I may state, in reply, that no provision has been made in the Estimates of this year for the renting of a teacher's residence at the Caughnawaga reserve, nor has any request for such accommodation reached us from the church authorities or any other source, until now. Dear Mr. Hoey: RE CAUGHNAWAGA

I find a letter on my file which has something to do with the arrangements entered into between your Department and the people either in the Montreal Presbytery or at Caughnawaga relative to the use of the Church for School purposes beginning September, 1936, and terminating June 30, 1937. Our understanding was that the Department would pay \$20 a month for the ten months, and that this money was to come to us to be held for use by the Mission as needed.

I have no record of this money having been received here, and I shall be glad if you will make enquiry and let us know if this amount has been paid.

Dear Mr. Hoey:

Re: Caughnawaga

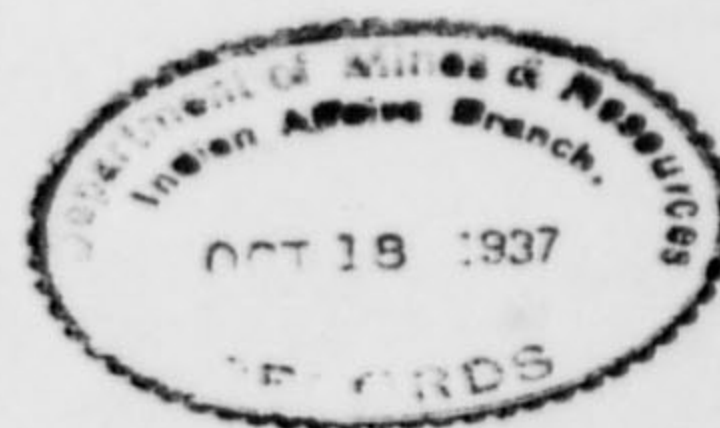

I have been asked to enquire whether the Department would be prepared to contribute \$10.00 a month towards the rent and fuel for the teachers. I understand your plans were to provide accommodation for the teachers in the new school building. In the meantime, the two teachers have had to rent a house and provide their own fuel. I understand that it had been the practice of the Department previously to pay this amount and that Miss Kenner and Miss Daly received it.

I would be glad to know if your Department is ready to allow this.

Yours sincerely,

Dear Mr. Hoey:

Re: Caughnawaga

I am in receipt of a letter from Mr. Dean, the missionary at Caughnawaga, in which he says that no fuel has as yet been supplied for the two rooms of our School. This would seem to indicate that not only has no fuel been supplied for the church, but that none has been supplied for the school building. He says that the children are missing school because it is too cold. He also states that the teachers have sent word to the Agent several times, but no one can see him, as he is ill. Would you kindly have this matter attended to.

When I saw you in Ottawa I mentioned that a number of the small panes of glass in the windows of the church had been broken by the children playing ball. The Department was good enough to instruct the Agent to have strong wire placed in front of the windows, so that this would not occur again; but I understood from you that the broken panes of glass would be re-placed. Mr. Dean says that this has not yet been done.

I trust that it will be possible to have implemented the promise which you gave me that this would be attended to.

Yours sincerely,

R. B. Cochrane

Re: Caughnawaga Fuel Supply

Dear Dr. Dorey:

I desire to acknowledge receipt of your letter of the 19th instant and to state by way of comment that the Indian Agent at Caughnawaga was authorized by letter sent forward to him from the Department on the 11th instant to purchase the coal necessary for the church and schools on the reserve. It is just possible that the Agent may have been prevented through illness from making the purchases immediately. I am communicating with him today in respect to the matter.

The Agent was also authorized early in June to purchase the glass necessary to replace certain panes broken in the church by the children in attendance at the day school. I am asking him again to make this purchase. I can only express regret that there has been delay in the purchase of this glass. I was informed, when I visited the reserve early in the summer, that the cost was almost negligible. It would appear that there is a good opportunity here for a little more cooperation between the agent and the missionary in charge.

Yours very sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

The Department is in receipt of a letter from Reverend Geo. Dorey, D.D., Associate Secretary of the Board of Home Missions of the United Church, in which he states that no fuel has yet been supplied for their two classrooms at Caughnawaga.

I note from the records here that you were authorized to purchase this fuel on the 11th instant. It is my hope that the fuel has already been purchased and delivered.

You may remember that when I visited the reserve early in the summer I authorized you to purchase the panes of glass necessary to restore the church windows. Dr. Dorey informs me that this glass has not yet been purchased. Would you please purchase this glass and have the windows repaired immediately, sending forward the account, in triplicate, to the Department.

Dear Mr. Macdonald:

At the request of Doctor Dorey I am forwarding to you, under separate cover, a plan of the proposed addition to the Caughnawaga United Church Day School. You will note that this plan provides sliding doors connecting the two rooms and this will allow the doors to be opened and the building used as a community centre when so desired.

I would appreciate your returning these plans to me at your convenience.

TOILET FACILITIES: SEWAGE DISPOSAL; SYSTEM REQUIRED; LOCATION.

At present the toilets are located outside of existing building.
If inside toilets are built a septic tank will be needed.

HEATING SYSTEM: TYPE OF FURNACE OR BOILER; FUEL.

The building is heated by a hot-air furnace. The existing furnace is believed adequate for the heating of the present class and the projected extension.

LIGHTING SYSTEM: SOURCE OF POWER; SPECIAL REQUIREMENTS.

The building is already lighted with electricity. The service being supplied by the Shawinigan Water & Power Co.

BUILT-IN EQUIPMENT REQUIRED: BLACKBOARD AREA; CUPBOARDS, ETC.

Blackboard 10 by 4. About 30 school desks and benches will be required. Cupboards also.

SHIPPING INSTRUCTIONS FOR MATERIALS: NEAREST SHIPPING POINT
LOCAL TRANSPORTATION FACILITIES TO SITE, ETC.

Adirondacks Junction. C.P.R. From R.R. Station, trucks can be used.

REMARKS:

If at all possible I would suggest that three of four rooms be added on the upstairs which would be used by teachers as living quarters. This would save the Department the paying of rental and fuel, as it could be heated together with class rooms at no additional cost. It is very difficult to find suitable quarters at Caughnawaga for residence.

Re - Site plans of Indian Schools etc.

I shall be glad if you will kindly ask the Director of the Indian Affairs Branch if he will furnish us with plans of the following Indian Reserves with the proposed approximate locations of buildings indicated thereon, which we have been asked to erect during the coming season, namely,-

<u>Plan</u>	<u>Building.</u>
Metagami I.R. Ontario	- Day school & Teacher's residence
Caughnawaga I.R. Quebec	- Addition to Day School.
Little Saskatchewan I.R.	
Manitoba	- Day School.
Cold Lake I.R. Saskatchewan	- Farm Instructor's House
Bella Bella I.R.	
British Columbia	- Day School and Teacher's residence.

As there may be several reserves under one agency, it is thought that it is advisable to ask the Indian Affairs Branch to procure the correct plans and to forward them to the respective agents for the building locations to be indicated thereon in red crayon.

Dear Sir;-

I beg to refer to your letter of the 25th instant enclosing a plan of the Caughnawaga Reserve in which you requested that the exact location of the Caughnawaga United Church Indian Day School be marked in red ink.

In reply I must say that the plan transmitted is that of the Reserve, not of the Village, and consequently the information requested cannot be supplied. I regret not to have a spare plan of the Village on which to give the location. Kindly send me the Village plan when it will immediately be returned marked in red ink.

For your information I wish to let you know that the School is located on Village lot No. 623. Lot No. 622 is entered in our records as "Protestant Parsonage" and on this lot are located the residence of the local Minister and the Church building. No. 623 is entered as "United Church Mission". The School is on that lot. The plan transmitted is returned herewith.

Re - Addition to Caughnawaga
United Church Day School.

In reference to your memorandum of May 11th asking for instructions in regard to calling for tenders for the construction of the above building by contract, it has been decided by the Department that the building is to be constructed by day labour. It is understood from our telephone conversation this morning that there are no serious objections to this procedure but that it will involve additional work by your limited architectural staff in preparing bills of material from which purchases will be made; also that the Engineer will have to have authority when on the ground to make such emergency purchases as may be required when the work is under way.

Under the circumstances, will you kindly take ~~action on this basis~~ as soon as possible. As soon as bills of material are ready, they should be submitted to the Purchasing Agent for his action.

The Director of the Indian Affairs Branch advises me that Indian labour will be available for this work and should be utilized as far as possible.

Kindly note that Mr. Josephat David, of Woodlands, Quebec, is to be employed as foreman-carpenter. You might look into the question of a suitable rate for this position.

Dear Sir:-

I beg to draw your attention to the proposed addition to the senior class of the U.C. If it is started too late it will not be possible to have any school in the existing class, as the work is to consist in an addition to that building. The Church building will not be suitable for both classes.

Dear Sir:

I am in receipt of your letter of the 27th instant, with reference to the proposed addition to the Caughnawaga United Church School.

As I verbally informed you when I was on the reserve last week, full particulars regarding the requirements at Caughnawaga were supplied the Surveys and Engineering Branch some time ago. Since I returned, I took up the matter with them again and was informed that they expect to have the building completed by October first. We have replied to them, urging that the building be completed by September first. I can assure you that I will keep in close touch with them, with a view to having building operations commenced at as early a date as possible.

Yours truly,

Dear Mr. Hoey,-

I am in receipt this morning of a telegram from Rev. C.
C. Dean, our missionary at Caughnawaga, as follows:

"Have been informed architect coming to begin work
this week. Stop. Can you inform us if agreement has
been accepted and lease signed as requested by Board's
resolution. Stop. Can you come to make agreement or
shall I ask Presbytery Home Mission Convener. Stop.
Please advise."

-552
I have written him to say that the Presbytery Home Mission Convener
is authorized to act on our behalf. In that connection, may I re-
fer you to my letter of April 18th. We do not seem to have had
any written acceptance of the conditions laid down nor any modifi-
cations. You will remember that I discussed the matter with Mr.
Phelan and yourself and understood that you accepted the proposal
to lease the land and that you would provide the play ground fence.
My recollection is that you said you would give serious consideration
to the water and indoor toilets request and that naturally the
blackboards would be of the very best type, whether slate or not.

Will you kindly clear this matter with whatever section
of your Department is involved so that there will be no hitch in
the erection of this building?

Reverend Sir:

I desire to acknowledge receipt of your letter of the 11th instant, in which you refer to your communication of April 18th, regarding the motion passed by the Trustee Board of the Montreal Presbytery, United Church of Canada.

On reviewing this motion, it is felt the request for us to lease the land for a period of fifteen years is rather unusual. The Board of Home Missions of the United Church has been associated with the Department for several years in the conduct of various schools and always dealt very fairly with us. In the present instance we feel that any additional land that may be necessary in view of the erection of the new addition to the school should be transferred to us without cost for use for school purposes as long as required. Otherwise the Department could hardly be expected to erect a building on land to which we would only have title for a limited term.

Good blackboards will be placed in this school and a fence will be built. If funds will permit, indoor toilets will also be provided. You have already had an opportunity of reviewing the plans, which provide for a building that should not only be a credit to the Department and the Board of Home Missions but also be very comfortable for the Indian pupils and, in addition, will permit the Indian adherents of the United Church of Canada at Caughnawaga to have a suitable building for community gatherings.

We are practically ready to commence construction

and if Mr. Dean and those associated with him at Caughnawaga are not satisfied with what we propose to do, there is no alternative but to cancel the instructions already given for the remodelling of the present building. Dear Mr. Phelan,-

Following our telephone conversation and confirming it, I am writing to say that the Official Board of the Caughnawaga Church have wired me to say that they would be perfectly satisfied to lease the plot of land necessary for school purposes to your Department for a period of fifteen years, renewable for a further period of fifteen years and so on, provided that a clause is inserted in the lease that will make it clear that if the property ceases to be used for the purposes of a Protestant school, the lease will cease and terminate. They have not raised the point about the amount which is to be paid, but I have taken it for granted that it will be the nominal rate of \$1.00 a year.

You will note the suggestions that have been made in my letters from time to time that if at all possible water will be installed in the school. We are very anxious to have this so that sanitary conditions may be of the best.

Dear Mr. MacInnes,-

I agree with you that the term of lease is quite unusual. I am glad to know that you think the United Church has always dealt fairly with the Department and we hope that this will continue. Personally, I would be prepared to recommend a ninety-nine year lease to the Department, if that would be satisfactory, but we have to consider the fact that this property seems to be under the control of a local trustee board. I am writing at once to them, sending a copy of your letter. I hope that this matter will be adjusted very soon.

Dear Sir:

With reference to the Caughnawaga United Church Indian Day School, the Board of Home Missions of the United Church of Canada wishes, for record purposes, to have us sign a lease of the land. I would appreciate it if you would consult Mr. Dean and draw up a lease, in duplicate, have it signed by the authorized officials of the United Church and returned for our signature.

This should show, by metes and bounds, the area of land which is being leased to us. It should also contain a clause stating that the land is leased to us for a period of fifteen (15) years from September 1, 1938, at a rental of One Dollar (\$1.00) a year, and, at the end of that time, if still used for the purposes of the Protestant School, the lease will be renewed for a further term of 15 years on the same terms.

With reference to the alterations at present being undertaken at the above school, I am advised by our Supervising Engineer that there will be a small quantity of used lumber which, due to its poor condition, cannot be reused in the new work.

As some of the Indians on the Reserve have expressed a desire to obtain this material in exchange for labour, I would be pleased to be advised whether our Engineer may arrange for the disposal of this material on this basis. The material in question is estimated to be worth approximately \$10.00 per F.B.M.

It is understood that the United Church School in question is the property of the Indian Affairs Branch and that the Schools Division is agreeable to such action. Confirmation of these points would be appreciated in order that our Engineer may be advised as soon as possible as to the disposal of the material.

Dear Sir:-

As you are aware the addition which is presently under construction at the local U.C. Indian Day School will not be completed for the re-opening of the schools at the beginning of September. It is expected that this addition will be completed for the first of October.

However, I would like to know if the Department intends to rent ~~elsewhere~~ for the two classes for September, or if it is the intention to delay the re-opening of the U.C. School for one month. I have to point out that it will be difficult to rent only one house for both classes as we do not have around here houses large enough and suitable for two classes, and it is believed that it would be necessary to rent two separate buildings.

Kindly let me know what your intentions are.

Dear Sir:-

With further reference to my letter of the 19th instant dealing with the difficulty of a local where the two classes of the Caughnawaga United Church Indian Day School, could be taught.

In this connection I beg to advise that Reverend Sister Mary Cleophas called to-day at this office and offered the use of one or two classes for the pupils of the United Church School, where Misses Bryan and Mann could teach until the new addition is completed. The Sister states that owing to the fact that this would only be temporary, she and the other teachers could manage to accomodate us without being disturbed too much. She claims to have discussed the matter with Mr. Phelan while at Ottawa, yesterday the 24th.

I would strongly recommend the acceptance of this offer which, under the circumstances is the best that can be made.

When Sister Cleophas visited the Department on Wednesday she discussed the matter and if it is possible for her to provide two class rooms in one or other of the Catholic Schools the Department will appreciate it very much. If the Reverend Sister can only provide one class room it might be possible to again secure the Church. Dear Mr. Hoey:

Re: Caughnawaga

We are in receipt of a letter from Rev. C. C. Dean, of Caughnawaga, in which he says that the new school is not ready and that it is proposed, in the meantime, to use a room in the separate school for half a day at a time. This may not be correct, but, in any case, it would be a very unsatisfactory way of dealing with the educational requirements of these children.

In his letter, Mr. Dean states that the Board would be perfectly willing to allow the school to be held in the church until the new building is ready. In any event, the school desks, cupboards and supplies are all in the church auditorium, which can be used quite satisfactorily until the building is completed. I presume that they would expect the same remuneration, namely, \$10.00 a month for the period of occupation.

Re: Caughnawaga.

Dear Dr. Dorey:

I have for acknowledgment your letter of the first instant, in which you refer to school accommodation at the Caughnawaga reserve.

I may state that the Principal of the R. C. School at Caughnawaga visited the Department a few days ago. In the course of conversation with the officials, she intimated that she would be glad to re-arrange her classes to place a couple of rooms at the disposal of the children who have been attending the United Church school, until the school building is completed. In submitting this offer she informed us that the relationships between the United Church teachers and the teachers under her supervision were the most cordial and satisfactory that they had been at any time in recent years. The officials accepted the offer and thanked her very heartily for her willingness to cooperate with us in providing accommodation for the pupils. The Agent was then instructed that accommodation would be provided for the pupils at one of the larger schools on the reserve.

I learn from your letter that "the Board would be willing to allow the school to be held in the church until the new building is ready". It is difficult for me to see how both classes could be conducted in the

church building. If, however, you are opposed to the arrangements we have made, I shall be glad to review the matter and suggest to the Agent that one class be accommodated in the church and that the other class be allowed to remain out of school until the new building is ready. I am not prepared, however, to make this change on the recommendation of the local missionary. I cannot for the life of me see how the pupils can be inconvenienced in any way by attending fully equipped and up to date classrooms at the Catholic school. You might let me hear from you again.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 26th ultimo dealing with the securing of classrooms for the United Church Day School pupils until the new building is completed.

In this connection I beg to say that the Reverend Sister Cleophas could let us have the use of one large classroom in the Kateri School. This classroom can accommodate forty-eight pupils and has its separate entrance on the east side of the building.

In view of the fact that only one classroom could be obtained, Rev. Mr. Dean was approached and the use of the Church building obtained for the junior class at \$20. a month, which is at the rate of \$200. a year paid for the last two years, for a period of ten months.

However Mr. Dean is strongly opposed and he states that the local Board of the U.C. Church is also very much against any of their pupils being taught in school buildings used by the R.C. pupils, although the U.C. teachers would have been in charge. He claims that the children would likely quarrel or fight on their way to and from school, etc., and that inconveniences would result.

Mr. Dean offered, as an alternative, one room of his private residence, which he states, is large enough for the senior class of the U.C. school. He would rent it to the Department for \$20. a month.

Owing to the attitude taken by Mr. Dean and the Board of the Church, I would ask you to let me know,

Dear Mr. Hovey,- Re Caughnawaga School Property

Mr. Dean has written to say that the agent has been advised by some official in your department to see him regarding the arrangements for signing the lease. I have written to our representative, Dr. J.U. Tanner, to make a search in the Registry Office of Laprairie to discover just in what shape the title is, and as soon as I hear from him, I shall advise you.

I think it would be better if the correspondence regarding the lease were carried on by negotiations between your office and our office here, rather than through the agent at Caughnawaga dealing with Mr. Dean representing the local congregation. I think in the long run it will expedite matters. Perhaps you would advise your agent that the matter is being looked after.

Yours sincerely,

GD/EB

Dear Sir:

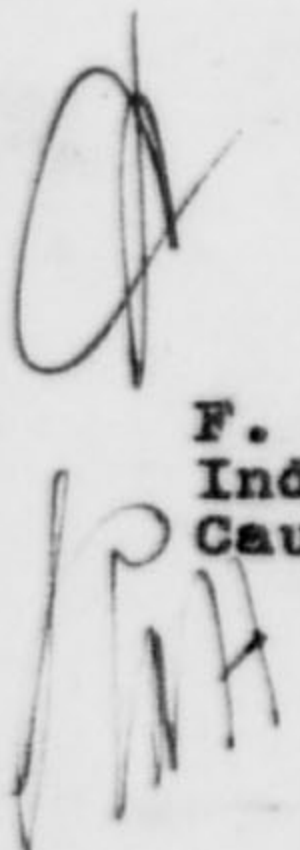

I desire to refer you to official letter
of July 21 in connection with the lease of the land
for the Caughnawaga United Church School.

Arrangements are being made with the Board
of Home Missions, Toronto, to complete this matter.
It will, therefore, not be necessary for you to take
any further action.

Dear Mr. Hoey:

I have your letter of September 3rd with regard to school accommodation at Caughnawaga. I shall communicate with Mr. Dean on the matter.

I can quite see that it would be pretty nearly impossible to accommodate the children in the church. It had for the moment escaped my attention that accommodation would have to be found for two rooms. Personally, I am not opposed to the arrangement suggested.

Dr. McGill

Re: Senior Day School, Caughnawaga
Indian Reserve, Que.

With reference to my memorandum of the 2nd instant with which I enclosed a copy of a memorandum from the Chief Engineer, I may say that the report contained therein applies to the alterations and additions being made to the United Church Indian Day School.

With regard to the alterations requested for the Senior Day School, our Engineer, Mr. Chene, has been requested to submit an estimate of the cost of the proposed portable porches and his recommendations on their installation.

Upon receipt of his report, the matter will be submitted to your Branch, and upon approval, the necessary arrangements made to have the work undertaken at once.

With further regard to your memorandum of the 26th ultimo, the fact that the installation of the portable porches has not been completed would in no way prevent the opening of the school on September 1st. Consequently it was inadvertently presumed that the information desired referred to the United Church Day School.

Dear Sir:-

I wish to refer to my letter of the 1st instant dealing with the temporary arrangements made for the two classes of the United Church Indian Day School and to your telegram dated September 3rd, in which approval was given to the use of the U.C. Church building for one class and the use of one room in the Kateri School for the other. In this connection I beg to make the following report.

On receipt of your telegram I communicated with Miss Bryan, teacher of the Senior class and instructed her of your decision. She was quite pleased with the arrangements. Rev. Mr. Dean was also informed. He expressed the opinion that the parents might not be willing to send their children at that school.

The school opened on the 6th and on that day only four pupils out of 22 went to the senior class, on the 7th, only two, on the 8th and the 9th three were present.

Several meeting of the parents, whose children are attending that class, were held in the course of this week at which meetings it was apparently decided not to allow their children to attend. It seems that if the parents do not send their children to school it is due to the fact that they have not been advised to do so very strongly, if at all advised in that way.

Another aspect to the situation is that there seems to be a campaign going on against Miss Bryan, who teaches in the above school and who has tried hard to persuade the parents of the children to send them to school. She is accused of disloyalty, etc., because of her willingness to teach in this building.

The contention

The contention is that she should have refused to teach at the Kateri School. This is unfair if we consider that the teacher is simply cooperating with us and following her instructions.

With regard to the attendance I would ask you to send me specific instructions to that effect. Should the parents be notified in accordance with the Indian Act and arrested if they fail to comply with their notifications? Or should matters be allowed to remain as they are, that is, to teach to the few pupils attending, instead of discontinuing. The first above mentioned course would have been followed under ordinary circumstances but owing to the situation nothing was done, as it would have likely brought unpleasant and unnecessary publicity.

Kindly let me have your views in the matter.

Respectfully yours,

Indian Agent.

165 Sparks Street,
Ottawa.

Dear Dr. McGill;

Referring to the matter which our delegation from the Montreal Presbytery discussed with you and Messrs Hoey and Phelan to-day, I am submitting herewith the request which we presented at the request of our Presbytery.

With our concern for the welfare of our work at Caughnawaga, educational, and religious, we are deeply appreciative of the work being done by the Department to give more adequate school facilities for the Protestant Indian children.

Our temporary problem is the care of these school children while the building improvements are in process. The arrangement of your Department to have one of these classes taught in our Church building is entirely satisfactory but the provision for the other class in a room at the Roman Catholic School is proving the occasion of embarrassment and serious disturbing of our work.

The difficulty is a local one and arises from advantage being taken of the arrangement, to press the claims of the Roman Catholic Church on our Protestant children. We recognize that this has its roots in what one of your assistants described to-day as an "old feud", but feel that we have to face the conditions as they exist and set ourselves, by constructive and non-provocative means, to bring the conflicting elements into relationships of good will.

To this end we are prepared to place at the disposal of the Department a large room in our Mission house where a larger class than the present one was housed on a former occasion. There would be no cost to the Department other than the necessary remuneration for the janitor for the care of the room, and our groups would be centred about our own property and the unity of our work maintained.

Memorandum:DEPUTY MINISTER: -

I am sending forward herewith, for your consideration, copy of a letter received by me from the Reverend James D. McCrae, Chairman of the Montreal Presbytery of the United Church of Canada. This letter was written in response to a suggestion I made when a delegation representing the United Church discussed with me and certain officials of the Training Division the available school accommodation at the Caughnawaga reserve. This delegation interviewed me on Monday the 12th of September.

I may state by way of explanation that provision was made in the estimates of this year for the construction of an additional classroom at the Indian Day School conducted by the Department in co-operation with the United Church on the Caughnawaga reserve. The work of reconstruction was undertaken the latter part of July by the Surveys and Engineering Branch and will, in all probability, be completed toward the end of October. In the meantime, provision had to be made for the pupils of the senior and junior classrooms. It was finally decided that one class should be conducted in the United Church and the other in a classroom offered by the Principal of the large school operated by the Department in cooperation with the Catholic Church.

The members of the delegation representing the Montreal Presbytery protested rather vigorously against this arrangement. It was their contention that

the senior -

the senior classroom, now conducted in the Catholic school, should be conducted in the home of the Missionary. A room in this home had been offered to us at a rental fee of \$20.00 a month. I informed them that I was not prepared to abandon the present arrangement and adopt their suggestion. I did promise, however, that if they presented their request to me in writing, the matter would be sent forward to the Minister for consideration and final decision.

It should be pointed out that the present arrangement is a temporary one and that the building in the classroom of which the senior pupils are now receiving instruction is the property of the Government. The agent informs me that the present arrangement is quite satisfactory to the teachers and particularly the teacher of the senior classroom, who naturally prefers a regular classroom to a room in the home of the Missionary.

As a department, we are not primarily interested in missionary effort on Indian reserves, and I cannot remember that we have ever at any time sought to dictate to the churches how their missionary work on our reserves should be conducted. The matter now under consideration is purely one of educational administration and is one which, in my judgment, lies wholly beyond the jurisdiction of the United Church and its officials. If we concede the right of a particular church to dictate or even give direction with respect to the use of school buildings, the task of administering our schools will become an exceedingly difficult and exacting one.

I may state that immediately following my discussion with the members of the delegation the officials communicated with the Surveys and Engineering Branch and obtained from them an assurance that the work on the school building would be pushed forward with the object of having the building completed at the earliest possible date.

I shall await your instructions and the decision of the Minister with respect to this matter.

In view of the fact that this is a temporary arrangement, it is not the intention of the Department to take action against the parents at this time. The new addition to the United Church Day School is proceeding well. However, as it is always the case, when enlarging an existing building, more work had to be made than at first expected.

Beams had to be replaced to support the building and the entire roof re-shingled etc. The engineer in charge of the work is confident to have the work completed this month.

MEMORANDUM:

Mr. Wardle

Re: United Church Day School Caughnawaga Indian Reserve, Quebec.

With reference to the alterations and addition being made at the above school, our Engineer in charge of this work reports that the shingle roof of the old building, to which the addition is being made, "is in such rotted condition that it cannot be repaired". He further recommends that this roof be stripped and re-shingled.

You will recall that we were informed by the Director of Indian Affairs in a memorandum of May 3rd last that the Indian Agent advised that it would not be necessary to reshingle the roof of the existing school, but only to reshingle the portion connecting with the new addition, as the roof of the present school was in first class condition.

In view of this latter information, no allowance was made for the reshingling of the existing building in the estimated cost of the work.

It is evident that the old roof should be reshingled, and I would be pleased to be advised whether this work may be undertaken.

The estimated cost of this item is about \$150.00 and as the proposed expenditures on this building amount to only \$4,800.00 it may be possible to carry out this extra work within the amount of \$5,000.00 provided for this project, No. 1, under Vote 76-64.

With reference to the installation of inside toilets as requested by the Indian Affairs Branch in their memorandum of July 26th, I am advised that the cost of installing inside toilets, complete with sewage disposal and water supply systems, is estimated at \$1,600.00.

As additional funds will have to be provided for this work I would be pleased to be advised whether the inside toilets should be installed, and, if so, whether the sum of \$1,600.00 is to be provided from the unallotted funds remaining under Vote 168 of the Indian Affairs 1938-39 Estimates due to the cancellation of the Metagami School.

With reference to the above, I am forwarding herewith a copy of a memorandum from the Chief Engineer. It will be noted that our Engineer considers that the roof on the old section of the school is in such a condition that it should be re-shingled. This is contrary to the report of your agent as contained in your memorandum of the 3rd May last but in view of Mr. Chene's report our Engineers consider the work should be done. It is noted the expenditure connected therewith is \$150 and that it may be possible to include this with the other expenditures of \$4,800 in the total amount provided namely \$5,000.

It will also be noted that the installation of inside toilets and other work connected therewith will cost approximately \$1,600. This additional work was requested in your memorandum of the 26th July last. Will you kindly advise where this amount should be taken from.

Dear Mr. Hooey,- Re Caughnawaga

I understand that the Agent made some agreement with the local trustees to rent the church for four months or for such period as would be necessary, at the same rate as in the past. A letter from Rev. C.C. Dean, leads me to infer that this is some sort of a local arrangement, and I have written to say that it would be very much better if the rent were paid here in the same way as has been done in the past. I presume that this would also be acceptable to your Department, and that we can expect the cheque whenever the arrangement comes to an end, that is when the new building is completed.

Dear Mr. McCrae:

May I refer to your letter to me, dated September 13, 1938, in which you submitted for departmental consideration the desirability of having a number of Indian day school pupils removed from the Kateri School to a room in the home of the United Church Missionary on the Caughnawaga reserve?

You will probably remember that you discussed this matter with me and two of the officials of the Training Division at my office a few weeks ago. I informed you then that it was my intention to submit the matter to the Minister for consideration and for his decision.

I am now in receipt of a memorandum from the Chief Executive Assistant, in which he states that the matter was discussed with the Minister and the Deputy Minister on the 20th of September. In view of the fact that construction work on the new classroom would be finished in a few days, the Minister took the position that no change in the present arrangement should be made.

Mr. Phelan, Chief of the Training Division, visited Caughnawaga yesterday, with the object of expediting, if at all possible, the work of construction. He informs me that the building will be completed and ready for occupancy toward the end of the month. I was somewhat disappointed to learn from him, however, that the parents had steadfastly refused to send their children to the Kateri School. Only two were in attendance at the time of Mr. Phelan's visit. This attitude on the part of the Indians renders Indian administration exceedingly difficult and exacting on a number of our reserves.

Yours very truly,

I have for acknowledgment your memorandum of September 24 and also copy of a report received from your Chief Engineer, attached thereto.

In view of the comment made by the Engineer in charge of this work, I am of the opinion that the entire building should be re-shingled. I note that the cost of this work is not likely to exceed \$150.

It is my understanding that we are not proceeding with the construction of the Metagami School during the present fiscal year. If such is the case, the amount of \$1,600 necessary for the installation of inside toilets at the Caughnawaga School can be provided from the unallotted funds remaining under Vote No. 168 of this Branch.

Caughnawaga, October 17th, 1938.

Dear Sir:-

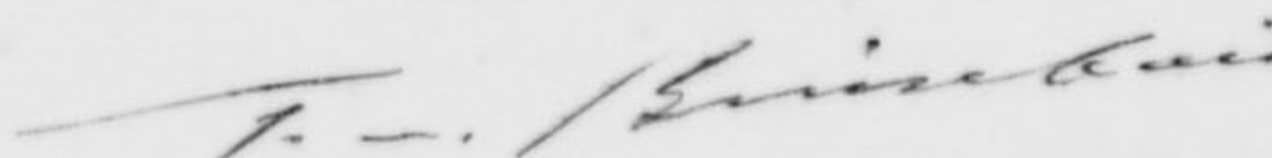

You will find herewith the original of a letter from Miss Ella Bryan, teacher of the Senior class of the local U.C. Day School, in which she is requesting that new school desks of a movable type be supplied for both classes in the new school building.

As you are aware the building referred to has been re-constructed in such a way as to serve as a community hall as well as for school purposes, and due to its future use it will often be necessary to move all desks and chairs, and it is considered that the present type of desks, which are of the fix type, will not be convenient owing to their frequent moving.

The desks presently in use are not in good conditions but could be repaired and used for a few more years.

Will you kindly let me know if the Department will consider the supplying of desks of a new type to meet the school requirements.

Yours truly,

Indian Agent.

This cupola will not serve any useful purpose and besides it is very close to the chimney. As a result it might constitute a fire hazard.

I recommend that instructions be issued to have this cupola removed.

From telephone conversations with officials of your Branch it was understood that the above school would be completed by the end of October.

In the Indian Agent's report for the month of October he writes as follows:

"The addition to the existing building of the United Church School is proceeding rather slowly. This is reported to be due to the delay in obtaining the necessary materials.

"In the meantime the children of the U.C. school are not being taught, which is to be regretted."

One class room of this school has been conducted in the United Church but as the Church is required for a festival the Indian children had to leave it.

I should, therefore, appreciate any action you can take to rush completion of this building. Please let me know when you consider it can be occupied.

Dear Sir:-

I have your letter of the 23rd instant dealing with a complaint made at Ottawa by the Secretary of the Board of Home Missions of the United Church to the effect that no Indians have been employed in the remodelling of the U.C. Indian Day School.

In reply I beg to transmit you herewith the fourth copies of every payroll from the start of the work up to the week ending on the 5th instant. A "red mark" has been made in front of the names of each Indian who has worked at the building.

It will be noted that more Indians than white people have been employed on this construction work.

I also wish to point out that apart from the foreman and his assistant the only white people who were employed are tradesmen whose services could not be obtained among the members of this Band.

It is apparent that the facts have been misrepresented to the Secretary of the Board of Home Missions of the United Church.

I would kindly ask you to forward back to this office these paylists after you have perused them in order that they be remitted to Mr. J.D. Chene who needs them.

Memorandum:

Mr. Wardle.

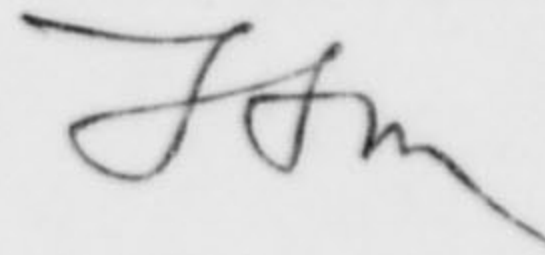

Re: New United Church Day School
at Caughnawaga, P.Q.

I beg to advise that a new well has been drilled to supply water to the above mentioned school, which work was completed at the beginning of last month. It was necessary to install this new well to replace the old one which had been abandoned owing to its contaminated condition and other causes. It was carried down to a depth of 63 feet in order to obtain an adequate quantity of water to supply the new plumbing system in the new addition, toilets, etc.

As I understand that no bacteriological or chemical analysis has yet been made of the water from the well in question, it is suggested that the Indian Affairs Branch be advised to have an analysis made of the water from one of the taps in the school. This could be attended to by obtaining the regular sterilized sample bottles from the Quebec Ministry of Health, 80 Notre Dame Street, East, Montreal, P.Q. The samples of the water could be taken by the Indian Agent in company with the Reserve Doctor. I might say that there is no charge attached to such analyses and the two samples necessary could be taken to the Provincial Laboratory in Montreal by either the Indian Agent or the Chief Constable, who, I understand, make daily trips to Montreal on departmental business.

Should the results of the analyses be found unsatisfactory, this Service could, if requested, give some directions as to the manner in which the new well could be disinfected at a very low cost.

Respectfully submitted,

J.M. Wardle, Esq.,

I am forwarding herewith a copy of a memorandum from the Chief Engineer in regard to the water from the new well drilled recently to supply water to the above school. You will note that it is suggested that samples of the water be sent or taken to the Provincial Laboratory in Montreal for examination. In case the examination shows the water unsatisfactory our engineers, if desired, can give directions for the disinfection of the well.

Dear Sir:

The Department desires you to arrange for the immediate examination of the water from the well at the Caughnawaga U.C. Indian day school. In this regard the Surveys & Engineering Branch advises me as follows:

"As I understand that no bacteriological or chemical analysis has yet been made of the water from the well in question, it is suggested that the Indian Affairs Branch be advised to have an analysis made of the water from one of the taps in the school. This could be attended to by obtaining the regular sterilized sample bottles from the Quebec Ministry of Health, 80 Notre Dame Street, East, Montreal, P.Q. I might say that there is no charge attached to such analyses and the two samples necessary could be taken to the Provincial Laboratory in Montreal by either the Indian Agent or the Chief Constable, who, I understand, make daily trips to Montreal on departmental business."

The report, when received, should be submitted to the Department for consideration.

Dear Sir:-

The teachers of the United Church Indian Day School have recently applied to be supplied with window shades for use at the school building. The teachers have suggested that these shades be bought in the cream color, which is the color of the walls. The quantity required is as follows;

Quantity,	Length.	Width.
6	7 feet	40 $\frac{1}{2}$ inches
5	7 "	34 $\frac{1}{2}$

I would kindly ask you to take this request into consideration.

Dear Mr. Hoey:

Re: Caughnawaga

You will remember that in connection with the arrangement whereby the Department obtained the use of land for a site for the school, or for the extension of it, it was agreed that a good substantial fence would be erected between the school grounds and the rest of the property. I need hardly point out that this is not only desirable but essential, if the missionary is to have any use of a garden.

May I ask if instructions have been given to proceed with the erection of this fence and provision made for the purchase of the necessary materials? We are very anxious to have this done as soon as possible.

Yours sincerely,

Dear Sir:-

Before leaving for their holidays the teachers of the local United Church Indian Day School requested that two cupboards be supplied at the School for the storage of books and other school material. I may say that this request is justified owing to the lack of cupboard space, and I would recommend that two cupboards of 6 x 4 feet by 18 inches, be supplied.

Kindly let me know if this will be bought locally, or made here, or if it will be sent from Ottawa.

Yours very truly

Dear Sir:

With reference to your letter of the 11th. instant, please make inquiries and advise me of the cost of material and labour for building two cupboards at the Caughnawaga United Church Day School.

If this can be built by an Indian at a reasonable cost, the department would prefer to have the matter handled in that manner.

Yours truly,

Caughnawaga, July 27th, 1939.

Dear Sir:-

I beg to refer to your letter of the 22nd of May last, in which you requested to be supplied with estimates towards the erection of a good substantial fence between the school grounds of the United Church and the other properties.

In reply I wish to transmit you herewith estimates which have been obtained through Mr. J.F. Crepin, a merchant from Chateauguay Bassin who is on the approved list. These estimates are for a fence 5 feet in height. Estimate No. 1, is for a fence as shown on page 6 of the enclosed catalogue and is comprising steel posts, steel frame, completely installed by the Company.

Estimate No. 2, is for the wire only, and in connection with this estimate I wish to say that this could be put up by using wooden fence posts and wooden frame. In addition to the wire the following material would be required: 56 posts of 6" x 6", 8 feet long at .90 each; 1150 linear feet of scantling 2" x 4" at \$22.50 per thousand feet. If a first class job is wanted it would be advisable to set the posts in cement and it is estimated that half a bag of cement per post would be required at an approximate price of .65 or .70 a bag. The sand and the crushed stone would be available without cost.

The labour for the erection of the fence by Indians is estimated at about \$55.00.

The prices obtained were from J.F. Crepin of Chateauguay Basin and Leduc & Fils of Beauharnois, Que., both dealers on the approved list. It will be noted that the fence to be made is on the East, west and south part of the lot as only the front part is in good condition.

I have your letter of the 27th ultimo with reference to fencing the grounds of the Caughnawaga U.C. Indian day school.

The prices submitted by you appear to be extremely high and unless the work can be done at a more reasonable cost the Department is not prepared to incur any expenditure.

You might make further inquiries with a view to ascertaining if there is some other type of fence which would be suitable for this property and submit the quotations you receive for our consideration. At the same time you should state if it would not be possible to have Indians on relief do the work without extra charge, especially those who are adherents of the United Church.

Dear Sir:-

I have your letter of the 15th ultimo in connection with the building of two cupboards for the United Church Indian Day School. You requested to be advised as to the cost of same and also if it could be made here by an Indian.

In reply I wish to say that Frank T. Johns a carpenter member of this Band has submitted a price of \$25.00 each for the cupboards which will be of 6 by 4 by 18 inches. The materials would amount to \$38.00, lumber, paint, hinges locks etc, and he estimates that it would take him 3 days at \$4.00 per day to make the two cupboards.

Kindly let me know if this price is acceptable.

Gentlemen,

A client of mine would be interested in two amounts covering some work for your department made by Alphonse Barsalou, at Caughnawaga, in 1929.

If you would be kind enough to let me have the full particulars in this connection, it would be much appreciated.

Dear Sir:-

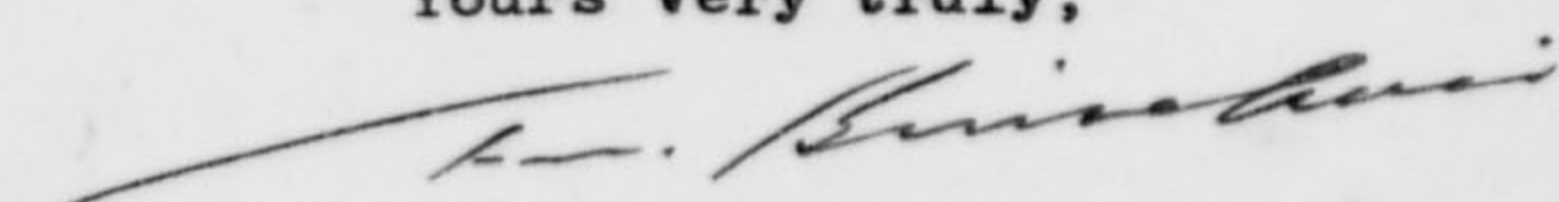

I beg to refer to your letter of the 8th instant dealing with the construction of a fence around the U.C. Indian Day School ground.

As the estimates already submitted were found too high, I wish to submit you other estimates at reduced cost.

Chain link fencing 4' high, 2" links, would cost 24.4¢ a foot for a total of \$131.76 galvanized before being cut. The previous estimate was for a 5 feet high chain link fence. Instead of 56 square posts 6" x 6", 8 feet long at .90 each, ordinary fence posts as used on farms could be purchased at .15 each for a total of \$8.40. In order to further reduce the cost the wooden frame could be eliminated and approximately 150 feet of scantling used for bracing. No cement will be used for the posts.

As to the possibility of having Indians on relief to do the work without cost I may say that this is not considered possible as they do not even do any work for their church without being paid. If the framing, the cement are eliminated and short posts used it is estimated that the cost of labor will be of \$30. only instead of \$55.

Dear Sir:

I desire to acknowledge receipt of your letter of the third ultimo, with reference to work done by Alphonse Barsalou on the Caughnawaga reserve in the year 1929.

The delay in answering your letter is due to the fact that it required considerable searching to locate in our records any payment to Mr. Barsalou.

It has been found that only one account was recorded for work done by Barsalou at Caughnawaga in 1929. This account was for work on fence and repairs to Caughnawaga Protestant School, as per contract, and was paid on September 14, 1929, by official cheque No. 3212 for the amount of \$1,430.00. The cheque was payable to the order of Alphonse Barsalou and was cashed at the Banque Canadienne Nationale on September 20, 1929, at La Prairie P. Q. The cheque was endorsed "Alphonse Barsalou" and appears to be in order.

I trust the above information will serve your purpose.

School

VOTE.....**76**

Allotment.....**13-493**

SHIP TO F. Brisebois, Esq., Indian Agent, Caughnawaga, Que.

Purpose for which required New fence around school grounds

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
540	Lin. ft. chain link fencing 4' high, 2" links, galvanized before being cut				
Note: The Indian Agent estimates the cost of the above-mentioned fencing at \$131.76. It would be appreciated if you would arrange to purchase it immediately as it is required for a fence around the school grounds of the Caughnawaga U.C. Indian day school.					

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

Dear Sir:

Re - Caughnewaga

You will remember that the new school building was not ready for occupation when school started last year, and for some time the church was used as a school building. My understanding is that this was done on the authority of the Agent. I am not sure how many months this arrangement lasted, but, in any event, we have not received any rent. Would you be good enough to look into the matter and let us have a cheque for this at the usual rate? No doubt you can easily discover from the Agent for how many months the school was held in the church.

Yours sincerely,

Dear Sir:

As you are aware the United Church on the Caughnawaga Reserve was used for class room purposes until the present school was completed.

Rent for the use of the Church has been paid to June 30, 1938. Please submit a voucher covering the amount of rent due for the period after June 30, 1938, that the Church was used for school purposes.

Yours truly,

R. A. Hoey,

Caughnawaga, December 11th, 1939.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 4th instant, dealing with the rental of the Caughnawaga United Church building which was used as the United School Junior Classroom, until the present school was completed.

In this connection I wish to transmit you herewith, as requested, a voucher to the amount of \$40.00 in favour of the Board of Home Missions of the United Church, Toronto, Ont., covering the rental for the two months the building was used at the beginning of the present school term, viz; September and October, 1938, at \$20.00 per month.

I deeply regret the delay in the submitting of this voucher as the matter was overlooked.

Yours very truly,

This Agreement made on the 16th day of July 1945,
witnesseth that:-

Mr. Joseph Lefebvre an indian of Caughnawaga rents
to the Indian Affairs Branch, Ottawa, Ont., for the use of the
teachers of the United Church Indian Day School, a property
located in the Village of Caughnawaga and bearing No. 680, for
a period of ten months, from September 1st 1945, at a monthly
rental of \$20.00 to be paid at the end of each month.

It is understood and agreed that this house is
completely furnished and that the teachers will undertake to
leave the house in the same condition as when they took pos-
session of it. The property above mentioned to be used as
a residence only.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I wish to inform you that the house which was for the past few years occupied by the teachers of the United Church Indian Day School will not be available for them on the 1st of September, next, as the owner who was overseas with the Canadian Army has returned and will occupy same with his family.

However another house has been found for the teachers for the next School year. This house is located on the Highway about 500 feet from the School, the property of Mr. Joseph Lefebvre an Indian who lives in the United States. This house is very comfortable, has five rooms and is completely furnished.

Mr. Lefebvre was willing to rent and as he was leaving for Brooklyn on this date I took the liberty of having the enclosed agreement made before his departure.

The teachers have visited this house before the end of the School year and had requested me to try to rent same as they were entirely satisfied with it. It is not believed that any other furnished house would be available on the Reserve.

The teachers of the U.C. Indian Day School at Caughnawaga have informed that owing to the number of children who will become of school age and will attend their School next Fall, they will require twelve more desks. The desks requested to be six of the medium size and six of the large size, of the type made at the St. Vincent de Paul Penitentiary.

Also requested are two soft balls, two bats and two volley balls, as the pupils are now short of any playing equipment.

I have your letter of the 22nd instant dealing with the painting of the U.C. Indian Day School.

Relative to the price given I may say that under ordinary circumstances this would be high, but this includes the scraping of the building which is in a bad state as the old paint is all peeling off.

The following material will be needed,
" 12 Gallons of Paint (Buff color)
3 " " White
3 " turpentine
1 " oil
20 " Stain for roof. (Green)
25 lbs putty
1 1/2 gall. Paint for porch (Grey)

It would be appreciated if the above material could be obtained as soon as possible so that this work be completed before the reopening of the school.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

Miss. Viola Day, teacher at the local U.C.
Indian School, is requesting to be supplied with six
additional moveable desks this owing to the increase
attendance at that School.

As you are aware these desks are made in
three different dimentions; the large one would be
required.

The desks made at the St-Vincent de Paul
Penitentiary are quite satisfactory but the last re-
quisition was quite slow to come in. If ordered there
it might be well to ask them to rush this order.

Caughnawaga United Church,
Caughnawaga, Que.
June 2, 1947.

Mr. F. Brisebois,
Indian Agent,
Caughnawaga, Que.

Dear Sir:

Would you please be so kind as to forward the following suggestion and request to the proper authorities in the Department of Indian Affairs.

The Board of Stewards of the Caughnawaga United Church is interested in buying a 16mm Sound Projector for the presentation of motion pictures. From the church viewpoint the reasons are as follows: 1) It can be used to show religious pictures; 2) it can also be a means of providing proper entertainment for our people on the Reserve.

The main reason for our interest, however, is in the education of our children. If the United Church School had the use of a projector for educational purposes, we can provide an even better education than is possible at present. As you may know, many of our children are hoping to attend high school on the Island of Montreal. If we do not have the necessary aids to education here, they are decidedly handicapped when they have to compete with other youngsters who have had better opportunities.

Since the provision of educational aids is the responsibility of the Department of Indian Affairs, we feel that it is only reasonable to request that the Department of Indian Affairs should pay at least half the costs of the projector. I feel sure that when the Department gives this suggestion the consideration which it deserves they will be pleased to assist us in our work of raising the educational and living standards of our people.

Having had four years experience with all makes of 16mm projectors, there are only two which I would recommend - the Bell-Howell and the Audio-Visual Educator. These machines are by far the best in the field. Of the two, I would buy the Audio-Visual Educator for the simple reason that it is a Canadian machine made in Canada by Canadians. The Audio-Visual Educator is manufactured by the Northern Tool and Gauge Limited, Eastview (Ottawa), Ontario and is distributed by the Audio-Visual Educator Limited, 160 McArthur Road, Eastview, Ont. The price complete is \$585.00. However, they have a special price of \$465.00 for schools and churches.

Yours truly,

J. Stanley Kennedy

I beg to forward herewith the original of a letter remitted at this office on this date by Rev. J. Stanley, Minister in Charge of the local United Church Mission, which is dealing with the acquisition of a Sound Projector to be used both at the Church and at the U.C., School.

I would kindly ask you to take the granting of this request into consideration. Mr. Kennedy who is newly appointed at Caughnawaga is showing much interest in young people of this Community and has extended valuable help towards the administration of this Reserve.

I have read with care the letter written to you by J. Stanley Kennedy, Student-minister in charge of the Caughnawaga United Church. I am pleased to see the interest and co-operation which he is tendering you in the administration of the reserve.

I regret to say, however, that due to the heavy expenditure we have had for this year, it will be impossible for us to help in the purchase of a projector.

The Department is buying apparatus for visual education; we have started with the larger schools and intend to cope with the others as money is available.

Re - U.C., Teacher's Residence, Caughnawaga, Que.

As you are aware a third teacher will be needed at the local United Church Indian Day School for the next School year and consequently proper accomodation has to be obtained for her.

At the present time our two teachers are living in a property owned by an indian of this Reserve, Jos. Lefebvre. They occupy part of this house, less two rooms which are not quite finished.

These rooms would be needed to accomodate the third teacher and the owner is quite willing to have them completed with electricity, beaver board, paint etc., but is requesting for additional rental owing to the expense that he will have to incur .

ask / Mr. Lefebvre would undertake to put every thing in first class condition for a rental of \$30.00 per month.

This would appear to be reasonable in view of the fact that this house is partly furnished. Please take this request into consideration.

I have your letter of the 4th instant with reference to securing accommodation for the third teacher at the Caughnawaga U.C. Day School.

We have been allowing rent of \$20. a month for the house used by the teachers in charge of this school.

Your letter is not exactly clear regarding the extra amount that the owner requires. Do you mean that he will fix up the additional rooms and that the total rent for the building will be \$30. a month.

I beg to acknowledge the receipt of your letter of the 10th instant dealing with the question of the rental of the U.C. Indian Day School Teachers at Caughnawaga and in reply to say that the owner will fix up two additional rooms so that the three teachers may be comfortable.

Owing to this additional expense he is requesting the sum of \$30.00 per month instead of the \$20.00 actually charged.

As this house is furnished and that Mr. Lefebvre will incur other expenses it is believed that \$30.00 per month will be quite reasonable rental.

Caughnawaga United Church,
Caughnawaga, Que.
July 14, 1947.

Mr. F. Brisebois,
Indian Agent,
Caughnawaga, Que.

Dear Mr. Brisebois:

The following is the information requested by
Col. Neary concerning the need for a third teacher and classroom at the
United Church Day School in Caughnawaga.

Junior Room (Grades 1 & 2) Attendance Record

Month	No. of Days	No. of Pupils	Attendance Percentage
September	15	24	77.7
October	21	25	82.0
November	20	23	87.3
December	15	21	85.4
January	19	28	76.8
February	20	28	77.3
March	20	29	93.2
April	16	29	95.1
May	22	29	81.1
June	17	27	84.0

Senior Room (Grades 3 to 6 inclusive)

September	15	28	88.2
October	21	30	89.68
November	20	29	82.7
December	15	28	86.4
January	20	30	89.66
February	20	30	90.3
March	16	31	85.26
April	16	31	90.5
May	22	31	88.02
June	17	31	87.4

The total school population reached 60 with an
overall attendance percentage of 85%. In addition to the 60 pupils on
the roll, we know of 14 more who will be attending the United Church
School this September. As you well know, a total of 74 pupils would be
practically impossible to handle in the present facilities.

The breakdown into classes next term will be

Grades 1 & 2 - 27 pupils

Grades 3 & 4 - 23 pupils

Grades 5, 6, & 7 - 24 pupils.

With the classes divided in the above manner, it would be possible for the teaching staff to do much better work in providing the education which is so badly needed on this reserve.

Therefore, I would ask that you request Col. Neary to consider our problem carefully in the expectation that the Indian Affairs Branch will see fit to rent an additional room - which is available - and authorize the employing of a third teacher.

Yours truly,

J. Stanley Kennedy

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

I wish to transmit you herewith the original of a letter received at this office of this date from Mr. Kennedy, Pastor of the local U. Church dealing with a third classroom for the U.C. Indian Day School at Caughnawaga.

Relative to the renting of a building for the classroom needed I wish to inform that a suitable one, was found. This building is located on Main Street, next, to the one which we are renting for the baby class, from Mrs. J. K. Jacobs. There would be a room of 25 by 20 for the class, fairly well lighted during the day time.

As to repairs I may say that one partition would have to be taken down, the room painted, the building of some shelves for the books and electric lights installed, (the building is already wired) and it is recommended that fluorescent lights be installed which could be removed when the building is located, for use elsewhere. This was done for the H.C. classroom at Mrs. Jacobs.

ask. Eighteen additional desks for pupils would also be required, together with a teacher's desk and chair and also some blackboard.

Please advise as to the above at your earliest convenience.

Mr. Frs. Brisebois, Indian Agent,
Caughnawaga, P.Q.

With reference to your letter of the 17th instant, the Department approves you renting the building on Main Street which you consider would be suitable as a third classroom for the Caughnawaga U.C. School.

You may arrange for the necessary repairs to this building keeping the cost as low as possible.

With reference to the eighteen additional desks, please let me have the size required - large, medium or small.

We definitely prefer the dark coloured desks for use in the schools, as it is so much easier to keep them clean.

However, if Vilas Company is having difficulty in obtaining the wood required for the darker desks, it will be quite in order to send the light coloured ones, as ordered.

Gentlemen;-

Attention: Philip Phelan,
Chief Training Division

We have your letter of September 3rd. in connection with order placed by your Department, under number 21843, calling for 10 Medium Size and 8 Small Size Movable Chair Desks, to be shipped to F. Brisebois, Indian Agent, Adirondack Junction, Que. There has been previous correspondence with your Department, with regards to this order.

Our Montreal representative called on this school at Caughnawaga, and the Principal advised him that the desks were required in Walnut finish - not in "Light Oak" which we are presently supplying. We took this matter up with your Department and sometime later were advised to ship the desks in Walnut finish. This necessarily causes a delay, as we were obliged to wait for new cuttings of both sizes of desks, to come through the factory, - consequently we believe it will be sometime between the 20th. and 25th. of September before shipment can be made.

Yours very truly,

Rev. Mr. Kennedy of the local United Church Mission has on this date applied to be supplied with the necessar materials for the construction of a skating rink on the ground of the U.C. Indian Day School for use of the pupils and also of the adults of this vicinity.

As you are aware there are no rinks for the children attending the local Schools nor are there any other outdoor amusement. It is believed that this request is in the best interest of the children.

The cost of the boards, scantlings, nails etc., for the proposed rink of 150 by 60, would be of approximately \$170.00, exclusive of labour. It has been suggested that the boards be made in panel of 12 feet long which could be used every year thus doing away with any carpenter work.

Mr. Kennedy would undertake to supervise the activities of the children and others using the rink.

Will you please advise if this request could be granted.

I wish to advise that the kitchen stove in use at the residence of the teachers of the local U.C. Indian Day School is now out of order and cannot be repaired. It is a stove which has been in use since over 30 years. This stove is not the property of the Department but that of the owner of the house, Mr. Jos. Lefebvre.

Miss Daly the Principal of the U.C. School informs that she has found a stove suitable for their use at J.A. Tessier, Lachine, Que., which could be delivered immediately.

Said stove is made by "Belanger Ltd., model Marina, white enamel, six lids, water tank and dish warmer etc., The price complete would be of \$170.00. Without hot water tank the price would be of \$150.00.

I would appreciate being informed if this purchase would meet with your approval so that the teachers be informed accordingly.

Mr. F. Brisebois,
Supt. Indian Agency,
Caughnewaga, Que.

Dear Mr. Brisebois,

We, the undersigned teachers of the Day School under the auspices of the United Church of Canada, wish to thank you for the kind attention you gave to supplying recently, through the Department certain repairs and equipment necessary for efficiency and our personal comfort, in the schoolrooms as well as in the dwelling house supplied to us.

We would particularly draw your attention to the satisfaction we now have in the janitor service. Mr. Whitebean, who has replaced Mr. Rennie, has by his efforts changed the whole atmosphere of our classrooms. He has scrubbed and disinfected floors, walls and ceilings throughout, which has not been done for years. Each week he scrubs one classroom in turn with disinfectant, which is necessary for the health of the pupils. Since Christmas he has painted the floors of the senior school. Mr. Whitebean's willingness to co-operate in the interest of our children is commendable.

However, with all this satisfaction realized, we feel justified

in appealing to the Department, through your good offices, for further consideration--this time more especially as to our personal comfort.

As you are aware we are housed on the Reserve in quarters rented furnished from one of the Indians of the Band. The furnishings while moderately comfortable are not complete by any means.

Now that there are three of us living here it is almost imperative that we have an adequate refrigeration unit in order to properly keep our food.

Laundry facilities have been most inadequate. So far we have sent our heavier pieces to a laundry in Montreal which has proved unsatisfactory and expensive. We understand that this expense is being taken care of for other teacherages by the Department. In lieu of this we request the Department to give consideration to supplying us with an up-to-date washing machine.

This request then is for the following:

One electric refrigerator of a capacity of at least 7 cubic feet.

One electric washing machine--standard type.

We have not made such a request previously because it has been generally known that such equipment has been in short supply.

These articles, along with others already supplied, being Departmental property, will be useful for years and transferable to a new teacherage when such a building is available.

An extra copy of this letter is supplied, if in your judgment, a copy should be submitted to the Department.

Yours truly,

E. H. Roberts
Mrs. E. C. Ross
V. M. Daly.

We have your letter of the 20th instant enclosing letter received from the teachers in charge of the Caughnawaga U.C. School requesting certain equipment for their residence. Owing to lack of funds it is not possible for us to consider purchasing this equipment at the present time. However, you may write us again after April 1st and the teacher's request will have further consideration at that time.

In writing you should give more specific information regarding the type and size of equipment that you think is necessary and if possible I suggest that catalogue number be given.

Caughnawaga, Que.,
April 14, 1948.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.,

I wish to refer to your letter of February 23rd, last, dealing with a request made by the teachers of the U.C., Indian Day School to be supplied with a washing machine and an electric refrigerator to be used at their residence and in this connection to say that the teachers expressed the wish to be supplied with a washing machine of Beatty makes Model 9 A which is priced at \$159.50 retail.

As regard to the refrigerator the Frigidaire Products of Canada, 6277 Sherbrooke st, west, Montreal, were contacted and would be ready to supply us at wholesale price any of the available models. The teachers, however, would like to be supplied with their MJ, Model, seven cubic feet, which is being retailed at about \$375.00.

May I suggest that the washing machine, either the makes chosen or the equivalent be purchased wholesale through your purchasing Agent. If desired this could be done by us. We would likely be able to get wholesale prices from the General Electric at their Montreal B ranch.

With reference to your letter of the 14th instant, we are requesting the Departmental Purchasing Agent to secure the washing machine for the teachers' residence at the United Church Indian day school.

We are not prepared to supply an electric refrigerator. However, if ice can be obtained in Caughnawaga, we are prepared to supply an ice box on the understanding that the teachers would purchase their own ice.

Please let me hear from you regarding this suggestion and if you recommend supplying the ice box you might let me know at what cost a suitable one could be secured.

Re: Refrigerator for Teacherage
United Church School

Replying to your letter dated April 21st, in which we are advised "We are not prepared to supply an Electric Refrigerator. However, if ice can be obtained -- -- we are prepared to supply an ice box on the understanding that the teachers would purchase their own ice."

On the strength of your letter dated February 25th, 1948, the teachers for the United Church Day School were advised that in all probability their request would be granted in the fiscal year 1948-49, which information was received with much pleasure and anticipation. In this connection, I might point out that the teachers for this school, have down through the years, been very moderate in their requests, and have not always had all the comforts which their position may warrant.

The request for an Electric Refrigerator does in our judgment warrant favourable consideration for the following reasons,-

- (a) The fact that nearly all the uptodate homes on this reserve have Electric machines, the demand for ice delivery has fallen so low that the convenient supply is not available, and no deliveries appear until June, and usually close down after September 1st.
- (b) There are now three lady teachers living in the U.C. Teacherage, with the prospect that a fourth will necessary for the next term.

It should not be considered unreasonable for these women to desire to have necessary uptodate conveniences such as they would have in their own homes, especially, when food is purchased in more or less large quantities, a week's supply - either in Montreal or the convenient small towns, and these women are required to live on the Reserve, and in these modern days refrigeration is considered an all year round daily necessity.

- (c) Further to the fact that most homes to-day are equipped with Electric Refrigerators, it may be well to recognize that the other Teacherage on the Reserve, as

well as the residence leased for the Royal Canadian Police on the Reserve, have already Electric Refrigerator supplied by the Department, installed and which have been and are now maintained by our Department.

I would, under the circumstances most strongly recommend a reconsideration, and that the request for an Electric Refrigerator be granted, especially when, as previously indicated one may be purchased wholesale by the Department.

Mr. Frs. Brisebois, Superintendent,
Indian Agency, Caughnawaga, P.Q.

We have your letter of the 28th ultimo
with reference to the refrigerator requested by the
teachers at the Caughnawaga U.C. School.

As stated in our letter of April 21st, we
are not prepared to supply an electric refrigerator.
We feel we are dealing fairly with the teachers at
the Caughnawaga School if we offer them an ice box
and make them responsible for securing their own ice.

As you are aware, the salaries of teachers
of Indian day schools have been increased to a con-
siderable extent during the last two years and we make
no deductions for living quarters as is done in the
case of other Civil Servants either permanent or
temporary.

Superintendent of Education.

Miss Daly, Principal of the local U.C. Indian Day School has requested the redecorating of the Teacherage which comprises four rooms and a bathroom.

As you are aware we are renting this house from an indian of the Reserve, Mr. Joseph Lefebvre who is residing at Brooklyn, N.Y.. Mr. Lefebvre refused to undertake this work unless his rental is increased by \$10.00 or \$15.00 per month.

This increase is believed to be exorbitant. Will you please let me know if the Branch would undertake to redecorate this residence. The rental of this house is of \$30.00 per month.

Re: - Caughnawaga U.C. Ind., Day School &
Teachers' Residence.

The Principal of the above School has requested
to be supplied with three thermometers for use in the classrooms,
one paper cutter, three paper towel containers, and three new blinds. OTC

For the residence, two spring mattresses. Enquiries
as to the price of the mattress made at J.A. Tessier, 1305, Notre-Dame,
Lachine, are as follows for double beds \$32.50 and \$39.50. It would
seem that for the difference in price the \$39.50 are preferable.

We have your letter of the 14th instant with reference to redecorating the residence occupied by the teachers of the Caughnawaga U.C. School. It is noted that the owner will not do the work without an increase of \$10.00 or \$15.00 in the rent. As you mentioned, we are now paying rental of \$30.00 a month for this house.

Please let us know what it would cost to redecorate the residence, if you consider such work is absolutely essential. When we have this information, the request will be given further consideration.

P.P.
We also have your second letter of the 14th with reference to supplying a new heater at a cost of \$60.00 for the residence occupied by the teachers of the Caughnawaga U.C. School. If you think that this new heater is necessary, you may purchase same.

September 23, 1948.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

You will find herewith voucher no. 957, in the amount of \$151.25, in favour of J.A. Tessier, 1305 Notre-Dame, Laehine, Que., for two spring mattresses and one heating stove for the United Church School teachereage.

In connection with the stove I wish to point out that the model chosen for which the price of \$60.00 had been quoted, could not be guaranteed to provide sufficient heat for the whole building use as teacher's residence, which is a two story building containing six large rooms.

A larger model was suggested, which is fully guaranteed for the house in question, at an additional cost of \$13.25. Under the circumstances it was thought advisable to purchase the larger heater; hence the additional charge.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

The Principal of the local U.C. Indian Day School has applied to have a drinking fountain connected to one of the taps at the School for use of the pupils.

This would eliminate the supplying of drinking cups etc., and would be far more sanitary.

The total cost of the above, material and labour would be of \$25.00.

Please take this into consideration.

Dear Mr. Brisebois,

I would like to inquire about the possibility of renting a piano for our junior room. Miss Reesor is musical and could make good use of an instrument with her children if one were available.

We would also appreciate a portable gramophone to use in the three rooms for music appreciation. Such a machine is available in the stores at about \$45.

Yours truly,

Mr. Brisebois,
Indian Agent,
Caughnawaga.,
Que.

Dear Mr. Brisebois,

You know doubt remember that due to a slight indisposition on the part of Miss Roberts, I was called upon to supply for 3 days, the latter part of September, rather than close the Intermediate room. Shortly after, early in October, I supplied 2 days in the Senior room for Miss Daly.

After a considerable lapse of time, December 7th. to be exact, I received a cheque from the Comptroller of the Treasury for \$15.00, for the three days in September, and on December 22nd. I received another cheque in amount of \$ 10.00 for the two days in October.

My expenses for the 5 days amounted to \$ 5.10. Presumably you can take care of this, as you so kindly did on the previous occasion, when I supplied 3 days, following Miss Diabo's resignation.

Will you please send me a cheque for this amount?

Thanking you,

Respectfully yours,

(Mrs) Eleanor M. Trenholm.

COURS DE SCIENCES SOCIALES
(Histoire, géographie, instruction civique)

PEUPLES LOINTAINS

Par MARION J. McVEETY
ET S. CHARBONNEAU

(Pour les classes moyennes du cours primaire)

PEUPLES LOINTAINS a été révisé de façon à répondre exactement aux exigences du cours "B" de Sciences sociales pour les 3e et 4e années des écoles de la Saskatchewan.

Le livre décrit la vie des hommes qui habitent les régions suivantes: l'Arabie, le désert du Sahara, la vallée de l'Amazone, la vallée du Congo, la Suisse, la Norvège, les Pays-Bas, le pays des Esquimaux, la Laponie, l'Antarctique, l'Inde, la Chine et le Japon.

Il est écrit en un langage adapté au développement intellectuel des enfants de troisième et de quatrième années. Outre le texte qui décrit la vie des habitants des différents pays énumérés, l'ouvrage contient de belles illustrations qui évoquent aux yeux des élèves les peuples décrits, leurs habitations, leurs occupations, leurs moyens de transport. Il indique aussi les recherches qu'on peut faire aux élèves et les travaux qu'on peut leur assigner pour faire cette étude de géographie humaine d'après la méthode active.

PEUPLES LOINTAINS a été préparé par une institutrice qui connaît parfaitement son sujet et qui a une grande expérience de l'enseignement. La version française est due à la plume de Dr. Louis Charbonneau d'Ottawa.

Toutes les écoles du Canada trouveront profit à se servir de cet excellent ouvrage.

Caughnawaga, Que.,
January 14, 1949.

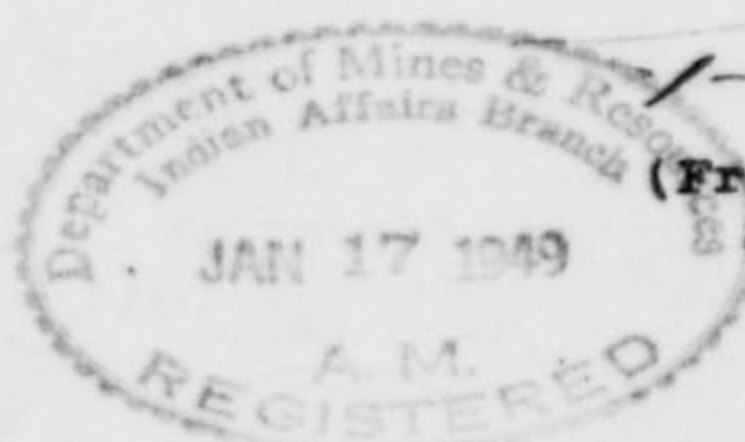

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I wish to inform you that there are no fire extinguishers at the U.C. Indian Day School, which is located near the U.C. Church, at Caughnawaga.

As you are aware this protection is essential here where we have no protection against fire.

Extinguishers of a capacity of 2½ gallons, standard type, could be purchased for \$18.50. Price obtained from Raymond Hardware, Craig st., west, Montreal.

May I suggest that two extinguishers be purchased for use at that building.

We have your letter of the 14th instant with
reference to fire extinguishers for the Caughnawaga
U.C. School.

At what price can you secure 1 quart fire
extinguishers? We are inclined to feel that if you
had approximately 4 of these, they would be better
in case of an emergency instead of the 2½ gallon type,
which are much heavier to handle.

DIRECTOR, LANDS AND DEVELOPMENT SERVICES BRANCH

Caughnawaga Eastern (R.C.) Indian Day School.

Caughnawaga United Church Indian Day School.

As soon as the new Caughnawaga R.C. Day School is completed, it is our intention to move to it all the children from the Caughnawaga Eastern School.

The following action will then be taken:

1. The Caughnawaga Eastern R.C. School will become the Caughnawaga United Church Day School.
2. The present Caughnawaga U.C. Day School will be converted for use as a teachers' quarters for the U.C. teachers.

It will be necessary to have the following repairs completed before September 1, 1949, in order to accomplish the above changes:

Caughnawaga Eastern School:

1. Carry out repairs to heating system.
2. Rebuild porches and steps.
3. Paint interior and exterior.

Caughnawaga U. C. School:

1. The installation of plumbing for the kitchen.
2. The erection of bedroom and living room partitions.

Memorandum:

DIRECTOR, LANDS and DEVELOPMENT
SERVICES BRANCH.

Caughnawaga Indian Day School

You will recall previous correspondence concerning our plans for converting the Caughnawaga Eastern School for use by the United Church children, when it is no longer required by the Roman Catholic children.

When our Engineer visits these schools, as requested, would he please carefully investigate the heating problems. We have just received a letter from the Student Missionary at Caughnawaga, Mr. J. S. Kennedy, reading as follows:

"Since the heating unit in the present United Church school will have to be changed; and since our Board of Home Missions must renew the heating unit in the church building this year; and since the heating unit in the minister's residence must be replaced within two to five years, therefore, we feel that there might be some way in which your Department and our Board of Home Missions could cooperate in installing a central heating unit for the three buildings.

"This suggestion is feasible due to the short distance between the buildings.

"As you know, it is less expensive to heat three buildings from one central unit than from three

units. The cost of operation to your Department, to the church, and to the house could be determined quite easily from the cubic content of each building.

"If this suggestion is of interest to you, we would be pleased to have a qualified and reliable heating engineer inspect the three buildings and recommend the type of heating unit which would provide the most efficiency with the least cost. By the time this would be done, Dr. Dorey should have returned to Toronto and details of installation cost could be arranged between yourself and him."

When your engineer visits this school, we would appreciate his comments concerning the feasibility of Mr. Kennedy's suggestions.

Gentlemen:

Re: Purchase Order 38384

The above covered an order for four one-quart fire extinguishers. We have received your account but there was no receipt from the transportation company attached to it, and consequently, the item of \$1.10 for prepaid charges cannot be paid.

We are issuing a cheque to you for \$44.60 and when you forward the receipt from the transportation company the additional \$1.10 will also be paid.

Yours sincerely,

Dear Sir:

As a Councillor of Caughnawaga, I wish to convey the wishes of my people and especially the councillors that are illiterate, (Can't read, can't write and can't talk English or French). I wish on behalf of these people, to protest the actions of the present Council, by passing resolutions and By Laws without discussion and without the consent of the individual Councillor. These resolutions and By Laws are passed without translation or explanation so that there are some who don't know what is going on. These under-handed actions must stop in order to get the full co-operation of the Council and Band.

On behalf of these people I wish to protest a Resolution passed at this month's meeting, in which the New School was mentioned. This Resolution asks for a Catholic School and to be controlled by the Church, I protested this.

Well, what will become of the children of other faiths? Our representative before the mixed committee requested a Public School, that will be of benefit to all our children without discrimination as to faith. Our representative at that time carried out the wishes of the Band, and we wish that nothing be changed.

We wish this institution to be a symbol of Democracy (freedom of Religion) to be of benefit to all. Thanking you in advance for your co-operation.

I remain,

Yours truly,

(Sgd) C. Albany.

We are returning your Voucher No. 549
issued in favour of the Bell Telephone Company.
As you were advised in official letter of March
22nd, the Department only pays service charges
on a telephone installed in a teacher's residence.

Consequently, when forwarding the
Voucher you should only forward it for the amount
of the service charge, which is in this instance
\$1.75.

When the account is received from the
telephone company at the end of each month, the
teachers should pay their long distance telephone
charges direct to the company.

Director,
Lands and Development Services

Caughnawaga Eastern Indian Day School
Reference your I.A. 1256-6 of May 25th.

This will acknowledge receipt of your above memorandum. I note that your engineer considers this building in a good state of preservation. We are immediately writing to our Indian Superintendent to have the superficial structural repairs on porches and stairs carried out during the summer.

We concur in your recommendations concerning the installation of the plumbing fixtures, the provision of a concrete septic tank and sewage disposal bed and the installation of the new boiler and other heating requirements.

It would be appreciated if you would prepare specifications and plans covering the above work and have it carried out under the supervision of your own engineers, if you so wish. We would like to have the project completed by school opening on September 1, 1949.

Eastern Day School - Caughnawaga Indian Agency

This will acknowledge the receipt of your letter of the 31st ultimo together with copy of a memorandum dealing with the above School.

As requested you will receive, in a few days, a requisition for the paint to be used in the interior and exterior of the building, so that it be shipped here to be kept ready to be applied immediately after the heating and plumbing repairs are finished.

Relative to the repairs to be done to the porches and stairs, the necessary steps are being taken to have this work carried out immediately.

In connection with the last paragraph I may say that it will be possible to secure tenders to convert the U.C.School into a teacherage, as soon as we are advised of the Departmental plans or the nature of the repairs needed. At present it is not possible to ask for tenders as we have nothing on hand to produce to show the nature of the alterations.

Memorandum:

MR. T.S. MILLS,
CHIEF ENGINEER

Caughnawaga U.C. Indian Day School

I have just returned from an inspection trip to the Caughnawaga Reserve. Arrangements have been made to move all school furniture and equipment from the Caughnawaga Eastern School so that it will be ready for the plumbing and heating repairs required to convert it for use by the Caughnawaga U.C. Church children next September.

We are arranging for the alterations to the frame school house to be converted to a teacherage but would appreciate your proceeding with the school building.

I have advised Mr. Brisebois of your memorandum of May 25 and told him that tenderers would probably be approaching him in the near future.

Mr. Brisebois is ordering the paint and arranging for repairs to the steps, etc. We will not paint the interior of the school until you have completed the plumbing and heating repairs.

Caughnawaga, June 20th, 1949.

The Indian Affairs Branch, Dept. of Mines & Resources,
Ottawa, Canada.

I beg to acknowledge the receipt of your letter of the 11th instant returning Voucher No. 549 issued in favour of the Bell Telephone Co. for service to the U.C. Day School Teachers' Residence.

In reply I may say that this voucher was submitted for payment of the full amount of the service and long distance calls, due to the fact that the Teachers had already deposited with this office an amount sufficient to cover the long distance charges on this account, which sum was remitted to the Branch under receipts 77904 for \$4.60 and No. 77967 for \$11.04 for a total of \$15.64, leaving a sum of \$2.75 to their credit to date.

I would therefore, kindly ask you to make payment of the full amount of the enclosed account and further accounts as submitted until the amount to their credit is exhausted.

The teachers will be informed that they should pay their long distance telephone charges direct to the Company, from thereon.

Attention Miss Roberts

Dear Sirs:-

With reference to our recent conversation we wish to advise you that on February 19th account, you were overcharged for a call to Sault Ste. Marie. On this call, we gave a credit of exactly \$2.01 on February 9, leaving your account as \$8.30 instead of \$10.31. On your March 19th, account, the \$8.30 was brought forward as balance. Another credit was made on your bill on March 31st, in the amount of .50¢ for three long distance calls to Montreal, now leaving an outstanding of \$11.94.

It is best to check your long distance calls every month, since you are on rural line, any calls that do not belong to you we will be pleased to adjust your account, and check further regarding these calls.

If further information is required, please do not hesitate to get in touch with our Business Office.

With reference to the plans
of the present Caughnawaga U.C. school for which
Mr. Doucet phoned, we have located the attached
on one of our old files, and presume that they
are correct.

However, we have also arranged
to secure blueprints of the plans on file in the

Allow me to point out that although there is just a little over six weeks left until the next school term, nothing has been heard of from the Branch, so far, as to when the repairs are to be made at the Eastern School and the alterations to the building which is to be used as a teacherage for the U.C. teachers.

May I say that the authorities of the United Church are much concerned over the delay and are frequently calling at this office in these matters.

Will you be kind enough to let us know if anything will be started in the near future, so that all interested parties be advised accordingly.

Re: Caughnawaga U.C. Indian
Day School

With reference to the telephone account for the above school, we have been caused considerable trouble because the Treasury does not seem to be able to adjust the long distance charges and satisfy themselves that we are not paying any long distance charges.

MP
Your Voucher No. 549 dated May 19th was issued in an amount of \$14.64 and cheque was sent to the Bell Telephone Company. Your Voucher No. 661 is being paid in an amount of \$1.75, which is the service charge. With this information you will be able to decide if your office has been given credit for the total amount that you forwarded to Treasury for payment you received for long distance telephone charges. If not, let me know this amount and I will have it refunded to you.

In order to avoid inconvenience for all parties concerned, in future the charge for telephone service at this school should only be for the service charge, namely \$1.75.

Memorandum:

DIRECTOR, LANDS and DEVELOPMENT SERVICES BRANCH.

Reference your I.A. 1256-6 of May 25

This will acknowledge receipt of your above memorandum. I note that your engineer considers this building in a good state of preservation. We are immediately writing to our Indian Superintendent to have the superficial structural repairs on porches and stairs carried out during the summer.

We concur in your recommendations concerning the installation of the plumbing fixtures, the provision of a concrete septic tank and sewage disposal bed and the installation of the new boiler and other heating requirements.

You can proceed to prepare specifications and plans covering the above work and to have it carried out under the supervision of your own engineers, if you so wish. We would like to have this project completed by school opening on 1 September, 1949.

Eastern Day School - Caughnawaga Indian Agency.

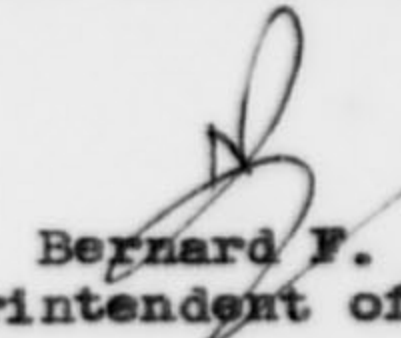

Please find attached a self-explanatory memorandum received today from the Director of the Lands and Development Services Branch concerning the above school.

We are requesting that steps be taken to have the plans and specifications prepared and the necessary work carried out during the summer holidays.

I would not suggest that the painting of this Eastern School be carried out until the plumbing and heating installations have been made. However, I would prepare as soon as possible, a requisition covering the interior and exterior paint required and submit it here for forwarding to the Departmental Purchasing Agent. This paint will then be at the school, ready to be applied immediately the heating and plumbing repairs are finished.

I would suggest that you secure a firm tender for the structural repairs needed on the porches and stairs and have this work carried out at once.

Will it be possible for you to secure tenders also for the alterations required to convert the frame U.C. School into a teacherage. We could have this carried out as soon as school closes at the end of June.

Bernard F. Neary,
Superintendent of Education.

MEMORANDUM

Ottawa, May 25, 1949

21610

Re: Eastern Day School,
Caughnawaga Indian Agency, Que.

With reference to Major Mackay's memorandum of March 29th bearing your notation of the 31st instant in connection with the above, you are advised that our heating engineer made an inspection of the mechanical services on May 20th.

The building was erected in 1912 and is generally in a good state of preservation. Some superficial structural repairs should be made to the porches and stairs. Painting and decorating repairs would add greatly to the all round appearance, both inside and out.

The heating system was reported to be unsatisfactory. The first floor can be kept reasonably warm but the second floor is almost impossible to heat. This condition has existed for many years according to information given to our officer.

The system is a conglomerate combination, one and two pipe low pressure steam, served by a square sectional cast iron steam boiler and it was installed when the building was erected. The distribution piping was connected in a weird and unorthodox manner, and the pipe hook-up at the boiler is incorrect to say the least. In addition to the foregoing, the boiler is unfit for further service, as leaks have developed and the base has failed.

In a previous memorandum from Major Mackay, it was suggested that the Superintendent of Indian Education be contacted before this inspection was carried out. As a consequence, Col. Neary, verbally requested our officer to investigate the possibility of installing plumbing and water service in the building.

Our engineer found a 180 gallon water pressure tank in the basement in apparently good condition with a nearly new water pump and this equipment was functioning quite satisfactorily. The well has produced water in ample capacity to date, and there seems to be no doubt of a continued supply.

Further investigation revealed that it would be possible to install toilets and wash basins in the cloak rooms together with a kitchen sink and a separate lavatory for the teachers. The student missionary, Mr. J.S. Kennedy, agreed to the use of this space and suggested to our officer that cloak room accommodation could be found elsewhere. It remains only to carry out a soil absorption test to determine the nature of the soil in order to design a septic tank and sewage disposal field.

Commenting on the third paragraph in Major Mackay's memorandum of March 29th, it can definitely be stated that it would not be practicable to attempt to heat the present United Church School and the Ministers Residence from the heating plant of the Eastern School. The initial cost would be prohibitive, and it would involve extensive operations which could not be economically justified in a set up of this kind. As a result of the investigations, it is recommended that the following operations be carried out at the Eastern School with reference to the plumbing and heating.

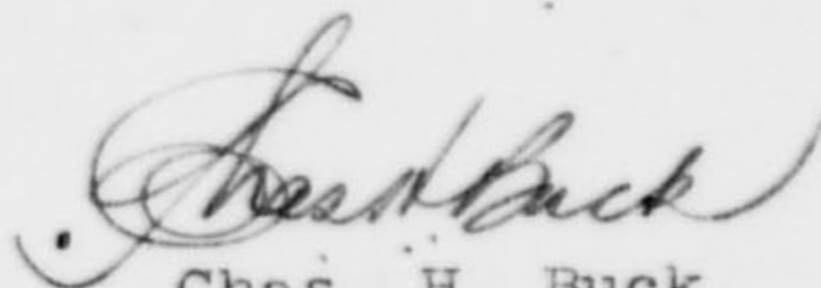

Install new plumbing fixtures in cloak rooms where shown including 3 W.C.'s and 3 basins on boys side and 3 W.C.'s basins on girls side with a kitchen sink. These fixtures shall be piped from the existing pressure tank. Provide one domestic hot water storage tank of approximately 100 gallon capacity with immersion electric heaters.

Provide concrete septic tank and sewage disposal bed.

Install new cast iron boiler, new steam and return mains with necessary traps and other accessories, new condensation pump and new return risers to the existing radiators on the second floor.

While it is impossible to form an accurate estimate of the cost until a detailed layout has been made, it is felt that the above operations will involve an amount of approximately \$6,500.00.

This Division will prepare plans and specifications covering the above work as soon as other commitments will permit at which time you will be further advised.

Dear Mr. Neary:

Re Staff - Caughnawaga U.C. School.

Miss Burden sounds like a fairly good prospect and I shall be pleased to give her any information she may desire.

Miss Patton visited Caughnawaga on Saturday morning, July 16th. I must say that she seems somewhat better than average. However, with only the one interview I am not jumping to any rash conclusions. I do think that she will be a definite improvement.

Mr. Morris visited Caughnawaga on Saturday afternoon, July 16th. I was quite favourably impressed and think that he should do much to improve the standard of our school.

Re Building Changes.

I was at the agent's office yesterday when Mr. Doucet checked the plans for the Eastern School. Frankly, I was amazed that any person in the Architects Dept., could have been so ignorant of school construction. The plans were entirely different to those which Mr. Margreaves had sketched roughly while here.

The necessary work in the Eastern school could be completed within a month so I am hoping that the mistakes will be rectified more rapidly than the original plans were prepared.

As things stand at the moment there seems to be no hope whatsoever of having the new residence ready for September. There is a slim chance but it looks bad. Would it be possible for Mr. Brisebois to make temporary housing arrangements for the new staff sometime in the near future? If we wait until the last minute we will be unable to make any suitable boarding arrangements.

Sorry to be such a nuisance but time is flying.

Yours sincerely,

Stanley Kennedy

Memorandum:DEPUTY MINISTER

Re: Caughnawaga U.C. Indian Day School,
Caughnawaga Indian Agency, Province
of Quebec, Electoral District of
Beauharnois-Laprairie

The construction of the Caughnawaga R.C. School is nearing completion, and this building will be ready for occupancy on September 1st.

As a result, the school building known as "Caughnawaga Eastern School" will be vacated, and as the present Caughnawaga U.C. School is too small, we are making certain renovations to the Eastern School to provide the extra classroom accommodation that is required.

By vacating the present Caughnawaga U.C. School we propose making renovations to convert this building into a proper residence for the three teachers who will be in charge of the school. Departmental officials have visited the Caughnawaga Reserve, and have prepared sketches of what is required, and we are anxious to have these renovations completed by September 1st if possible.

The Departmental Purchasing Agent is being requested to secure the materials. The firm of Jean Bedard, Limited, 480 Lafleur Street, Ville Lasalle, P.Q., are prepared to supervise all the wood work, engage the men required, and supply the services of an engineer for an amount not exceeding \$10.00 a day. The total number of days this firm would be employed would not exceed 40.

We understand that this is a very reliable firm and they can start work immediately. Enquiries were made in the vicinity of the Reserve by one of the officials from Head Office and by Superintendent Brisebois, but they were unable to locate anyone else who were prepared to start work immediately.

Under the circumstances, it would be appreciated if you would approve the employment of Jean Bedard, Limited.

Memorandum:

DEPUTY MINISTER

Re: Caughnawaga U.C. Indian School,
Caughnawaga Indian Agency, Province
of Quebec, Electoral District of
Beauharnois-Laprairie

As you have been previously advised, we are converting this former school into a teacherage. We have already written you concerning the structural alterations required, and in accordance with Mr. Levy's memorandum of August 4th, we are approaching Mr. Alphonse Faubert of Bellevue, Chateauguay.

Concerning the electrical alterations required, we have received the attached tender from Mr. L.E. Beauvais of Caughnawaga. Mr. Beauvais is an Indian who has become a successful electrical contractor, and who has previously done satisfactory electrical repair and maintenance work on our schools at Caughnawaga.

I would recommend, therefore, the acceptance of this tender from Mr. Beauvais in the amount of \$1,158.00 as fair and reasonable for the installation of new wiring throughout the building, the setting up of the spreader box, fuse panel and water heaters. As you are aware, the new R.C. school is nearly complete, and we are anxious to have an improvement in the accommodation for the Protestant school and teachers at Caughnawaga.

Memorandum:

DEPUTY MINISTER

Re: Caughnawaga U.C. Indian Day School,
Caughnawaga Indian Agency, Province
of Quebec, Electoral District of
Beauharnois-Laprairie

As you have been previously advised, we are converting one of the old brick schools formerly used by the Roman Catholic pupils into a four classroom school for the United Church children. Our proposals have been agreed to by both Churches, and we are now remodelling this school and installing electricity and plumbing so that it will be comparable with the new school being erected for the R.C. children.

In accordance with the provisions of the Public Works Act, we advertised for tenders for the heating and plumbing installations required at the above school. These tenders covered the installation of lavatory and toilets throughout the buildings, as well as installation of an entire new heating system. Plans and specifications were prepared by engineers of the Lands & Development Services Branch.

Three tenders were obtained as a result of our advertisement, varying from the lowest sum of \$9,500.00 to the highest of \$12,035.00. We have checked with the heating engineer of the Lands & Development Services Branch, who advises that the lowest tender is fair and reasonable, and have, therefore, prepared a Submission to Council covering acceptance of this lowest tender.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT the Indian Affairs Branch of the Department of Mines and Resources has provided for installations and revisions to the plumbing and heating systems at the Caughnawaga United Church Indian Day School on the Caughnawaga Indian Reserve, in the Caughnawaga Indian Agency, Province of Quebec;

THAT, in accordance with the provisions of the Public Works Act, tenders have been advertised for in local and trade newspapers;

THAT we have received, as a result of these advertisements, the following three tenders;

Ernest Hamel, 254 A Des Erables, Montreal, P.Q.....\$ 9,500.00
E. Tremblay, 925 Perrault Lane, Montreal, P.Q.....\$11,800.00
Wilfrid St.-Cyr, Hull, P.Q.....\$12,035.00

THAT the above tenders have been examined by Departmental officials and it is found that they comply with the conditions outlined on tender forms which had been prepared by the Indian Affairs Branch and the plans and specifications as prepared by the Lands and Development Services Branch;

THAT Departmental officials recommend the acceptance of the lowest tender, namely that of Ernest Hamel, 254 A Des Erables, Montreal, P.Q., in an amount of Nine Thousand and Five Hundred Dollars (\$9,500.00);

THAT funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

The undersigned, therefore, recommends the acceptance of the tender of Ernest Hamel, 254 A Des Erables, Montreal, P.Q., for installations and revisions to the plumbing and heating systems at the Caughnawaga United Church Indian Day School, for the amount of Nine Thousand and Five Hundred Dollars (\$9,500.00).

Memorandum

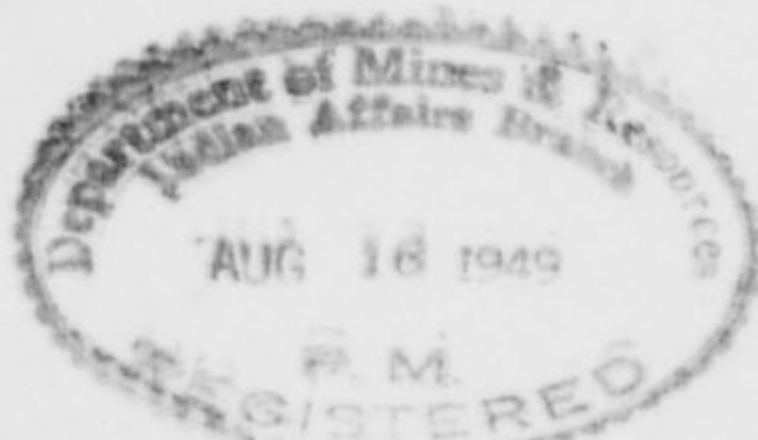

Re: Caughnawaga Eastern Day School

With reference to Major MacKay's memorandum of June 2nd bearing your marginal notation of the 3rd instant, in connection with the above you are advised as follows.

We verbally advised Col. Neary that the plans and specifications would be forwarded at an early date; and on July 13th the said plans and specifications were delivered by hand to the Indian Affairs Branch.

Owing to an unusually heavy pressure of work which was being dealt with at that time, the memorandum referred to was overlooked and unanswered.

For your information, we are verbally informed that the Indian Affairs Branch after having advertised the work have received three (3) tenders and it is expected that we will be called upon to comment on same.

The Department is prepared to take the following action, in view of the fact that the United Church teacherage and school will not be ready for opening by 1 September, 1949:

- (1) Classes will be conducted in the Kateri School until the Eastern School is ready. You may arrange to move the desks and school supplies accordingly.
- (2) The Principal will live in the old United Church teachers' residence until the new one is completed.
- (3) The two lady teachers will live at the St. Isidore Road school teacherage until the residence is completed. You may inform Miss DesCoteaux accordingly.

Miss DesCoteaux has requested permission to live in the teacherage at St. Isidore during the winter and promises to help keep the children warm while they are waiting for the bus. Have you any objection to this, after the U.C. teachers have vacated the building?

PRIVY COUNCIL

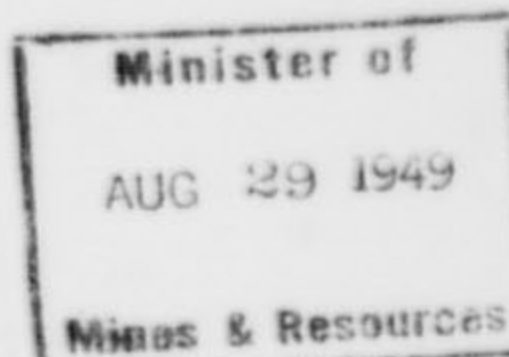

CANADA

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 24 AUGUST 1949

11920

The Committee of the Privy Council have
had before them a report, dated 12th August, 1949, from
the Minister of Mines and Resources, representing:

That the Indian Affairs Branch of the
Department of Mines and Resources has provided for
installations and revisions to the plumbing and heating
systems at the Caughnawaga United Church Indian Day
School on the Caughnawaga Indian Reserve, in the
Caughnawaga Indian Agency, Province of Quebec;

That, in accordance with the provisions
of the Public Works Act, tenders have been advertised
for in local and trade newspapers, and the following
three tenders have been received:

Ernest Hamel, 254 A Des Erables, Montreal, P.Q.	\$ 9,500.00
E. Tremblay, 925 Perrault Lane, Montreal, P.Q.	11,800.00
Wilfrid St.-Cyr, Hull, P.Q.....	12,035.00

That the above tenders have been examined
by Departmental officials and it is found that they comply
with the conditions outlined on tender forms which had
been prepared by the Indian Affairs Branch and the plans and
specifications as prepared by the Lands and Development
Services Branch;

That Departmental officials recommend the
acceptance of the lowest tender, namely that of Ernest
Hamel, 254 A Des Erables, Montreal, P.Q., in the amount of
\$9,500.00; and

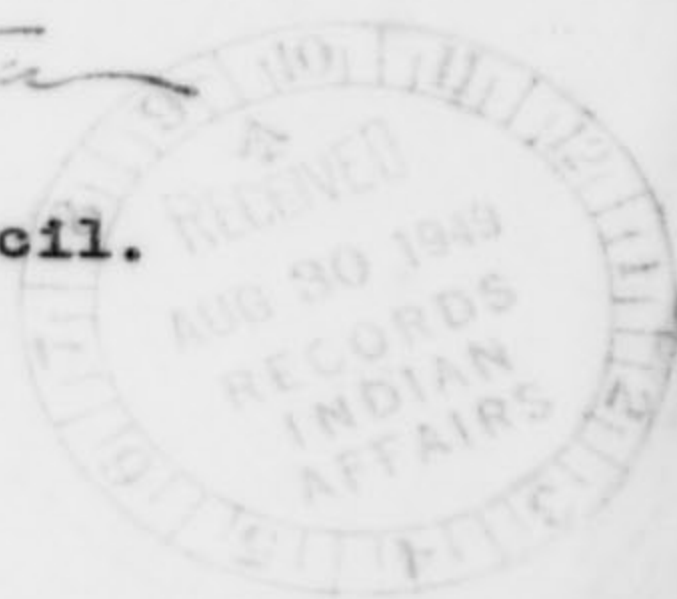

That funds are available for this purpose
in Vote 230, 1949-50, Indian Affairs Branch, Department
of Mines and Resources.

The Committee, therefore, on the recom-
mendation of the Minister of Mines and Resources, advise
that authority be granted to accept the tender of Ernest
Hamel, 254 A Des Erables, Montreal, P.Q., for installations
and revisions to the plumbing and heating systems at the
Caughnawaga United Church Indian Day School, in the amount
of \$9,500.00.

Re: Caughnawaga U.C. Indian Day School

Attached are the following two Contract Agreements. Two copies of Contract Agreement with Jean Bedard, and two copies of Contract Agreement with Mr. Ernest Hamel.

I understand from Mr. Doucet that he will be in Caughnawaga either tomorrow or Saturday, and he wishes to have the agreements at that time in order that he can hand them to the persons concerned. One copy of each agreement should be kept in your office and one copy of each should be sent to the two above parties by Mr. Doucet.

The first contract has been approved by the
Minister's office, and P.C. 4185 dated August 24th,
1949, accepted the tender of Mr. Hamel.

I would appreciate it if you would sign
these Agreements and return them to me, so that
they may be forwarded to the Indian Superintendent
at Caughnawaga.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

You will find herewith voucher no. 965, in the amount of \$7.00, in favour of Mr. Eugene Montpetit, of Caughnawaga, for the transportation of trunks and luggage from the Laprairie R.R. Station and from Montreal to Caughnawaga in the cases of the two new U.C. School teachers.

The luggage of Miss Olga Burden from Newfoundland had been shipped to Montreal, while those of Miss Patton has been sent to Laprairie, instead of to a nearest point from the Reserve, by mistake.

At the request of Mr. Kennedy, local U.C. Missionary, this account is being transmitted you for payment.

However I would ask you to advise if it is the practice of the Branch to pay for such accounts, for newly appointed teachers arriving to take up duties?

MEMORANDUM

COLONEL NEARY

Caughnawaga U.C. Indian Day School

P.C. 4185 of August 24th awards the contract for the installation of the plumbing and heating system at the above school to Ernest Hamel.

On the 11th of August, you forwarded Mr. Hamel's security deposit of \$950.00, which I presume will now be in order to forward to the Department of Finance. At the same time the security deposit of Wilfrid St.Cyr was transmitted here in the amount of \$1,203.50. I am returning herewith Mr. St.Cyr's cheque in order that you may return it to the unsuccessful tenderer.

Transportation Expenses of Teachers.

As you are aware, the Department cannot pay the travelling expenses of teachers other than to schools in the Northwest Territories. Therefore your vouchers No. 855 and No. 965 are being returned to you. We do not pay the expenses of teachers who are being transferred from one school to another as no deductions are made from teachers' salaries for the free furnished teacherages provided to them.

Dear Sir:

Please find attached your certified cheque in the amount of \$1,203.50. This cheque was submitted in support of your tender for the installation of plumbing and heating systems in the Caughnawaga United Church Indian Day School. This contract was awarded to the lowest tenderer. As your bid was not the lowest submitted, your security deposit cheque is being returned.

It is hoped that you will submit other tenders on further projects which will be advertised by this Department in the Montreal vicinity.

Yours sincerely,

I beg to acknowledge the receipt
of your letter of July 22nd, with reference to the
telephone account of Caughnawaga U.C. Indian Day
School.

I would kindly ask you to refer to
my letter of June 20th, which stated that there was
\$2.75 to the credit of the U.C. Teachers, and on June
28th, Miss Roberts paid 65¢ as per receipt No. E-3644,
making a total of \$3.40 which was the amount of long
distance charges made by the teachers, to date.

As stated in your letter Voucher No. 661
was paid in the amount of \$1.75 and the amount of \$3.40
being the balance of the refund as stated in your letter
which in turn will be forwarded to the Bell Telephone
Company.

Re: Your voucher 1060 issued in favour
of Brails & Lanctot

The above voucher was issued in an amount of \$2,209.31 and you quote as authority Purchase Order No. 47743. If you refer to the Purchase Order you will note that it was issued in an approximate amount of \$1558.00. It is presumed that you found it necessary to purchase more materials than you originally mentioned on the Purchase Order. However, the Treasury will not pay the account in an amount of \$2,209.31 in view of the fact that the Purchase Order was issued for a much smaller sum.

The best way of handling the matter would be for you to obtain from the firm an account on which should be shown the articles mentioned on Purchase Order No. 47743. These items of course should compare with the prices quoted on the Purchase Order and the total amount of the Voucher should not exceed \$1,558.00.

 You should obtain another account for the balance of the items and attach this latter to a separate voucher. When forwarding this you should explain the reason for purchasing items in excess of those mentioned on the Purchase Order.

Philip Phelan,
Chief, Education Division.

Re: Caughnawaga U.C. Indian Day School

We understand that a compressor is being used to break the frozen portion of the earth in order to lay the tile for the disposal bed at the U.C. Day School. We wish to draw your attention to the fact that sufficient men should be employed in order to benefit by the capacity from this compressor. In other words the Department wishes to have this work done as rapidly as possible in order to reduce this expenditure as much as it is reasonable possible.

AS We wish you to inform the contractor, Mr. Hamel, that the Department is relying on him for the efficiency of this operation. We also wish to have you take a personal interest in this work.

Following your interview with the contractor we would like to know when this particular work will be completed.

Re;- Caughnawaga U. C. Indian Day
School - Electrical Work.

This will acknowledge the receipt of your letter of the 5th instant advising of the Minister's approval of the quotation of Mr. L. E. Beauvais of this Reserve for the electrical work and material at the above School, as per Plan 906 and attached specifications, in the amount of \$3,964.70.

Upon receipt of your letter Mr. Beauvais was informed of its content and will be starting immediately in order that the other repairs be proceeded with as soon as possible.

Mr. Beauvais has requested us to ask you if an advance of \$1,200 for the payment of wages could be sent to this office to be administered by us. He states to be planning to put several men on the work, but he does not have the necessary cash to meet the payrolls, as the materials required will take considerable expenses. Please consider this request favourably. We are quite willing to handle his payrolls every week.

CHIEF, EDUCATION DIVISION

Re: Caughnawaga U.C. Indian Day School

Alterations

It will be remembered that due to an error in the plans the alterations to the former Eastern R.C. School were delayed. The heating and plumbing were completed in good time but could not be operated because the electrical work was not provided for. The electrical plans were ready at the beginning of this month and the contract was awarded this week. As heating was necessary to protect the equipment, Mr. Beauvais, the local electrical contractor, was authorized to make temporary connections so that the heating plant could be operated.

There will be some extras at this school caused by the oversight of a sump pump for the furnace pit in the basement. The plans called for a pit approximately two feet deep to allow for the return. This excavation collects all overflow water and being so low cannot be drained except by means of an electrically operated pump.

Notes summary
Another extra is necessary for the septic tank. The plan on which the contractor bid would not operate due to the conditions of the soil. The school yard is quite level and a siphon as designated in the original plan could not operate. This was drawn to the attention of the Engineering Branch who prepared another plan which requires a small cabin to provide for the operation of the pump. These plans were delivered to me personally on the 9th of November and

delivered to the contractor the following day. At this time the soil is frozen to approximately four inches. When the contractor bid on this it was to be summer work but because of this change, which is no fault of his, there will be surplus labour and also surplus equipment. The top of the soil will have to be broken by means of a compressor, rental of which I believe is \$8.00 per hour. To estimate what these extras will be is very difficult, but the work should be followed very closely so that the expenditure will be kept at its minimum.

Supervisor of Vocational Education.

DIRECTOR

Please find hereunder a report from Mr. Doucet concerning his recent visit to the Caughnawaga U.C. School.

Please note that a delay on the part of our Engineers has resulted in a much higher expenditure at this school than would have been necessary had the plans been ready by the time requested.

Re: Caughnawaga U.C. Indian Day School.

In reply to your letter of the 3rd instant, I wish to inform you that voucher No. 866 for \$64.00 issued in favour of Mr. L.E. Beauvais was not for work included in his contract.

This account was for the tearing down of the old electrical wiring which was done on a working hour basis.

I would therefore kindly ask you to make payment of these two accounts to Mr. Beauvais.

Re;- Electrical work, U.C. Indian
Teachers Residence & School.

Mr. Ls. Ed. Beauvais of this Reserve, Electrical
Contractor, has requested us to communicate with you
in regard to the payment of accounts sent for work done
at the above buildings.

As you know the above named being an indian
cannot be financed through the Bank, although he owns
properties of value on this Reserve, and is having a
hard time to finance his undertakings due to the fact
that considerable amount is due him by the Branch.

Will you please do your utmost to see that
payment of his accounts, in Ottawa, is made as soon as
possible.

Note
OTTAWA, January 16, 1950.

Dear Mr. Beaudry:

Re: MR-IA4-3045

A position of Caretaker, Grade 6, was established for the Caughnawaga Indian Agency, Quebec, with effect from November 1, 1949, in order that the services of a competent man might be secured to act as Caretaker of the new sixteen-room day school on the Caughnawaga Reserve. (Requisition No. IA-1073).

As it was the intention to fill this position as a result of a competition, temporary arrangements were made for the operation of the heating equipment, water system and electrical system. However, on January 11, 1950, when an Official from the Indian Affairs Branch Headquarters paid an inspectional visit to the Caughnawaga school, it was discovered that one of the motors had burned out and one of the boilers had been permitted to go dry.

As it was evident that the services of a man with the necessary qualifications were required immediately, Mr. Wilfred K. Rice, an Indian of the Caughnawaga Reserve, was placed on duty on January 11, 1950.

As we have Mr. Rice's application on file here, I am forwarding it to you direct and advising Mr. F. Brisebois accordingly. It will be appreciated,

ENCL.

Caughnawaga, Que.,
January 25, 1950.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.,.

Mr. Vernon M. Morris, Principal at the local
U.C. Indian Day School, advised, in writing, this morning
that he had to dismiss two of the classes at his School
this morning as the temperature was only 50 and 54.

When advised we immediately communicated with
Mr. Rice, Chief Janitor, who called at that School and
interviewed Mr. Morris.

It would appear that due to the fact that
there is no automatic control to the boiler it is dif-
ficult to maintain an even temperature in this building.
It is either too cold or too warm and in order to give
satisfaction to the teachers it would require the full
time of a man at that School as the Principal declines
to have anything to do with the regulating of the furnace.

In order to remedy this situation Mr. Rice is
suggesting that an automatic electric control be instal-
led at that School. This could be done at an approximate
price of \$50.00 and would do doubt give satisfaction and
at the same time save fuel.

Would you be kind enough to take this sugges-
tion into consideration. Mr. Morris' letter is herewith
enclosed.

Dear Mr. Brisebois:

I have dismissed two of the rooms at the school this morning on account of cold rooms. In one room the temperature is 50° and the other 54° .

My recent sick spell was caused by just this fact — the room cold in the morning and roasting in the afternoon — all times.

When the rooms are at a decent temperature — 68° — in the mornings we shall hold classes.

Yours truly,
Vernon H. Morris.

Messieurs,

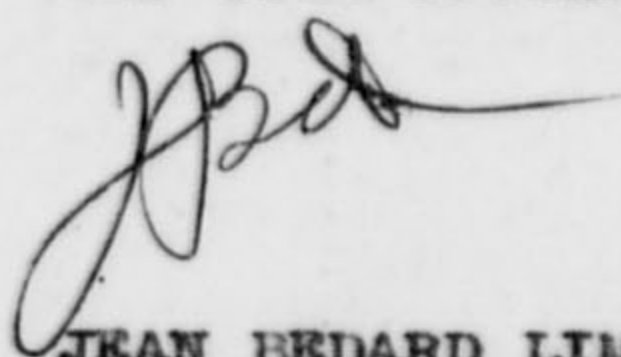

Re: Transformation Ecole Eglise
Unie en Résidence.

Autant le matériel que l'on pouvait
prévoir a été acheté par réquisition.

Cette construction devant être remodélée, il était impossible de savoir d'avance la quantité du vieux matériel que l'on pouvait se servir et le matériel neuf dont on aurait besoin, il fallait donc prendre le matériel au fur et à mesure que l'on en avait besoin. Comme on ne pouvait laisser les ouvriers sans travail, il fallait se procurer le matériel dans le plus court délai possible.

Nous nous sommes procurés tous les matériaux à la même source recommandée par le Gouvernement.

Vos tout dévoués,

Please note that Mr. Lanctot did not refer specifically to Voucehr No. 1318 for \$170.05 but to several accounts for building materials supplied towards the converting of the U.C. School building into a two apartments dwelling for the Principal and the two other teachers of this same School.

Mr. Lanctot informed that several thousands dollars are owing him by the Branch for the above work and also for the present renovation of the Eastern (Boys') School for use the U.C. Indian Day School.

This will refer to Mr. Doucet's telephone call to this office of the 20th instant in the course of which this office was requested to communicate with the Jean Bedard Ltd., Co., in connection with the account of the tinsmith who did some work on the building to be occupied by the U.C. Indian Day School and in this regard to advise that the above Firm informs that this account has already been sent.

Mr. Bedard states that the labour of the tinsmiths was included under their account C.20, our voucher No.39, dated February 7th, 1950.

Caughnawaga Indian Day School and
Boiler House - New Construction

All accounts will be settled out of 1949-50 funds. Extra Work orders have kept this job going all winter, and the only unfinished work is the installation of a grille in boiler house door. The contractor will be paid in full, however, since the unfinished work totals \$133.00 only in value, and we hold a security deposit of \$5,000.00 against the work.

Memorandum:DEPARTMENTAL PURCHASING AGENT

Attached are accounts covering the cost of materials purchased in connection with the alterations to the former Caughnawaga R.C. School to provide additional accommodation for the Caughnawaga U.C. Day School.

As Mr. Doucet explained to you on the occasion of a recent visit, we were renovating an old building, and it was simply impossible to anticipate the amount of materials that would be required, and consequently, purchases were made as they were needed. Immediate purchase had to be made so that the renovation of the building would not be unnecessarily delayed, and I attach for your information a letter received from Superintendent Brisebois.

It would be appreciated if you would issue Purchase Orders in order that these accounts may be paid. The coding is as follows:

Mr. Rawlings, Principal of the local U.C., Indian
School, has applied to have a telephone installed at his
School.

As you are aware it is often necessary to use
the telephone to communicate with this School and vice versa
in which cases the Principal has to leave his class to go
to a public phone thus disturbing his teaching and the con-
duct of his class.

Will you kindly advise if this request can be
granted ?

Re;- Accounts for building materials,
Brais & Lanctot, St. Isidore, Que.

As these buildings were to be altered for different purposes than originally intended, it was impossible to determine the material required. It was only possible to appraise the rough items only.

Requisition were forwarded for these .
The other material could be purchased only as needed. Although these accounts were submitted together the material was ordered and delivered in small quantity.

MEMORANDUM:

Col. B. F. Neary,
Superintendent of Indian Education,
Indian Affairs Branch.

I acknowledge receipt of your memorandum of the 28th ultimo, your file 304-5 (E1), together with accounts for materials, amounting to some \$10,109.28, for the renovation of the former Caughnawaga R.C. School to provide additional accommodation for the Caughnawaga U.C. Day School.

This matter was discussed with the Deputy Minister's Office, and in view of the total involved, I have been instructed to return the accounts to you and request that an Order-in-Council be secured to cover this expenditure.

We do not appear to have a requisition, or to have called for tenders for any of the material. No doubt the Branch secured some form of approval to proceed with this project. However, when the necessary Order-in-Council is secured then we will be in a position to place the usual confirming purchase order, so that the invoices can be placed in line for settlement.

Re: Transformation Ecole Eglise
Unie en Résidence.

Messieurs,

Autant le matériel que l'on pouvait
prévoir a été acheté par requisition.

Cette construction devant être remodélée, il était impossible de savoir d'avance la quantité du vieux matériel que l'on pouvait se servir et le matériel neuf dont on aurait besoin, il fallait donc prendre le matériel au fur et à mesure que l'on en avait besoin. Comme on ne pouvait laisser les ouvriers sans travail, il fallait se procurer le matériel dans le plus court délai possible.

Nous nous sommes procurés tous les matériaux à la même source recommandée par le Gouvernement.

Vos tout dévoués,

Re: Caughnawaga U.C. Day School
Kateri Day School

When Mr. Maisonneuve visited head office within the past week, he was advised that it was not our intention to paint the exterior of the above schools this year.

The work at Caughnawaga has been much more expensive than we anticipated, and consequently, exterior painting will have to wait until next year.

Memorandum:DEPUTY MINISTERRe: Caughnawaga U.C. Indian Day School

Under separate cover we are forwarding you a memorandum regarding the renovation of the Caughnawaga U.C. School in order to provide living quarters for the teachers.

The memorandum of August 4th, 1949, pointed out that it was our intention to renovate the former "Eastern" School in order to provide the necessary classroom accommodation for the increased enrolment at the Caughnawaga U.C. School. The firm of Jean Bedard, Limited, were used to supervise the work and Indian labour was employed.

The Eastern School was also well constructed, but it was an old building, and consequently, as we proceeded with the renovation in order to provide three classrooms it was found necessary to purchase additional materials. As stated in my memorandum of concurrent date in connection with the conversion of the Caughnawaga U.C. School, the original order for materials was secured through the Departmental Purchasing Agent from Brais & Lanctot. When additional materials were required they were also secured from the same firm, but Purchase Orders were not secured. This was due to the fact that we wanted the building finished at the earliest possible date, and the further fact that any interruption in the building operations would make it more difficult to secure labour when needed.

Departmental officials who have inspected the building feel that good value has been obtained for the money expended. The United Church officials who are interested in this school have expressed their approval of the provision that has been made for the education of Indian children who are adherents of the United Church.

A report from Public School Inspector W.H. Brady dated May 27th, 1950, reads in part as follows:

"The school is now fully established in the building taken over. Repairs and redecoration, new furnace, new lighting system, new lavatories, etc., have made this a well appointed school, very bright and attractive."

I attach Memorandum to Council requesting authority to pay to Brais & Lanctot outstanding accounts amounting to \$5,076.45.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT it was necessary to provide additional classroom accommodation for the pupils attending the Caughnawaga U.C. Indian Day School;

THAT it was decided that the most economical way to provide the increased accommodation would be to renovate the school building on the Caughnawaga Reserve formerly used by the Roman Catholic children known as the "Eastern School";

THAT while the Eastern School was a substantial building, it was built several years ago, and as work progressed it was found necessary to make several changes which were not at first anticipated;

THAT as a result it was found necessary to purchase additional materials from time to time as required, in order that the completion of the building would not be delayed.

THAT the cost of materials thus purchased amount to \$5,076.45 from Brais & Lanctot, St. Isidore de Laprairie, P.Q.

The undersigned, therefore, recommends that authority be granted for payment of \$5,076.45 to Brais & Lanctot.

Funds are available in Vote 59, 1950-51, Indian Affairs Branch, Department of Citizenship and Immigration, for payment of the amount mentioned above.

Respectfully submitted,

Minister of Citizenship and Immigration.

Beauharnois-Laprairie

The construction of the Caughnawaga R.C. School is nearing completion, and this building will be ready for occupancy on September 1st.

As a result, the school building known as "Caughnawaga Eastern School" will be vacated, and as the present Caughnawaga U.C. School is too small, we are making certain renovations to the Eastern School to provide the extra classroom accommodation that is required.

By vacating the present Caughnawaga U.C. School we propose making renovations to convert this building into a proper residence for the three teachers who will be in charge of the school. Departmental officials have visited the Caughnawaga Reserve, and have prepared sketches of what is required, and we are anxious to have these renovations completed by September 1st if possible.

The Departmental Purchasing Agent is being requested to secure the materials. The firm of Jean Bedard, Limited, 480 Lafleur Street, Ville Lasalle, P.Q., are prepared to supervise all the wood work, engage the men required, and supply the services of an engineer for an amount not exceeding \$10.00 a day. The total number of days this firm would be employed would not exceed 40.

We understand that this is a very reliable firm and they can start work immediately. Enquiries were made in the vicinity of the Reserve by one of the officials from Head Office and by Superintendent Brisebois, but they were unable to locate anyone else who was prepared to start work immediately.

Under the circumstances, it would be appreciated if you would approve the employment of Jean Bedard, Limited.

On August 4 we submitted a memorandum concerning the structural changes required at this school. We received in reply a memorandum from Mr. Levy, recommending that we approach Mr. Alphonse Faubert of Chateaugay. One of our officials has interviewed Mr. Faubert and I attach his report.

You will note that Mr. Faubert would charge \$1.50 per hour whereas Mr. Bedard would charge \$10.00 per day for supervision. As Mr. Faubert has no engineer, our official has recommended the acceptance of Mr. Bedard's tender.

I have interviewed Mr. Alphonse Faubert and went over the plans with him carefully and visited the U.C. School. Mr. Faubert seems to be very active and very anxious to do a good job.

The prices for his labourers is the current charges. He himself as supervisor would charge \$1.50 per hour. I have no doubt that Mr. Faubert would give us his best services. However he has no engineer on his staff which might prove a draw back.

Mr. Bedard who has submitted his price, estimates his supervision at approximately \$10.00 a day. That is he charges 10% of his labourers daily salary.

Besides Mr. Bedard has a qualified engineer on his staff who would be available when necessary.

My personal feelings is that we would get a better service and greater satisfaction with Mr. Bedard.

Yours truly

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION

Ottawa, July 5th, 1950.

Memorandum:

DEPUTY MINISTER

Re: Caughnawaga U.C. Indian Day School

Under separate cover we are forwarding you a memorandum regarding the renovation of the Caughnawaga U.C. School in order to provide living quarters for the teachers.

The memorandum of August 4th, 1949, pointed out that it was our intention to renovate the former "Eastern" School in order to provide the necessary classroom accommodation for the increased enrolment at the Caughnawaga U.C. School. The firm of Jean Bedard, Limited, were used to supervise the work and Indian labour was employed.

The Eastern School was also well constructed, but it was an old building, and consequently, as we proceeded with the renovation in order to provide three classrooms it was found necessary to purchase additional materials. As stated in my memorandum of concurrent date in connection with the conversion of the Caughnawaga U.C. School, the original order for materials was secured through the Departmental Purchasing Agent from Brais & Lanctot. When additional materials were required they were also secured from the same firm, but Purchase Orders were not secured. This was due to the fact that we wanted the building finished at the earliest possible date, and the further fact that any interruption in the building operations would make it more difficult to secure labour when needed.

Departmental officials who have inspected the building feel that good value has been obtained for the money expended. The United Church officials who are interested in this school have expressed their approval of the provision that has been made for the education of Indian children who are adherents of the United Church.

July 5th, 1950.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT it was necessary to provide additional classroom accommodation for the pupils attending the Caughnawaga U.C. Indian Day School;

THAT it was decided that the most economical way to provide the increased accommodation would be to renovate the school building on the Caughnawaga Reserve formerly used by the Roman Catholic children known as the "Eastern School";

THAT while the Eastern School was a substantial building, it was built several years ago, and as work progressed it was found necessary to make several changes which were not at first anticipated;

THAT as a result it was found necessary to purchase additional materials from time to time as required, in order that the completion of the building would not be delayed.

THAT the cost of materials thus purchased amount to \$5,076.45 from Brais & Lanctot, St. Isidore de Laprairie, P.Q.

The undersigned, therefore, recommends that authority be granted for payment of \$5,076.45 to Brais & Lanctot.

Funds are available in Vote 59, 1950-51, Indian Affairs Branch, Department of Citizenship and Immigration, for payment of the amount mentioned above.

Respectfully submitted,

Re: Conversion of U.C. Day School Building
into Teachers' Residence, Caughnawaga.

Cheque 9711, dated July 21, 1950, for \$7,662.48 —
was issued to Brais and Lanctot, St. Isidore, P.Q. in
payment of general repairs made to a school building
located on the Caughnawaga Reserve.

As this cost exceeds \$5,000, would you advise me
whether tenders were called and a contract awarded in the
authorized manner?

It should be noted that encumbrance 958 for \$7,822.48
is dated July 13, 1950, and would appear to have been prepared
after receipt of the above account which begins under date
of November 22, 1949. Examination of other accounts indicates
that this is regular procedure, namely, have the work completed,
then obtain a purchase order and an encumbrance immediately
prior to submitting the account for payment.

I am of the opinion such procedures are not in
accordance with Sections 26 and 29 of the Consolidated Revenue
and Audit Act. The encumbrance should be forwarded to Treasury
before the work begins and be based on estimated cost.

Yours truly,

Indian cheque No. 699, charged against the Vote for Schools in Ontario and the Maritime Provinces, is for a payment of \$1.75 to J. B. Canadien for crying at the church door concerning vaccination and concerning the closing of the common. These evidently are not a charge against this Vote and should I think have been charged against the moneys held in trust for the Caughnawaga Indians.

It can be adjusted now only by drawing a cheque against the Trust Fund and crediting it to Casual Revenue.

OTTAWA, 19th August, 1903

The Deputy Superintendent General:-

When Mr Delisle, teacher of the Caughnawaga Boys School, was in Ottawa last month, I had a long talk with him on school matters on that reserve, and he suggested that the best way to secure a better attendance would be to get the pupils interested by attracting them to the schools, and he said that this could be done by providing scholarships and giving a preference to children who attend regularly when drafting recruits for the Wikwemikong Industrial school. He considers that the scholarships should be sufficient to provide a college education for a certain number of the best pupils every year.

The school might be made more attractive by providing for the recreation of the pupils. He thinks that a toboggan slide would draw more pupils to the school than other means that could be devised.

The usual grant for prizes last year was not made as the application came in too late, and he recommends that this money be spent in the purchase of lumber for the erection of a slide on the school grounds, which could be used by both the boys and the girls.

Miss Street, who is in charge of the Girls school, thinks that this attraction would bring more pupils to the school than any enforcement of the regulations could possibly do. The parents are

averse to compelling their children to go, and if the school were made pleasant for them, they would naturally go of their own accord.

Mr Delisle has furnished an estimate of the improvements and repairs required for his school which includes a complete outfit of new desks, which the Inspector says are necessary. The Canada Office Furniture Co. of Montreal has given Mr Delisle a quotation of prices providing for 32 desks, one teacher's desk and chair, at a total cost of \$156.20, which with the other work would bring the total cost ~~up to~~ of placing the school in good shape, up to \$178.30.

Modern desks are a necessity and if funds can be found for the purpose, I would recommend that they be supplied. It would be much better to purchase in Montreal than from Beauharnois, as was done when buying desks for the Girls school, which were said to have arrived in a damaged condition and only a few at a time.

Forty single desks were purchased last year for the Girls school but 15 more are required to provide seating capacity for the average number in attendance. A new stove is needed for the junior class room in this school as well as two wash stands and two small tables. The outlay for these articles would be about \$75.00, making the total cost of refitting and furnishing both the Caughnawaga schools some to about \$250.00

Dear Sir:-

Owing to an opening for a Teacher in the Laughnawaga Bush School, I beg to apply for the position. I am also sending my Diploma under separate cover. As I have been promised by the Dept. that if there were any changes in the Teaching Staff here, I would be given the privilege of filling any vacancy, as shown on my last trip to the Dept. which I last week for the same purpose. It is from every point of view that the Dept. is of the same opinion. I only hope this will be given your early consideration and to receive a favorable reply. I remain, Sir,

Sir,

The Principal of the Caughnawaga Boys' School reports that there has of late been a falling off in the attendance and that there are a large number of children on the reserve who are not enrolled at the school.

As you are aware a truant officer was appointed for the purpose of enforcing the regulations. I would ask you to have the Principal of the school provide Mr. Twoaxe with a list of those who are irregular in their attendance and also with a list of the children not enrolled. If the parents will not send these children to school regularly, section 7 of the Regulations will have to be enforced. The Department will expect to receive at a later date a report from you as to the action taken and the results.

The Secretary,
Department of Indian Affairs,
Ottawa,

Sir:-

Referring to your letter No 153652/1, dated the 17th Ultimo, in regard to the attendance of the children to the schools in Caughnawaga, I beg to say that the boys are attending their school in large numbers, there may be a certain number not enrolled yet on the Reserve, but those of the Village with a few exceptions for reason of sickness or unavoiable causes, are attending their school.

At the Girls'school the attendance is not what it should be during the winter, the attendance is irregular on account of more or less good reasons; the truant officer is trying to convince the parents to send their children at school more regularly, but this officer has not yet made a complaint against any of the parents.

According to the instructions mentioned in your letter I have notified the Principal of the boys school to provide Mr Twoaxe with a list of those who are irregular in their attendance to the school, and also with a list of the children not enrolled; I beg to ask you, if a complaint made by the truant officer and the warrant of arrest against some of the parents in default, are to be made verbally for the complaint, and, simply a verbal order by the agent to arrest such parent?
